---

The proposed development at Point Wells will create a nightmare of traffic through Woodway, Richmond Beach, and Shoreline. We live in Woodway and we use Woodway Park Road or Richmond Beach Road whenever we leave home. The proposed condos would be like dropping a town right in the middle of a residential community. It is difficult to comprehend our government approving the additional traffic generated through Woodway by even 500 condos at Point Wells, let alone 3,000.

We strongly urge that the Point Wells application be rejected, and that no more time extensions be granted to the developer.

Larry and Carol Mohn  
23815 114th Ave West, Woodway
