# Spring into Pastures!

## Growing Great Grass

### Stillaguamish Grange, Stanwood

March 28, 2015 9 am – noon

Start the grazing season out right! Join Horses for Clean Water and the Snohomish Conservation District to find out how you can make your pastures more productive and control weeds naturally. You'll learn the basics of how grasses grow and how to become a 'grass farmer' by using a variety of techniques, including winter paddocks, liming, spreading compost, rotational grazing, managing small grazing areas, and least-toxic weed control.
