Statement from Dave Somers, Snohomish County Executive

“Yesterday was a tragedy, in what seems to be a string of tragedies. We are heartsick for the senseless violence in Dallas. We must have the courage both to condemn violence and to come up with ways to heal the deep-seated problems that our country faces. Today, let’s thank our Sheriff’s Deputies and police officers for the extraordinary work they do every day to keep the peace. In the end, it is peace we need.”
