Introduction

Snohomish County Parks, Recreation and Tourism manages the scheduling and maintenance for County athletic fields in a manner to ensure equitable distribution, achieve maximum use of the facilities and maintain a safe, quality environment in a manner which supports the National Standards for Youth Sports.

www.nays.org/Resources/national_standards.cfm

In most communities, sport opportunities for children are organized and administered by local parks and recreation department staff, as well as community-based, volunteer parent operated organizations that utilize the public facilities. Generally, these volunteer parent-run interest groups lease the public facilities for league competition (e.g. Baseball, Soccer, Football, Lacrosse, etc) while in some cases also using school facilities and private facilities for practices.

To provide the greatest protection for children, Snohomish County Parks and Recreation encourages that all groups using public facilities meet high standards.

To increase the likelihood that the community adopts a philosophy that makes youth sports safe, positive and fun for children, each youth sport /league/program/group requesting use of our facilities and fields must demonstrate the following:

1. Proper documentation of insurance coverage that meets the minimum recommendations.
2. Current by-laws [procedures] demonstrating compliance with WA Senate Bill ESSB 5967, House Bill 1824, Senate Bill 5083 and the Federal Sport Act of 2017
