

BEFORE THE
SNOHOMISH COUNTY HEARING EXAMINER
DECISION of the DEPUTY HEARING EXAMINER

In the Matter of the Application of)
)
ZOE HALLGREN) **FILE NO. 05 128709 SD**
)
Preliminary plat for an 11-lot subdivision utilizing lot)
size averaging and a rezone from Rural Conservation)
(RC) to R-8,400)

DATE OF DECISION: November 9, 2006

PLAT/PROJECT NAME: *Eagle Bay*

DECISION (SUMMARY): The rezone from the current Rural Conservation to the proposed R-8,400 and the concurrent 11-lot subdivision are **CONDITIONALLY APPROVED.**

BASIC INFORMATION

GENERAL LOCATION: This project is located at 3610 Sunnyside Blvd, Marysville, Washington.

ACREAGE: 2.85 acres

NUMBER OF LOTS: 11

AVERAGE LOT SIZE: 5,875 square feet

MINIMUM LOT SIZE: 4,920 square feet

DENSITY: 3.85 du/ac (gross)
6.5 du/ac (net)

ZONING: CURRENT: RC
PROPOSED: R-8,400

COMPREHENSIVE PLAN DESIGNATION:

General Policy Plan Designation: Urban Low Density Residential (4-6 du/ac)

UTILITIES:

Water: Snohomish County PUD No. 1
Sewer: City of Marysville

SCHOOL DISTRICT: Marysville No. 25

FIRE DISTRICT: No. 12

SELECTED AGENCY RECOMMENDATIONS:

Department of:
Planning and Development Services (PDS): Approval subject to conditions
Public Works (DPW): Approval subject to conditions

INTRODUCTION

The applicant filed the Master Application on April 4, 2006. (Exhibit 1)

The Department of Planning and Development Services (PDS) gave proper public notice of the open record hearing as required by the county code. (Exhibits 17, 18 and 19)

A SEPA determination was made on September 13, 2006. (Exhibit 16) No appeal was filed.

The Examiner held an open record hearing on October 26, 2006, the 90th day of the 120-day decision making period. Witnesses were sworn, testimony was presented, and exhibits were entered at the hearing.

PUBLIC HEARING

The public hearing commenced on October 26, 2006 at 11:40 a.m.

1. The Examiner announced that he had read the PDS staff report, reviewed the file and viewed the area and therefore was generally apprised of the particular request involved.
2. The applicant, Zoe Hallgren, was represented by Eric Olson. Snohomish County was represented by Mona Davis of the Department of Planning and Development Services. No member of the public commented by document or by appearance at the hearing.

The hearing concluded at 11:48 p.m.

NOTE: For a complete record, an electronic recording of this hearing is available in the Office of the Hearing Examiner.

FINDINGS, CONCLUSIONS AND DECISION

FINDINGS OF FACT

Based on all the evidence of record, the following findings of fact are entered.

1. The master list of exhibits and witnesses which is a part of this file and which exhibits were considered by the Examiner, is hereby made a part of this file as if set forth in full herein.
2. The PDS staff report has correctly analyzed the nature of the application, the issues of concern, the application's consistency with adopted codes and policies and land use regulations, and the State Environmental Policy Act (SEPA). That staff report is hereby adopted by the Examiner as if set forth in full herein.
3. The request is for a rezone of 2.85 acres from RC to R-8,400 in order to construct an 11-lot subdivision using lot size averaging. Average weekday vehicle trips are 98, of which 8 are a.m. peak hour trips and 10 are p.m. peak hour trips.
4. Because the pump station proposed within Tract 998 is within 200 feet of the Ordinary High Water Mark of the Ebey Slough, the applicant applied for a Shoreline Substantial Development Permit which will be processed administratively and not by the Hearing Examiner as part of the total proposal.
5. The applicant, Zoe Halgren, filed an application for an 11-lot subdivision using lot size averaging on 2.85 acres with a concurrent rezone from the existing Rural Conservation to the proposed R-8,400 at 3610 Sunnyside Boulevard, Marysville.
6. The project would comply with park mitigation requirements under Chapter 30.66A SCC by the payment of \$1,361.22 for each new single-family home.
7. The DPW reviewed the request with regard to traffic mitigation and road design standards. This review covered Title 13 SCC and Chapter 30.66B SCC as to road system capacity, concurrency, inadequate road conditions, frontage improvements, access and circulation, and dedication/deeding of right-of-way, state highway impacts, impacts on other streets and roads, and Transportation Demand Management. As a result of this review, the DPW has determined that the development is concurrent and has no objection to the requests subject to various conditions.
8. School mitigation requirements under Chapter 30.66C SCC have been reviewed and set forth in the conditions.
9. The subject property is adjacent to Ebey Slough, a Type 1 water body, and contains an associated Category 3 wetland on the west side of the property. The Washington State Department of Ecology challenged the accuracy of wetland delineations initially conducted on the subject site and challenged the adequacy of the SEPA Checklist (Exhibit 31). The City of Marysville also challenged the wetland delineation (Exhibit 32). The County staff, including its biologist, responded by revisiting the subject site and express confidence that the classifications of the wetlands, streams, associated buffers and the Ordinary high Water Mark are identified correctly on the preliminary plat. Further, the staff report (Exhibit 35) recommends that because the County's Critical Areas Ordinance does not require it, the City of Marysville's request for a dedication to that City of 20 feet along the western portion of the subject site for a multi-purpose, pedestrian shoreline trail should be denied. Absent an appropriate interlocal agreement, the Examiner reluctantly concurs with the County recommendation of denial of the City's request.

10. The PDS Engineering Division has reviewed the concept of the proposed grading and drainage and recommends approval of the project subject to conditions, which would be imposed during full detailed drainage plan review pursuant to Chapter 30.63A SCC.
11. The Snohomish County Health District has no objection to this proposal provided that public water and sewer are furnished. Public water and sewer service and electrical power will be available for this development.
12. The property is designated Urban Low Density Residential (ULDR 4-6 du/ac) on the General Policy Plan (GPP) Future Land Use Map (FLUM) and is located within an Urban Growth Area (UGA). Land in this category may be developed at a density of 4-6 du/ac and one of the implementing zones is the R-7,200 zone which is the case here.
13. The proposed use (single-family detached development) is essentially compatible with existing single-family detached developments on larger lots. Because the property is within a UGA, policies were adopted to promote urban densities of development. A comparison with the present lower density character of much of the area is inappropriate since the present density of development in much of the surrounding area is inconsistent with both the adopted comprehensive plans and the present zoning.
14. The request complies with the Snohomish County Subdivision Code, Chapter 30.41A SCC as well as the State Subdivision Code, RCW 58.17. The proposed plat complies with the established criteria therein and makes the appropriate provisions for public, health, safety and general welfare, for open spaces, drainage ways, streets or roads, alleys, other public ways, transit stops, potable water supplies, sanitary wastes, parks and recreation, playgrounds, schools and school grounds, and other planning features including safe walking conditions for students.
15. Chapter 30.42A covers rezoning requests and applies to site-specific rezone proposals that conform to the Comprehensive Plan. The decision criteria under SCC 30.42A.100 provides as follows:

The hearing examiner may approve a rezone only when all the following criteria are met:

- (1) the proposal is consistent with the comprehensive plan;
- (2) the proposal bears a substantial relationship to the public health, safety, and welfare; and
- (3) where applicable, minimum zoning criteria found in Chapters 30.31A through 30.31F SCC are met.

It is the finding of the Examiner that the request meets these requirements generally and should be approved.

16. The proposal has been evaluated by PDS for compliance with the lot size averaging provisions of SCC 30.41A.240 and SCC 30.23.210. This proposal is consistent with these provisions.
17. The request is consistent with Section 30.70.100 SCC (Section 32.50.100 SCC), which requires, pursuant to RCW 36.70B.040, that all project permit applications be consistent with the GMACP, and GMA-based county codes.
18. Any finding of fact in this decision which should be deemed a conclusion is hereby adopted as such.

CONCLUSIONS OF LAW

Based on the findings of fact entered above, the following conclusions of law are entered.

1. The Examiner having fully reviewed the PDS staff report, hereby adopts said staff report as properly setting forth the issues, the land use requests, consistency with the existing regulations, policies, principles, conditions and their effect upon the request. It is therefore hereby adopted by the Examiner as a conclusion as if set forth in full herein, in order to avoid needless repetition. There are no changes to the recommendations of the staff report.
2. The Department of Public Works recommends that the request be approved as to traffic use subject to conditions specified below herein.
3. The request is consistent with the (1) GMACP, GMA-based County codes, (2) the type and character of land use permitted on the site, (3) the permitted density, and(4) the applicable design and development standards.
4. The request is for a rezone and therefore must comply with Chapter 30.42A. This is a site specific rezone that conforms to the Comprehensive Plan. Because no evidence was submitted contrary to the requirements of Chapter 30.42A, the application is presumed to meet these requirements.
5. Any conclusion in this decision which should be deemed a finding of fact is hereby adopted as such.

