

BEFORE THE
SNOHOMISH COUNTY HEARING EXAMINER
DECISION of the DEPUTY HEARING EXAMINER

In the Matter of the Application of)
)
RALPH KRUTSINGER (TERRA FIRMA)) **FILE NO. 05 118677**
)
Preliminary plat for a 27-lot subdivision utilizing lot size)
averaging and a rezone from Rural Conservation (RC))
and R-9,600 to R-9,600)

DATE OF DECISION: May 26, 2006

PLAT/PROJECT NAME: *Woodridge 5*

DECISION (SUMMARY): The requested 27-lot subdivision and concurrent rezone are **CONDITIONALLY APPROVED.**

BASIC INFORMATION

GENERAL LOCATION: This project is located at 12320 Seattle Hill Road, located at the north end of 54th Drive SE, Snohomish, Washington.

ACREAGE: 9.25 acres

NUMBER OF LOTS: 27

AVERAGE LOT SIZE: 5,379 square feet

MINIMUM LOT SIZE: 4,168 square feet

DENSITY: 2.92 du/ac (gross)
8.11 du/ac (net)

ZONING: CURRENT: RC and R-9,600
PROPOSED: R-9,600

COMPREHENSIVE PLAN DESIGNATION:

General Policy Plan Designation: Urban Low Density Residential (4-6 du/ac)
Subarea Plan: North Creek
Subarea Plan Designation: Suburban (1-4 du/ac)

UTILITIES:

Water/Sewer: Silver Lake and Cross Valley Water District

SCHOOL DISTRICT: Snohomish No. 201

FIRE DISTRICT: No. 1

SELECTED AGENCY RECOMMENDATIONS:

Department of:

Planning and Development Services (PDS): Approval subject to conditions
Public Works (DPW): Approval subject to conditions

INTRODUCTION

The applicant filed the Master Application on April 27, 2005. (Exhibit 1)

The Department of Planning and Development Services (PDS) gave proper public notice of the open record hearing as required by the county code. (Exhibits 18, 19 and 20)

A SEPA determination was made on April 6, 2006. (Exhibit 17) No appeal was filed.

The Examiner held an open record hearing on May 11, 2006, the 139th day of the 120-day decision making period. Witnesses were sworn, testimony was presented, and exhibits were entered at the hearing.

PUBLIC HEARING

The public hearing commenced on May 11, 2006 at 1:03 p.m.

1. The Examiner announced that he had read the PDS staff report, reviewed the file and viewed the access area and therefore was generally apprised of the particular request involved.
2. The applicant, Ralph Krutsinger (Terra Firma) was represented by Ken Williams of Insight Engineering. Snohomish County was represented by Paul MacCready of the Department of Planning and Development Services and by Norm Stone of the Department of Public Works.
3. By letter (Exhibit 22), Regina Tyyska of McClellan Ridge expresses concern about the impact of the proposed plat's traffic through McClellan Ridge, especially at the hillcrest where children, bikers and walkers are present. Gasrnette Carpenter testified to traffic concerns. By letter (Exhibit 23), testimony and photographs (Exhibits 36-A through H), Stephen A. Lehtinen, P.E., challenges, inter alia, (1) traffic impacts on McClellan Ridge, (2) steep slope and wetland impacts including springs outside the delineated wetland boundary and (3) threats to the habitat of the pileated woodpecker.

The hearing concluded at 2:01 p.m.

NOTE: For a complete record, an electronic recording of this hearing is available in the Office of the Hearing Examiner.

FINDINGS, CONCLUSIONS AND DECISION

FINDINGS OF FACT

Based on all the evidence of record, the following findings of fact are entered.

1. The master list of exhibits and witnesses which is a part of this file and which exhibits were considered by the Examiner, is hereby made a part of this file as if set forth in full herein.
2. The PDS staff report has correctly analyzed the nature of the application, the issues of concern, the application's consistency with adopted codes and policies and land use regulations, and the State Environmental Policy Act (SEPA). That staff report is hereby adopted by the Examiner as if set forth in full herein.
3. The subject site's 9.25 acres are zoned R-9,600 but for 2.71 acres zoned Rural Conservation (RC) which the applicant requests be rezoned to R-9,600 in order to construct a 27-lot subdivision on the entire 9.25 acres using lot size averaging. Average weekday vehicle trips are 258, of which 20 are a.m. peak hour trips and 27 are p.m. peak hour trips.
4. Vehicular access is via 54th Drive SE, an open and constructed county-maintained roadway. (The note on sheet c3 of 4 indicating a private road is a drafting error per Exhibit 34.) Thus, the plat road is considered an extension of an existing public road terminating at the eastern property line.
5. The project would comply with park mitigation requirements under Chapter 30.66A SCC (Title 26A SCC) by the payment of \$1,244.49 for each new single-family home.
6. The DPW reviewed the request with regard to traffic mitigation and road design standards. This review covered Title 13 SCC and Chapter 30.66B SCC (Title 26B SCC) as to road system capacity, concurrency, inadequate road conditions, frontage improvements, access and circulation, and dedication/deeding of right-of-way, state highway impacts, impacts on other streets and roads, and Transportation Demand Management. As a result of this review, the DPW has determined that the development is concurrent and has no objection to the requests subject to various conditions.
7. School mitigation requirements under Chapter 30.66C SCC (Title 26C SCC) have been reviewed and set forth in the conditions.
8. One riparian Category 2 wetland that is associated with a Type 4 stream is located in the northern and western sections of the subject site. Steep slopes were located adjacent to the Type 4 stream. Both the wetland and stream continue offsite to the north and are connected to an extensive wetland system. Mitigation for construction of the sewer line and a 6-foot wide gravel access road was included. The stream, wetland, and their associated buffers will be placed in a Native Growth Protection Area (NGPA), Tract 998.

9. The PDS Engineering Division has reviewed the concept of the proposed grading and drainage and recommends approval of the project subject to conditions, which would be imposed during full detailed drainage plan review pursuant to Chapter 30.63A SCC (Title 24 SCC).
10. The Snohomish County Health District has no objection to this proposal provided that public water and sewer are furnished. Public water and sewer service and electrical power will be available for this development.
11. The property is designated Urban Low Density Residential (ULDR 4-6 du/ac) on the General Policy Plan (GPP) Future Land Use Map (FLUM) and is located within an Urban Growth Area (UGA). Land in this category may be developed at a density of 4-6 du/ac and one of the implementing zones is the R-9,600 zone which is the case here.
12. The proposed use (single-family detached development) is essentially compatible with existing single-family detached developments on larger lots. Because the property is within a UGA, policies were adopted to promote urban densities of development. A comparison with the present lower density character of much of the area is inappropriate since the present density of development in much of the surrounding area is inconsistent with both the adopted comprehensive plans and the present zoning.
13. The request complies with the Snohomish County Subdivision Code, Chapter 30.41A SCC (Title 19 SCC) as well as the State Subdivision Code, RCW 58.17. The proposed plat complies with the established criteria therein and makes the appropriate provisions for public, health, safety and general welfare, for open spaces, drainage ways, streets or roads, alleys, other public ways, transit stops, potable water supplies, sanitary wastes, parks and recreation, playgrounds, schools and school grounds, and other planning features including safe walking conditions for students.
14. Chapter 30.42A covers rezoning requests and applies to site-specific rezone proposals that conform to the Comprehensive Plan. The decision criteria under SCC 30.42A.100 provides as follows:

The hearing examiner may approve a rezone only when all the following criteria are met:

- (1) the proposal is consistent with the comprehensive plan;
- (2) the proposal bears a substantial relationship to the public health, safety, and welfare; and
- (3) where applicable, minimum zoning criteria found in Chapters 30.31A through 30.31F SCC are met.

