1. [Comprehensive Plan Update: Housing Element: Briefing](#)
Amber Piona, Senior Planner, Amber.Piona@snoco.org

The Planning Commission will be briefed on proposed amendments to the Housing Element of the 2024 Snohomish County Comprehensive Plan. The proposed changes are intended to meet the requirements under the Growth Management Act and to provide consistency between the housing policies in PSRC's VISION 2050 regional plan and the recently adopted countywide planning policies. The proposed policy changes also reflect public input and recommendations from the best available science related to environmental protection and environmental

hazards.

2. Comprehensive Plan Update: Climate Change Element: Briefing

Eileen Canola, Senior Planner, Eileen.Canola@snoco.org

The Planning Commission will be briefed on a proposed Climate Change and Resiliency Element as part of the 2024 Snohomish County Comprehensive Plan (“Plan”). The proposed element is modeled after early drafts of the Washington State Department of Commerce climate change guidance document. The intent of this element is to increase the county’s climate resiliency, support state, regional, and local efforts to reduce greenhouse gas emissions, and provide greater consistency between the County’s Plan and the climate change policies in PSRC’s VISION 2050 regional plan and the Snohomish County Countywide Planning Policies. The proposed policies build from the existing Climate Change and Sustainability framework from the Natural Environment Element. The draft policies reflect input from the public, County departments, and recommendations from the best available climate science related to climate change projections.

3. Comprehensive Plan Update: Capital Facilities and Utilities Element: Briefing

Eileen Canola, Senior Planner, Eileen.Canola@snoco.org

The Planning Commission will be briefed on the proposed Capital Facilities and Utilities Element (CUE) of the 2024 Snohomish County Comprehensive Plan. Due to the extent of changes, this is a repeal of the existing Capital Facilities Plan to be replaced by the CUE. The proposed changes are intended to provide greater consistency between the County’s plan and the public service policies in PSRC’s VISION 2050 regional plan and the public service and essential public facilities policies from the Snohomish County Countywide Planning Policies. The proposed policy changes also reflect input from the public, service providers, and County departments.
