Civilian Employee of the Year
Susan Martinez

Law Enforcement Technician Susan Martinez exemplifies the highest standard of professionalism in her duties working in the Sheriff’s Office Records Unit.

As Acting Lead this past year, Susan exceeded all expectations provided to her. She expertly resolved the day to day needs of office staff and did an exceptional job with additional daily challenges. She demonstrated her cooperative nature in solving problems and worked as a team member to ensure the Records responsibilities were handled in a timely and appropriate manner.

Additionally, Susan is always willing to assist any department in the Sheriff’s Office as well as outside the agency. Her dogged attention to NLBRS reporting, will help us with accreditation in 2017. When Susan finds an error, she doesn’t just correct the error, she provides solutions to those who do the work where the errors are found to help prevent future problems.

Susan also shares her knowledge of the functions of NWS LERMS and MERGE with other law enforcement agencies so that all Snohomish County law enforcement has a better understanding of the system.

For her dedication to the Sheriff’s Office, pride in a job well done, and overall work ethic, the 2016 Civilian Employee of the Year is awarded to Susan Martinez.
