

Alcohol & Drug Treatment Services for Indigent and Low Income Adults:

- The Adult Community Outpatient Treatment Program administered by Snohomish County Human Services Department, Division of alcohol and Other Drugs, provides substance abuse assessment and treatment services in a non-residential setting to indigent and low income patients.
- Local State licensed chemical dependency treatment agencies are contracted to provide assessment, counseling (individual and group) and related case management services.
- County subsidized patients must be eligible for Medicaid or have a low income with monthly income not exceeding 80% of the median family for the State of Washington, with adjustment of family size.
- Treatment agencies charge for services according to a sliding fee scale.
- Residency in Snohomish County is not required; however, priority is given to county residents.
- Up to 115 hours of treatment services are provided per individual in a 24-month period. Admission is based on space availability in treatment groups.

For assessment, ADATSA and/or treatment services, apply directly to:

- Catholic Community Services: Everett (425) 258-5270; Marysville (360) 651-2366. Offers services to both youth and adults.
- Evergreen Manor: Everett (425) 258-2407 or (425) 259-5842; Lynnwood (425) 248-4900.
- Stillaguamish Tribe of Indians, Arlington Location, (360) 435-9338.
- SeaMar Community Health Center, Everett & Monroe Locations with services focused for Spanish Speaking, (425) 609-5505.

ADATSA Program (state funded inpatient or outpatient treatment): Contact any of the above treatment agencies closest to you and they will assist you with an ADATSA application.
