INTRODUCTION

The applicant filed the Master Application on June 2, 2006. (Exhibit 1)

The Hearing Examiner (Examiner) made a site familiarization visit on October 5, 2006 in the afternoon.

The Department of Planning and Development Services (PDS) gave proper public notice of the open record hearing as required by the county code. (Exhibits 17, 18 and 19)

A SEPA determination was made on September 12, 2006. (Exhibit 16) No appeal was filed.

The Examiner held an open record hearing on October 10, 2006, the 36th day of the 120-day decision making period. Witnesses were sworn, testimony was presented, and exhibits were entered at the hearing.

The public hearing commenced on October 10, 2006 at 1:03 p.m.

1. The Examiner indicated that he has read the PDS staff report, reviewed the file and viewed the area and therefore has a general idea of the particular request involved.
2. The applicant, Mr. Vu appeared, and indicated that he had no objection to the staff report.
3. Mr. Elbert Esparza, PDS was present.
4. No one appeared in opposition to the request.

NOTE: Audio tapes of this hearing are available in the Office of the Hearing Examiner.

FINDINGS, CONCLUSIONS AND DECISION

FINDINGS:

1. The master list of Exhibits and Witnesses which is a part of this file and which exhibits were considered by the Examiner, is hereby made a part of this file, as if set forth in full herein.
2. The PDS staff report has correctly analyzed the nature of the application, the issues of concern, the application's consistency with adopted codes and policies and land use regulations, and the State Environmental Protection Act (SEPA) evaluation with its recommendation and conditions. This report is hereby adopted by the Examiner as if set forth in full herein.
3. This is a request to rezone .53 acres from R-8400 to R-7200. There will be administrative site plan review of the three-lot short plat at a later time.

4. There were several letters received in opposition. Their concerns will be addressed during the administrative review process.
5. The adjoining properties are zoned R-8400 and R-9600.
6. Chapter 30.42A covers rezoning requests and applies to site specific rezone proposals that conform to the Comprehensive Plan. The decision criteria under SCC 30.42A.100 provides as follows:

The hearing examiner may approve a rezone only when all the following criteria are met:

- (1) The proposal is consistent with the comprehensive plan;
- (2) The proposal bears a substantial relationship to the public health, safety, and welfare; and
- (3) Where applicable, minimum zoning criteria found in chapters 30.31A through 30.31F SCC are met.

It is the finding of the Examiner that the request meets these requirements generally and should be approved.

7. There are no mitigation requirements required for parks, schools or roads and the DPW has no comments or objections but will provide their input to the short plat approval.
8. Public water and sewer service will be available for this development as well as electrical power.
9. The property is designated Urban Low Density Residential (ULDR 4-6 du/ac) on the General Policy Plan (GPP) Future Land Use Map (FLUM) and is located within an Urban Growth Area (UGA). According to the GPP, the ULDR designation covers various subarea plan designations which would allow mostly detached housing developments on larger lot sizes. Land in this category may be developed at a density of 4-6 du/ac and one of the implementing zones is the R-7200 zone which is the case here.
10. The request is consistent with Section 30.70.100 SCC (Section 32.50.100 SCC), which requires, pursuant to RCW 36.70B.040, that all project permit applications be consistent with the GMACP, and GMA-based county codes.
11. Since this request involves rezoning only, any details or conditions which would normally come from DPW will be done at the time of administrative plat approval and are not required here.
12. The request for a rezone was based upon the information and impacts submitted in the Determination of Nonsignificance.
13. Exhibit 14 is an aerial photograph which very clearly shows the property itself and the surrounding area and its compatibility in this area.
14. Any Finding of Fact in this Report and Decision, which should be deemed a Conclusion, is hereby adopted as such.

CONCLUSIONS:

1. The Examiner having fully reviewed the PDS staff report, hereby adopts said staff report as properly setting forth the issues, the land use requests, consistency with the existing regulations, policies, principles, conditions and their effect upon the request. It is therefore hereby adopted by the Examiner as a conclusion as if set forth in full herein, in order to avoid needless repetition. There are no changes to the recommendations of the staff report.
2. The request is for a rezone and, therefore, must be consistent with the GMACP; GMA based county codes. In this regard, the request is consistent with those plans and codes. The type and character of land use permitted on the project site is consistent with the General Policy Plan (GPP) ULDR designation of the property and meets the required regulatory codes as to density, design and development standards.
3. The request would allow for the development of three lots under an administrative site plan.
4. The request is for a rezone and therefore must comply with Chapter 30.42A. This is a site specific rezone that conforms to the Comprehensive Plan and since no evidence was submitted contrary to the requirements of Chapter 30.42A, the evidence is presumed to meet these requirements.
5. The request should be approved as submitted.
6. Any Conclusion in this Report and Decision, which should be deemed a Finding of Fact, is hereby adopted as such.

Nothing in this permit/approval excuses the applicant, owner, lessee, agent, successor or assigns from compliance with any other federal, state or local statutes, ordinances or regulations applicable to this project.

DECISION:

The request for a Rezone from R-8400 to R-7200 for this property is hereby **APPROVED**.

Decision issued this 25th day of October, 2006.

Robert J. Backstein, Hearing Examiner
