Warm weather brings out more pedestrians and bikers on the roads, and on Broadway Avenue between Yew Way and 164th Street SE, it may be very busy. This summer, Snohomish County Public Works will be working on enhancements to this nearly three mile stretch of road. Plans include building a wider shoulder on the west side of Broadway Avenue to increase safety for pedestrians and cyclists who share the road with motorists. It also includes installing three detention ponds and two vaults into the roadway to help manage drainage.

Construction is scheduled to begin in early July 2015 with two anticipated temporary road closures.

Open House
Please join us at an Open House on Wednesday, June 10 from 6 p.m. to 8 p.m. at Cathcart Elementary School located at 8201-188th Street SE, Snohomish, WA 98296. At the Open House, there will be construction area maps, construction detail plans, and Public Works staff members present to answer your questions.

Construction
The project involves:
- Construction of a widened paved shoulder on the west side of Broadway Avenue between Yew Way and 164th Street SE. The extended shoulder will make it easier for pedestrians and cyclists to travel along the route without competing for space with motorized vehicles.
- Installation of two vaults under the roadway to provide underground detention ponds to help manage drainage. Due to the shallow bedrock in the northern part of the project, the construction crews will be required to excavate through solid sandstone which is a very difficult material to dig into. Residents should anticipate excessive noise from the work. Vault installation may require night and weekend work to minimize the duration required to complete this portion of the project. The crew will attempt to keep night-time noise to a minimum.

Timeline
The projected start date for construction is early July 2015 and is expected to continue through the summer of 2016.

(continued on back)
Road Closures/Traffic Impact
To install the vaults into the roadway, there will be two road closures on Broadway Avenue. The road closures will occur at two different times with separate detours.

In addition to the road closures, there will be temporary changes from a two-lane to a one-lane road at multiple points throughout construction.

Thank you for your patience during construction

Title VI/ADA: Interpreter and translation services for non-English speakers and accommodations for persons with disabilities are available upon request. Please make arrangements in advance by calling 425-388-ROAD (7623). For questions regarding Public Works’ Title VI Program, contact our Title VI Coordinator via email at spw-titlevi@snoco.org, or phone 425-388-6660. Hearing/speech impaired call 711.

A solicitud, se dispone de servicios de intérprete y traducción para personas que no hablan inglés y acomodaciones para las personas con discapacidades. Por favor, haga arreglos con anticipación llamando a 425-388-ROAD (7623). Para preguntas concernientes al Programa del Título VI de Obras Públicas, póngase en contacto con nuestro Coordinador del Título VI mediante correo electrónico a spw-titlevi@snoco.org, o llame por teléfono al 425-388-6660. Las personas con deficiencia auditiva o del habla, llamen al 711.
