Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember

- Additional training resources can be found on the HUD Exchange at https://www.hudexchange.info/e-snapsguides/coc-program-competition-resources/
- Program policy questions and problems related to completing the application in e-snaps may be directed to HUD via the HUD Exchange Ask A Question.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2018 Continuum of Care (CoC) Program Competition. For more information see FY 2018 CoC Program Competition NOFA.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2018 CoC Program NOFA and the FY 2017 General Section NOFA.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with onscreen text and the hide/show instructions found on each individual screen.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps.
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2017 Project Application will be imported into the FY 2018 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Expiring Shelter Plus Care projects requesting renewal funding for the first time under 24 CFR part 578, and rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Expiring Supportive Housing Projects requesting renewal funding for the first time under 24 CFR part 578, transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC’s HUD-approved GIW. If the ARA is reduced through the CoC’s reallocation process, the final project funding request must reflect the reduced amount listed on the CoC’s reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2018 CoC Program Competition NOFA.

Information About Submission without Changes

After Part 1 is completed; including this screen, Recipient Performance screen, and Renewal Grant Consolidation screen, then Parts 2-6, are available for review as “Read-Only;” except for 3A, 7A and 7B which are mandatory for all projects to update. After project applicants finish reviewing all screens, they will be guided to a "Submissions without Changes" Screen. At this screen, if applicants decide no edits or updates are required to any screens other than the mandatory questions, they can submit without changes. However, if changes to the application are required, e-snaps allows applicants to open individual screens for editing, rather than the entire application. After project applicants select the screens they intend to edit via checkboxes, click "Save" and those screens will be available for edit. Importantly, once an applicant makes those selections and clicks "Save" the applicant cannot uncheck those boxes.

If the project is a first-time renewal or selects "Fully Consolidated" on the Renewal Grants Consolidation screen, the "Submit Without Changes" function is not available, and applicants must input data into the application for all required fields relevant to the component type.
Recipient Performance

1. Has the recipient successfully submitted the APR on time for the most recently expired grant term related to this renewal project request?  
   No
   
   Explain why the APR for the most recently expired grant term related to this renewal project request has not been submitted.
   
   The most recently expired grant term ended June 30, 2018; the APR is not due until September 28, 2018.

2. Does the recipient have any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request?  
   No

3. Has the recipient maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request?  
   Yes

4. Have any Funds been recaptured by HUD for the most recently expired grant term related to this renewal project request?  
   No
Renewal Grant Consolidation Screen

HUD encourages the consolidation of renewal grants. As part of the FY 2018 CoC Program project application process, project applicants can request their eligible renewal projects to be part of a Renewal Grant Consolidation. This process can consolidate up to 4 renewal grants into 1 consolidated grant. This means recipients no longer must wait for grant amendments to consolidate grants. All projects that are part of a renewal grant consolidation must expire in Calendar Year (CY) 2019, as confirmed on the FY 2018 Final GIW, must be to the same recipient, and must be for the same component and project type (i.e., PH-PSH, PH-RRH, Joint TH/PH-RRH, TH, SSO, SSO-CE or HMIS).

1. Is this project application requesting to be part of a renewal grant consolidation in the FY 2018 CoC Program Competition?  
   No
   If “No” click on “Next” or “Save & Next” below to move to the next screen.

Beachwood North is a Permanent Supportive Housing project at two (2) locations: Beachwood at 1027 Beach Avenue in Marysville, WA 98270 and Arlington Triplex at 106 North Dunham in Arlington, WA 98223. This project serves chronically homeless families with children who require long-term housing with supportive services in order to maintain permanent housing and stable income.

Most of the homeless family households served by Housing Hope earn less than $10,000 annually, primarily from TANF. Family sizes range from 2 to 7. Housing Hope data indicates that 70% of households are headed by single mothers, 61% of whom are 30 years old or younger. 50% of the children are under the age of 5, making affordable childcare a need for most families. Parents face multiple obstacles to self-sufficiency, including chronic substance abuse, mental health issues, permanent disability and chronic health issues, no GED/high school completion, limited or no employment experience and inadequate support systems.

Services include moderate to intensive case management services, employment and training services, adult education, parent education, life skills training, connections to community resources, support to increase social support networks, child development services, assistance with transportation, drug and alcohol treatment and additional interventions as needed. With these support services, the projected outcomes are to increase the percentage of participants who remain in or exit to permanent housing and to increase the percentage of adults who increase their total income during the operating period.

Housing Hope creates collaborations that provide a comprehensive approach to assisting households to maintain permanent housing, family stability and increased levels of self-sufficiency. Housing Hope initiated the WRAPS Project, co-occurring disorder recovery project. Housing Hope also operates College of Hope, an adult life skills training program, and Tomorrow’s Hope Child Development Center, both of which provide services to partner housing and service agencies.

Housing Hope partners with providers to achieve outcomes for our shared participants: DSHS CSO (provides internet access to DSHS benefit system for residents and regularly meets with staff); DCFS (agreement in place for specialized services for families with histories of chronic neglect); WDC/WorkSource (offering job search services at Housing Hope housing sites); and Community Colleges (offering vocational certification programs targeted for homeless individuals). Housing Hope has partnerships established for the purpose of service coordination: Compass Health, Community Health Services, Sea Mar, Service Alternatives, Snohomish Legal Services, Northwest Justice Project, Cocoon House/Project Safe, Marysville school districts, Snohomish County Head Start and Snohomish County ECEAP.

A “100% Dedicated” project is a permanent supportive housing project that commits 100% of its beds to chronically homeless individuals and families, according to NOFA Section III.3.b.

A “DedicatedPLUS” project is a permanent supportive housing project where 100% of the beds are dedicated to serve individuals with disabilities and families in which one adult or child has a disability, including unaccompanied homeless youth, that at a minimum, meet ONE of the following criteria according to NOFA Section III.3.d:

1. Experiencing chronic homelessness as defined in 24 CFR 578.3;
2. Residing in a transitional housing project that will be eliminated and meets the definition of chronically homeless in effect at the time in which the individual or family entered the transitional housing project;
3. Residing in a place not meant for human habitation, emergency shelter, or safe haven; but the individuals or families experiencing chronic homelessness as defined at 24 CFR 578.3 had been admitted and enrolled in a permanent housing project within the last year and were unable to maintain a housing placement;
4. Residing in transitional housing funded by a joint TH and PH-RRH component project and who were experiencing chronic homelessness as defined at 24 CFR 578.3 prior to entering the project;
5. Residing and has resided in a place not meant for human habitation, a safe haven, or emergency shelter for at least 12 months in the last three years, but has not done so on four separate occasions; or
6. Receiving assistance through a Department of Veterans Affairs (VA)-funded homeless assistance program and met one of the above criteria at initial intake to the VA's homeless assistance system.

A renewal project where 100 percent of the beds are dedicated in their current grant as described in NOFA Section III.A.3.b. must either become DedicatedPLUS or remain 100% Dedicated. If a renewal project currently has 100 percent of its beds dedicated to chronically homeless individuals and families and elects to become a DedicatedPLUS project, the project will be required to adhere to all fair housing requirements at 24 CFR 578.93. Any beds that the applicant identifies in this application as being dedicated to chronically homeless individuals and families in a DedicatedPLUS project must continue to operate in accordance with Section III.A.3.b. Beds are identified on Screen 4B.

The following information summarizes the funding request for the total term of the project. Budget amounts from the Leased Units, Rental Assistance, and Match screens have been automatically imported and cannot be edited. However, applicants must confirm and correct, if necessary, the total budget amounts for Leased Structures, Supportive Services, Operating, HMIS, and Admin. Budget amounts must reflect the most accurate project information according to the most recent project grant agreement or project grant agreement amendment, the CoC’s final HUD-approved FY 2017 GIW or the project budget as reduced due to CoC reallocation. Please note that, new for FY 2017, there are no detailed budget screens for Leased Structures, Supportive Services, Operating, or HMIS costs. HUD expects the original details of past approved budgets for these costs to be the basis for future expenses. However, any reasonable and eligible costs within each CoC cost category can be expended and will be verified during a HUD monitoring.

Dear Applicant:

This modifies our letter of the above date in which we stated that you would be treated as an organization that is not a private foundation until the expiration of your advance ruling period.

Your exempt status under section 501(a) of the Internal Revenue Code as an organization described in section 501(c)(3) is still in effect. Based on the information you submitted, we have determined that you are not a private foundation within the meaning of section 509(a) of the Code because you are an organization of the type described in section 509(a)(1) and 170(b)(1)(A)(vi).

Grantors and contributors may rely on this determination unless the Internal Revenue Service publishes notice to the contrary. However, if you lose your section 509(a)(1) status, a grantor or contributor may not rely on this determination if he or she was in part responsible for, or was aware of, the act or failure to act, or the substantial or material change on the part of the organization that resulted in your loss of such status, or if he or she acquired knowledge that the Internal Revenue Service had given notice that you would no longer be classified as a section 509(a)(1) organization.

If we have indicated in the heading of this letter that an addendum applies, the addendum enclosed is an integral part of this letter.

Because this letter could help resolve any questions about your private foundation status, please keep it in your permanent records.

If you have any questions, please contact the person whose name and telephone number are shown above.

Sincerely yours,

Michael J. Quinn
District Director

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember

- Additional training resources can be found on the HUD Exchange at https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/
- Program policy questions and problems related to completing the application in e-snaps may be directed to HUD via the HUD Exchange Ask A Question.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2018 Continuum of Care (CoC) Program Competition. For more information see FY 2018 CoC Program Competition NOFA.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2018 CoC Program NOFA and the FY 2017 General Section NOFA.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with onscreen text and the hide/show instructions found on each individual screen.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps.
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2017 Project Application will be imported into the FY 2018 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Expiring Shelter Plus Care projects requesting renewal funding for the first time under 24 CFR part 578, and rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Expiring Supportive Housing Projects requesting renewal funding for the first time under 24 CFR part 578, transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC’s HUD-approved GIW. If the ARA is reduced through the CoC’s reallocation process, the final project funding request must reflect the reduced amount listed on the CoC’s reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2018 CoC Program Competition NOFA.

Information About Submission without Changes

After Part 1 is completed; including this screen, Recipient Performance screen, and Renewal Grant Consolidation screen, then Parts 2-6, are available for review as “Read-Only;” except for 3A, 7A and 7B which are mandatory for all projects to update. After project applicants finish reviewing all screens, they will be guided to a "Submissions without Changes" Screen. At this screen, if applicants decide no edits or updates are required to any screens other than the mandatory questions, they can submit without changes. However, if changes to the application are required, e-snaps allows applicants to open individual screens for editing, rather than the entire application. After project applicants select the screens they intend to edit via checkboxes, click "Save" and those screens will be available for edit. Importantly, once an applicant makes those selections and clicks 'Save' the applicant cannot uncheck those boxes.

If the project is a first-time renewal or selects "Fully Consolidated" on the Renewal Grants Consolidation screen, the "Submit Without Changes" function is not available, and applicants must input data into the application for all required fields relevant to the component type.
Recipient Performance

1. Has the recipient successfully submitted the APR on time for the most recently expired grant term related to this renewal project request?  
   No

   Explain why the APR for the most recently expired grant term related to this renewal project request has not been submitted.

   The most recently expired grant term ended June 30, 2018; the APR is not due until September 28, 2018.

2. Does the recipient have any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request?  
   No

3. Has the recipient maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request?  
   Yes

4. Have any Funds been recaptured by HUD for the most recently expired grant term related to this renewal project request?  
   Yes

   Explain the circumstances that led HUD to recapture funds from the most recently expired grant term related to this renewal project request.

   Funds were recaptured for the most recently expired grant term. The UFA has implemented stricter contract language and monitoring guidelines to track subrecipient spend down to ensure that project funds are fully expended at the end of the operating period. At the beginning of the operating period, the UFA requires subrecipients to submit management plans that clearly describe how the subrecipient will track and monitor spend down internally; the UFA provides ongoing technical assistance throughout the operating period to subrecipients. The UFA has implemented an internal monitoring schedule to track subrecipient spend down no less than monthly. In the CoC local competition, the UFA continues to use objective scoring criteria, including spend down, to rate/rank projects and reallocates poor performing projects.

   The subrecipient experienced staff turnover resulting in this project not fully expending funds. The recipient expects the project to fully expend its funds for the current operating year.
HUD encourages the consolidation of renewal grants. As part of the FY 2018 CoC Program project application process, project applicants can request their eligible renewal projects to be part of a Renewal Grant Consolidation. This process can consolidate up to 4 renewal grants into 1 consolidated grant. This means recipients no longer must wait for grant amendments to consolidate grants. All projects that are part of a renewal grant consolidation must expire in Calendar Year (CY) 2019, as confirmed on the FY 2018 Final GIW, must be to the same recipient, and must be for the same component and project type (i.e., PH-PSH, PH-RRH, Joint TH/PH-RRH, TH, SSO, SSO-CE or HMIS).

1. Is this project application requesting to be part of a renewal grant consolidation in the FY 2018 CoC Program Competition? No
   If “No” click on “Next” or “Save & Next” below to move to the next screen.

The goals of this project include increasing residential stability by placing eligible homeless individuals into permanent housing and providing supportive services to assist clients in stabilizing so they can maintain their housing; increasing skills and income by assisting clients in accessing mainstream resources or other financial resources as appropriate; and achieving greater self-determination through the development of a client-centered action/service plan that assists clients in achieving their goals toward greater self-sufficiency. The project sponsor collaborates with other service providers and provides case management; mental health; substance abuse services; life skills; basic needs; health care; transportation and other supportive services based on assessed needs.

The projected outcomes for this project are to increase the percentage of participants who remain in or exit to permanent housing, and to increase the percentage of adults who increase their total income during the operating period. This will be achieved by connecting participants and/or assisting them with accessing mainstream resources for which they qualify and increasing their life skills as well as working to assist them with overcoming long-term barriers that have resulted in chronic homelessness.

To make changes to this information, navigate to the Submission without Changes screen, select "Make Changes" in response to Question 2, and then check the box next each screen that requires a change to match the current grant agreement, as amended, or to account for a reallocation of funds.

The following information summarizes the funding request for the total term of the project. Budget amounts from the Leased Units, Rental Assistance, and Match screens have been automatically imported and cannot be edited. However, applicants must confirm and correct, if necessary, the total budget amounts for Leased Structures, Supportive Services, Operating, HMIS, and Admin. Budget amounts must reflect the most accurate project information according to the most recent project grant agreement or project grant agreement amendment, the CoC’s final HUD-approved FY 2017 GIW or the project budget as reduced due to CoC reallocation. Please note that, new for FY 2017, there are no detailed budget screens for Leased Structures, Supportive Services, Operating, or HMIS costs. HUD expects the original details of past approved budgets for these costs to be the basis for future expenses. However, any reasonable and eligible costs within each CoC cost category can be expended and will be verified during a HUD monitoring.

Dear Ms. Dessingue:

In a ruling dated March 25, 1946, we held that the agencies and instrumentalities and all educational, charitable and religious institutions operated, supervised, or controlled by or in connection with the Roman Catholic Church in the United States, its territories or possessions appearing in The Official Catholic Directory 1946, are entitled to exemption from federal income tax under the provisions of section 101(6) of the Internal Revenue Code of 1939, which corresponds to section 501(c)(3) of the 1986 Code. This ruling has been updated annually to cover the activities added to or deleted from the Directory.

The Official Catholic Directory for 2006 shows the names and addresses of all agencies and instrumentalities and all educational, charitable, and religious institutions operated by the Roman Catholic Church in the United States, its territories and possessions in existence at the time the Directory was published. It is understood that each of these is a non-profit organization, that no part of the net earnings thereof inures to the benefit of any individual, that no substantial part of their activities is for promotion of legislation, and that none are private foundations under section 509(a) of the Code.

Based on all information submitted, we conclude that the agencies and instrumentalities and educational, charitable, and religious institutions operated, supervised, or controlled by or in connection with the Roman Catholic Church in the United States, its territories or possessions appearing in The Official Catholic Directory for 2006 are exempt from federal income tax under section 501(c)(3) of the Code.

Donors may deduct contributions to the agencies, instrumentalities and institutions referred to above, as provided by section 170 of the Code. Bequests, legacies, devises, transfers or gifts to them or for their use are deductible for federal estate and gift tax purposes under sections 2055, 2106, and 2522 of the Code.
Ms. Deirdre Dessingue

Beginning January 1, 1984, unless specifically excepted, you and your subordinates must pay tax under the Federal Insurance Contributions Act (Social Security taxes) for each employee who is paid $100 or more in a calendar year, as indexed for inflation. You and your subordinates are not liable for the tax under the Federal Unemployment Tax Act (FUTA).

By May 31, 2007, please send three (3) copies of The Official Catholic Directory for 2007 to IRS TE/GE in Cincinnati; one copy to the Processing Campus in Ogden; two copies each to the EO Area Managers in Newark, Brooklyn, Chicago, St. Paul, Atlanta, Los Angeles, the IRS National Headquarters and the Director, EO Examinations, Dallas.

The conditions concerning the retention of your group exemption as set forth in our previous determination letter of August 17, 1983, remain in full force and effect.

Sincerely,

SUBJECT: 2006 Group Ruling

FROM: Mark E. Chopko, General Counsel (Staff: Deirdre Dessingue, Associate General Counsel)

Attached is a copy of the Group Ruling issued to the United States Conference of Catholic Bishops on July 1, 2006 by the Internal Revenue Service ("IRS"), with respect to the federal tax status of Catholic organizations listed in the 2006 edition of the Official Catholic Directory ("OCD")\(^1\). As explained in greater detail below, this ruling is important for establishing:

(1) the exemption of such organizations from:

(a) federal income tax;
(b) federal unemployment tax (but see ¶5 of "Explanation" below); and

(2) the deductibility, for federal income, gift and estate tax purposes, of contributions to such organizations.

The 2006 Group Ruling is the latest in a series that began with the original determination of March 25, 1946. In the 1946 document, the Treasury Department affirmed the exemption from federal income tax of all Catholic institutions listed in the OCD for that year. Each year since 1946, in a separate letter, the 1946 ruling has been extended to cover the institutions listed in the current OCD\(^2\). The 2006 Group Ruling is consistent with the 2005 ruling. Annual group rulings clarify important tax consequences for Catholic institutions listed in the OCD, and should be retained for ready reference. Rulings from earlier years are important to establish the tax consequences of transactions that occurred during those years.

