Single Family Residential Pre-Application Request

Process Information

The purpose of a Pre-application (pre-app) is for a PDS site reviewer to visit your project site, to determine site-specific issues, and to identify the presence of critical areas (wetlands, streams, steep slopes) in relation to any development activities or proposals on the property.

The attached Pre-Application Conference Request form as well as all items outlined in the Submittal Checklist must be completed and submitted to PDS’ Customer Support Center, located on the 2nd Floor, Admin-East Building, 3000 Rockefeller Avenue, Courthouse Complex in Everett.

The counter staff will review your documents and collect the $250.00 filing fee, plus 3% technology fee, for a total of $257.50. When your application submittals are deemed complete by counter staff, it will be routed to a site reviewer. Your site reviewer will be contacting you via phone and/or e-mail to schedule a Pre-Application Conference date and time. At the conference, you will be able to discuss your development proposal and your site reviewer will relay his/her findings and site-specific issues.

Site review ribbons (orange & black) will be provided to you at submittal by counter staff for the identification of the subject site and driveway. Please insure that the property site address is clearly visible from the road. To assist our site reviewers with their review, all proposed building locations must be staked. If the property is brushy, please hand clear a small path to the proposed building site. Provide any special instructions regarding entry to your property such as gate codes, lock combinations, dogs, livestock, etc.

PLEASE NOTE THE FOLLOWING:

The Pre-Application Conference is not an approval for any work to be initiated or completed. A separate permit must be applied for and issued prior to any site disturbance.

This process will not vest your proposal. Future development applications will be subject to all ordinances and codes in effect at the time of application.

If a building permit or mobile home permit application is submitted to PDS within 18 months of the Pre-Application Request submittal date, $200 will be credited to the permit fees as follows: $100 site review fee and $100 permit fee.

**ALL ITEMS ON SUBMITTAL CHECKLIST MUST ACCOMPANY THIS APPLICATION AT SUBMITTAL.**

---

I understand that I am requesting that a site visit be performed by Snohomish County Planning & Development Services. The result of the site visit and conference is not an approval or authorization for any work to be initiated or completed and does not imply that a building/mobile home permit will be issued. This pre-application conference is to provide a preliminary assessment of site constraints and is not binding on the county or myself.
