Snohomish County Public Works is replacing May Creek Bridge 559, located on May Creek Road. The existing structure was built in 1975 and is currently restricted to one lane due to erosion.

The new bridge will be a 100-foot long, concrete structure. It will be 28-feet wide curb-to-curb with two 11-foot lanes and 3-foot shoulders.

**Timeline**

Construction will likely begin in May 2017 and is expected to conclude in November 2017.

**Road Closure**

May Creek Road will be closed at the construction site to all traffic during the construction period. Traffic will be detoured as shown on the map to the right and signs will be placed along the route.

Further details will be provided via mail in April 2017 once the construction schedule is identified.

**Questions?**

Call 425-388-ROAD (7623) or email road@snoco.org.
