

Road closure Aug. 19-28 for culvert replacement

Snohomish County Public Works Surface Water Management will replace an undersized culvert that runs beneath 120th St. SE, between Silver Way and 2nd Dr. SE, near Everett. During the replacement, crews will completely close 120th St. SE from Aug. 19 through Aug. 28. Drivers will follow a signed detour using 2nd Dr. SE, Silver Way and 116th St. SE to get around the work zone.

The new, larger culvert will help reduce flooding and keep the roadway from developing dips and potholes. The culvert was designed to meet Washington Department of Fish and Wildlife fish passage requirements.

For more information, visit www.snoco.org and search "120th St SE" or call Bronlea Mishler at 425-388-6475 (TTY: 711).
