Hi! Hope this finds you well - I am sure you are hearing from a lot of us in the Richmond Beach neighborhood. I live on 199th street and 23rd (which was originally intended as an alley, and has places in it only wide enough for one car). It is also the only direct route from 20th to Richmond Beach Road. I fear my neighborhood street will become a thoroughfare for drivers looking to shortcut the heavy traffic on Richmond Beach Road. At the least, we'll need traffic circles and speed bumps just to contain traffic. We'll also need sidewalks.

I'm just heartsick about the changes that may be coming to my wonderful neighborhood. Please think carefully about the plans being made.
