Why you should put your “We Scoop” sticker on your trash can:

- To show your neighbors that you are a responsible dog owner.
- To let your neighbors know that this method of dog waste disposal is completely legal - since you do it, they can too! (in their own trash of course).
- So that your garbage hauler knows that you Scoop your dog’s poop, Bag it, and Place it in the trash.

_I have signed the pledge to protect Puget Sound, promising to Scoop the poop, Bag it, and Place it in the trash in my own yard and in public places._
