

WELCOME TO THE SNOHOMISH COUNTY CAREGIVER SUPPORT PROGRAM

What motivated us to write this Guide?

Our program has served family caregivers for over 13 years.

We still find a persistent problem.

The problem is: Many caregivers aren't aware of...

- Supportive services,
- How to find them, and
- Why it is so important to use them.

We want you become an Informed Consumer.

We offer you this “Users Guide” as a first step. Learn more about who we are, what the Caregiver Support Program does, and what outcomes you can expect when you decide to become involved.

Welcome to the Snohomish County Caregiver Support Program!

To make an appointment please contact a Caregiver Specialist:
