

# Broadway Avenue Closed April 2 - April 9 between 180th Street SE and 188th Street SE

## Broadway Avenue Project

Snohomish County Public Works is enhancing a nearly three-mile stretch of road along Broadway Avenue. These improvements include building a wider shoulder on the west side of Broadway Avenue to increase space for pedestrians and cyclists who share the road with motorists. It also includes installing vaults into the roadway to help with drainage issues.

## Upcoming Traffic Impact and Timeline

To install the final vault into the roadway, there will be a seven-day road closure on Broadway Avenue.

- The closure will be between 180th Street SE and 188th Street SE and occur from Saturday, April 2 to Saturday, April 9; 24 hours a day

- Access will be granted only to homeowners and emergency vehicles

In addition to the road closure, there will be temporary changes from a two-lane to a one-lane road at multiple points throughout construction.

## Construction Schedule

The project is expected to be completed in the summer of 2016.
