Subject: Point Wells Development

Dear Mr. MacCready,

I would like to send my comments about Point Wells to the Snohomish County Design Review Board for the meeting on March 15.

I am a resident of Richmond Beach and live just up the hill from the access road - Richmond Beach Drive NW.

I am concerned that the size of the Point Wells project is too large, and there are many other problems including a small access road coming from King County, the impact of such a large number of people and cars on our neighborhood which is not designed for this kind of development, all the services to be provided through King County, and the impact on the environment, to name a few.

Thank you.
Kathryn A. Zufall