DECISION

Based on the findings of fact and conclusions of law entered above, the decision of the Hearing Examiner on the application is as follows:

The requests for a preliminary plat for an 11-lot subdivision utilizing lot size averaging provisions and for a rezone from Rural Conservation to Residential-8,400 are hereby **CONDITIONALLY APPROVED**, subject to the following conditions:

CONDITIONS

- A. The preliminary plat received by PDS on August 10, 2006 (Exhibit 13) shall be the approved plat configuration. Changes to the approved plat are governed by SCC 30.41A.330.
- B. Prior to initiation of any further site work; and/or prior to issuance of any development/construction permits by the county:
 - i. All site development work shall comply with the requirements of the plans and permits approved pursuant to Condition A, above.
 - ii. The plattor shall mark with temporary markers in the field the boundary of all Native Growth Protection Areas (NGPA) required by Chapter 30.62 SCC, or the limits of the proposed site disturbance outside of the NGPA, using methods and materials acceptable to the county.

- iii. A final mitigation plan based on the *Critical Areas Study and Detailed Mitigation Plan* prepared by S.R. Jay Consulting, Inc. dated August 10, 2006 (Exhibit 15) shall be submitted for review and approval during the construction review phase of this project.

C. The following additional restrictions and/or items shall be indicated on the face of the final plat:

- i. "The lots within this subdivision will be subject to school impact mitigation fees for the Marysville School District No. 25 to be determined by the certified amount within the Base Fee Schedule in effect at the time of building permit application, and to be collected prior to building permit issuance, in accordance with the provisions of SCC 30.66C.010. Credit shall be given for one existing parcel. Lot 1 shall receive credit."

- ii. Chapter 30.66B SCC requires the new lot mitigation payments in the amounts shown below for each single-family residential building permit, or twice the amount for a duplex:

\$2,105.40 per lot for mitigation of impacts on County roads paid to the County,

\$68.86 per lot for Transportation Demand Management paid to the County,

\$2,332.18 per lot for mitigation of impacts on City streets for the City of Marysville paid to the City. Proof of payment shall be provided.

\$190.61 per lot for mitigation of impacts on City streets for the City of Arlington paid to the City. Proof of payment shall be provided.

These payments are due prior to or at the time of building permit issuance for each single-family residence. Notice of these mitigation payments shall be contained in any deeds involving this subdivision of the lot(s) therein. Once building permits have been issued, all mitigation payments shall be deemed paid by PDS.

- iii. Right-of-way dedication to the satisfaction of the DPW along the parcel's frontage of Sunnyside Boulevard must be provided.

- iv. Access to Lot 1 shall be limited to its western boundary on the new public road.

- v. All Critical Areas shall be designated Native Growth Protection Areas (NGPA) (unless other agreements have been made) with the following language on the face of the plat;

"All NATIVE GROWTH PROTECTION AREAS shall be left permanently undisturbed in a substantially natural state. No clearing, grading, filling, building construction or placement, or road construction of any kind shall occur, except removal of hazardous trees. The activities as set forth in SCC 32.10.110(29)(a), (c), and (d) are allowed when approved by the County."

- vi. The dwelling units within this development are subject to park impact fees in the amount of \$1,361.22 per newly approved dwelling unit pursuant to Chapter 30.66A. Payment of these mitigation fees is required prior to building permit issuance; provided that the building permit has been issued within five years after the application is deemed complete. After five years, park impact fees shall be based upon the rate in effect at the time of building permit issuance.

- D. Prior to recording of the final plat:
- i. Urban frontage improvements shall be constructed along the parcel's frontage on Sunnyside Boulevard to the specifications of the DPW [SCC 26B.55.050].
 - ii. Native Growth Protection Area boundaries (NGPA) shall have been permanently marked on the site prior to final inspection by the county, with both NGPA signs and adjacent markers which can be magnetically located (e.g.: rebar, pipe, 20 penny nails, etc.). The platlor may use other permanent methods and materials provided they are first approved by the county. Where an NGPA boundary crosses another boundary (e.g.: lot, tract, plat, road, etc.), a rebar marker with surveyors' cap and license number must be placed at the line crossing.

NGPA signs shall have been placed no greater than 100 feet apart around the perimeter of the NGPA. Minimum placement shall include one Type 1 sign per wetland, and at least one Type 1 sign shall be placed in any lot that borders the NGPA, unless otherwise approved by the county biologist. The design and proposed locations for the NGPA signs shall be submitted to the Land Use Division for review and approval prior to installation.
 - iii. The final wetland mitigation plan shall be completely implemented.
- E. All development activity shall conform to the requirements of Chapter 30.63A SCC.

Nothing in this permit/approval excuses the applicant, owner, lessee, agent, successor or assigns from compliance with any other federal, state or local statutes, ordinances or regulations applicable to this project.

