**Subject:** Point Wells

Mr. Eastin-

My husband and I have attended meetings regarding the mitigation of the proposed Point Wells development. We have been told traffic would increase from 50 cars to over 11,000 on Richmond Beach Drive. Sidewalks, roundabouts and traffic lights cannot mitigate that situation. The quality of life, property value, and noise level would be adversely affected. Our community strongly opposes a development proposal of this scale.

Sincerely,

Anina Sill
