Revised Objectives						
Item #	Item	Goals	Goals (GPP - 2006)			Ranking of Importance : High, Medium, Low
1	Reduce the disruption of local government operations caused by hazards to the extent practicable (examples: placement of Emergency Operation Centers, assured routes to vulnerable populations).	1,2,3	<ul style="list-style-type: none"> • PE 1 • LU 1 	<ul style="list-style-type: none"> • TR 1 • CF 3 		
Comments:						
2	Reduce the vulnerability of critical infrastructures to hazards (examples: roads, non redundant facilities, pipelines, water and sewage treatment facilities, hospitals, schools, emergency support facilities).	1,2,3	<ul style="list-style-type: none"> • LU 1 • LU 4 • TR 1 • TR 9 • CF 1 	<ul style="list-style-type: none"> • CF 3 • CF 4 • CF 11 • TR 1 • TR 6 	<ul style="list-style-type: none"> • CF 12 • UT 2 • UT 3 • UT 4 	
Comments:						
3	Enhance, conserve and protect the ability of natural resource lands to reduce adverse effects of disasters. (examples: floodplains, forests).	2, 3,4	<ul style="list-style-type: none"> • LU 1 • LU 2 • LU 10 • LU 11 • TR 1 	<ul style="list-style-type: none"> • TR 6 • UT 3 • NE 1 • NE 2 • NE 3 	<ul style="list-style-type: none"> • NE 4 • NE 5 • NE 8 • ED 6 	

Revised Objectives					
Item #	Item	Goals	Goals (GPP - 2006)		Ranking of Importance : High, Medium, Low
Comments:					
4	Increase resilience by expanding the ability of communities to respond and self-organize. (examples: community walkability, mixed land uses, and other objectives promoted by the Snohomish County General Policy Plan, such as Safe Urban Centers, Transit Pedestrian Villages, Urban Villages, Manufacturing/Industrial Centers initiatives).	1,2,3,5	<ul style="list-style-type: none"> • LU 1 • LU 2 • LU 3 	<ul style="list-style-type: none"> • LU 5 • NE 8 	
Comments:					
5	Support mitigation measures, including on resource lands (floodplains, agricultural lands, etc.), where the uses do not place occupants at extensive risk or represent an adverse impact to others (examples: elevate home on stable river bank, install "critter pads", etc.).	1,2,3,4	<ul style="list-style-type: none"> • LU 2 • LU 4 • HO 1 • HO 2 	<ul style="list-style-type: none"> • TR 6 • NE 1 • NE 2 	
Comments:					
6	Expand tools to remove or relocate vulnerable uses that present risk to others or degrade natural and beneficial functions (example: transfer and purchase of development rights).	2,3,4	<ul style="list-style-type: none"> • LU 1 • LU 6 	<ul style="list-style-type: none"> • LU 7 • LU 14 	
Comments:					

Revised Objectives					Ranking of Importance : High, Medium, Low
Item #	Item	Goals	Goals (GPP - 2006)		
7	Provide actionable guidance to the public that increases their resilience or ability to self organize and respond to disasters (examples: anchoring water heaters, using natural vegetation to stabilize riverbanks).	1,2,3,4,5	<ul style="list-style-type: none"> • LU 1 • LU 2 	<ul style="list-style-type: none"> • LU 3 • NE 6 	
Comments:					
8	Support actions that mitigate the causes of climate change and adapt to expected impacts (examples: urban villages, LEED, etc.).	1,2,3,4,5	<ul style="list-style-type: none"> • PE 1 • LU 2 • CF 7 	<ul style="list-style-type: none"> • CF 10 • NE 9 • NE 10 	• NE 11
Comments:					
9	Provide incentives that support the mitigation critical to manufacturing and manufacturing support facilities and operations (example: business continuity planning, reducing vulnerability of publicly-owned manufacturing support facilities, etc.).	2,3	<ul style="list-style-type: none"> • LU 12 • CF 8 • ED 1 		
Comments:					
10	Reduce risks and vulnerability to isolated populations in Snohomish County (example: mixed used urban communities, rural areas, etc.).	1,2,5	<ul style="list-style-type: none"> • PE 1 • LU 1 • LU 2 		

Revised Objectives					Ranking of Importance : High, Medium, Low
Item #	Item	Goals	Goals (GPP - 2006)		
Comments:					
11	Reduce the adverse impacts, and exploit beneficial functions, attributable to agricultural and forest resource lands (Examples: water detention, erosion, etc.).	2,3	<ul style="list-style-type: none"> • LU 6 • LU 7 • LU 8 	<ul style="list-style-type: none"> • LU 10 • ED 1 	
Comments:					
12	Support community resilience through economic diversification.	2,3	<ul style="list-style-type: none"> • LU 12 • CF 8 • ED 1 		
Comments:
