## **Snohomish County Seeks Input for the 2024 Comprehensive Plan Update**

*The Comprehensive Plan Update team is seeking to spread awareness and field questions this summer about the 2024 Update to Snohomish County's Comprehensive Plan*

**SNOHOMISH COUNTY, Wash., June 30, 2022** – Snohomish County is seeking public input for the county's future throughout the month of July through in-person public outreach in the community. County staff will be in libraries, parks, farmers markets, and more locations across the county to spread awareness of the Comprehensive Plan and to answer the public's questions. The input we receive will guide the 2024 Comprehensive Plan Update, which impacts growth, preservation, and development in Snohomish County.

Snohomish County is planning for a resilient, vibrant, and inclusive future. One of the main ways the county can plan for this future is through periodic updates to its Comprehensive Plan.

The Comprehensive Plan is a document that guides Snohomish County decisions on a wide range of topics and services over a 20-year time period. The Plan acts as the blueprint for development in the county. It will impact neighborhoods, businesses, traffic, the environment, and you. The Plan is also meant to reflect the vision and priorities of Snohomish County communities and residents, while meeting requirements of state and federal law.
