180th St SE – Phase I and II

Typical Road Section

not to scale

Snohomish County Public Works
Project Details

• Add two lanes to bring the 180th St SE corridor up to a five-lane roadway section between SR 527 and 23rd Ave SE
• Rebuild traffic signal at 180th St SE and Brook Blvd
• Realign Thompson Creek and Silver Creek and improve culvert crossings
• Complete and upgrade sidewalks, bike lanes, curbs and gutters
• Create new stormwater detention and treatment facilities, gutters and planter strips

Schedule

Phase I design is at 60 percent with construction tentatively scheduled for 2019-2020.

Cost Estimate

The preliminary construction cost estimate is approximately $6-7 million.
Stream Realignment

180th St SE – Phase I

Stream Relocation Alternative 3
Project Details

• Add two lanes to bring the 180th St SE corridor up to five lanes between 23rd Ave SE and 35th Ave SE
• Complete and upgrade sidewalks, bike lanes, curbs and gutters
• Create new stormwater detention and treatment facilities, gutters and planter strips

Schedule

The design report will be completed this year. Construction subject to funding availability.
