AMENDED ORDINANCE NO. 15-027
RELATING TO GROWTH MANAGEMENT; REVISING REGULATIONS
PERTAINING TO ARCHAEOLOGICAL AND HISTORIC RESOURCES,
AND AMENDING SCC 30.22.100, 30.22.130, AND 30.32D.200
NOW, THEREFORE, BE IT ORDAINED:

Section 1. The County Council adopts the following findings in support of this ordinance:

A. The foregoing recitals are adopted as findings as if set forth in full herein.

B. This ordinance is consistent with the following GMA Planning Goal related to Historic Preservation (RCW 36.70A.020(13)) by clarifying that an archaeology site report must be included with development applications proposed on all lands designated on County maps as Reservation Commercial:

GMA Planning Goal 13: “Identify and encourage the preservation of lands, sites, and structures, that have historical or archaeological significance.”

C. This ordinance will better achieve, comply with, and implement the following Development Patterns (DP) policy set forth in Puget Sound Regional Council’s Multicounty Planning Policies (MPPs) by creating additional protections for culturally significant areas in Snohomish County:

MPP-DP-34: “Preserve significant regional historic, visual and cultural resources including public views, landmarks, archaeological sites, historic and cultural landscapes, and areas of special character.”

D. This ordinance will better achieve, comply with, and implement the following Development Patterns (DP) policy set forth in the Snohomish County Countywide Planning Policies (CPPs) by protecting culturally significant areas within the Tulalip Indian Reservation:

DP-34: “The County and cities are encouraged to protect and preserve historical, cultural and archaeological resources in a manner consistent with state law and local policies and in collaboration with state agencies.”

E. This ordinance complies with and implements the County’s GMACP by identifying properties that must include an archaeology site report in the Urban Zone Categories Use Matrix and adding clarifying code language to SCC 30.32D.200.

F. Procedural requirements.

1. This ordinance is consistent with state law and chapter 30.73 SCC.

2. State Environmental Policy Act, chapter 43.21C RCW (SEPA), requirements with respect to this non-project action have been satisfied through the completion of an environmental checklist and the issuance of a determination of non-significance on March 13, 2015.
3. Pursuant to RCW 36.70A.106(1), a notice of intent to adopt this ordinance was transmitted to the Washington State Department of Commerce for distribution to state agencies on March 11, 2015.

4. The public participation process used in the adoption of this ordinance has complied with all applicable requirements of the GMA and the SCC.

5. As required by RCW 36.70A.370, the Washington State Attorney General last issued an advisory memorandum in December of 2006 entitled “Advisory Memorandum: Avoiding Unconstitutional Takings of Private Property” to help local governments avoid the unconstitutional taking of private property. The process outlined in the State Attorney General’s 2006 advisory memorandum was used by the County in objectively evaluating the regulatory changes proposed by this ordinance.

G. This ordinance is consistent with the record.

1. The County’s GMACP must be internally consistent pursuant to RCW 36.70A.040(4) and 36.70A.070.

2. The County is required to update its GMACP and development regulations according to a schedule established by RCW 36.70A.130(5).

3. Amendments to SCC 30.22.100, 30.22.130 and 30.32D.200 are necessary to ensure that development applications for all non-tribally owned, fee-simple properties designated Reservation Commercial on the County’s Future Land Use Map must include an archaeology site report pursuant to SCC 30.32D.200(3)(b) to avoid impacts to any archaeological resource.

4. Amendments to SCC 30.32D.200 to correct a grammatical error.

5. Section 4 amends SCC 30.22.100 Urban Zone Categories: Use Matrix to add a new reference note for the Community Business (CB) and General Commercial (GC) zones. The CB and GC zones are the implementing zones for properties designated Reservation Commercial.

6. Section 5 amends SCC 30.22.130 Reference notes for use matrix to add a new reference note requiring an archaeology site report pursuant to SCC 30.32D.200. This new reference note will alert staff that there is a new requirement for just those CB and GC-zoned properties designated Reservation Commercial on the County’s Future Land Use Map.

7. Section 6 amends SCC 30.32D.200 to add a new provision clarifying that all development applications submitted on properties designated Reservation Commercial must include an archaeology site report.
Section 2. The County Council makes the following conclusions:

A. This ordinance is consistent with the goals, objectives and policies of the County's GMACP.

B. This ordinance is consistent with Washington State law and the SCC.

C. The County has complied with all SEPA requirements with respect to this non-project action.

D. The regulations proposed by this ordinance do not result in an unconstitutional taking of private property for a public purpose.

E. This ordinance is necessary to protect public health, safety and welfare.

Section 3. The County Council bases its findings and conclusions on the entire record of the County Council, including all testimony and exhibits. Any finding which should be deemed a conclusion, and any conclusion which should be deemed a finding, is hereby adopted as such.

Section 4. Snohomish County Code Section 30.22.100, last amended by Ordinance No. 13-073 on December 11, 2013, is amended to read:
