

FREQUENTLY ASKED QUESTIONS

1. *How long will I serve?* The length of service is for one week or one trial. The length of the trial will determine how long you will serve. After you have served on one jury trial you have completed your jury service.

2. *How much will I be paid?* \$10 a day plus roundtrip mileage from your home to the courthouse. Checks will be sent to your home address in about 3 weeks.

3. *My employer requires verification that I was here.* If you need a work certificate please sign up when the sheets are passed around during orientation. You will only need to sign up once. Certificates will be sent to your home address the week after your service is complete.

4. *Why is there so much waiting?* Before a trial can begin, the judge must first handle any preliminary matters outside of the presence of the jury. Unfortunately, this can sometimes take a while. We appreciate your patience.

In the event of an evacuation of the courthouse building, follow the law clerk and/or judge's directions. The evacuation location is Xfinity Arena (formerly known as Comcast Arena), Upper Level, which is East and North of the courthouse building.

In the event the evacuation occurs when you are not on a jury panel, your trial is not currently in progress, or you cannot locate any jury personnel, report to the Xfinity Arena, Upper Level.

You will not be permitted back into the building or the parking garage until the evacuation is over.

Once the building has been cleared, you will be notified that it is safe to enter the building. Return to the Courthouse via the main entrance. Once you have cleared security, report to the Jury Assembly Room for further directions.