Preliminary plats which are approved by the county are valid for five (5) years from the date of approval and must be recorded within that time period unless an extension has been properly requested and granted pursuant to SCC 30.41A.300.

Decision issued this 9th day of November, 2006.

Ed Good, Deputy Hearing Examiner

EXPLANATION OF RECONSIDERATION AND APPEAL PROCEDURES

The decision of the Hearing Examiner is final and conclusive with right of appeal to the County Council. However, reconsideration by the Examiner may also be sought by one or more parties of record. The following paragraphs summarize the reconsideration and appeal processes. For more information about reconsideration and appeal procedures, please see Chapter 30.72 SCC and the respective Examiner and Council Rules of Procedure.

Reconsideration

Any party of record may request reconsideration by the Examiner. A petition for reconsideration must be filed in writing with the Office of the Hearing Examiner, 2nd Floor, County Administration-East Building, 3000 Rockefeller Avenue, Everett, Washington, (Mailing Address: M/S #405, 3000 Rockefeller Avenue, Everett WA 98201) on or before **NOVEMBER 20, 2006**. There is no fee for filing a petition for reconsideration. **“The petitioner for reconsideration shall mail or otherwise provide a copy of the petition for reconsideration to all parties of record on the date of filing.” [SCC 30.72.065]**

A petition for reconsideration does not have to be in a special form but must: contain the name, mailing address and daytime telephone number of the petitioner, together with the signature of the petitioner or of the petitioner’s attorney, if any; identify the specific findings, conclusions, actions and/or conditions for which reconsideration is requested; state the relief requested; and, where applicable, identify the specific nature of any newly discovered evidence and/or changes proposed by the applicant.

The grounds for seeking reconsideration are limited to the following:

- (a) The Hearing Examiner exceeded the Hearing Examiner’s jurisdiction;
- (b) The Hearing Examiner failed to follow the applicable procedure in reaching the Hearing Examiner’s decision;
- (c) The Hearing Examiner committed an error of law;
- (d) The Hearing Examiner’s findings, conclusions and/or conditions are not supported by the record;
- (e) New evidence which could not reasonably have been produced and which is material to the decision is discovered; or
- (f) The applicant proposed changes to the application in response to deficiencies identified in the decision.

Petitions for reconsideration will be processed and considered by the Hearing Examiner pursuant to the provisions of SCC 30.72.065. Please include the County file number in any correspondence regarding this case.

Appeal

An appeal to the County Council may be filed by any aggrieved party of record. Where the reconsideration process of SCC 30.72.065 has been invoked, no appeal may be filed until the reconsideration petition has been disposed of by the hearing examiner. An aggrieved party need not file a petition for reconsideration but may file an appeal directly to the County Council. If a petition for reconsideration is filed, issues subsequently raised by that party on appeal to the County Council shall be limited to those issues raised in the petition for reconsideration. Appeals shall be addressed to the Snohomish County Council but shall be filed in writing with the Department of Planning and Development Services, 2nd Floor, County Administration-East Building, 3000 Rockefeller Avenue, Everett, Washington (Mailing address: M/S #604, 3000 Rockefeller Avenue, Everett, WA 98201) on or before **NOVEMBER 27, 2006** and shall be accompanied by a filing fee in the amount of five hundred dollars (\$500.00); PROVIDED, that the filing fee shall not be charged to a department of the County or to other than the first appellant; and PROVIDED FURTHER, that the filing fee shall be refunded in any case where an appeal is dismissed without hearing because of untimely filing, lack of standing, lack of jurisdiction or other procedural defect. [SCC 30.72.070]

An appeal must contain the following items in order to be complete: a detailed statement of the grounds for appeal; a detailed statement of the facts upon which the appeal is based, including citations to specific Hearing Examiner findings, conclusions, exhibits or oral testimony; written arguments in support of the appeal; the name, mailing address and daytime telephone number of each appellant, together with the signature of at least one of the appellants or of the attorney for the appellant(s), if any; the name, mailing address, daytime telephone number and signature of the appellant's agent or representative, if any; and the required filing fee.

The grounds for filing an appeal shall be limited to the following:

- (a) The decision exceeded the Hearing Examiner's jurisdiction;
- (b) The Hearing Examiner failed to follow the applicable procedure in reaching his decision;
- (c) The Hearing Examiner committed an error of law; or
- (d) The Hearing Examiner's findings, conclusions and/or conditions are not supported by substantial evidence in the record. [SCC 30.72.080]

Appeals will be processed and considered by the County Council pursuant to the provisions of Chapter 30.72 SCC. Please include the County file number in any correspondence regarding the case.