It is the finding of the Examiner that the request meets these requirements generally and should be approved.

15. The proposal has been evaluated by PDS for compliance with the lot size averaging provisions of SCC 30.41A.240 and SCC 30.23.210. This proposal is consistent with these provisions.
16. The request is consistent with Section 30.70.100 SCC (Section 32.50.100 SCC), which requires, pursuant to RCW 36.70B.040, that all project permit applications be consistent with the GMACP, and GMA-based county codes.
17. Any finding of fact in this decision which should be deemed a conclusion is hereby adopted as such.

CONCLUSIONS OF LAW

Based on the findings of fact entered above, the following conclusions of law are entered.

1. The Examiner having fully reviewed the PDS staff report, hereby adopts said staff report as properly setting forth the issues, the land use requests, consistency with the existing regulations, policies, principles, conditions and their effect upon the request. It is therefore hereby adopted by the Examiner as a conclusion as if set forth in full herein, in order to avoid needless repetition. There are no changes to the recommendations of the staff report.
2. The Department of Public Works recommends that the request be approved as to traffic use subject to conditions specified below herein. Witnesses Edward Koltonowski of Gibson Traffic Consultants and Norm Stone of Snohomish County's Department of Public Works testified in response to citizen concerns. Also, if traffic calming devices are found to be needed after use has been ongoing to allow observation, the Department of Public Works stands willing to consider that issue at that time.
3. The request is consistent with the (1) GMACP, GMA-based County codes, (2) the type and character of land use permitted on the site, (3) the permitted density, and(4) the applicable design and development standards.
4. The request is for a rezone and therefore must comply with Chapter 30.42A. This is a site specific rezone that conforms to the Comprehensive Plan. Because no evidence was submitted of non-compliance with requirements of Chapter 30.42A, the application is presumed to meet those requirements.
5. The Washington Department of Wildlife document, "Management Recommendations for Priority Species" (Exhibit 21) points out that the pileated woodpecker has been selected as a management indicator species for old growth conifer forests because its highest densities occur in old growth. Absent the protected status of formal designation as threatened or endangered, the pileated woodpecker's presence here does not warrant plat denial or special conditions upon plat approval.
6. The conclusions of law immediately above herein are entered with awareness of the public concerns expressed in this record. However, the higher density infill in lieu of sprawl implements the applicable law and policies.
7. The request should be approved subject to compliance by the applicant with the following conditions:

CONDITIONS

- A. The revised preliminary plat received by the Department of Planning and Development Services on March 7, 2006 (Exhibit 16) shall be the approved plat configuration. Changes to the approved plat are governed by SCC 30.41A.330.
- B. Prior to initiation of any further site work; and/or prior to issuance of any development/construction permits by the County:
 - i. All site development work shall comply with the requirements of the plans and permits approved pursuant to Condition A, above.

- ii. The plat shall mark with temporary markers in the field the boundary of all Native Growth Protection Areas (NGPA) required by Chapter 30.62 SCC, or the limits of the proposed site disturbance outside of the NGPA, using methods and materials acceptable to the county.
- iii. A final mitigation plan based on the Conceptual Mitigation Plan for Woodridge 5, prepared by The Jay Group, Inc., Revision #3, dated February 8, 2006 (Exhibit 11) shall be submitted for review and approval during the construction review phase of this project.

C. The following additional restrictions and/or items shall be indicated on the face of the final plat:

- i. "The dwelling units within this development are subject to park impact fees in the amount of \$1,244.49 per newly approved dwelling unit pursuant to Chapter 30.66A. Payment of these mitigation fees is required prior to building permit issuance; provided that the building permit has been issued within five years after the application is deemed complete. After five years, park impact fees shall be based upon the rate in effect at the time of building permit issuance."
- ii. "The lots within this subdivision will be subject to school impact mitigation fees for the Snohomish School District No. 201 to be determined by the certified amount within the Base Fee Schedule in effect at the time of building permit application, and to be collected prior to building permit issuance, in accordance with the provisions of SCC 30.66C.010. Credit shall be given for 2 existing parcels. Lots 1 through 2 shall receive credit."
- iii. Chapter 30.66B SCC requires the new lot mitigation payments in the amounts shown below for each single-family residential building permit:

\$2,162.82 per lot for mitigation of impacts on county roads paid to the County,

\$75.75 per lot for transportation demand management paid to the County,

\$110.67 per lot for mitigation of impacts on the City of Mill Creek streets paid to the City. Proof of payment to the city is required,

\$344.52 per lot paid to the county for the Washington State Department of Transportation as traffic impact mitigation to State highways.

These payments are due at the time of building permit issuance for each single-family residence. Notice of these mitigation payments shall be contained in any deeds involving this subdivision of the lots therein. Once building permits have been issued all mitigation payments shall be deemed paid.

- iv. All roads within the development shall be shown as public roads.
- v. All Critical Areas shall be designated Native Growth Protection Areas (NGPA) (unless other agreements have been made) with the following language on the face of the plat;

"All NATIVE GROWTH PROTECTION AREAS shall be left permanently undisturbed in a substantially natural state. No clearing, grading, filling, building construction or placement, or road construction of any kind shall occur, except removal of hazardous trees. The activities as set forth in SCC 30.91N.010 are allowed when approved by the County."

- D. Prior to recording of the final plat:
- i. Pedestrian facilities to provide safe walking conditions for school children shall be provided for the road serving lots 8 through 13.
 - ii. Native Growth Protection Area boundaries (NGPA) shall have been permanently marked on the site prior to final inspection by the county, with both NGPA signs and adjacent markers which can be magnetically located (e.g.: rebar, pipe, 20 penny nails, etc.). The plat may use other permanent methods and materials provided they are first approved by the county. Where an NGPA boundary crosses another boundary (e.g.: lot, tract, plat, road, etc.), a rebar marker with surveyors' cap and license number must be placed at the line crossing.

NGPA signs shall have been placed no greater than 100 feet apart around the perimeter of the NGPA. Minimum placement shall include one Type 1 sign per wetland, and at least one Type 1 sign shall be placed in any lot that borders the NGPA, unless otherwise approved by the county biologist. The design and proposed locations for the NGPA signs shall be submitted to the Land Use Division for review and approval prior to installation.
 - iii. The final mitigation plan shall be completely implemented.
- E. All development activity shall conform to the requirements of Chapter 30.63A SCC.

Nothing in this recommended approval excuses the applicant, owner, lessee, agent, successor or assigns from compliance with any other federal, state or local statutes, ordinances or regulations applicable to this project.

Preliminary plats which are approved by the county are valid for five (5) years from the date of approval and must be recorded within that time period unless an extension has been properly requested and granted pursuant to SCC 30.41A.300.

8. Any conclusion in this decision which should be deemed a finding of fact is hereby adopted as such.

DECISION

Based on the findings of fact and conclusions of law entered above, the decision of the Hearing Examiner on the application is as follows:

The requests for a preliminary plat for a 27- lot subdivision utilizing lot size averaging provisions and for a rezone from Rural Conservation and Residential-9,600 to Residential-9,600 are hereby **CONDITIONALLY APPROVED**, subject to the conditions set forth in Conclusion No. 7 above.

Decision issued this 26th day of May, 2006.

Ed Good, Deputy Hearing Examiner

EXPLANATION OF RECONSIDERATION AND APPEAL PROCEDURES

The decision of the Hearing Examiner is final and conclusive with right of appeal to the County Council. However, reconsideration by the Examiner may also be sought by one or more parties of record. The following paragraphs summarize the reconsideration and appeal processes. For more information about reconsideration and appeal procedures, please see Chapter 30.72 SCC and the respective Examiner and Council Rules of Procedure.

Reconsideration

Any party of record may request reconsideration by the Examiner. A petition for reconsideration must be filed in writing with the Office of the Hearing Examiner, 2nd Floor, County Administration-East Building, 3000 Rockefeller Avenue, Everett, Washington, (Mailing Address: M/S #405, 3000 Rockefeller Avenue, Everett WA 98201) on or before **JUNE 5, 2006**. There is no fee for filing a petition for reconsideration. **“The petitioner for reconsideration shall mail or otherwise provide a copy of the petition for reconsideration to all parties of record on the date of filing.” [SCC 30.72.065]**

A petition for reconsideration does not have to be in a special form but must: contain the name, mailing address and daytime telephone number of the petitioner, together with the signature of the petitioner or of the petitioner’s attorney, if any; identify the specific findings, conclusions, actions and/or conditions for which reconsideration is requested; state the relief requested; and, where applicable, identify the specific nature of any newly discovered evidence and/or changes proposed by the applicant.

The grounds for seeking reconsideration are limited to the following:

- (a) The Hearing Examiner exceeded the Hearing Examiner’s jurisdiction;
- (b) The Hearing Examiner failed to follow the applicable procedure in reaching the Hearing Examiner’s decision;
- (c) The Hearing Examiner committed an error of law;
- (d) The Hearing Examiner’s findings, conclusions and/or conditions are not supported by the record;
- (e) New evidence which could not reasonably have been produced and which is material to the decision is discovered; or
- (f) The applicant proposed changes to the application in response to deficiencies identified in the decision.

Petitions for reconsideration will be processed and considered by the Hearing Examiner pursuant to the provisions of SCC 30.72.065. Please include the County file number in any correspondence regarding this case.

Appeal

An appeal to the County Council may be filed by any aggrieved party of record. Where the reconsideration process of SCC 30.72.065 has been invoked, no appeal may be filed until the reconsideration petition has been disposed of by the hearing examiner. An aggrieved party need not file a petition for reconsideration but may file an appeal directly to the County Council. If a petition for reconsideration is filed, issues subsequently raised by that party on appeal to the County Council shall be limited to those issues raised in the petition for reconsideration. Appeals shall be addressed to the Snohomish County Council but shall be filed in writing with

the Department of Planning and Development Services, 2nd Floor, County Administration-East Building, 3000 Rockefeller Avenue, Everett, Washington (Mailing address: M/S #604, 3000 Rockefeller Avenue, Everett, WA 98201) on or before **JUNE 9, 2006** and shall be accompanied by a filing fee in the amount of five hundred dollars (\$500.00); PROVIDED, that the filing fee shall not be charged to a department of the County or to other than the first appellant; and PROVIDED FURTHER, that the filing fee shall be refunded in any case where an appeal is dismissed without hearing because of untimely filing, lack of standing, lack of jurisdiction or other procedural defect. [SCC 30.72.070]

An appeal must contain the following items in order to be complete: a detailed statement of the grounds for appeal; a detailed statement of the facts upon which the appeal is based, including citations to specific Hearing Examiner findings, conclusions, exhibits or oral testimony; written arguments in support of the appeal; the name, mailing address and daytime telephone number of each appellant, together with the signature of at least one of the appellants or of the attorney for the appellant(s), if any; the name, mailing address, daytime telephone number and signature of the appellant's agent or representative, if any; and the required filing fee.

The grounds for filing an appeal shall be limited to the following:

- (a) The decision exceeded the Hearing Examiner's jurisdiction;
- (b) The Hearing Examiner failed to follow the applicable procedure in reaching his decision;
- (c) The Hearing Examiner committed an error of law; or
- (d) The Hearing Examiner's findings, conclusions and/or conditions are not supported by substantial evidence in the record. [SCC 30.72.080]

Appeals will be processed and considered by the County Council pursuant to the provisions of Chapter 30.72 SCC. Please include the County file number in any correspondence regarding the case.
