Definitions of Investigation Dispositions

Every personnel complaint and/or internal investigation must have a Finding; which is defined as a conclusion reached with respect to each allegation after completion of the investigation. Findings must be one of the following:

Unfounded

The complainant admits to making a false allegation, the accused employee was not involved in the incident, or the incident did not occur.

Exonerated

The incident occurred, however, the employee’s actions were justified, lawful, and proper.

Non-Sustained

A. Cleared: There is sufficient evidence to prove the allegation is false or it is not supported by the facts.

B. Inconclusive: There is insufficient evidence to either prove or disprove the allegation.

C. The investigation revealed that the employee committed a violation(s) other than the original allegations(s). A new allegation would be alleged and a finding made.

Sustained

The allegation is supported by sufficient evidence to indicate that the employee committed one or more of the alleged acts.

Undetermined

This may involve but is not limited to the following:

A. The complainant withdraws the complaint;
B. The complainant cannot be located;
C. The complainant is uncooperative;
D. The accused member separates from the Office before the conclusion of the investigation.
