Dear Ken,

Congratulations on Snohomish County Human Services Department's Visionary Leadership Award at this week's 30 year anniversary reception! Your work with Committee for Children programs over the years exemplifies best practices with our programs and through this, you truly honor our efforts.

We hope you feel a great sense of pride and pleasure in the many accomplishments that have been realized through your support of Committee for Children. Over the past 30 years we've reached a combined total of more than 40 million children, from kids right here in Puget Sound to those in countries around the world! We look forward to reaching more children, and the adults who teach and care for them, with research-based programs that help them to be safe, socially and emotionally competent, and more successful in school and throughout their lives.

Your heartfelt commitment to our children's future is truly appreciated. We look forward to staying connected with you as we move further toward our shared vision: safe children thriving in a peaceful world.

Sincerely,

Joan Duffell