**Responsibilities under Group Ruling.** Diocesan officials who compile OCD information to send to the OCD publisher are responsible for the accuracy of such information. They must ensure that only qualified organizations are listed, that

\(^1\) A copy of the Group Ruling and this memo may be found on the USCCB website at [www.usccb.org/ogc](http://www.usccb.org/ogc).

\(^2\) Catholic organizations with independent IRS exemption determination letters are listed in the 2006 OCD with an asterisk (*), which is explained at page A-6 and indicates that such organizations are not covered by the Group Ruling.
organizations are listed under their correct legal names, that organizations that cease to qualify are deleted promptly, and that qualified newly-created organizations are listed as soon as possible. The current Group Ruling/OCD application package is available at http://www.usccb.org/bishops/dfl/exemptionruling.htm.

EXPLANATION

1. **Exemption from Federal Income Tax.** The latest ruling reaffirms the exemption from federal income tax under section 501(c)(3) of the Code of "the agencies and instrumentalities and educational, charitable, and religious institutions operated, supervised or controlled by or in connection with the Roman Catholic Church in the United States, its territories or possessions appearing in the Official Catholic Directory for 2006" (with the exception of organizations designated in the OCD with an asterisk and foreign organizations).

2. **Federal Excise Taxes.** Inclusion in the Group Ruling has no effect on an organization's liability for federal excise taxes. Exemption from these taxes is very limited. Please refer to your attorney any questions you may have about excise taxes.

3. **State/Local Taxes.** Inclusion in the Group Ruling does not automatically establish an organization's exemption from state or local income, sales or property taxes. Typically, separate exemptions must be obtained from the appropriate state or local tax authorities in order to qualify for any applicable exemptions. Please refer to your attorney any questions you may have about state or local tax exemptions.

4. **Deductibility of Contributions.** The Group Ruling assures donors that contributions to the institutions listed in the 2006 OCD and covered by the Group Ruling are deductible for federal income, gift, and estate tax purposes.

5. **Unemployment Tax.** The Group Ruling establishes exemption from federal unemployment tax only. Individual states may impose unemployment tax on organizations included in the Group Ruling, even though they are exempt from the federal tax. Please refer to your attorney any questions you may have about state unemployment tax.

6. **Social Security Tax.** All section 501(c)(3) organizations, including churches, are required to pay taxes under the Federal Insurance Contributions Act (FICA) for each employee who is paid $100 or more in a calendar year. Services performed by diocesan priests in the exercise of their ministry are not considered

---

3 Section 3121(w) of the Code permits certain church-related organizations to make an irrevocable election to avoid payment of FICA taxes, but only if such organizations are opposed for religious reasons to payment of social security taxes.
"employment" for FICA (Social Security) purposes, and FICA should not be withheld from their salaries. For Social Security purposes, diocesan priests are subject to self-employment tax ("SECA") on their salaries as well as on the value of meals and housing or housing allowances provided to them. Neither FICA nor income tax withholding is required on remuneration paid to religious institutes for members who are subject to vows of poverty and obedience and are employed by organizations included in the Official Catholic Directory.

7. Form 990. All organizations included in the OCD must file Form 990, Return of Organization Exempt from Income Tax, unless they are eligible for a mandatory or discretionary exception. There is no automatic exemption from the Form 990 filing requirement simply because an organization is listed in the OCD. Organizations required to file Form 990 must do so by the 15th day of the fifth month after the close of their fiscal year. Among the organizations not required to file Form 990 under section 6033 of the Code are: churches; integrated auxiliaries of churches; the exclusively religious activities of religious orders; schools below college level affiliated with a church or operated by a religious order; organizations with gross receipts normally not in excess of $25,000; and certain church-affiliated

7 The penalty for failure to file the Form 990 is $20 for each day the failure continues, up to a maximum of $10,000 or 5 percent of the organization’s gross receipts, whichever is less. However, organizations with annual gross receipts in excess of $1 million are subject to penalties of $100 per day, up to a maximum of $50,000. I.R.C. § 6652(c)(1)(A).
8 I.R.C. § 6033(a)(2)(A)(i); Treas. Reg. § 1.6033-2(h). To qualify as an integrated auxiliary of a church, an organization must be described in section 501(c)(3), qualify as other than a private foundation, be affiliated with a church, and qualify as internally supported. An organization will be considered internally supported unless it both:

1. Offers admissions, goods, services, or facilities for sale, other than on an incidental basis, to the general public (except goods, services, or facilities sold at a nominal charge or substantially below cost), and

2. Normally receives more than 50 percent of its support from a combination of governmental sources; public solicitation of contributions (such as through a community fund drive); and receipts from the sale of admissions, goods, performance of services, or furnishing of facilities in activities that are not unrelated trades or businesses.

organizations that finance, fund or manage church assets, or maintain church 
retirement insurance programs, and organizations controlled by religious orders that 
finance, fund or manage assets used for exclusively religious activities.\textsuperscript{10}

Organizations that are required to file Form 990 must upon request make a 
copy of the form and its schedules and attachments (other than contributor lists) 
available for public inspection during regular business hours at the organization's 
principal office and at any regional or district offices having three or more 
employees. Form 990 for a particular year must be made available for a three year 
period beginning with the due date of the return.\textsuperscript{11} In addition, organizations that file 
Form 990 must comply with written or in-person requests for copies of the Form 990. 
The organization may impose no charge other than a reasonable fee to cover 
copying and mailing costs. If requested, copies of the Form 990 for the past three 
years must be provided. In-person requests must be satisfied on the same day. 
Written requests must be satisfied within 30 days.\textsuperscript{12}

8. \textbf{Revenue Procedure 75-50.} Rev. Proc. 75-50\textsuperscript{13} sets forth notice, 
publication, and recordkeeping requirements regarding racially nondiscriminatory 
policies that must be complied with by private schools, including church-related 
schools, as a condition of establishing and maintaining exempt status under section 
501(c)(3) of the Code. Under Rev. Proc. 75-50 private schools are required to file an 
annual certification of racial nondiscrimination with the IRS. For private schools not 
required to file Form 990, the annual certification must be filed on Form 5578, 
Annual Certification of Racial Nondiscrimination for a Private School Exempt from 
Federal Income Tax. This form may be obtained from your local IRS office. Form 
5578 must be filed by the 15th day of the fifth month following the close of the fiscal 
year. Form 5578 may be filed individually or by the diocese on behalf of all schools 
operated under diocesan auspices. The requirements of Rev. Proc. 75-50 remain in 
effect and must be complied with by all schools listed in the OCD. \textit{Diocesan or 
school officials should insure that the requirements of Rev. Proc. 75-50 are

\textsuperscript{10} Rev. Proc. 96-10, 1996-1 C.B. 577. 

\textsuperscript{11} The penalty for failure to permit public inspection of the Form 990 is 20 for each 
day during which such failure continues, up to a maximum of 10,000. I.R.C. § 
6652(c)(1)(C).

\textsuperscript{12} I.R.C. § 6104(d). Generally, a copy of an organization's exemption application 
and supporting documents must also be provided on the same basis. However, 
since Catholic organizations covered under the Group Ruling did not file 
exemption applications with IRS, nor did USCCB, organizations covered under 
the Group Ruling should respond to requests for public inspection and written or 
in-person requests for copies by providing a copy of the page of the current OCD 
on which they are listed. If a covered organization does not have a copy of the 
current OCD, it has two weeks within which to make it available for inspection 
and to comply with in-person requests for copies. Written requests must be 
satisfied within the general time limits.

met since failure to do so could jeopardize the exempt status of the school and, in the case of a school operated by a church, the exempt status of the church itself.

9. **Lobbying Activities.** Organizations included in the OCD may lobby for changes in the law, provided such lobbying is not more than an insubstantial part of their total activities. Attempts to influence legislation both directly and through grassroots lobbying are subject to this restriction. The term "lobbying" includes activities in support of or in opposition to referenda, constitutional amendments, and similar ballot initiatives. There is no distinction between lobbying activity that is related to an organization's exempt purposes and lobbying that is not. There is no fixed percentage that constitutes a safe harbor for "insubstantial" lobbying. Please refer to your attorney any questions you may have about permissible lobbying activities.

10. **Political Activities.** Organizations included in the Group Ruling may not participate or intervene in any political campaign on behalf of or in opposition to any candidate for public office. Violation of the prohibition against political activity can jeopardize the organization's tax-exempt status. In addition to revoking exempt status, IRS may also impose excise taxes on an exempt organization and its managers on account of political expenditures. Where there has been a flagrant violation, IRS has authority to seek an injunction against the exempt organization and immediate assessment of taxes due. Political Campaign Activity Guidance for Catholic Organizations (March 15, 2004) available at [www.usccb.org/ogc](http://www.usccb.org/ogc), contains detailed information regarding the political activity prohibition. If you have any questions in this regard, please refer them to your attorney.

11. **Public Charity Status.** The latest Group Ruling affirms that organizations included in the OCD are not private foundations under section 509(a) of the Code. However, the Group Ruling does not identify the subsection of section 509(a) under which a particular organization is classified as a public charity. Organizations must determine for themselves whether they qualify for such status under the provisions of section 509(a)(1), (a)(2) or (a)(3). Newly-created or newly-affiliated organizations must establish that they are not private foundations as a condition of inclusion in the Group Ruling and OCD.

12. **Group Exemption Number.** The group exemption number assigned to USCC is 928 or 0928. *This number must be included on each Form 990, Form 990-T, and Form 5578 required to be filed by any organization exempt under the Group Ruling.* We recommend against using the group exemption number on Form SS-4, Request for Employer Identification Number, because in the past this has resulted in IRS including USCCB as part of the organization's name when it enters the organization in its database.

---

14 IRS has expressed concern about organizations covered under the Group Ruling that fail to include the group exemption number, 0928, on their Form 990 filings, particularly the initial filing.

If the ARA is reduced through the CoC’s reallocation process, the final project funding request must reflect the reduced amount listed on the CoC’s reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2018 CoC Program Competition NOFA.

Information About Submission without Changes

After Part 1 is completed; including this screen, Recipient Performance screen, and Renewal Grant Consolidation screen, then Parts 2-6, are available for review as “Read-Only;” except for 3A, 7A and 7B which are mandatory for all projects to update. After project applicants finish reviewing all screens, they will be guided to a "Submissions without Changes" Screen. At this screen, if applicants decide no edits or updates are required to any screens other than the mandatory questions, they can submit without changes. However, if changes to the application are required, e-snaps allows applicants to open individual screens for editing, rather than the entire application. After project applicants select the screens they intend to edit via checkboxes, click "Save" and those screens will be available for edit. Importantly, once an applicant makes those selections and clicks "Save" the applicant cannot uncheck those boxes.

If the project is a first-time renewal or selects "Fully Consolidated" on the Renewal Grants Consolidation screen, the "Submit Without Changes" function is not available, and applicants must input data into the application for all required fields relevant to the component type.
Recipient Performance

1. Has the recipient successfully submitted the APR on time for the most recently expired grant term related to this renewal project request?
   No

   Explain why the APR for the most recently expired grant term related to this renewal project request has not been submitted.
   The most recently expired grant term ended June 30, 2018; the APR is not due until September 28, 2018.

2. Does the recipient have any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request?
   No

3. Has the recipient maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request?
   Yes

4. Have any Funds been recaptured by HUD for the most recently expired grant term related to this renewal project request?
   Yes

   Explain the circumstances that led HUD to recapture funds from the most recently expired grant term related to this renewal project request.
   Funds were recaptured for the most recently expired grant term. The UFA has implemented stricter contract language and monitoring guidelines to track subrecipient spend down to ensure that project funds are fully expended at the end of the operating period. At the beginning of the operating period, the UFA requires subrecipients to submit management plans that clearly describe how the subrecipient will track and monitor spend down internally; the UFA provides ongoing technical assistance throughout the operating period to subrecipients. The UFA has implemented an internal monitoring schedule to track subrecipient spend down no less than monthly. In the CoC local competition, the UFA continues to use objective scoring criteria, including spend down, to rate/rank projects and reallocates poor performing projects.

   The subrecipient experienced staff turnover resulting in this project not fully expending funds. The recipient expects the project to fully expend its funds for the current operating year.

Renewal Project Application FY2018 Page 19 09/14/2018
HUD encourages the consolidation of renewal grants. As part of the FY 2018 CoC Program project application process, project applicants can request their eligible renewal projects to be part of a Renewal Grant Consolidation. This process can consolidate up to 4 renewal grants into 1 consolidated grant. This means recipients no longer must wait for grant amendments to consolidate grants. All projects that are part of a renewal grant consolidation must expire in Calendar Year (CY) 2019, as confirmed on the FY 2018 Final GIW, must be to the same recipient, and must be for the same component and project type (i.e., PH-PSH, PH-RRH, Joint TH/PH-RRH, TH, SSO, SSO-CE or HMIS).

1. Is this project application requesting to be part of a renewal grant consolidation in the FY 2018 CoC Program Competition? No
   If “No” click on “Next” or “Save & Next” below to move to the next screen.

The project provides tenant-based rental assistance to a minimum of 10 scattered site units for families with children, where the head of household meets the federal definition of chronic homelessness, in a low-barrier, housing first approach. The goal of this project is to assist families in obtaining and retaining permanent housing and enhancing their abilities to the maximum extent possible with various supportive services. Persons served will receive case management services, mental health or other treatment services, life skills, and other supports necessary for stable long-term housing. In addition, clients will receive assistance with health care, dental care, subsistence for basic needs, applying for entitlement benefits, transportation and assistance with employment or education preparation activities. Clients will receive ongoing assessments and updated service planning that is tailored to the families' individual needs. This population suffers from a host of conditions such as alcohol and drug abuse, unemployment, lack of transportation and many types of chronic health conditions. We will concentrate on those homeless families who have service-access difficulties in addition to those barriers previously mentioned. As an organization we are aware of the variety of challenging issues, specific needs, barriers and characteristics of this population and have been a vanguard in the pursuit of housing development and case management services for this population. CCS utilizes a well-developed, goal-oriented, individualized case management process to ensure housing retention and self-sufficiency growth.

The projected outcomes for this project are to increase the percentage of participants who remain in or exit to permanent housing, and to increase the percentage of adults who increase their total income during the operating period. This will be achieved by connecting participants and/or assisting them with accessing mainstream resources for which they qualify and increasing their life skills as well as working to assist them with overcoming long-term barriers that have resulted in chronic homelessness.

To make changes to this information, navigate to the Submission without Changes screen, select "Make Changes" in response to Question 2, and then check the box next each screen that requires a change to match the current grant agreement, as amended, or to account for a reallocation of funds.

The following information summarizes the funding request for the total term of the project. Budget amounts from the Leased Units, Rental Assistance, and Match screens have been automatically imported and cannot be edited. However, applicants must confirm and correct, if necessary, the total budget amounts for Leased Structures, Supportive Services, Operating, HMIS, and Admin. Budget amounts must reflect the most accurate project information according to the most recent project grant agreement or project grant agreement amendment, the CoC’s final HUD-approved FY 2017 GIW or the project budget as reduced due to CoC reallocation. Please note that, new for FY 2017, there are no detailed budget screens for Leased Structures, Supportive Services, Operating, or HMIS costs. HUD expects the original details of past approved budgets for these costs to be the basis for future expenses. However, any reasonable and eligible costs within each CoC cost category can be expended and will be verified during a HUD monitoring.

Dear Ms. Dessingue:

In a ruling dated March 25, 1946, we held that the agencies and instrumentalities and all educational, charitable and religious institutions operated, supervised, or controlled by or in connection with the Roman Catholic Church in the United States, its territories or possessions appearing in *The Official Catholic Directory* 1946, are entitled to exemption from federal income tax under the provisions of section 101(6) of the Internal Revenue Code of 1939, which corresponds to section 501(c)(3) of the 1986 Code. This ruling has been updated annually to cover the activities added to or deleted from the Directory.

*The Official Catholic Directory* for 2006 shows the names and addresses of all agencies and instrumentalities and all educational, charitable, and religious institutions operated by the Roman Catholic Church in the United States, its territories and possessions in existence at the time the Directory was published. It is understood that each of these is a non-profit organization, that no part of the net earnings thereof inures to the benefit of any individual, that no substantial part of their activities is for promotion of legislation, and that none are private foundations under section 509(a) of the Code.

Based on all information submitted, we conclude that the agencies and instrumentalities and educational, charitable, and religious institutions operated, supervised, or controlled by or in connection with the Roman Catholic Church in the United States, its territories or possessions appearing in *The Official Catholic Directory* for 2006 are exempt from federal income tax under section 501(c)(3) of the Code.

Donors may deduct contributions to the agencies, instrumentalities and institutions referred to above, as provided by section 170 of the Code. Bequests, legacies, devises, transfers or gifts to them or for their use are deductible for federal estate and gift tax purposes under sections 2055, 2106, and 2522 of the Code.
Ms. Deirdre Dessingue

Beginning January 1, 1984, unless specifically excepted, you and your subordinates must pay tax under the Federal Insurance Contributions Act (Social Security taxes) for each employee who is paid $100 or more in a calendar year, as indexed for inflation. You and your subordinates are not liable for the tax under the Federal Unemployment Tax Act (FUTA).

By May 31, 2007, please send three (3) copies of The Official Catholic Directory for 2007 to IRS TE/GE in Cincinnati; one copy to the Processing Campus in Ogden; two copies each to the EO Area Managers in Newark, Brooklyn, Chicago, St. Paul, Atlanta, Los Angeles, the IRS National Headquarters and the Director, EO Examinations, Dallas.

The conditions concerning the retention of your group exemption as set forth in our previous determination letter of August 17, 1983, remain in full force and effect.

Sincerely,

Attached is a copy of the Group Ruling issued to the United States Conference of Catholic Bishops on July 1, 2006 by the Internal Revenue Service ("IRS"), with respect to the federal tax status of Catholic organizations listed in the 2006 edition of the Official Catholic Directory ("OCD").1 As explained in greater detail below, this ruling is important for establishing:

(1) the exemption of such organizations from:

   (a) federal income tax;
   (b) federal unemployment tax (but see ¶5 of "Explanation" below); and

(2) the deductibility, for federal income, gift and estate tax purposes, of contributions to such organizations.

