Mr. Fisher,

I apologize for the delay in responding to your comment regarding the scope of the EIS for Point Wells. I will forward it to our electronic the EIS scoping comment file.

Thanks.

Darryl

**Subject:** Scoping Notice - Point Wells

Mr. Eastin

Being a resident of Innis Arden my comments relating to the above center around my concern of the negative traffic and environmental impact on the City of Shoreline and Innis Arden. With the high density proposed per the development and no other access in or out except NW Richmond Beach Road I find it highly offensive that Snohomish County has decided to "dump" the traffic from this proposed development into King County and Shoreline. My suggestion is that all traffic access be through Snohomish County. The property is in Snohomish County, the taxes will go to Snohomish County, so the road access, along with all the accompany detriments to the environment, traffic congestion, etc. should be borne by Snohomish County.

Thank you
