Comments on this project are due on or before **5 p.m., May 31, 2011**

Send Comments to:

Mary Auld, Senior Planner, Snohomish County Public Works, 3000 Rockefeller Ave., M/S 607, Everett, WA 98201 or by e-mail to mary.auld@snoco.org

WHAT IS BEING PROPOSED? Snohomish County Public Works is proposing to replace Bridge 546 on Carter Road in 2012. This bridge crosses Swamp Creek just north of Lockwood Road and south of 240th St SW. The existing bridge, built in 1966, has required extensive maintenance in recent years. The new bridge will be wider and longer with bike lanes and sidewalks on both sides. It will be a single span bridge eliminating the piers in the center of the creek which collect debris.

State Environmental Policy Act (SEPA) Decision: A SEPA Environmental Review has been completed for this project. Public Works has determined that this project does not have a probable, significant adverse impact on the environment and has issued a Determination of Non-significance (DNS). An environmental impact statement (EIS) under RCW 43.21C.030(2)(c) is not required. This decision was made after review of SEPA documents and other information on file with this agency. These documents are available for public review upon request prior to offering SEPA comments.

SEPA Appeal: The DNS may be appealed pursuant to the requirements of Snohomish County Code (SCC) 30.61.300. Submit a written appeal and the \$500 filing fee to Public Works Customer Service Center, prior to **5 p.m., May 31, 2011**. Refer to SCC 30.71.050(5) and 30.61.305 for details on appeal submittals.
