Keyword: Assistance Bulletins

How much does it cost to get a building permit?

The Snohomish County Department of Planning & Development Services (PDS) calculates the plan check fee and permit fee amounts based on the County's valuation of your structure. **This bulletin will help you determine the approximate cost of your building permit.** It is also a general guide to help you determine the valuation of your structure, using the following examples:

September 22, 2022 Residential Building Permit Fees - Based on VB Construction

First floor of new residence	\$166.08 per square foot
Second Floor of new residence	\$166.08 per square foot
Third Floor of new residence	\$166.08 per square foot
Unfinished basement/Foundation only	\$31.50 per square foot
Garage	\$66.48 per square foot
Carport	\$53.18 per square foot

You can calculate the cost of the permit and plan check fee by calculating the total valuation. Then use the valuation of your structure and the valuation table to determine the permit and plan check fee. **Below is an example:**

1200 sq ft First floor	$\$166.08 \times 1200 = \$199,296$
800 sq ft Second Floor	$\$166.08 \times 800 = \$132,864$
500 sq ft Garage	$\$66.48 \times 500 = \$33,240$
Total Valuation	\$365,400
Plan Check Fee (from table)	\$2,024.75
Permit Fee (from table)	\$3,115.00
11% added to permit fee for Plumbing/Mechanical fixtures (\$3,115.00 x 11%)	\$342.65
Subtotal	\$5,482.40
3% technical surcharge	<u>164.47</u>
Total Permit Fee	\$5,646.87

This bulletin is intended only as an information guide. The information may not be complete and is subject to change. For complete legal information, refer to Snohomish County Code.

What are the additional fees for plumbing and mechanical fixtures?

For new construction of single family homes and duplexes the permit fee is increased 11% to cover the cost of the mechanical and plumbing inspections. You still need to indicate the number and type of fixtures on the application, the calculation is no longer done per fixture. This way if you decide to add or delete something you won't be required to come in and obtain a new permit.

Are the fees for modular homes (mobile homes) calculated the same way?

Modular homes require a foundation plan check and permit fee based upon the square footage of the foundation. For mobile home fees, please see Snohomish County Code Table 30.86.440.

When do I need to pay these fees?

PDS personnel will calculate the exact building valuation and determine the plan check and permit fees after performing a cursory review of your application and plans (submitted online at MyBuildingPermit.com). An invoice for the base application fee and plan check fee will be uploaded to your MyBuildingPermit.com account. These fees must be paid before your application will be routed to technical staff for review. The permit fee is paid when the permit is issued.

What if I have/need a septic tank and drainfield?

Contact the Snohomish Health District at 425-339-5250 or visit [Septic Permitting | Snohomish Health District, WA \(snohd.org\)](http://Septic Permitting | Snohomish Health District, WA (snohd.org)) for requirements. Please be aware that we cannot issue you a building permit without approval from the Snohomish County Health Department if you are using a septic system and/or well. Additional fees will be due for Snohomish County Health Department review.

Are there any other fees I should know about?

There are other fees that may also be applicable and collected at submittal or permit issuance. They include:

Type of Fee	Amount of Fee
Base Fee (required for all applications)	\$150.00 per application
Washington State Surcharge for building permits	\$6.50
Access/driveway permit fee for connection of driveway to county road	\$350.00 per connection
Site Review Fee	\$320.00
Critical area site plan review fee (if required)	\$250.00
Drainage and Land Disturbing Activities review fees	See Table 30.86.510(2) SCC or Bulletin #100
School, park, and traffic impact fees	Varies by project and location
Technology Surcharge	3% of permit fees
Snohomish County Health Department	Additional fees may be due if you are on a septic system.
