Stormwater Modification or Waiver Request

A. Applicability:
This application is to be used for requests for modifications or waivers from stormwater management regulations pursuant to SCC 30.63A.170.

B. Instructions:
(1) Complete the blanks below. (2) Provide sufficient information to evaluate the request. (3) Contact (425) 388-3311 x2790 to schedule an appointment to submit this request. Supporting documents and fees must be submitted at the appointment.

Request is for: ___ Modification   or   ___ Waiver   of the following stormwater management regulations and standards:

Check applicable SCC Chapter List specific code provision

☐ Drainage Chapter 30.63A SCC
☐ Land Disturbing Activity Chapter 30.63B SCC
☐ Drainage Manual
☐ EDDS Stormwater Requirements

C. Project Information:
PFN: ______________________________  Project Name: _________________________________________________
PDS Project Manager: ____________________________________
Applicant or Representative and Firm:  _________________________________________________________________
Applicant Signature:  ________________________________________  Phone:  ________________________________
Address: ____________________________________________  Email: ______________________________________

D. Criteria:
1. Describe the modification or waiver request, including reasons for the request and site-specific details.  
   (SCC 30.63A.830(5)(c) or 30.63A.840(4)(c))

2. Describe how the intent of the stormwater management regulations and standards will be achieved if the modification or waiver is granted.  ((SCC 30.63A.830(5)(b) or 30.63A.840(4)(b)

3. (Modification only): Describe how the modification or waiver will provide substantially equivalent environmental protection as the adopted stormwater management regulations and standards.  (SCC 30.63A.830(6)(a)
4. (Modification only): Describe how the modification or waiver is based upon sound engineering practices which will meet design objectives addressing safety, function, environmental protection and facility maintenance. 
(SCC 30.63A.830(6)(b))

5. (Modification only): Describe how the modification does not adversely impact off-site properties. 
(SCC 30.63A.830(5)(c))

6. Describe how the modification or waiver results in the least possible change that could be granted that still meets the intent of chapters 30.63A and 30.63B SCC, (SCC 30.63A.830(6)(d) or 30.63A.840(5)(c)), the Drainage Manual and the stormwater requirements of the EDDS.

7. (Waiver only): Describe how application of the stormwater management regulation or standard for which the waiver is requested will deny the applicant all economically viable use of the property. (SCC 30.63A.840(5)(a))

8. (Waiver only): Describe how the waiver will not: (a) increase risk to the public health and welfare; (b) be injurious to other properties in the vicinity or upstream or downstream; and (c) affect the quality of waters of the state. (SCC 30.63A.840(5)(b))
E. **Analysis of Justification for Modification:**

___ Conformance to existing standard    ___ Improved safety
___ Adverse Topography                  ___ Maintainability
___ Comparable to or exceeds standards  ___ Public cost savings
___ Aesthetics                          ___ Other

______________________________________________________________________________________________________________________
______________________________________________________________________________________________________________________
______________________________________________________________________________________________________________________

**Director's Findings of Fact:**

______________________________________________________________________________________________________________________
______________________________________________________________________________________________________________________
______________________________________________________________________________________________________________________
______________________________________________________________________________________________________________________

**Staff Recommendations:**

___ Approve    ___ Deny
___ Conditional Approval   ___ Denial without Prejudice

**Basis:**

______________________________________________________________________________________________________________________
______________________________________________________________________________________________________________________
______________________________________________________________________________________________________________________
______________________________________________________________________________________________________________________

**Additional Review Received (certain projects may require review by other parties as applicable):**

___ Fire Marshal  ___ Traffic
___ Biologist     ___ Right of Way

**Final PDS Administrative Decision:**

___ Approved    ___ Denied
___ Approved with conditions   ___ Denied without Prejudice

**Conditions, if applicable:**

______________________________________________________________________________________________________________________
______________________________________________________________________________________________________________________
______________________________________________________________________________________________________________________
______________________________________________________________________________________________________________________
______________________________________________________________________________________________________________________