The 2006 Group Ruling is the latest in a series that began with the original determination of March 25, 1946. In the 1946 document, the Treasury Department affirmed the exemption from federal income tax of all Catholic institutions listed in the OCD for that year. Each year since 1946, in a separate letter, the 1946 ruling has been extended to cover the institutions listed in the current OCD.2 The 2006 Group Ruling is consistent with the 2005 ruling. Annual group rulings clarify important tax consequences for Catholic institutions listed in the OCD, and should be retained for ready reference. Rulings from earlier years are important to establish the tax consequences of transactions that occurred during those years.

**Responsibilities under Group Ruling.** Diocesan officials who compile OCD information to send to the OCD publisher are responsible for the accuracy of such information. They must ensure that only qualified organizations are listed, that

1 A copy of the Group Ruling and this memo may be found on the USCCB website at www.usccb.org/ogc.

2 Catholic organizations with independent IRS exemption determination letters are listed in the 2006 OCD with an asterisk (*), which is explained at page A-6 and indicates that such organizations are not covered by the Group Ruling.
organizations are listed under their correct legal names, that organizations that cease to qualify are deleted promptly, and that qualified newly-created organizations are listed as soon as possible. The current Group Ruling/OCD application package is available at http://www.usccb.org/bishops/dfi/exemptionruling.htm.

EXPLANATION

1. **Exemption from Federal Income Tax.** The latest ruling reaffirms the exemption from federal income tax under section 501(c)(3) of the Code of "the agencies and instrumentalities and educational, charitable, and religious institutions operated, supervised or controlled by or in connection with the Roman Catholic Church in the United States, its territories or possessions appearing in the Official Catholic Directory for 2006" (with the exception of organizations designated in the OCD with an asterisk and foreign organizations).

2. **Federal Excise Taxes.** Inclusion in the Group Ruling has no effect on an organization's liability for federal excise taxes. Exemption from these taxes is very limited. Please refer to your attorney any questions you may have about excise taxes.

3. **State/Local Taxes.** Inclusion in the Group Ruling does not automatically establish an organization's exemption from state or local income, sales or property taxes. Typically, separate exemptions must be obtained from the appropriate state or local tax authorities in order to qualify for any applicable exemptions. Please refer to your attorney any questions you may have about state or local tax exemptions.

4. **Deductibility of Contributions.** The Group Ruling assures donors that contributions to the institutions listed in the 2006 OCD and covered by the Group Ruling are deductible for federal income, gift, and estate tax purposes.

5. **Unemployment Tax.** The Group Ruling establishes exemption from federal unemployment tax only. Individual states may impose unemployment tax on organizations included in the Group Ruling, even though they are exempt from the federal tax. Please refer to your attorney any questions you may have about state unemployment tax.

6. **Social Security Tax.** All section 501(c)(3) organizations, including churches, are required to pay taxes under the Federal Insurance Contributions Act (FICA) for each employee who is paid $100 or more in a calendar year. § Services performed by diocesan priests in the exercise of their ministry are not considered

---

§ Section 3121(w) of the Code permits certain church-related organizations to make an irrevocable election to avoid payment of FICA taxes, but only if such organizations are opposed for religious reasons to payment of social security taxes.
"employment" for FICA (Social Security) purposes, and FICA should not be withheld from their salaries. For Social Security purposes, diocesan priests are subject to self-employment tax ("SECA") on their salaries as well as on the value of meals and housing or housing allowances provided to them. Neither FICA nor income tax withholding is required on remuneration paid to religious institutes for members who are subject to vows of poverty and obedience and are employed by organizations included in the Official Catholic Directory.

7. **Form 990.** All organizations included in the OCD must file Form 990, Return of Organization Exempt from Income Tax, unless they are eligible for a mandatory or discretionary exception. **There is no automatic exemption from the Form 990 filing requirement simply because an organization is listed in the OCD.** Organizations required to file Form 990 must do so by the 15th day of the fifth month after the close of their fiscal year. Among the organizations not required to file Form 990 under section 6033 of the Code are: churches; integrated auxiliaries of churches; the exclusively religious activities of religious orders; schools below college level affiliated with a church or operated by a religious order; organizations with gross receipts normally not in excess of $25,000; and certain church-affiliated

---

7. The penalty for failure to file the Form 990 is $20 for each day the failure continues, up to a maximum of $10,000 or 5 percent of the organization's gross receipts, whichever is less. However, organizations with annual gross receipts in excess of $1 million are subject to penalties of $100 per day, up to a maximum of $50,000. I.R.C. § 6652(c)(1)(A).

8. I.R.C. § 6033(a)(2)(A)(i); Treas. Reg. § 1.6033-2(h). To qualify as an integrated auxiliary of a church, an organization must be described in section 501(c)(3), qualify as other than a private foundation, be affiliated with a church, and qualify as internally supported. An organization will be considered internally supported unless it both:

   (1) Offers admissions, goods, services, or facilities for sale, other than on an incidental basis, to the general public (except goods, services, or facilities sold at a nominal charge or substantially below cost); and

   (2) Normally receives more than 50 percent of its support from a combination of governmental sources; public solicitation of contributions (such as through a community fund drive); and receipts from the sale of admissions, goods, performance of services, or furnishing of facilities in activities that are not unrelated trades or businesses.

organizations that finance, fund or manage church assets, or maintain church retirement insurance programs, and organizations controlled by religious orders that finance, fund or manage assets used for exclusively religious activities.\footnote{10}

Organizations that are required to file Form 990 must upon request make a copy of the form and its schedules and attachments (other than contributor lists) available for public inspection during regular business hours at the organization's principal office and at any regional or district offices having three or more employees. Form 990 for a particular year must be made available for a three year period beginning with the due date of the return.\footnote{11} In addition, organizations that file Form 990 must comply with written or in-person requests for copies of the Form 990. The organization may impose no charge other than a reasonable fee to cover copying and mailing costs. If requested, copies of the Form 990 for the past three years must be provided. In-person requests must be satisfied on the same day. Written requests must be satisfied within 30 days.\footnote{12}

8. **Revenue Procedure 75-50.** Rev. Proc. 75-50\footnote{13} sets forth notice, publication, and recordkeeping requirements regarding racially nondiscriminatory policies that must be complied with by private schools, including church-related schools, as a condition of establishing and maintaining exempt status under section 501(c)(3) of the Code. Under Rev. Proc. 75-50 private schools are required to file an annual certification of racial nondiscrimination with the IRS. For private schools not required to file Form 990, the annual certification must be filed on Form 5578, Annual Certification of Racial Nondiscrimination for a Private School Exempt from Federal Income Tax. This form may be obtained from your local IRS office. Form 5578 must be filed by the 15th day of the fifth month following the close of the fiscal year. Form 5578 may be filed individually by the diocese on behalf of all schools operated under diocesan auspices. The requirements of Rev. Proc. 75-50 remain in effect and must be complied with by all schools listed in the OCD. **Diocesan or school officials should insure that the requirements of Rev. Proc. 75-50 are**

\footnote{11}{The penalty for failure to permit public inspection of the Form 990 is $20 for each day during which such failure continues, up to a maximum of $10,000. I.R.C. § 6652(c)(1)(C).}

\footnote{12}{I.R.C. § 6104(d). Generally, a copy of an organization's exemption application and supporting documents must also be provided on the same basis. However, since Catholic organizations covered under the Group Ruling did not file exemption applications with IRS, nor did USCCB, organizations covered under the Group Ruling should respond to requests for public inspection and written or in-person requests for copies by providing a copy of the page of the current OCD on which they are listed. If a covered organization does not have a copy of the current OCD, it has two weeks within which to make it available for inspection and to comply with in-person requests for copies. Written requests must be satisfied within the general time limits.}

met since failure to do so could jeopardize the exempt status of the school and, in the case of a school operated by a church, the exempt status of the church itself.

9. **Lobbying Activities.** Organizations included in the OCD may lobby for changes in the law, provided such lobbying is not more than an insubstantial part of their total activities. Attempts to influence legislation both directly and through grassroots lobbying are subject to this restriction. The term “lobbying” includes activities in support of or in opposition to referenda, constitutional amendments, and similar ballot initiatives. There is no distinction between lobbying activity that is related to an organization’s exempt purposes and lobbying that is not. There is no fixed percentage that constitutes a safe harbor for "insubstantial" lobbying. Please refer to your attorney any questions you may have about permissible lobbying activities.

10. **Political Activities.** Organizations included in the Group Ruling may not participate or intervene in any political campaign on behalf of or in opposition to any candidate for public office. Violation of the prohibition against political activity can jeopardize the organization’s tax-exempt status. In addition to revoking exempt status, IRS may also impose excise taxes on an exempt organization and its managers on account of political expenditures. Where there has been a flagrant violation, IRS has authority to seek an injunction against the exempt organization and immediate assessment of taxes due. Political Campaign Activity Guidance for Catholic Organizations (March 15, 2004) available at [www.usccb.org/ogc](http://www.usccb.org/ogc) contains detailed information regarding the political activity prohibition. If you have any questions in this regard, please refer them to your attorney.

11. **Public Charity Status.** The latest Group Ruling affirms that organizations included in the OCD are not private foundations under section 509(a) of the Code. However, the Group Ruling does not identify the subsection of section 509(a) under which a particular organization is classified as a public charity. Organizations must determine for themselves whether they qualify for such status under the provisions of section 509(a)(1), (a)(2) or (a)(3). Newly-created or newly-affiliated organizations must establish that they are not private foundations as a condition of inclusion in the Group Ruling and OCD.

12. **Group Exemption Number.** The group exemption number assigned to USCC is 928 or 0928. *This number must be included on each Form 990, Form 990-T, and Form 5578 required to be filed by any organization exempt under the Group Ruling.*14 We recommend against using the group exemption number on Form SS-4, Request for Employer Identification Number, because in the past this has resulted in IRS including USCCB as part of the organization’s name when it enters the organization in its database.

---

14 IRS has expressed concern about organizations covered under the Group Ruling that fail to include the group exemption number, 0928, on their Form 990 filings, particularly the initial filing.

Information About Submission without Changes

After Part 1 is completed; including this screen, Recipient Performance screen, and Renewal Grant Consolidation screen, then Parts 2-6, are available for review as “Read-Only;” except for 3A, 7A and 7B which are mandatory for all projects to update. After project applicants finish reviewing all screens, they will be guided to a "Submissions without Changes" Screen. At this screen, if applicants decide no edits or updates are required to any screens other than the mandatory questions, they can submit without changes. However, if changes to the application are required, e-snaps allows applicants to open individual screens for editing, rather than the entire application. After project applicants select the screens they intend to edit via checkboxes, click "Save" and those screens will be available for edit. Importantly, once an applicant makes those selections and clicks "Save" the applicant cannot uncheck those boxes.

If the project is a first-time renewal or selects "Fully Consolidated" on the Renewal Grants Consolidation screen, the "Submit Without Changes" function is not available, and applicants must input data into the application for all required fields relevant to the component type.
Recipient Performance

1. Has the recipient successfully submitted the APR on time for the most recently expired grant term related to this renewal project request? No

   Explain why the APR for the most recently expired grant term related to this renewal project request has not been submitted.

   The most recently expired grant term ended June 30, 2018; the APR is not due until September 28, 2018.

2. Does the recipient have any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request? No

3. Has the recipient maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request? Yes

4. Have any Funds been recaptured by HUD for the most recently expired grant term related to this renewal project request? Yes

   Explain the circumstances that led HUD to recapture funds from the most recently expired grant term related to this renewal project request.

   Funds were recaptured for the most recently expired grant term. The UFA has implemented stricter contract language and monitoring guidelines to track subrecipient spend down to ensure that project funds are fully expended at the end of the operating period. At the beginning of the operating period, the UFA requires subrecipients to submit management plans that clearly describe how the subrecipient will track and monitor spend down internally; the UFA provides ongoing technical assistance throughout the operating period to subrecipients. The UFA has implemented an internal monitoring schedule to track subrecipient spend down no less than monthly. In the CoC local competition, the UFA continues to use objective scoring criteria, including spend down, to rate/rank projects and reallocates poor performing projects.

   The subrecipient experienced staff turnover resulting in this project not fully expending funds. The recipient expects the project to fully expend its funds for the current operating year.
Renewal Grant Consolidation Screen

HUD encourages the consolidation of renewal grants. As part of the FY 2018 CoC Program project application process, project applicants can request their eligible renewal projects to be part of a Renewal Grant Consolidation. This process can consolidate up to 4 renewal grants into 1 consolidated grant. This means recipients no longer must wait for grant amendments to consolidate grants. All projects that are part of a renewal grant consolidation must expire in Calendar Year (CY) 2019, as confirmed on the FY 2018 Final GIW, must be to the same recipient, and must be for the same component and project type (i.e., PH-PSH, PH-RRH, Joint TH/PH-RRH, TH, SSO, SSO-CE or HMIS).

1. Is this project application requesting to be part of a renewal grant consolidation in the FY 2018 CoC Program Competition? No
   If “No” click on “Next” or “Save & Next” below to move to the next screen.

3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.

This project provides tenant-based rental assistance to a minimum of 20 scattered site units for chronically homeless individuals, with a priority for chronically homeless veterans, in a low barrier, housing first approach with supportive services. Some of the project goals include increasing residential stability by placing eligible homeless individuals in permanent housing and providing supportive services to assist clients in stabilizing so they can maintain their housing; and, increasing skills and income by assisting clients in achieving their goals toward greater self-sufficiency. The project sponsor collaborates with other service providers and provides case management, mental health, substance abuse services, life skills, basic needs, health care, transportation; and other services.

The projected outcomes for this project are to increase the percentage of participants who remain in or exit to permanent housing, and to increase the percentage of adults who increase their total income during the operating period. This will be achieved by connecting participants and/or assisting them with accessing mainstream resources for which they qualify and increasing their life skills as well as working to assist them with overcoming long-term barriers that have resulted in chronic homelessness.

2. Does your project have a specific population focus? Yes

6E. Summary Budget

This screen is currently read only and only includes data from the previous grant. To make changes to this information, navigate to the Submission without Changes screen, select "Make Changes" in response to Question 2, and then check the box next each screen that requires a change to match the current grant agreement, as amended, or to account for a reallocation of funds.

The following information summarizes the funding request for the total term of the project. Budget amounts from the Leased Units, Rental Assistance, and Match screens have been automatically imported and cannot be edited. However, applicants must confirm and correct, if necessary, the total budget amounts for Leased Structures, Supportive Services, Operating, HMIS, and Admin. Budget amounts must reflect the most accurate project information according to the most recent project grant agreement or project grant agreement amendment, the CoC’s final HUD-approved FY 2017 GIW or the project budget as reduced due to CoC reallocation. Please note that, new for FY 2017, there are no detailed budget screens for Leased Structures, Supportive Services, Operating, or HMIS costs. HUD expects the original details of past approved budgets for these costs to be the basis for future expenses. However, any reasonable and eligible costs within each CoC cost category can be expended and will be verified during a HUD monitoring.

Dear Ms. Dessingue:

In a ruling dated March 25, 1946, we held that the agencies and instrumentalities and all educational, charitable and religious institutions operated, supervised, or controlled by or in connection with the Roman Catholic Church in the United States, its territories or possessions appearing in The Official Catholic Directory 1946, are entitled to exemption from federal income tax under the provisions of section 101(6) of the Internal Revenue Code of 1939, which corresponds to section 501(c)(3) of the 1986 Code. This ruling has been updated annually to cover the activities added to or deleted from the Directory.

The Official Catholic Directory for 2006 shows the names and addresses of all agencies and instrumentalities and all educational, charitable, and religious institutions operated by the Roman Catholic Church in the United States, its territories and possessions in existence at the time the Directory was published. It is understood that each of these is a non-profit organization, that no part of the net earnings thereof inures to the benefit of any individual, that no substantial part of their activities is for promotion of legislation, and that none are private foundations under section 509(a) of the Code.

Based on all information submitted, we conclude that the agencies and instrumentalities and educational, charitable, and religious institutions operated, supervised, or controlled by or in connection with the Roman Catholic Church in the United States, its territories or possessions appearing in The Official Catholic Directory for 2006 are exempt from federal income tax under section 501(c)(3) of the Code.

Donors may deduct contributions to the agencies, instrumentalities and institutions referred to above, as provided by section 170 of the Code. Bequests, legacies, devises, transfers or gifts to them or for their use are deductible for federal estate and gift tax purposes under sections 2055, 2106, and 2522 of the Code.
Ms. Deirdre Dessingue

Beginning January 1, 1984, unless specifically excepted, you and your subordinates must pay tax under the Federal Insurance Contributions Act (Social Security taxes) for each employee who is paid $100 or more in a calendar year, as indexed for inflation. You and your subordinates are not liable for the tax under the Federal Unemployment Tax Act (FUTA).

By May 31, 2007, please send three (3) copies of The Official Catholic Directory for 2007 to IRS TE/GE in Cincinnati; one copy to the Processing Campus in Ogden; two copies each to the EO Area Managers in Newark, Brooklyn, Chicago, St. Paul, Atlanta, Los Angeles, the IRS National Headquarters and the Director, EO Examinations, Dallas.

The conditions concerning the retention of your group exemption as set forth in our previous determination letter of August 17, 1983, remain in full force and effect.

Sincerely,

[Signature]

for Janna Skufca, Director, TE/GE
Customer Account Services
Attached is a copy of the Group Ruling issued to the United States Conference of Catholic Bishops on July 1, 2006 by the Internal Revenue Service ("IRS"), with respect to the federal tax status of Catholic organizations listed in the 2006 edition of the Official Catholic Directory ("OCD")\(^1\). As explained in greater detail below, this ruling is important for establishing:

(1) the exemption of such organizations from:

   (a) federal income tax;
   (b) federal unemployment tax (but see ¶5 of "Explanation" below); and

(2) the deductibility, for federal income, gift and estate tax purposes, of contributions to such organizations.

The 2006 Group Ruling is the latest in a series that began with the original determination of March 25, 1946. In the 1946 document, the Treasury Department affirmed the exemption from federal income tax of all Catholic institutions listed in the OCD for that year. Each year since 1946, in a separate letter, the 1946 ruling has been extended to cover the institutions listed in the current OCD\(^2\). The 2006 Group Ruling is consistent with the 2005 ruling. Annual group rulings clarify important tax consequences for Catholic institutions listed in the OCD, and should be retained for ready reference. Rulings from earlier years are important to establish the tax consequences of transactions that occurred during those years.

