ENVIRONMENTAL REVIEW

Overview:

The adoption of amendments to the GMA Comprehensive Plan and development regulations is a non-project action under the Washington State Environmental Policy Act (SEPA). This Addendum is not intended to satisfy individual project action SEPA requirements (the review needed for a future site-specific land use or building permit application). This Addendum does not significantly change the analysis of impacts and alternatives contained in the Environmental Impact Statement (EIS) that was prepared in 2015 for the GMA Comprehensive Plan, nor does it identify new or significantly different impacts.

Prior Environmental Review

A SEPA checklist addressing the proposed Rural Craft Breweries/Distilleries/Wineries was issued on July 14, 2015, along with a Determination of Non-Significance (DNS).

DNS Addendum

According to the SEPA Rules, an Addendum to a DNS provides additional analysis and/or information about a proposal or alternatives where their significant environmental impacts have been disclosed and identified in a previous environmental document (WAC 197-11-600(3)(b)(ii)). An Addendum is appropriate when the impacts of the new proposal are the same general types as those identified in the prior document, and when the new analysis does not substantially change the analysis of significant impacts and alternatives identified in the prior environmental documents (WAC 197-11-600(4)(e), WAC 197-11-706).

This Addendum to the July 14, 2015 DNS is being issued pursuant to WAC 197-11-625 to meet the County's SEPA responsibility. No additional significant impacts beyond those identified in the county's EIS for the 10-Year Update.
