FINDINGS, CONCLUSIONS AND DECISION

FINDINGS OF FACT

Based on all the evidence of record, the following findings of fact are entered.

1. The master list of exhibits and witnesses which is a part of this file and which exhibits were considered by the Examiner is hereby made a part of this file as if set forth in full herein.
2. The applicants, Legacy Homes NW, Inc., filed an application requesting approval of a rezone of a .8-acre parcel from R-9,600 to R-7,200. No critical area (steep slope, wetland, or stream) is on or near the site.
3. One single-family residence exists on-site and will be removed. The applicant contemplates a five-lot residential short plat on the site. (Exhibits 2 and 8A)
4. The subject site and the surrounding community consist in single-family homes and a small public park in a mix of R-9,600 and R-7,200 zoning.

5. At the rezone stage, it is anticipated that public sewer and water will be supplied by the Alderwood Water and Wastewater District.
6. There is no mitigation required for parks, schools or roads and the DPW has no comments or objections but will provide its input during the short plat approval process.
7. The Snohomish County Health District has no objection to this proposal provided that public water and sewer are furnished.
8. Public water, sewer service and electrical power will be available for this development.
9. The property is designated Urban Low Density Residential (ULDR 4-6 du/ac) on the General Policy Plan (GPP) Future Land Use Map (FLUM) and is located within an Urban Growth Area (UGA). According to the GPP, the ULDR designation covers various subarea plan designations which would allow mostly detached housing developments on larger lot sizes. Land in this category may be developed at a density of 4-6 du/ac and one of the implementing zones is the R-7,200 zone which is the case here.
10. The request is consistent with Section 30.70.100 SCC which requires, pursuant to RCW 36.70B.040, that all project permit applications be consistent with the GMACP and GMA-based county codes.
11. No evidence in this record demonstrates any reason why the Hearing Examiner should condition or deny this application in the interest of the public health, safety or welfare.
12. Any finding of fact in this decision which should be deemed a conclusion is hereby adopted as such.

CONCLUSIONS OF LAW

Based on the findings of fact entered above, the following conclusions of law are entered.

1. The Examiner having fully reviewed the PDS staff report hereby adopts said staff report as properly setting forth the issues, the land use requests, consistency with the existing regulations, policies, principles, conditions and their effect upon the request. It is therefore hereby adopted by the Examiner as a conclusion as if set forth in full herein, in order to avoid needless repetition. There are no changes to the recommendations of the staff report.
2. The request is for a rezone and, therefore, must be consistent with the GMACP; GMA based county codes. In this regard, the request is consistent with those plans and codes. The type and character of land use permitted on the project site is consistent with the General Policy Plan (GPP) ULDR designation of the property and meets the required regulatory codes as to density, design and development standards.
3. A rezone must also comply with SCC 30.42A. This is a site specific rezone that conforms to the Comprehensive Plan. Because no substantial evidence was submitted of non-compliance with the requirements of Chapter 30.42A, the application is presumed to meet those requirements.

4. Chapter 30.42A covers rezoning requests and applies to site specific rezone proposals that conform to the Comprehensive Plan. The decision criteria under SCC 30.42A.100 provides as follows:

The hearing examiner may approve a rezone only when all the following criteria are met:

- (1) The proposal is consistent with the comprehensive plan;
- (2) the proposal bears a substantial relationship to the public health, safety, and welfare;
and
- (3) where applicable, minimum zoning criteria found in chapters 30.31A through 30.31F SCC are met.

It is the finding of the Examiner that the request meets these requirements and should be approved.

5. The request should be approved as submitted.
6. Any conclusion in this decision which should be deemed a finding of fact is hereby adopted as such.

DECISION

Based on the findings of fact and conclusions of law entered above, the decision of the Hearing Examiner on the application is as follows:

The request for a rezone from Residential-9,600 to Residential-7,200 for this property is hereby **APPROVED**.

Decision issued this 9th day of May, 2007.

Ed Good, Deputy Hearing Examiner
