

## Snohomish County Elections

A Division of the Auditor's Office

# You don't need a traditional address to vote

### Q: I don't have a traditional home address; can I still register to vote?

A: Yes. As long as you are a U.S. Citizen, at least 18 years old, and have lived in Snohomish County for at least 30 days, you can register to vote.

### Q: What address should I use?

A: You can register using a shelter, park, motorhome, marina, or other identifiable location you consider to be your residence. This location will be used to determine which precinct you will vote in and what measures and candidates appear on your ballot.

### Q: How will I receive my ballot and other election mailings?

A: You must provide a valid mailing address where you can receive mail. This can include a post office box, address of a friend or relative, shelter, or general delivery at a local post office.

### Q: What is general delivery and how do I use it?

A: General delivery is an easy, no cost alternative to carrier service or a post office box. After registering with general delivery, your mail will be held at your city's main post office for up to 30 days and can be picked up at your convenience. Call (800) ASK-USPS for more information.

### Q: How do I complete the registration form?

A: Fill out all sections accurately and completely. Include both a location in the residential address field and a valid mailing address as shown in the picture below.
