Non-UOCAVA ballots issued electronically	6

AutoMark®

Estimated number of AutoMark® voters	0
--------------------------------------	---

Category discrepancy explanation

Snohomish County discovered one additional ballot in a batch after all ballots had been removed from secrecy sleeves. Therefore it could not be determined which ballot should not have been included in the batch. This results in a difference of one in the Category reconciliation.

EMS discrepancy explanation

Snohomish County processed a ballot from a voter who later indicated that they had not voted. Credit was removed for this voter's record. This, in addition to the one additional ballot described in the category discrepancy explanation, results in a difference in two less voters credited than ballots counted.
