Greetings,

Myself and my family oppose the housing development project for Point Wells. It is hard to imagine 10,000+ new cars coming and going from Richmond Beach. The access roads to the area are small, and we already have enough trouble with folks speeding through the side streets going 40+ MPH. The development proposal does nothing to address parking, neighborhood safety, and traffic flow. How will people bike and walk in and out of the new housing area? The only road has no safe shoulder. It's already dangerous enough walking around our sleepy neighborhood. We don't need or want 10,000+ new cars and frustrated drivers racing around.
