

2015 STORM Symposium

FREE opportunity to learn about successful outreach programs

9:30 am - 3:30 pm, Tuesday, November 3
Brightwater Center, 22505 State Route 9 SE, Woodinville

Join us to hear a special opening presentation by Guillaume Mauger about impacts to stormwater from climate change. Guillaume will review impacts on western Washington hydrology, discuss implications for floodplain and stormwater management, and outline current and future work aimed at helping us prepare and adapt to our changing environment.

Break-out Sessions

Session 1: 11am-12pm

- Mobile business outreach program
- Reaching out to multicultural audiences
- Successful outreach partnerships

Session 2: 1pm-2pm

- Increase participation through informed consent
- NPDES group collaboration discussion
- Lakewise behavior change program

Session 3: 2pm-3pm

- Field-based youth education
- Transferring a successful outreach program to your jurisdiction

Share your programs!

Send an email with a one sentence description of your outreach program and a photo or series of photos that help tell the story to Tiffany O'Dell (todell@co.pierce.wa.us by October 31. We'll share your program information in a slide show during lunch.