**Responsibilities under Group Ruling.** Diocesan officials who compile OCD information to send to the OCD publisher are responsible for the accuracy of such information. They must ensure that only qualified organizations are listed, that

---

1 A copy of the Group Ruling and this memo may be found on the USCCB website at [www.usccb.org/ogc](http://www.usccb.org/ogc).

2 Catholic organizations with independent IRS exemption determination letters are listed in the 2006 OCD with an asterisk (*), which is explained at page A-6 and indicates that such organizations are not covered by the Group Ruling.
organizations are listed under their correct legal names, that organizations that cease to qualify are deleted promptly, and that qualified newly-created organizations are listed as soon as possible. The current Group Ruling/OCD application package is available at http://www.usccb.org/bishops/dfi/exemptionruling.htm.

EXPLANATION

1. **Exemption from Federal Income Tax.** The latest ruling reaffirms the exemption from federal income tax under section 501(c)(3) of the Code of "the agencies and instrumentalities and educational, charitable, and religious institutions operated, supervised or controlled by or in connection with the Roman Catholic Church in the United States, its territories or possessions appearing in the Official Catholic Directory for 2006" (with the exception of organizations designated in the OCD with an asterisk and foreign organizations).

2. **Federal Excise Taxes.** Inclusion in the Group Ruling has no effect on an organization's liability for federal excise taxes. Exemption from these taxes is very limited. Please refer to your attorney any questions you may have about excise taxes.

3. **State/Local Taxes.** Inclusion in the Group Ruling does not automatically establish an organization's exemption from state or local income, sales or property taxes. Typically, separate exemptions must be obtained from the appropriate state or local tax authorities in order to qualify for any applicable exemptions. Please refer to your attorney any questions you may have about state or local tax exemptions.

4. **Deductibility of Contributions.** The Group Ruling assures donors that contributions to the institutions listed in the 2006 OCD and covered by the Group Ruling are deductible for federal income, gift, and estate tax purposes.

5. **Unemployment Tax.** The Group Ruling establishes exemption from federal unemployment tax only. Individual states may impose unemployment tax on organizations included in the Group Ruling, even though they are exempt from the federal tax. Please refer to your attorney any questions you may have about state unemployment tax.

6. **Social Security Tax.** All section 501(c)(3) organizations, including churches, are required to pay taxes under the Federal Insurance Contributions Act (FICA) for each employee who is paid $100 or more in a calendar year.\(^3\) Services performed by diocesan priests in the exercise of their ministry are not considered

---

\(^3\) Section 3121(w) of the Code permits certain church-related organizations to make an irrevocable election to avoid payment of FICA taxes, but only if such organizations are opposed for religious reasons to payment of social security taxes.
"employment" for FICA (Social Security) purposes, and FICA should not be withheld from their salaries. For Social Security purposes, diocesan priests are subject to self-employment tax ("SECA") on their salaries as well as on the value of meals and housing or housing allowances provided to them. Neither FICA nor income tax withholding is required on remuneration paid to religious institutes for members who are subject to vows of poverty and obedience and are employed by organizations included in the Official Catholic Directory.

7. **Form 990.** All organizations included in the OCD must file Form 990, Return of Organization Exempt from Income Tax, unless they are eligible for a mandatory or discretionary exception. There is no automatic exemption from the Form 990 filing requirement simply because an organization is listed in the OCD. Organizations required to file Form 990 must do so by the 15th day of the fifth month after the close of their fiscal year. Among the organizations not required to file Form 990 under section 6033 of the Code are: churches; integrated auxiliaries of churches; the exclusively religious activities of religious orders; schools below college level affiliated with a church or operated by a religious order; organizations with gross receipts normally not in excess of $25,000; and certain church-affiliated

---

7. The penalty for failure to file the Form 990 is $20 for each day the failure continues, up to a maximum of $10,000 or 5 percent of the organization's gross receipts, whichever is less. However, organizations with annual gross receipts in excess of $1 million are subject to penalties of $10 per day, up to a maximum of $50,000. I.R.C. § 6652(c)(1)(A).

8. I.R.C. § 6033(a)(2)(A)(i); Treas. Reg. § 1.6033-2(h). To qualify as an integrated auxiliary of a church, an organization must be described in section 501(c)(3), qualify as other than a private foundation, be affiliated with a church, and qualify as internally supported. An organization will be considered internally supported unless it both:

   (1) Offers admissions, goods, services, or facilities for sale, other than on an incidental basis, to the general public (except goods, services, or facilities sold at a nominal charge or substantially below cost), and

   (2) normally receives more than 50 percent of its support from a combination of governmental sources; public solicitation of contributions (such as through a community fund drive); and receipts from the sale of admissions, goods, performance of services, or furnishing of facilities in activities that are not unrelated trades or businesses.

organizations that finance, fund or manage church assets, or maintain church retirement insurance programs, and organizations controlled by religious orders that finance, fund or manage assets used for exclusively religious activities.\textsuperscript{10}

Organizations that are required to file Form 990 must upon request make a copy of the form and its schedules and attachments (other than contributor lists) available for public inspection during regular business hours at the organization’s principal office and at any regional or district offices having three or more employees. Form 990 for a particular year must be made available for a three year period beginning with the due date of the return.\textsuperscript{11} In addition, organizations that file Form 990 must comply with written or in-person requests for copies of the Form 990. The organization may impose no charge other than a reasonable fee to cover copying and mailing costs. If requested, copies of the Form 990 for the past three years must be provided. In-person requests must be satisfied on the same day. Written requests must be satisfied within 30 days.\textsuperscript{12}

8. **Revenue Procedure 75-50.** Rev. Proc. 75-50\textsuperscript{13} sets forth notice, publication, and recordkeeping requirements regarding racially nondiscriminatory policies that must be complied with by private schools, including church-related schools, as a condition of establishing and maintaining exempt status under section 501(c)(3) of the Code. Under Rev. Proc. 75-50 private schools are required to file an annual certification of racial nondiscrimination with the IRS. For private schools not required to file Form 990, the annual certification must be filed on Form 5578, Annual Certification of Racial Nondiscrimination for a Private School Exempt from Federal Income Tax. This form may be obtained from your local IRS office. Form 5578 must be filed by the 15th day of the fifth month following the close of the fiscal year. Form 5578 may be filed individually or by the diocese on behalf of all schools operated under diocesan auspices. The requirements of Rev. Proc. 75-50 remain in effect and must be complied with by all schools listed in the OCD. **Diocesan or school officials should insure that the requirements of Rev. Proc. 75-50 are**

\textsuperscript{10} Rev. Proc. 96-10, 1996-1 C.B. 577.

\textsuperscript{11} The penalty for failure to permit public inspection of the Form 990 is $20 for each day during which such failure continues, up to a maximum of $10,000. I.R.C. § 6652(c)(1)(C).

\textsuperscript{12} I.R.C. § 6104(d). Generally, a copy of an organization’s exemption application and supporting documents must also be provided on the same basis. However, since Catholic organizations covered under the Group Ruling did not file exemption applications with IRS, nor did USCCB, organizations covered under the Group Ruling should respond to requests for public inspection and written or in-person requests for copies by providing a copy of the page of the current OCD on which they are listed. If a covered organization does not have a copy of the current OCD, it has two weeks within which to make it available for inspection and to comply with in-person requests for copies. Written requests must be satisfied within the general time limits.

met since failure to do so could jeopardize the exempt status of the school and, in the case of a school operated by a church, the exempt status of the church itself.

9. **Lobbying Activities.** Organizations included in the OCD may lobby for changes in the law, provided such lobbying is not more than an insubstantial part of their total activities. Attempts to influence legislation both directly and through grassroots lobbying are subject to this restriction. The term "lobbying" includes activities in support of or in opposition to referenda, constitutional amendments, and similar ballot initiatives. There is no distinction between lobbying activity that is related to an organization's exempt purposes and lobbying that is not. There is no fixed percentage that constitutes a safe harbor for "insubstantial" lobbying. Please refer to your attorney any questions you may have about permissible lobbying activities.

10. **Political Activities.** Organizations included in the Group Ruling may not participate or intervene in any political campaign on behalf of or in opposition to any candidate for public office. Violation of the prohibition against political activity can jeopardize the organization's tax-exempt status. In addition to revoking exempt status, IRS may also impose excise taxes on an exempt organization and its managers on account of political expenditures. Where there has been a flagrant violation, IRS has authority to seek an injunction against the exempt organization and immediate assessment of taxes due. Political Campaign Activity Guidance for Catholic Organizations (March 15, 2004) available at [www.usccb.org/ogc](http://www.usccb.org/ogc), contains detailed information regarding the political activity prohibition. If you have any questions in this regard, please refer them to your attorney.

11. **Public Charity Status.** The latest Group Ruling affirms that organizations included in the OCD are not private foundations under section 509(a) of the Code. However, the Group Ruling does not identify the subsection of section 509(a) under which a particular organization is classified as a public charity. Organizations must determine for themselves whether they qualify for such status under the provisions of section 509(a)(1), (a)(2) or (a)(3). Newly-created or newly-affiliated organizations must establish that they are not private foundations as a condition of inclusion in the Group Ruling and OCD.

12. **Group Exemption Number.** The group exemption number assigned to USCC is 928 or 0928. *This number must be included on each Form 990, Form 990-T, and Form 5578 required to be filed by any organization exempt under the Group Ruling.* We recommend against using the group exemption number on Form SS-4, Request for Employer Identification Number, because in the past this has resulted in IRS including USCCB as part of the organization's name when it enters the organization in its database.

---

14 IRS has expressed concern about organizations covered under the Group Ruling that fail to include the group exemption number, 0928, on their Form 990 filings, particularly the initial filing.
Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember

- Additional training resources can be found on the HUD Exchange at https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/
- Program policy questions and problems related to completing the application in e-snaps may be directed to HUD via the HUD Exchange Ask A Question.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2018 Continuum of Care (CoC) Program Competition. For more information see FY 2018 CoC Program Competition NOFA.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2018 CoC Program NOFA and the FY 2017 General Section NOFA.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with onscreen text and the hide/show instructions found on each individual screen.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps.
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2017 Project Application will be imported into the FY 2018 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Expiring Shelter Plus Care projects requesting renewal funding for the first time under 24 CFR part 578, and rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Expiring Supportive Housing Projects requesting renewal funding for the first time under 24 CFR part 578, transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC’s HUD-approved GIW. If the ARA is reduced through the CoC’s reallocation process, the final project funding request must reflect the reduced amount listed on the CoC’s reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2018 CoC Program Competition NOFA.

Information About Submission without Changes

After Part 1 is completed; including this screen, Recipient Performance screen, and Renewal Grant Consolidation screen, then Parts 2-6, are available for review as “Read-Only;” except for 3A, 7A and 7B which are mandatory for all projects to update. After project applicants finish reviewing all screens, they will be guided to a "Submissions without Changes" Screen. At this screen, if applicants decide no edits or updates are required to any screens other than the mandatory questions, they can submit without changes. However, if changes to the application are required, e-snaps allows applicants to open individual screens for editing, rather than the entire application. After project applicants select the screens they intend to edit via checkboxes, click "Save" and those screens will be available for edit. Importantly, once an applicant makes those selections and clicks "Save" the applicant cannot uncheck those boxes.

If the project is a first-time renewal or selects "Fully Consolidated" on the Renewal Grants Consolidation screen, the "Submit Without Changes" function is not available, and applicants must input data into the application for all required fields relevant to the component type.
Recipient Performance

1. Has the recipient successfully submitted the APR on time for the most recently expired grant term related to this renewal project request? No

   Explain why the APR for the most recently expired grant term related to this renewal project request has not been submitted.

   The most recently expired grant term ended June 30, 2018; the APR is not due until September 28, 2018.

2. Does the recipient have any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request? No

3. Has the recipient maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request? Yes

4. Have any Funds been recaptured by HUD for the most recently expired grant term related to this renewal project request? Yes

   Explain the circumstances that led HUD to recapture funds from the most recently expired grant term related to this renewal project request.

   Funds were recaptured for the most recently expired grant term. The UFA has implemented stricter contract language and monitoring guidelines to track subrecipient spend down to ensure that project funds are fully expended at the end of the operating period. At the beginning of the operating period, the UFA requires subrecipients to submit management plans that clearly describe how the subrecipient will track and monitor spend down internally; the UFA provides ongoing technical assistance throughout the operating period to subrecipients. The UFA has implemented an internal monitoring schedule to track subrecipient spend down no less than monthly. In the CoC local competition, the UFA continues to use objective scoring criteria, including spend down, to rate/rank projects and reallocates poor performing projects.

   The subrecipient experienced staff turnover resulting in this project not fully expending funds. The recipient expects the project to fully expend its funds for the current operating year.
HUD encourages the consolidation of renewal grants. As part of the FY 2018 CoC Program project application process, project applicants can request their eligible renewal projects to be part of a Renewal Grant Consolidation. This process can consolidate up to 4 renewal grants into 1 consolidated grant. This means recipients no longer must wait for grant amendments to consolidate grants. All projects that are part of a renewal grant consolidation must expire in Calendar Year (CY) 2019, as confirmed on the FY 2018 Final GIW, must be to the same recipient, and must be for the same component and project type (i.e., PH-PSH, PH-RRH, Joint TH/PH-RRH, TH, SSO, SSO-CE or HMIS).

1. Is this project application requesting to be part of a renewal grant consolidation in the FY 2018 CoC Program Competition? No
   If “No” click on “Next” or “Save & Next” below to move to the next screen.

The project goals include increasing residential stability by placing eligible homeless individuals in permanent housing and providing supportive services to assist clients in stabilizing so they can maintain their housing; increasing skills and income by assisting clients in accessing mainstream resources or other financial resources as appropriate; and achieving greater self-determination through client-centered action/service plans that assist clients in achieving their own goals to lead to greater self-sufficiency. The project sponsor collaborates with other service providers and provides case management; mental health; substance abuse services; life skills; basic needs (food, furnishing, etc); health care; transportation and other supportive services based on need.

The projected outcomes for this project are to increase the percentage of participants who remain in or exit to permanent housing, and to increase the percentage of adults who increase their total income during the operating period. This will be achieved by connecting participants and/or assisting them with accessing mainstream resources for which they qualify and increasing their life skills as well as working to assist them with overcoming long-term barriers that have resulted in chronic homelessness.

3C. Dedicated Plus

Dedicated and DedicatedPLUS

A “100% Dedicated” project is a permanent supportive housing project that commits 100% of its beds to chronically homeless individuals and families, according to NOFA Section III.3.b.

A “DedicatedPLUS” project is a permanent supportive housing project where 100% of the beds are dedicated to serve individuals with disabilities and families in which one adult or child has a disability, including unaccompanied homeless youth, that at a minimum, meet ONE of the following criteria according to NOFA Section III.3.d:

1. Experiencing chronic homelessness as defined in 24 CFR 578.3;
2. Residing in a transitional housing project that will be eliminated and meets the definition of chronically homeless in effect at the time the individual or family entered the transitional housing project;
3. Residing in a place not meant for human habitation, emergency shelter, or safe haven; but the individuals or families experiencing chronic homelessness as defined at 24 CFR 578.3 had been admitted and enrolled in a permanent housing project within the last year and were unable to maintain a housing placement;
4. Residing in transitional housing funded by a joint TH and PH-RRH component project and who were experiencing chronic homelessness as defined at 24 CFR 578.3 prior to entering the project;
5. Residing and has resided in a place not meant for human habitation, a safe haven, or emergency shelter for at least 12 months in the last three years, but has not done so on four separate occasions; or
6. Receiving assistance through a Department of Veterans Affairs (VA)-funded homeless assistance program and met one of the above criteria at initial intake to the VA's homeless assistance system.

A renewal project where 100 percent of the beds are dedicated in their current grant as described in NOFA Section III.A.3.b. must either become DedicatedPLUS or remain 100% Dedicated. If a renewal project currently has 100 percent of its beds dedicated to chronically homeless individuals and families and elects to become a DedicatedPLUS project, the project will be required to adhere to all fair housing requirements at 24 CFR 578.93. Any beds that the applicant identifies in this application as being dedicated to chronically homeless individuals and families in a DedicatedPLUS project must continue to operate in accordance with Section III.A.3.b. Beds are identified on Screen 4B.

1. Indicate whether the project is "100% Dedicated", "DedicatedPLUS", or "N/A", according to the information provided above. 100% Dedicated

The following information summarizes the funding request for the total term of the project. Budget amounts from the Leased Units, Rental Assistance, and Match screens have been automatically imported and cannot be edited. However, applicants must confirm and correct, if necessary, the total budget amounts for Leased Structures, Supportive Services, Operating, HMIS, and Admin. Budget amounts must reflect the most accurate project information according to the most recent project grant agreement or project grant agreement amendment, the CoC’s final HUD-approved FY 2017 GIW or the project budget as reduced due to CoC reallocation. Please note that, new for FY 2017, there are no detailed budget screens for Leased Structures, Supportive Services, Operating, or HMIS costs. HUD expects the original details of past approved budgets for these costs to be the basis for future expenses. However, any reasonable and eligible costs within each CoC cost category can be expended and will be verified during a HUD monitoring.

Internal Revenue Service  
District Director  

Date: July 1, 2006  

Ms. Deirdre Deisingue  
Associate General Counsel  
United States Conference  
of Catholic Bishops  
3211 4th Street, N.E.  
Washington, D.C. 20017-1194  

Dear Ms. Deisingue:

In a ruling dated March 25, 1946, we held that the agencies and instrumentalities and all educational, charitable and religious institutions operated, supervised, or controlled by or in connection with the Roman Catholic Church in the United States, its territories or possessions appearing in The Official Catholic Directory 1946, are entitled to exemption from federal income tax under the provisions of section 101(6) of the Internal Revenue Code of 1939, which corresponds to section 501(c)(3) of the 1986 Code. This ruling has been updated annually to cover the activities added to or deleted from the Directory.

The Official Catholic Directory for 2006 shows the names and addresses of all agencies and instrumentalities and all educational, charitable, and religious institutions operated by the Roman Catholic Church in the United States, its territories and possessions in existence at the time the Directory was published. It is understood that each of these is a non-profit organization, that no part of the net earnings thereof inures to the benefit of any individual, that no substantial part of their activities is for promotion of legislation, and that none are private foundations under section 509(a) of the Code.

Based on all information submitted, we conclude that the agencies and instrumentalities and educational, charitable, and religious institutions operated, supervised, or controlled by or in connection with the Roman Catholic Church in the United States, its territories or possessions appearing in The Official Catholic Directory for 2006 are exempt from federal income tax under section 501(c)(3) of the Code.

Donors may deduct contributions to the agencies, instrumentalities and institutions referred to above, as provided by section 170 of the Code. Bequests, legacies, devises, transfers or gifts to them or for their use are deductible for federal estate and gift tax purposes under sections 2055, 2106, and 2522 of the Code.
Ms. Deirdre Dessingue

Beginning January 1, 1984, unless specifically excepted, you and your subordinates must pay tax under the Federal Insurance Contributions Act (Social Security taxes) for each employee who is paid $100 or more in a calendar year, as indexed for inflation. You and your subordinates are not liable for the tax under the Federal Unemployment Tax Act (FUTA).

By May 31, 2007, please send three (3) copies of *The Official Catholic Directory* for 2007 to IRS TE/GE in Cincinnati; one copy to the Processing Campus in Ogden; two copies each to the EO Area Managers in Newark, Brooklyn, Chicago, St. Paul, Atlanta, Los Angeles, the IRS National Headquarters and the Director, EO Examinations, Dallas.

The conditions concerning the retention of your group exemption as set forth in our previous determination letter of August 17, 1983, remain in full force and effect.

Sincerely,

James Blair

SUBJECT:  2006 Group Ruling

FROM:  Mark E. Chopko, General Counsel
       (Staff:  Deirdre Dessingue, Associate General Counsel)

Attached is a copy of the Group Ruling issued to the United States Conference of Catholic Bishops on July 1, 2006 by the Internal Revenue Service ("IRS"), with respect to the federal tax status of Catholic organizations listed in the 2006 edition of the Official Catholic Directory ("OCD"). As explained in greater detail below, this ruling is important for establishing:

(1)  the exemption of such organizations from:

(a)  federal income tax;
(b)  federal unemployment tax (but see ¶5 of "Explanation" below); and

(2)  the deductibility, for federal income, gift and estate tax purposes, of contributions to such organizations.

The 2006 Group Ruling is the latest in a series that began with the original determination of March 25, 1946. In the 1946 document, the Treasury Department affirmed the exemption from federal income tax of all Catholic institutions listed in the OCD for that year. Each year since 1946, in a separate letter, the 1946 ruling has been extended to cover the institutions listed in the current OCD. The 2006 Group Ruling is consistent with the 2005 ruling. Annual group rulings clarify important tax consequences for Catholic institutions listed in the OCD, and should be retained for ready reference. Rulings from earlier years are important to establish the tax consequences of transactions that occurred during those years.

Responsibilities under Group Ruling. Diocesan officials who compile OCD information to send to the OCD publisher are responsible for the accuracy of such information. They must ensure that only qualified organizations are listed, that

1  A copy of the Group Ruling and this memo may be found on the USCCB website at www.usccb.org/ogc.

2  Catholic organizations with independent IRS exemption determination letters are listed in the 2006 OCD with an asterisk (*), which is explained at page A-6 and indicates that such organizations are not covered by the Group Ruling.
organizations are listed under their correct legal names, that organizations that cease to qualify are deleted promptly, and that qualified newly-created organizations are listed as soon as possible. The current Group Ruling/OCD application package is available at http://www.usccb.org/bishops/dfi/exemptionruling.htm.

EXPLANATION

1. **Exemption from Federal Income Tax.** The latest ruling reaffirms the exemption from federal income tax under section 501(c)(3) of the Code of "the agencies and instrumentalities and educational, charitable, and religious institutions operated, supervised or controlled by or in connection with the Roman Catholic Church in the United States, its territories or possessions appearing in the Official Catholic Directory for 2006" (with the exception of organizations designated in the OCD with an asterisk and foreign organizations).

2. **Federal Excise Taxes.** Inclusion in the Group Ruling has no effect on an organization's liability for federal excise taxes. Exemption from these taxes is very limited. Please refer to your attorney any questions you may have about excise taxes.

3. **State/Local Taxes.** Inclusion in the Group Ruling does not automatically establish an organization's exemption from state or local income, sales or property taxes. Typically, separate exemptions must be obtained from the appropriate state or local tax authorities in order to qualify for any applicable exemptions. Please refer to your attorney any questions you may have about state or local tax exemptions.

4. **Deductibility of Contributions.** The Group Ruling assures donors that contributions to the institutions listed in the 2006 OCD and covered by the Group Ruling are deductible for federal income, gift, and estate tax purposes.

5. **Unemployment Tax.** The Group Ruling establishes exemption from federal unemployment tax only. Individual states may impose unemployment tax on organizations included in the Group Ruling, even though they are exempt from the federal tax. Please refer to your attorney any questions you may have about state unemployment tax.

6. **Social Security Tax.** All section 501(c)(3) organizations, including churches, are required to pay taxes under the Federal Insurance Contributions Act (FICA) for each employee who is paid $100 or more in a calendar year. Services performed by diocesan priests in the exercise of their ministry are not considered

---

3 Section 3121(w) of the Code permits certain church-related organizations to make an irrevocable election to avoid payment of FICA taxes, but only if such organizations are opposed for religious reasons to payment of social security taxes.
"employment" for FICA (Social Security) purposes,\textsuperscript{4} and FICA should not be withheld from their salaries. \textit{For Social Security purposes,} diocesan priests are subject to self-employment tax ("SECA") on their salaries as well as on the value of meals and housing or housing allowances provided to them.\textsuperscript{5} Neither FICA nor income tax withholding is required on remuneration paid to religious institutes for members who are subject to vows of poverty and obedience and are employed by organizations included in the Official Catholic Directory.\textsuperscript{6}

7. \textbf{Form 990.} All organizations included in the OCD must file Form 990, Return of Organization Exempt from Income Tax, \textit{unless} they are eligible for a mandatory or discretionary exception. \textit{There is no automatic exemption from the Form 990 filing requirement simply because an organization is listed in the OCD.} Organizations required to file Form 990 must do so by the 15th day of the fifth month after the close of their fiscal year.\textsuperscript{7} Among the organizations \textit{not} required to file Form 990 under section 6033 of the Code are: churches; integrated auxiliaries of churches\textsuperscript{8}; the exclusively religious activities of religious orders; schools below college level affiliated with a church or operated by a religious order; organizations with gross receipts normally not in excess of $25,000;\textsuperscript{9} and certain church-affiliated...

\item \textsuperscript{4} I.R.C. § 3121(b)(8)(A).
\item \textsuperscript{5} I.R.C. § 1402(a)(8). See also, \textit{Compensation of Priests}, at \url{http://www.usccb.org/bishops/dfl/dualtax.htm}.
\item \textsuperscript{7} The penalty for failure to file the Form 990 is $20 for each day the failure continues, up to a maximum of $10,000 or 5 percent of the organization’s gross receipts, whichever is less. However, organizations with annual gross receipts in excess of $1 million are subject to penalties of $100 per day, up to a maximum of $50,000. I.R.C. § 6652(c)(1)(A).
\item \textsuperscript{8} I.R.C. § 6033(a)(2)(A)(i); Treas. Reg. § 1.6033-2(h). To qualify as an integrated auxiliary of a church, an organization must be described in section 501(c)(3), qualify as other than a private foundation, be affiliated with a church, and qualify as internally supported. An organization will be considered internally supported \textit{unless} it both:
\begin{enumerate}
\item Offers admissions, goods, services, or facilities for sale, other than on an incidental basis, to the general public (except goods, services, or facilities sold at a nominal charge or substantially below cost); and
\item normally receives more than 50 percent of its support from a combination of governmental sources; public solicitation of contributions (such as through a community fund drive); and receipts from the sale of admissions, goods, performance of services, or furnishing of facilities in activities that are not unrelated trades or businesses.
\end{enumerate}
\end{itemize}
organizations that finance, fund or manage church assets, or maintain church retirement insurance programs, and organizations controlled by religious orders that finance, fund or manage assets used for exclusively religious activities.\textsuperscript{10}

Organizations that are required to file Form 990 must upon request make a copy of the form and its schedules and attachments (other than contributor lists) available for public inspection during regular business hours at the organization's principal office and at any regional or district offices having three or more employees. Form 990 for a particular year must be made available for a three year period beginning with the due date of the return.\textsuperscript{11} In addition, organizations that file Form 990 must comply with written or in-person requests for copies of the Form 990. The organization may impose no charge other than a reasonable fee to cover copying and mailing costs. If requested, copies of the Form 990 for the past three years must be provided. In-person requests must be satisfied on the same day. Written requests must be satisfied within 30 days.\textsuperscript{12}

8. **Revenue Procedure 75-50.** Rev. Proc. 75-50\textsuperscript{13} sets forth notice, publication, and recordkeeping requirements regarding racially nondiscriminatory policies that must be complied with by private schools, including church-related schools, as a condition of establishing and maintaining exempt status under section 501(c)(3) of the Code. Under Rev. Proc. 75-50 private schools are required to file an annual certification of racial nondiscrimination with the IRS. For private schools not required to file Form 990, the annual certification must be filed on Form 5578, Annual Certification of Racial Nondiscrimination for a Private School Exempt from Federal Income Tax. This form may be obtained from your local IRS office. Form 5578 must be filed by the 15th day of the fifth month following the close of the fiscal year. Form 5578 may be filed individually or by the diocese on behalf of all schools operated under diocesan auspices. The requirements of Rev. Proc. 75-50 remain in effect and must be complied with by all schools listed in the OCD. **Diocesan or school officials should insure that the requirements of Rev. Proc. 75-50 are**

\textsuperscript{10} Rev. Proc. 96-10, 1996-1 C.B. 577.

\textsuperscript{11} The penalty for failure to permit public inspection of the Form 990 is $20 for each day during which such failure continues, up to a maximum of $10,000. I.R.C. § 6652(c)(1)(C).

\textsuperscript{12} I.R.C. § 6104(d). Generally, a copy of an organization's exemption application and supporting documents must also be provided on the same basis. However, since Catholic organizations covered under the Group Ruling did not file exemption applications with IRS, nor did USCCB, organizations covered under the Group Ruling should respond to requests for public inspection and written or in-person requests for copies by providing a copy of the page of the current OCD on which they are listed. If a covered organization does not have a copy of the current OCD, it has two weeks within which to make it available for inspection and to comply with in-person requests for copies. Written requests must be satisfied within the general time limits.

\textsuperscript{13} 1975-2 C.B. 587.
met since failure to do so could jeopardize the exempt status of the school and, in the case of a school operated by a church, the exempt status of the church itself.

9. **Lobbying Activities.** Organizations included in the OCD may lobby for changes in the law, provided such lobbying is not more than an insubstantial part of their total activities. Attempts to influence legislation both directly and through grassroots lobbying are subject to this restriction. The term “lobbying” includes activities in support of or in opposition to referenda, constitutional amendments, and similar ballot initiatives. There is no distinction between lobbying activity that is related to an organization’s exempt purposes and lobbying that is not. There is no fixed percentage that constitutes a safe harbor for “insubstantial” lobbying. Please refer to your attorney any questions you may have about permissible lobbying activities.

10. **Political Activities.** Organizations included in the Group Ruling may not participate or intervene in any political campaign on behalf of or in opposition to any candidate for public office. Violation of the prohibition against political activity can jeopardize the organization’s tax-exempt status. In addition to revoking exempt status, IRS may also impose excise taxes on an exempt organization and its managers on account of political expenditures. Where there has been a flagrant violation, IRS has authority to seek an injunction against the exempt organization and immediate assessment of taxes due. Political Campaign Activity Guidance for Catholic Organizations (March 15, 2004) available at [www.usccb.org/ogc](http://www.usccb.org/ogc), contains detailed information regarding the political activity prohibition. If you have any questions in this regard, please refer them to your attorney.

11. **Public Charity Status.** The latest Group Ruling affirms that organizations included in the OCD are not private foundations under section 509(a) of the Code. However, the Group Ruling does not identify the subsection of section 509(a) under which a particular organization is classified as a public charity. Organizations must determine for themselves whether they qualify for such status under the provisions of section 509(a)(1), (a)(2) or (a)(3). Newly-created or newly-affiliated organizations must establish that they are not private foundations as a condition of inclusion in the Group Ruling and OCD.

12. **Group Exemption Number.** The group exemption number assigned to USCC is 928 or 0928. *This number must be included on each Form 990, Form 990-T, and Form 5578 required to be filed by any organization exempt under the Group Ruling.*14 We recommend against using the group exemption number on Form SS-4, Request for Employer Identification Number, because in the past this has resulted in IRS including USCCB as part of the organization’s name when it enters the organization in its database.

---

14 IRS has expressed concern about organizations covered under the Group Ruling that fail to include the group exemption number, 0928, on their Form 990 filings, particularly the initial filing.

Information About Submission without Changes

After Part 1 is completed; including this screen, Recipient Performance screen, and Renewal Grant Consolidation screen, then Parts 2-6, are available for review as “Read-Only;” except for 3A, 7A and 7B which are mandatory for all projects to update. After project applicants finish reviewing all screens, they will be guided to a "Submissions without Changes" Screen. At this screen, if applicants decide no edits or updates are required to any screens other than the mandatory questions, they can submit without changes. However, if changes to the application are required, e-snaps allows applicants to open individual screens for editing, rather than the entire application. After project applicants select the screens they intend to edit via checkboxes, click "Save" and those screens will be available for edit. Importantly, once an applicant makes those selections and clicks "Save" the applicant cannot uncheck those boxes.

If the project is a first-time renewal or selects "Fully Consolidated" on the Renewal Grants Consolidation screen, the "Submit Without Changes" function is not available, and applicants must input data into the application for all required fields relevant to the component type.
Recipient Performance

1. Has the recipient successfully submitted the APR on time for the most recently expired grant term related to this renewal project request?  No

   Explain why the APR for the most recently expired grant term related to this renewal project request has not been submitted.

   The most recently expired grant term ended June 30, 2018; the APR is not due until September 28, 2018.

2. Does the recipient have any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request? No

3. Has the recipient maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request? Yes

4. Have any Funds been recaptured by HUD for the most recently expired grant term related to this renewal project request? Yes

   Explain the circumstances that led HUD to recapture funds from the most recently expired grant term related to this renewal project request.

   Funds were recaptured for the most recently expired grant term. The UFA has implemented stricter contract language and monitoring guidelines to track subrecipient spend down to ensure that project funds are fully expended at the end of the operating period. At the beginning of the operating period, the UFA requires subrecipients to submit management plans that clearly describe how the subrecipient will track and monitor spend down internally; the UFA provides ongoing technical assistance throughout the operating period to subrecipients. The UFA has implemented an internal monitoring schedule to track subrecipient spend down no less than monthly. In the CoC local competition, the UFA continues to use objective scoring criteria, including spend down, to rate/rank projects and reallocates poor performing projects.

   The subrecipient experienced staff turnover resulting in this project not fully expending funds. The recipient expects the project to fully expend its funds for the current operating year.
HUD encourages the consolidation of renewal grants. As part of the FY 2018 CoC Program project application process, project applicants can request their eligible renewal projects to be part of a Renewal Grant Consolidation. This process can consolidate up to 4 renewal grants into 1 consolidated grant. This means recipients no longer must wait for grant amendments to consolidate grants. All projects that are part of a renewal grant consolidation must expire in Calendar Year (CY) 2019, as confirmed on the FY 2018 Final GIW, must be to the same recipient, and must be for the same component and project type (i.e., PH-PSH, PH-RRH, Joint TH/PH-RRH, TH, SSO, SSO-CE or HMIS).

1. Is this project application requesting to be part of a renewal grant consolidation in the FY 2018 CoC Program Competition?  
   If “No” click on “Next” or “Save & Next” below to move to the next screen.  
   No

3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.

The project will provide tenant-based rental assistance to a minimum of 17 scattered site units for chronically homeless individuals in a low barrier, housing first approach coupled with supportive services. The project goals include increasing residential stability by placing eligible homeless individuals in permanent housing and providing supportive services to assist clients in stabilizing and maintaining their housing; increasing skills and income by accessing mainstream resources or other financial resources as appropriate; and, achieving greater self-determination by developing client-centered action/service plans that assist clients in achieving their goals toward greater self-sufficiency. The sponsor collaborates with other service providers and provides case management, mental health, substance abuse services, life skills, basic needs (food, furnishing, etc.), health care, transportation, and other supportive services.

The projected outcomes for this project are to increase the percentage of participants who remain in or exit to permanent housing, and to increase the percentage of adults who increase their total income during the operating period. This will be achieved by connecting participants and/or assisting them with accessing mainstream resources for which they qualify and increasing their life skills as well as working to assist them with overcoming long-term barriers that have resulted in chronic homelessness.

The following information summarizes the funding request for the total term of the project. Budget amounts from the Leased Units, Rental Assistance, and Match screens have been automatically imported and cannot be edited. However, applicants must confirm and correct, if necessary, the total budget amounts for Leased Structures, Supportive Services, Operating, HMIS, and Admin. Budget amounts must reflect the most accurate project information according to the most recent project grant agreement or project grant agreement amendment, the CoC’s final HUD-approved FY 2017 GIW or the project budget as reduced due to CoC reallocation. Please note that, new for FY 2017, there are no detailed budget screens for Leased Structures, Supportive Services, Operating, or HMIS costs. HUD expects the original details of past approved budgets for these costs to be the basis for future expenses. However, any reasonable and eligible costs within each CoC cost category can be expended and will be verified during a HUD monitoring.

Dear Ms. Dessingue:

In a ruling dated March 25, 1946, we held that the agencies and instrumentalities and all educational, charitable and religious institutions operated, supervised, or controlled by or in connection with the Roman Catholic Church in the United States, its territories or possessions appearing in The Official Catholic Directory 1946, are entitled to exemption from federal income tax under the provisions of section 101(6) of the Internal Revenue Code of 1939, which corresponds to section 501(c)(3) of the 1986 Code. This ruling has been updated annually to cover the activities added to or deleted from the Directory.

The Official Catholic Directory for 2006 shows the names and addresses of all agencies and instrumentalities and all educational, charitable, and religious institutions operated by the Roman Catholic Church in the United States, its territories and possessions in existence at the time the Directory was published. It is understood that each of these is a non-profit organization, that no part of the net earnings thereof inures to the benefit of any individual, that no substantial part of their activities is for promotion of legislation, and that none are private foundations under section 509(a) of the Code.

Based on all information submitted, we conclude that the agencies and instrumentalities and educational, charitable, and religious institutions operated, supervised, or controlled by or in connection with the Roman Catholic Church in the United States, its territories or possessions appearing in The Official Catholic Directory for 2006 are exempt from federal income tax under section 501(c)(3) of the Code.

Donors may deduct contributions to the agencies, instrumentalities and institutions referred to above, as provided by section 170 of the Code. Bequests, legacies, devises, transfers or gifts to them or for their use are deductible for federal estate and gift tax purposes under sections 2055, 2106, and 2522 of the Code.
Ms. Deirdre Dessingue

Beginning January 1, 1984, unless specifically excepted, you and your subordinates must pay tax under the Federal Insurance Contributions Act (Social Security taxes) for each employee who is paid $100 or more in a calendar year, as indexed for inflation. You and your subordinates are not liable for the tax under the Federal Unemployment Tax Act (FUTA).

By May 31, 2007, please send three (3) copies of The Official Catholic Directory for 2007 to IRS TE/GE in Cincinnati; one copy to the Processing Campus in Ogden; two copies each to the EO Area Managers in Newark, Brooklyn, Chicago, St. Paul, Atlanta, Los Angeles, the IRS National Headquarters and the Director, EO Examinations, Dallas.

The conditions concerning the retention of your group exemption as set forth in our previous determination letter of August 17, 1983, remain in full force and effect.

Sincerely,

James Blair
for Janna Skufca, Director, TE/GE Customer Account Services
Attached is a copy of the Group Ruling issued to the United States Conference of Catholic Bishops on July 1, 2006 by the Internal Revenue Service ("IRS"), with respect to the federal tax status of Catholic organizations listed in the 2006 edition of the Official Catholic Directory ("OCD")\(^1\). As explained in greater detail below, this ruling is important for establishing:

(1) the exemption of such organizations from:

(a) federal income tax;
(b) federal unemployment tax (but see \(\S\)5 of "Explanation" below); and

(2) the deductibility, for federal income, gift and estate tax purposes, of contributions to such organizations.

The 2006 Group Ruling is the latest in a series that began with the original determination of March 25, 1946. In the 1946 document, the Treasury Department affirmed the exemption from federal income tax of all Catholic institutions listed in the OCD for that year. Each year since 1946, in a separate letter, the 1946 ruling has been extended to cover the institutions listed in the current OCD\(^2\). The 2006 Group Ruling is consistent with the 2005 ruling. Annual group rulings clarify important tax consequences for Catholic institutions listed in the OCD, and should be retained for ready reference. Rulings from earlier years are important to establish the tax consequences of transactions that occurred during those years.

**Responsibilities under Group Ruling.** Diocesan officials who compile OCD information to send to the OCD publisher are responsible for the accuracy of such information. They must ensure that only qualified organizations are listed, that

\(^1\) A copy of the Group Ruling and this memo may be found on the USCCB website at www.usccb.org/ogc.

organizations are listed under their correct legal names, that organizations that cease to qualify are deleted promptly, and that qualified newly-created organizations are listed as soon as possible. The current Group Ruling/OCD application package is available at http://www.usccb.org/bishops/dfi/exemptionruling.htm.

EXPLANATION

1. **Exemption from Federal Income Tax.** The latest ruling reaffirms the exemption from federal income tax under section 501(c)(3) of the Code of "the agencies and instrumentalities and educational, charitable, and religious institutions operated, supervised or controlled by or in connection with the Roman Catholic Church in the United States, its territories or possessions appearing in the Official Catholic Directory for 2006" (with the exception of organizations designated in the OCD with an asterisk and foreign organizations).

2. **Federal Excise Taxes.** Inclusion in the Group Ruling has no effect on an organization's liability for federal excise taxes. Exemption from these taxes is very limited. Please refer to your attorney any questions you may have about excise taxes.

3. **State/Local Taxes.** Inclusion in the Group Ruling does not automatically establish an organization's exemption from state or local income, sales or property taxes. Typically, separate exemptions must be obtained from the appropriate state or local tax authorities in order to qualify for any applicable exemptions. Please refer to your attorney any questions you may have about state or local tax exemptions.

4. **Deductibility of Contributions.** The Group Ruling assures donors that contributions to the institutions listed in the 2006 OCD and covered by the Group Ruling are deductible for federal income, gift, and estate tax purposes.

5. **Unemployment Tax.** The Group Ruling establishes exemption from federal unemployment tax only. Individual states may impose unemployment tax on organizations included in the Group Ruling, even though they are exempt from the federal tax. Please refer to your attorney any questions you may have about state unemployment tax.

6. **Social Security Tax.** All section 501(c)(3) organizations, including churches, are required to pay taxes under the Federal Insurance Contributions Act (FICA) for each employee who is paid $100 or more in a calendar year.\(^3\) Services performed by diocesan priests in the exercise of their ministry are not considered

---

\(^3\) Section 3121(w) of the Code permits certain church-related organizations to make an irrevocable election to avoid payment of FICA taxes, but only if such organizations are opposed for religious reasons to payment of social security taxes.
"employment" for FICA (Social Security) purposes, and FICA should not be withheld from their salaries. For Social Security purposes, diocesan priests are subject to self-employment tax ("SECA") on their salaries as well as on the value of meals and housing or housing allowances provided to them. Neither FICA nor income tax withholding is required on remuneration paid to religious institutes for members who are subject to vows of poverty and obedience and are employed by organizations included in the Official Catholic Directory.

7. **Form 990.** All organizations included in the OCD must file Form 990, Return of Organization Exempt from Income Tax, unless they are eligible for a mandatory or discretionary exception. **There is no automatic exemption from the Form 990 filing requirement simply because an organization is listed in the OCD.** Organizations required to file Form 990 must do so by the 15th day of the fifth month after the close of their fiscal year. Among the organizations not required to file Form 990 under section 6033 of the Code are: churches; integrated auxiliaries of churches; the exclusively religious activities of religious orders; schools below college level affiliated with a church or operated by a religious order; organizations with gross receipts normally not in excess of $25,000; and certain church-affiliated

4 I.R.C. § 3121(b)(8)(A).

7 The penalty for failure to file the Form 990 is $20 for each day the failure continues, up to a maximum of $10,000 or 5 percent of the organization's gross receipts, whichever is less. However, organizations with annual gross receipts in excess of $1 million are subject to penalties of $100 per day, up to a maximum of $50,000. I.R.C. § 6652(c)(1)(A).

8 I.R.C. § 6033(a)(2)(A)(i); Treas. Reg. § 1.6033-2(h). To qualify as an integrated auxiliary of a church, an organization must be described in section 501(c)(3), qualify as other than a private foundation, be affiliated with a church, and qualify as internally supported. An organization will be considered internally supported unless it both:

1. Offers admissions, goods, services, or facilities for sale, other than on an incidental basis, to the general public (except goods, services, or facilities sold at a nominal charge or substantially below cost); and

2. Normally receives more than 50 percent of its support from a combination of governmental sources; public solicitation of contributions (such as through a community fund drive); and receipts from the sale of admissions, goods, performance of services, or furnishing of facilities in activities that are not unrelated trades or businesses.

organizations that finance, fund or manage church assets, or maintain church retirement insurance programs, and organizations controlled by religious orders that finance, fund or manage assets used for exclusively religious activities.10

Organizations that are required to file Form 990 must upon request make a copy of the form and its schedules and attachments (other than contributor lists) available for public inspection during regular business hours at the organization's principal office and at any regional or district offices having three or more employees. Form 990 for a particular year must be made available for a three year period beginning with the due date of the return.11 In addition, organizations that file Form 990 must comply with written or in-person requests for copies of the Form 990. The organization may impose no charge other than a reasonable fee to cover copying and mailing costs. If requested, copies of the Form 990 for the past three years must be provided. In-person requests must be satisfied on the same day. Written requests must be satisfied within 30 days.12

8. Revenue Procedure 75-50. Rev. Proc. 75-5013 sets forth notice, publication, and recordkeeping requirements regarding racially nondiscriminatory policies that must be complied with by private schools, including church-related schools, as a condition of establishing and maintaining exempt status under section 501(c)(3) of the Code. Under Rev. Proc. 75-50 private schools are required to file an annual certification of racial nondiscrimination with the IRS. For private schools not required to file Form 990, the annual certification must be filed on Form 5578, Annual Certification of Racial Nondiscrimination for a Private School Exempt from Federal Income Tax. This form may be obtained from your local IRS office. Form 5578 must be filed by the 15th day of the fifth month following the close of the fiscal year. Form 5578 may be filed individually or by the diocese on behalf of all schools operated under diocesan auspices. The requirements of Rev. Proc. 75-50 remain in effect and must be complied with by all schools listed in the OCD. Diocesan or school officials should insure that the requirements of Rev. Proc. 75-50 are

---

11 The penalty for failure to permit public inspection of the Form 990 is $20 for each day during which such failure continues, up to a maximum of $10,000. I.R.C. § 6652(c)(1)(C).

12 I.R.C. § 6104(d). Generally, a copy of an organization's exemption application and supporting documents must also be provided on the same basis. However, since Catholic organizations covered under the Group Ruling did not file exemption applications with IRS, nor did USCCB, organizations covered under the Group Ruling should respond to requests for public inspection and written or in-person requests for copies by providing a copy of the page of the current OCD on which they are listed. If a covered organization does not have a copy of the current OCD, it has two weeks within which to make it available for inspection and to comply with in-person requests for copies. Written requests must be satisfied within the general time limits.

met since failure to do so could jeopardize the exempt status of the school
and, in the case of a school operated by a church, the exempt status of the
church itself.

9. **Lobbying Activities.** Organizations included in the OCD may lobby
for changes in the law, provided such lobbying is not more than an insubstantial part
of their total activities. Attempts to influence legislation both directly and through
grassroots lobbying are subject to this restriction. The term “lobbying” includes
activities in support of or in opposition to referenda, constitutional amendments, and
similar ballot initiatives. There is no distinction between lobbying activity that is
related to an organization’s exempt purposes and lobbying that is not. There is no
fixed percentage that constitutes a safe harbor for “insubstantial” lobbying. Please
refer to your attorney any questions you may have about permissible lobbying
activities.

10. **Political Activities.** Organizations included in the Group Ruling may
not participate or intervene in any political campaign on behalf of or in
opposition to any candidate for public office. Violation of the prohibition
against political activity can jeopardize the organization’s tax-exempt status.
In addition to revoking exempt status, IRS may also impose excise taxes on an
exempt organization and its managers on account of political expenditures. Where
there has been a flagrant violation, IRS has authority to seek an injunction against
the exempt organization and immediate assessment of taxes due. Political
Campaign Activity Guidance for Catholic Organizations (March 15, 2004) available
at [www.usccb.org/ogc](http://www.usccb.org/ogc), contains detailed information regarding the political activity
prohibition. If you have any questions in this regard, please refer them to your
attorney.

11. **Public Charity Status.** The latest Group Ruling affirms that
organizations included in the OCD are not private foundations under section 509(a)
of the Code. However, the Group Ruling does not identify the subsection of section
509(a) under which a particular organization is classified as a public charity.
Organizations must determine for themselves whether they qualify for such status
under the provisions of section 509(a)(1), (a)(2) or (a)(3). Newly-created or newly-
affiliated organizations must establish that they are not private foundations as a
condition of inclusion in the Group Ruling and OCD.

12. **Group Exemption Number.** The group exemption number assigned
to USCC is 928 or 0928. This number must be included on each Form 990,
Form 990-T, and Form 5578 required to be filed by any organization exempt
under the Group Ruling.¹⁴ We recommend against using the group exemption
number on Form SS-4, Request for Employer Identification Number, because in the
past this has resulted in IRS including USCCB as part of the organization’s name
when it enters the organization in its database.

¹⁴ IRS has expressed concern about organizations covered under the Group Ruling
that fail to include the group exemption number, 0928, on their Form 990 filings,
particularly the initial filing.

Information About Submission without Changes

After Part 1 is completed; including this screen, Recipient Performance screen, and Renewal Grant Consolidation screen, then Parts 2-6, are available for review as “Read-Only;” except for 3A, 7A and 7B which are mandatory for all projects to update. After project applicants finish reviewing all screens, they will be guided to a "Submissions without Changes" Screen. At this screen, if applicants decide no edits or updates are required to any screens other than the mandatory questions, they can submit without changes. However, if changes to the application are required, e-snaps allows applicants to open individual screens for editing, rather than the entire application. After project applicants select the screens they intend to edit via checkboxes, click "Save" and those screens will be available for edit. Importantly, once an applicant makes those selections and clicks "Save" the applicant cannot uncheck those boxes.

If the project is a first-time renewal or selects "Fully Consolidated" on the Renewal Grants Consolidation screen, the "Submit Without Changes" function is not available, and applicants must input data into the application for all required fields relevant to the component type.
Recipient Performance

1. Has the recipient successfully submitted the APR on time for the most recently expired grant term related to this renewal project request?  No

   Explain why the APR for the most recently expired grant term related to this renewal project request has not been submitted.

   The most recently expired grant term ended June 30, 2018; the APR is not due until September 28, 2018.

2. Does the recipient have any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request?  No

3. Has the recipient maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request?  Yes

4. Have any Funds been recaptured by HUD for the most recently expired grant term related to this renewal project request?  Yes

   Explain the circumstances that led HUD to recapture funds from the most recently expired grant term related to this renewal project request.

   Funds were recaptured for the most recently expired grant term. The UFA has implemented stricter contract language and monitoring guidelines to track subrecipient spend down to ensure that project funds are fully expended at the end of the operating period. At the beginning of the operating period, the UFA requires subrecipients to submit management plans that clearly describe how the subrecipient will track and monitor spend down internally; the UFA provides ongoing technical assistance throughout the operating period to subrecipients. The UFA has implemented an internal monitoring schedule to track subrecipient spend down no less than monthly. In the CoC local competition, the UFA continues to use objective scoring criteria, including spend down, to rate/rank projects and reallocates poor performing projects.

   The subrecipient experienced staff turnover resulting in this project not fully expending funds. The recipient expects the project to fully expend its funds for the current operating year.
Renewal Grant Consolidation Screen

HUD encourages the consolidation of renewal grants. As part of the FY 2018 CoC Program project application process, project applicants can request their eligible renewal projects to be part of a Renewal Grant Consolidation. This process can consolidate up to 4 renewal grants into 1 consolidated grant. This means recipients no longer must wait for grant amendments to consolidate grants. All projects that are part of a renewal grant consolidation must expire in Calendar Year (CY) 2019, as confirmed on the FY 2018 Final GIW, must be to the same recipient, and must be for the same component and project type (i.e., PH-PSH, PH-RRH, Joint TH/PH-RRH, TH, SSO, SSO-CE or HMIS).

1. Is this project application requesting to be part of a renewal grant consolidation in the FY 2018 CoC Program Competition? No
   If “No” click on “Next” or “Save & Next” below to move to the next screen.

3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.

This project will provide tenant-based rental assistance to a minimum of 8 scattered site units for chronically homeless veterans, in a low-barrier, housing first approach coupled with supportive services based on an individualized assessment of participant needs. All participants come from the streets or emergency shelters and have suffered from long-term homelessness. The project sponsor coordinates with other agencies on the Veteran’s Homeless Committee for outreach and coordination of services. Some of the project goals include residential stability by providing supportive services to assist veterans in stabilizing so they can maintain their housing, increase skills and income by assisting veterans in accessing mainstream resources or other financial resources as appropriate, and greater self-determination as they develop client-centered action/service plans and assist veterans in achieving their goals toward optimal self-sufficiency. The sponsor collaborates with other providers and provides case management, mental health, substance abuse services, life skills, basic needs, health care, transportation, and other supportive services as needed.

The projected outcome for this project are to increase the percentage of participants who remain in or exit to permanent housing, and to increase the percentage of adults who increase their total income during the operating period. This will be achieved by connecting participants and/or assisting them with accessing mainstream resources for which they qualify and increasing their life skills as well as working to assist them with overcoming long-term barriers that have resulted in chronic homelessness.

2. Does your project have a specific population focus?  Yes

3C. Dedicated Plus

Dedicated and DedicatedPLUS

A “100% Dedicated” project is a permanent supportive housing project that commits 100% of its beds to chronically homeless individuals and families, according to NOFA Section III.3.b.

A “DedicatedPLUS” project is a permanent supportive housing project where 100% of the beds are dedicated to serve individuals with disabilities and families in which one adult or child has a disability, including unaccompanied homeless youth, that at a minimum, meet ONE of the following criteria according to NOFA Section III.3.d:

1. experiencing chronic homelessness as defined in 24 CFR 578.3;
2. residing in a transitional housing project that will be eliminated and meets the definition of chronically homeless in effect at the time in which the individual or family entered the transitional housing project;
3. residing in a place not meant for human habitation, emergency shelter, or safe haven; but the individuals or families experiencing chronic homelessness as defined at 24 CFR 578.3 had been admitted and enrolled in a permanent housing project within the last year and were unable to maintain a housing placement;
4. residing in transitional housing funded by a joint TH and PH-RRH component project and who were experiencing chronic homelessness as defined at 24 CFR 578.3 prior to entering the project;
5. residing and has resided in a place not meant for human habitation, a safe haven, or emergency shelter for at least 12 months in the last three years, but has not done so on four separate occasions; or
6. receiving assistance through a Department of Veterans Affairs (VA)-funded homeless assistance program and met one of the above criteria at initial intake to the VA's homeless assistance system.

A renewal project where 100 percent of the beds are dedicated in their current grant as described in NOFA Section III.A.3.b. must either become DedicatedPLUS or remain 100% Dedicated. If a renewal project currently has 100 percent of its beds dedicated to chronically homeless individuals and families and elects to become a DedicatedPLUS project, the project will be required to adhere to all fair housing requirements at 24 CFR 578.93. Any beds that the applicant identifies in this application as being dedicated to chronically homeless individuals and families in a DedicatedPLUS project must continue to operate in accordance with Section III.A.3.b. Beds are identified on Screen 4B.

1. Indicate whether the project is "100% Dedicated", "DedicatedPLUS", or "N/A", according to the information provided above.

6E. Summary Budget

This screen is currently read only and only includes data from the previous grant. To make changes to this information, navigate to the Submission without Changes screen, select "Make Changes" in response to Question 2, and then check the box next each screen that requires a change to match the current grant agreement, as amended, or to account for a reallocation of funds.

The following information summarizes the funding request for the total term of the project. Budget amounts from the Leased Units, Rental Assistance, and Match screens have been automatically imported and cannot be edited. However, applicants must confirm and correct, if necessary, the total budget amounts for Leased Structures, Supportive Services, Operating, HMIS, and Admin. Budget amounts must reflect the most accurate project information according to the most recent project grant agreement or project grant agreement amendment, the CoC’s final HUD-approved FY 2017 GIW or the project budget as reduced due to CoC reallocation. Please note that, new for FY 2017, there are no detailed budget screens for Leased Structures, Supportive Services, Operating, or HMIS costs. HUD expects the original details of past approved budgets for these costs to be the basis for future expenses. However, any reasonable and eligible costs within each CoC cost category can be expended and will be verified during a HUD monitoring.

Dear Ms. Deirdre Dessingue:

In a ruling dated March 25, 1946, we held that the agencies and instrumentalities and all educational, charitable and religious institutions operated, supervised, or controlled by or in connection with the Roman Catholic Church in the United States, its territories or possessions appearing in The Official Catholic Directory 1946, are entitled to exemption from federal income tax under the provisions of section 101(6) of the Internal Revenue Code of 1939, which corresponds to section 501(c)(3) of the 1986 Code. This ruling has been updated annually to cover the activities added to or deleted from the Directory.

The Official Catholic Directory for 2006 shows the names and addresses of all agencies and instrumentalities and all educational, charitable, and religious institutions operated by the Roman Catholic Church in the United States, its territories and possessions in existence at the time the Directory was published. It is understood that each of these is a non-profit organization, that no part of the net earnings thereof inures to the benefit of any individual, that no substantial part of their activities is for promotion of legislation, and that none are private foundations under section 509(a) of the Code.

Based on all information submitted, we conclude that the agencies and instrumentalities and educational, charitable, and religious institutions operated, supervised, or controlled by or in connection with the Roman Catholic Church in the United States, its territories or possessions appearing in The Official Catholic Directory for 2006 are exempt from federal income tax under section 501(c)(3) of the Code.

Donors may deduct contributions to the agencies, instrumentalities and institutions referred to above, as provided by section 170 of the Code. Bequests, legacies, devises, transfers or gifts to them or for their use are deductible for federal estate and gift tax purposes under sections 2055, 2106, and 2522 of the Code.
Ms. Deirdre Dessingue

Beginning January 1, 1984, unless specifically excepted, you and your subordinates must pay tax under the Federal Insurance Contributions Act (Social Security taxes) for each employee who is paid $100 or more in a calendar year, as indexed for inflation. You and your subordinates are not liable for the tax under the Federal Unemployment Tax Act (FUTA).

By May 31, 2007, please send three (3) copies of The Official Catholic Directory for 2007 to IRS TE/GE in Cincinnati; one copy to the Processing Campus in Ogden; two copies each to the EO Area Managers in Newark, Brooklyn, Chicago, St. Paul, Atlanta, Los Angeles, the IRS National Headquarters and the Director, EO Examinations, Dallas.

The conditions concerning the retention of your group exemption as set forth in our previous determination letter of August 17, 1983, remain in full force and effect.

Sincerely,

James Blair

for Janna Skufca, Director, TE/GE
Customer Account Services
Attached is a copy of the Group Ruling issued to the United States Conference of Catholic Bishops on July 1, 2006 by the Internal Revenue Service ("IRS"), with respect to the federal tax status of Catholic organizations listed in the 2006 edition of the Official Catholic Directory ("OCD")\(^1\). As explained in greater detail below, this ruling is important for establishing:

(1) the exemption of such organizations from:

(a) federal income tax;
(b) federal unemployment tax (but see ¶5 of "Explanation" below); and

(2) the deductibility, for federal income, gift and estate tax purposes, of contributions to such organizations.

The 2006 Group Ruling is the latest in a series that began with the original determination of March 25, 1946. In the 1946 document, the Treasury Department affirmed the exemption from federal income tax of all Catholic institutions listed in the OCD for that year. Each year since 1946, in a separate letter, the 1946 ruling has been extended to cover the institutions listed in the current OCD\(^2\). The 2006 Group Ruling is consistent with the 2005 ruling. Annual group rulings clarify important tax consequences for Catholic institutions listed in the OCD, and should be retained for ready reference. Rulings from earlier years are important to establish the tax consequences of transactions that occurred during those years.

**Responsibilities under Group Ruling.** Diocesan officials who compile OCD information to send to the OCD publisher are responsible for the accuracy of such information. They must ensure that only qualified organizations are listed, that

---

\(^1\) A copy of the Group Ruling and this memo may be found on the USCCB website at www.usccb.org/ogc.

\(^2\) Catholic organizations with independent IRS exemption determination letters are listed in the 2006 OCD with an asterisk (*), which is explained at page A-6 and indicates that such organizations are not covered by the Group Ruling.
organizations are listed under their correct legal names, that organizations that cease to qualify are deleted promptly, and that qualified newly-created organizations are listed as soon as possible. The current Group Ruling/OCD application package is available at http://www.usccb.org/bishops/dfi/exemptionruling.htm.

EXPLANATION

1. **Exemption from Federal Income Tax.** The latest ruling reaffirms the exemption from federal income tax under section 501(c)(3) of the Code of "the agencies and instrumentalities and educational, charitable, and religious institutions operated, supervised or controlled by or in connection with the Roman Catholic Church in the United States, its territories or possessions appearing in the Official Catholic Directory for 2006" (with the exception of organizations designated in the OCD with an asterisk and foreign organizations).

2. **Federal Excise Taxes.** Inclusion in the Group Ruling has no effect on an organization's liability for federal excise taxes. Exemption from these taxes is very limited. Please refer to your attorney any questions you may have about excise taxes.

3. **State/Local Taxes.** Inclusion in the Group Ruling does not automatically establish an organization's exemption from state or local income, sales or property taxes. Typically, separate exemptions must be obtained from the appropriate state or local tax authorities in order to qualify for any applicable exemptions. Please refer to your attorney any questions you may have about state or local tax exemptions.

4. **Deductibility of Contributions.** The Group Ruling assures donors that contributions to the institutions listed in the 2006 OCD and covered by the Group Ruling are deductible for federal income, gift, and estate tax purposes.

5. **Unemployment Tax.** The Group Ruling establishes exemption from federal unemployment tax only. Individual states may impose unemployment tax on organizations included in the Group Ruling, even though they are exempt from the federal tax. Please refer to your attorney any questions you may have about state unemployment tax.

6. **Social Security Tax.** All section 501(c)(3) organizations, including churches, are required to pay taxes under the Federal Insurance Contributions Act (FICA) for each employee who is paid $100 or more in a calendar year.5 Services performed by diocesan priests in the exercise of their ministry are not considered

---

5 Section 3121(w) of the Code permits certain church-related organizations to make an irrevocable election to avoid payment of FICA taxes, but only if such organizations are opposed for religious reasons to payment of social security taxes.
"employment" for FICA (Social Security) purposes,⁴ and FICA should not be withheld from their salaries. For Social Security purposes, diocesan priests are subject to self-employment tax ("SECA") on their salaries as well as on the value of meals and housing or housing allowances provided to them.⁵ Neither FICA nor income tax withholding is required on remuneration paid to religious institutes for members who are subject to vows of poverty and obedience and are employed by organizations included in the Official Catholic Directory.⁶

7. **Form 990.** All organizations included in the OCD must file Form 990, Return of Organization Exempt from Income Tax, unless they are eligible for a mandatory or discretionary exception. There is no automatic exemption from the Form 990 filing requirement simply because an organization is listed in the OCD. Organizations required to file Form 990 must do so by the 15th day of the fifth month after the close of their fiscal year.⁷ Among the organizations not required to file Form 990 under section 6033 of the Code are: churches; integrated auxiliaries of churches;⁸ the exclusively religious activities of religious orders; schools below college level affiliated with a church or operated by a religious order; organizations with gross receipts normally not in excess of $25,000;⁹ and certain church-affiliated

---

⁴ I.R.C. § 3121(b)(8)(A).

⁷ The penalty for failure to file the Form 990 is $20 for each day the failure continues, up to a maximum of $10,000 or 5 percent of the organization’s gross receipts, whichever is less. However, organizations with annual gross receipts in excess of $1 million are subject to penalties of $100 per day, up to a maximum of $50,000. I.R.C. § 6652(c)(1)(A).

⁸ I.R.C. § 6033(a)(2)(A)(i); Treas. Reg. § 1.6033-2(h). To qualify as an integrated auxiliary of a church, an organization must be described in section 501(c)(3), qualify as other than a private foundation, be affiliated with a church, and qualify as internally supported. An organization will be considered internally supported unless it both:

1. Offers admissions, goods, services, or facilities for sale, other than on an incidental basis, to the general public (except goods, services, or facilities sold at a nominal charge or substantially below cost), and

2. normally receives more than 50 percent of its support from a combination of governmental sources; public solicitation of contributions (such as through a community fund drive); and receipts from the sale of admissions, goods, performance of services, or furnishing of facilities in activities that are not unrelated trades or businesses.

organizations that finance, fund or manage church assets, or maintain church 
retirement insurance programs, and organizations controlled by religious orders that 
finance, fund or manage assets used for exclusively religious activities.\textsuperscript{10}

Organizations that are required to file Form 990 must upon request make a 
copy of the form and its schedules and attachments (other than contributor lists) 
available for public inspection during regular business hours at the organization's 
principal office and at any regional or district offices having three or more 
employees. Form 990 for a particular year must be made available for a three year 
period beginning with the due date of the return.\textsuperscript{11} In addition, organizations that file 
Form 990 must comply with written or in-person requests for copies of the Form 990. 
The organization may impose no charge other than a reasonable fee to cover 
copying and mailing costs. If requested, copies of the Form 990 for the past three 
years must be provided. In-person requests must be satisfied on the same day. 
Written requests must be satisfied within 30 days.\textsuperscript{12}

8. \textbf{Revenue Procedure 75-50}. Rev. Proc. 75-50\textsuperscript{13} sets forth notice, 
publication, and recordkeeping requirements regarding racially nondiscriminatory 
policies that must be complied with by private schools, including church-related 
schools, as a condition of establishing and maintaining exempt status under section 
501(c)(3) of the Code. Under Rev. Proc. 75-50 private schools are required to file an 
annual certification of racial nondiscrimination with the IRS. For private schools not 
required to file Form 990, the annual certification must be filed on Form 5578. 
Annual Certification of Racial Nondiscrimination for a Private School Exempt from 
Federal Income Tax. This form may be obtained from your local IRS office. Form 
5578 must be filed by the 15th day of the fifth month following the close of the fiscal 
year. Form 5578 may be filed individually or by the diocese on behalf of all schools 
operated under diocesan auspices. The requirements of Rev. Proc. 75-50 remain in 
effect and must be complied with by all schools listed in the OCD. \textit{Diocesan or 
school officials should insure that the requirements of Rev. Proc. 75-50 are}

\item[11] The penalty for failure to permit public inspection of the Form 990 is $20 for each 
day during which such failure continues, up to a maximum of $10,000. I.R.C. § 
6652(c)(1)(C).
\item[12] I.R.C. § 6104(d). Generally, a copy of an organization's exemption application 
and supporting documents must also be provided on the same basis. However, 
since Catholic organizations covered under the Group Ruling did not file 
exemption applications with IRS, nor did USCCB, organizations covered under 
the Group Ruling should respond to requests for public inspection and written or 
in-person requests for copies by providing a copy of the page of the current OCD 
on which they are listed. If a covered organization does not have a copy of the 
current OCD, it has two weeks within which to make it available for inspection 
and to comply with in-person requests for copies. Written requests must be 
satisfied within the general time limits.

met since failure to do so could jeopardize the exempt status of the school and, in the case of a school operated by a church, the exempt status of the church itself.

9. **Lobbying Activities.** Organizations included in the OCD may lobby for changes in the law, provided such lobbying is not more than an insubstantial part of their total activities. Attempts to influence legislation both directly and through grassroots lobbying are subject to this restriction. The term “lobbying” includes activities in support of or in opposition to referenda, constitutional amendments, and similar ballot initiatives. There is no distinction between lobbying activity that is related to an organization’s exempt purposes and lobbying that is not. There is no fixed percentage that constitutes a safe harbor for “insubstantial” lobbying. Please refer to your attorney any questions you may have about permissible lobbying activities.

10. **Political Activities.** Organizations included in the Group Ruling may not participate or intervene in any political campaign on behalf of or in opposition to any candidate for public office. Violation of the prohibition against political activity can jeopardize the organization’s tax-exempt status. In addition to revoking exempt status, IRS may also impose excise taxes on an exempt organization and its managers on account of political expenditures. Where there has been a flagrant violation, IRS has authority to seek an injunction against the exempt organization and immediate assessment of taxes due. Political Campaign Activity Guidance for Catholic Organizations (March 15, 2004) available at [www.usccb.org/ogc](http://www.usccb.org/ogc), contains detailed information regarding the political activity prohibition. If you have any questions in this regard, please refer them to your attorney.

11. **Public Charity Status.** The latest Group Ruling affirms that organizations included in the OCD are not private foundations under section 509(a) of the Code. However, the Group Ruling does not identify the subsection of section 509(a) under which a particular organization is classified as a public charity. Organizations must determine for themselves whether they qualify for such status under the provisions of section 509(a)(1), (a)(2) or (a)(3). Newly-created or newly-affiliated organizations must establish that they are not private foundations as a condition of inclusion in the Group Ruling and OCD.

12. **Group Exemption Number.** The group exemption number assigned to USCC is 928 or 0928. This number must be included on each Form 990, Form 990-T, and Form 5578 required to be filed by any organization exempt under the Group Ruling.\(^{14}\) We recommend against using the group exemption number on Form SS-4, Request for Employer Identification Number, because in the past this has resulted in IRS including USCCB as part of the organization’s name when it enters the organization in its database.

\(^{14}\) IRS has expressed concern about organizations covered under the Group Ruling that fail to include the group exemption number, 0928, on their Form 990 filings, particularly the initial filing.
Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember

- Additional training resources can be found on the HUD Exchange at https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/
- Program policy questions and problems related to completing the application in e-snaps may be directed to HUD via the HUD Exchange Ask A Question.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2018 Continuum of Care (CoC) Program Competition. For more information see FY 2018 CoC Program Competition NOFA.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2018 CoC Program NOFA and the FY 2017 General Section NOFA.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with onscreen text and the hide/show instructions found on each individual screen.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps.
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2017 Project Application will be imported into the FY 2018 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Expiring Shelter Plus Care projects requesting renewal funding for the first time under 24 CFR part 578, and rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Expiring Supportive Housing Projects requesting renewal funding for the first time under 24 CFR part 578, transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC’s HUD-approved GIW. If the ARA is reduced through the CoC’s reallocation process, the final project funding request must reflect the reduced amount listed on the CoC’s reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2018 CoC Program Competition NOFA.

Information About Submission without Changes

After Part 1 is completed; including this screen, Recipient Performance screen, and Renewal Grant Consolidation screen, then Parts 2-6, are available for review as “Read-Only;” except for 3A, 7A and 7B which are mandatory for all projects to update. After project applicants finish reviewing all screens, they will be guided to a "Submissions without Changes" Screen. At this screen, if applicants decide no edits or updates are required to any screens other than the mandatory questions, they can submit without changes. However, if changes to the application are required, e-snaps allows applicants to open individual screens for editing, rather than the entire application. After project applicants select the screens they intend to edit via checkboxes, click "Save" and those screens will be available for edit. Importantly, once an applicant makes those selections and clicks "Save" the applicant cannot uncheck those boxes.

If the project is a first-time renewal or selects "Fully Consolidated" on the Renewal Grants Consolidation screen, the "Submit Without Changes" function is not available, and applicants must input data into the application for all required fields relevant to the component type.
Recipient Performance

1. Has the recipient successfully submitted the APR on time for the most recently expired grant term related to this renewal project request?  
   No

Explain why the APR for the most recently expired grant term related to this renewal project request has not been submitted.

The most recently expired grant term ended June 30, 2018; the APR is not due until September 28, 2018.

2. Does the recipient have any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request?  
   No

3. Has the recipient maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request?  
   Yes

4. Have any Funds been recaptured by HUD for the most recently expired grant term related to this renewal project request?  
   Yes

Explain the circumstances that led HUD to recapture funds from the most recently expired grant term related to this renewal project request.

Admin funds were recaptured for the most recently expired grant term. As the UFA, the County tracks spend down no less than monthly. The recipient expects to fully expend its funds for the current operating year.
HUD encourages the consolidation of renewal grants. As part of the FY 2018 CoC Program project application process, project applicants can request their eligible renewal projects to be part of a Renewal Grant Consolidation. This process can consolidate up to 4 renewal grants into 1 consolidated grant. This means recipients no longer must wait for grant amendments to consolidate grants. All projects that are part of a renewal grant consolidation must expire in Calendar Year (CY) 2019, as confirmed on the FY 2018 Final GIW, must be to the same recipient, and must be for the same component and project type (i.e., PH-PSH, PH-RRH, Joint TH/PH-RRH, TH, SSO, SSO-CE or HMIS).

1. Is this project application requesting to be part of a renewal grant consolidation in the FY 2018 CoC Program Competition? No
   If “No” click on “Next” or “Save & Next” below to move to the next screen.

1. Provide a description that addresses the entire scope of the proposed project.

The Coordinated Entry (CE) system incorporates uniform screening & assessment, prioritization & program matching, and connections to mainstream services to help those seeking housing/services access appropriate programs more efficiently. It promotes a community wide commitment to the goal of ending homelessness; promotes access to and effective utilization of mainstream programs; and optimizes homeless individuals & families’ self-sufficiency. The CE system provides multiple points for access and appropriate assessment for homeless individuals & families, while maintaining standardized processes and tools, as detailed in the CE Policy.

The standardized Intake Assessment is administered by 9 sites (throughout the County in rural and urban areas) and is the first-step assessment; it gathers basic household characteristics and determines next-step referral needs. CE sites tasked with serving a pathway population (veterans, unaccompanied youth, DV victims) were selected for their experience & expertise in serving the specific population. Homeless households are referred to a housing navigator. Navigation sites are managed by the County and partners: Arlington Community Resource Center, Catholic Community Services, Cocoon House, Domestic Violence Services, North Counties' Family Services, Volunteers of America, and YWCA.

A standardized Housing Assessment determines eligibility for RRH, TH, PSH, and prioritization for placement. Chronically homeless households with longest lengths of homelessness, severe service needs/highest vulnerabilities are prioritized; high service needs include medical fragility, high utilization of crisis/emergency services, tri-morbidity, other vulnerability factors (threat of victimization, unsheltered children, pregnancy).

The CE system includes specialty navigators, including employment navigators for mainstream employment services, navigators in middle/high schools, & behavioral health navigators who provide outreach and culturally competent services to homeless individuals and families who are struggling with mental illness and/or co-occurring mental illness and chemical dependency.

CoC funds will increase and expand: the engagement of persons for the purpose of providing immediate support and intervention; the identification of potential participants; the provision of information for & referrals to needed housing/services; and program matching & coordination of services. CoC funds
will help ensure that the system is implemented in accordance with a low-barrier and housing first approach and that it is easily accessible to those least likely to have access. The County will leverage local funds in operating the CE system. In addition, private and state funds will be leveraged for CE planning, implementation, and operations.

2. Does your project have a specific population focus?  Yes

3d. Does the project follow a "Housing First" approach? No

4. Please select the type of SSO Project: Coordinated Entry

4a. Will the coordinated entry process funded in part by this grant cover the CoC’s entire geographic area? Yes

4b. Will the coordinated entry process funded in part by this grant be easily accessible? Yes

4c. Describe the advertisement strategy for the coordinated entry process and how it is designed to reach those with the highest barriers to accessing assistance.

-Snohomish County’s Coordinated Entry webpage provides information on accessing CE through 2-1-1 and contact information for each CE site
-North Sound 2-1-1 provides information and referral
-CE assessments are conducted at 9 sites throughout Snohomish County; these sites are accessible to persons with disabilities and are accessible via public transportation.
-Project Homeless Connect is a one-day event designed to provide immediate services to homeless individuals and families; CE assessments are completed onsite to connect homeless individuals and families to housing and services
-Embedded social workers accompany the Everett Police Community Outreach and Enforcement Team; assistance is provided to homeless individuals and families on the streets to connect them to housing systems and other needed resources
-Embedded social workers work with the Snohomish County Sheriff in the Homeless Outreach team, which works to identify, locate, and connect with homeless and vulnerable populations in the County. The embedded social worker provides an alternative to law enforcement response to communities who have frequent social service needs.
-Point in Time Count: Progress has been made in coordinating response to and tracking locations of homeless encampments; CE assessments are completed during the PIT count
-Family Resource Centers provide rural navigation, which includes a combination of housing-focused case management, referrals coordination and services to homeless individuals and families referred by CE sites; rural navigation is specifically targeted to rural areas within Snohomish County that have more limited access to public transportation to ensure that these individuals and families have equal access to the CE system.
Behavioral health navigators conduct outreach to encampments, sites & communities throughout Snohomish County to assist with enrollment in CE of individuals and families who are struggling with mental illness and/or cooccurring mental illness and chemical dependency. The navigators will provide direct assistance to homeless individuals and families including: engagement and outreach, assistance with enrollment in CE, navigator assistance for those enrolled in CE, and facilitating enrollment into mental health and/or chemical dependency services as needed. The navigators will also be responsible for providing mental health and chemical dependency capacity building and training to CE navigators, landlords, and housing agencies so that they are better informed about how to support these individuals.

HHS’ Projects for Assistance in Transition to Homelessness (PATH) program staff assist individuals who are homeless and have serious mental illnesses connect to the CE system.

The CE Training & Services Supervisor presents CE information to local community groups, including mainstream services.

**4d. Does the coordinated entry process use a comprehensive, standardized assessment process?**

Yes

**4e. Describe the referral process and how the coordinated entry process ensures that participants are directed to appropriate housing and/or services.**

The CE system makes referrals to all of the region’s homeless housing/services resources, including to all of CoC-funded permanent supportive housing and CoC- and ESG-funded rapid rehousing; ESG emergency shelters participate in the CE system by ensuring that participants are entered in CE. The CoC does not have any CoC- or ESG-funded transitional housing. Every CE site offers information and referral services to any household seeking housing services and refers homeless households to navigators, either on-site or off-site, who provide a range of rehousing services. To ensure consistency of services across sites and fidelity to best practice, CE intake and navigation staff are required to conform to service delivery policies and procedures outlined in the CE Policy.

The CE system is person-centered. Homeless individuals and families who are assisted through the CE system have the choice to accept referrals to housing and/or services. The CE system operates using a Housing First and Low-Barrier approach; while services are offered, they are not mandated. Households may turn down housing and/or services for any reason. Households, to the extent possible, are given the choice of where to live.

A standardized Intake Assessment is administered by 10 sites and is the first step assessment; it gathers basic household characteristics and determines next-step referral needs. CE sites are located throughout the region so that individuals & families have multiple locations from which they can access housing and services. CE sites tasked with serving a pathway population (veterans, unaccompanied youth, DV victims) were selected for their experience and expertise in serving the specific population. Homeless housing navigators and emergency shelter staff throughout the system utilize a standardized Housing Assessment to determine the appropriate response to a homeless individual or family’s particular housing crisis. Housing navigators work together...
with homeless households to also address their immediate barriers to housing stability by providing direct referrals to tailored services by CE partners, including landlord dispute resolution and family mediation, civil legal assistance, mental health and chemical dependency services and a range of employment and job training programs. The assessment determines eligibility for Snohomish County’s rapid rehousing, transitional housing, and permanent supportive housing, and determines prioritization for program placement. Housing navigators enter households’ eligibility and prioritization assessment information in the CE HMIS so that individuals and families can be referred directly to program openings. Eligible households are referred to openings in the adopted order of prioritization. The housing eligibility assessment, prioritization and referral process are built into the County’s HMIS to promote transparency and accuracy of referrals and services across sites. Chronically homeless households with longest lengths of homelessness, severe service needs/highest vulnerabilities are prioritized; high service needs include medical fragility, high utilization of crisis/emergency services, tri-morbidity, other vulnerability factors (threat of victimization, unsheltered children, pregnancy).

4f. If the coordinated entry process includes differences in the access, entry, assessment, or referral for certain populations, are those differences limited only to the following four groups: Individuals, Families, DV, and Youth?

Yes

Please note that, new for FY 2017, there are no detailed budget screens for Leased Structures, Supportive Services, Operating, or HMIS costs. HUD expects the original details of past approved budgets for these costs to be the basis for future expenses. However, any reasonable and eligible costs within each CoC cost category can be expended and will be verified during a HUD monitoring.

2B. Experience of Applicant, Subrecipient(s), and Other Partners

1. Describe the experience of the applicant and potential subrecipients (if any), in effectively utilizing federal funds and performing the activities proposed in the application, given funding and time limitations.

Snohomish County has been the recipient of multiple sources of federal funding for several years. The County is currently the UFA for the Everett/Snohomish County Continuum of Care (CoC) grants. The County has a history of successful implementation of various program types.

Domestic Violence Services of Snohomish County (DVS), the subrecipient, has been providing safe, confidential housing, with a continuum of supportive services, to victims of domestic violence, and their children for over 40 years. Beginning as a small group of women providing services out of their homes, DVS has grown to a multi-program organization with a staff of 39 employees plus relief staff and volunteers. Current DVS services include a 24-hour support line, emergency shelter, transitional housing, rapid rehousing, other permanent housing, children's services, support groups, legal advocacy, community advocacy, outreach, education, and professional training.

DVS has over 20 years of experience in managing federal funds, including a previously funded HUD Supportive Housing Program grant that supported the agency's transitional housing for victims of domestic violence, a current HUD CoC grant for Rapid Rehousing and other federal funds including Violence Against Women Act funds, Community Development Block Grant funds, ESG funds, and STOP Grant funds.

DVS has experience in developing and implementing new projects to address community needs. DVS opened a new 52-bed shelter over 5 years ago and opened 20 units of permanent housing in collaboration with the Everett Housing Authority over 3 years ago which expanded shelter, housing, and services for victims of domestic violence. The HUD CoC Rapid Rehousing project was first implemented over four years ago, and recently started its fifth year of implementation. In addition, DVS implemented a second Rapid Rehousing project over 2 years ago with State and local funds. DVS now has over four years of experience with the Rapid Rehousing program model through implementation of these two Rapid Rehousing projects. The proposed application would allow DVS to build on this experience and to expand its locally-funded Rapid Rehousing project to serve additional households/units.

DVS has several years of experience with meeting federal requirements under the HUD CoC program to ensure compliance with HUD's performance standards. DVS has a consistent record of spending out federal grants funds close to or up to the grant award amount and has consistently met requirements for reporting match and other resources.
2. Describe the experience of the applicant and potential subrecipients (if any) in leveraging other Federal, State, local, and private sector funds.

Snohomish County has several years of experience managing Federal, State, and local funds. As the Collaborative Application for the CoC and as a UFA, the County is well position to leverage other resources for both this project and other CoC and ESG projects.

DVS receives a range of state, local, and private sector funds that provide leverage in all DVS programs that are supported with Federal funds. These include Washington State DSHS Emergency Domestic Violence Shelter Grant and OCVA Domestic Violence Legal Advocacy Grant, City of Everett Legal Advocacy Grant, United Way of Snohomish County Program Grant, and Snohomish County filing fees. DVS also leverages funds from other agencies in Snohomish County through collaborations and partnerships that provide a range of services to the agency's clients.

3. Describe the basic organization and management structure of the applicant and subrecipients (if any). Include evidence of internal and external coordination and an adequate financial accounting system.

The Continuum of Care (CoC) Grant and Program Specialists, from the Office of Community and Homeless Services (OCHS) within the Snohomish County Human Services Department (HSD), manage subrecipient grants, including conducting annual monitoring and providing training and technical assistance, to ensure compliance with the CoC interim rule. The OCHS Supervisor is responsible for overall project management and oversight of the Continuum of Care (CoC) program. Regular OCHS staff meetings, including meetings specific to CoC grant oversight, and Supervisor review, ensure that work is completed in a timeline manner and consistent with the CoC requirements and the HUD grant agreement.

The Department maintains effective financial internal control via segregation of duties and multiple levels of review. Separate revenue accounts are set up in the County's financial system (Cayenta) for each federal revenue source. The Grant Accountant reviews subrecipient invoices and works with the CoC Grant and Program Specialists to resolve identified issues. The Financial Compliance Officer completes subrecipient monitoring and eLOCCS draw, after final review of monthly program close-out by the Administrative services Division Manager.

DVS's basic organization and management structure is as follows: DVS is an independent non-profit 501(c)(3) corporation. A volunteer Board of Directors is responsible for determining agency policy, long-term planning, fundraising, and has ultimate fiduciary responsibility for the agency. The Board of Directors hires and supervises the Agency's Executive Director, who is responsible for ensuring implementation of the agency's mission and goals. The Deputy Director of Programs supervises the Housing Director, Legal Advocacy Director, Development Director, Finance Director, and Grants/Contract Manager. DVS has written policies and procedures for its financial/accounting, personnel, and program operations and a Management Plan for its HUD CoC project.
4a. Are there any unresolved monitoring or audit findings for any HUD grants (including ESG) operated by the applicant or potential subrecipients (if any)?  No

5. Does this project use one or more properties that have been conveyed through the Title V process? No

6. Is this new project application requesting to transition from eligible renewal project(s) that were awarded to the same recipient and fully eliminated through reallocation in the FY 2018 CoC Program Competition? (Section II.B.2. and Section III.C.3.q. of the FY 2018 NOFA). No
3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.

This proposed project will expand DVS’s current non-CoC Rapid Rehousing project which was initiated in 2015 with state/local funding. This expansion will increase the rapid re-housing capacity for survivors of domestic violence, helping to meet more of the need in our community. The funds will be dedicated specifically to serving survivors of domestic violence as defined in paragraph 24 CFR 578.3. DVS has been providing a continuum of services to victims of domestic violence for over 40 year, including shelter, housing, legal advocacy, support groups, children’s programs, and community education and prevention. The project will provide an intervention designed to help survivors of domestic violence and their children, who are homeless, fleeing or attempting to flee dangerous and often life-threatening conditions and have no other residence or support networks, to exit homelessness and return to safety and permanent housing as quickly as possible. Participants will receive safety planning combined with housing location and stabilization case management services from DVS. Assistance will be provided using the Housing First approach, and service delivery will incorporate Progressive Engagement, Motivational Interviewing, and Trauma-Informed Care techniques. Safety planning is incorporated throughout service delivery and DVS staff are trained and experienced in providing supportive services to victims of domestic violence and their children and in assisting participants in overcoming the unique needs victims of domestic violence often face in obtaining housing. An initial assessment of strengths, needs, and barriers is completed at entry and clients are assisted in creating a safety plan and addressing immediate safety needs. Clients are also assisted in creating a housing search plan and provide support in finding a housing unit that meets their needs. Once housed, participants are evaluated for housing stability and assisted in creating a Housing Stability Plan with the goal of retaining housing once the assistances ends. Assistance is offered in accessing mainstream benefits, employment, and educational resources with the goal of increasing income, and in accessing other support services such as legal advocacy, child care, mental health and chemical dependency treatment services. Projected project outcomes to reduce average Days to Move-In to 20 days, increase adults increasing total income to at least 16%, and at least 80% exiting to permanent housing.

2. For each primary project location or structure in the project, enter the number of days from the execution of the grant agreement that each of the following milestones will occur as related to CoC Program funds requested in this project application. If a milestone is not applicable, leave the associated fields blank. If the project has only one location or structure, or no structures, complete only column A. If multiple structures, complete one column for each structure.

Note: To expend funds within statutorily required deadlines, project applicants must be able to begin assistance within 12 months of conditional award. The one exception is for applicants who
are conditionally awarded sponsor-based and project-based rental assistance. These conditional award recipients will have 24 months to execute a grant agreement; however, HUD encourages all recipients conditionally awarded funds to begin assistance within 12 months. The estimated schedule should reflect these statutorily required deadlines.

4A. Supportive Services for Participants

1. Applicants requesting funds to provide housing or services to children and youth, with or without families, must establish policies and practices that are consistent with and do not restrict the exercise of rights provided by subtitle B of title VII of the McKinney-Vento Act (42 U.S.C. 11431, et seq.), and other laws (e.g. Head Start, part C of the Individuals with Disabilities Education Act) relating to the provision of educational and related services to individuals and families experiencing homelessness. Projects serving households with children or youth must have a staff person that is designated to ensure children or youth are enrolled in school and connected to the appropriate services within the community. Reminder: failure to comply with federal education assurances may result in Federal sanctions and significantly reduce the likelihood of receiving funding through the CoC Program Competition.

Please check the box that you acknowledge you will be required to meet the above requirements if you have any qualifying participants.

2. Describe how participants will be assisted to obtain and remain in permanent housing.

Participants will receive safety planning, financial assistance, and housing location and stability case management services from DVS. Services are provided by staff trained in trauma-informed care and experienced in working with survivors using a victim-centered approach and addressing the unique safety, trauma, and practical needs of survivors fleeing an abusive relationship. The initial focus is on addressing safety planning and assisting survivors to obtain housing and may involve protection orders, landlord and creditor advocacy, resolving lost access to documents due to fleeing, LEP services, and finding new schools or childcare arrangements. Once housed, housing stability focuses on increasing income, achievable employment goals and access to various support services to help survivors remain in permanent housing. Victim-centered approach takes into account power and control dynamics of domestic violence and impact on survivor in achieving housing stability and independence.

3. Describe specifically how participants will be assisted both to increase their employment and/or income and to maximize their ability to live independently.

As part of the Housing Stability Plan services offered, DVS will work with survivors in identifying achievable, client-centered goals, offer assistance in completing a budget, which includes household income and expenses, and offer assistance in identifying ways for the household to increase income through employment or mainstream benefits and connecting survivors to these supports. DVS will review progress and update the Housing Stability Plan with
participants at least once every three months. Housing stability case management services will address particular needs of survivors who may have never been financially independent, may have little or no employment experience, no independent credit record, have been isolated from any personal support system, and may have health, mental health, and chemical dependency issues that have not been addressed.

4. For all supportive services available to participants, indicate who will provide them and how often they will be provided.

6F. Supportive Services Budget

Instructions:

Enter the quantity and total budget request for each supportive services cost. The request entered should be equivalent to the cost of one year of the relevant supportive service.

Eligible Costs: The system populates a list of eligible supportive services for which funds can be requested. The costs listed are the only costs allowed under 24 CFR 578.53.

Quantity AND Description: This is a required field. A quantity AND description must be entered for each requested cost. Enter the quantity in detail (e.g. 1 FTE Case Manager Salary + benefits, or child care for 15 children) for each supportive service activity for which funding is being requested. Please note that simply stating “1FTE” is NOT providing “Quantity AND Detail” and limits HUD’s understanding of what is being requested. Failure to enter adequate ‘Quantity AND Detail’ may result in conditions being placed on an award and a delay of grant funding.

Annual Assistance Requested: This is a required field. For each grant year, enter the amount of funds requested for each activity. The amount entered must only be the amount that is DIRECTLY related to providing supportive services to homeless participants.

Total Annual Assistance Requested: This field is automatically calculated based on the sum of the annual assistance requests entered for each activity.

Grant Term: This field is populated based on the grant term selected on Screen "6A. Funding Request" and will be read only.

Total Request for Grant Term: This field is automatically calculated based on the total amount requested for each eligible cost multiplied by the grant term.

All total fields will be calculated once the required field has been completed and saved.

Additional Resources can be found at the HUD Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources

Accounts Management Operations I
Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember

- Additional training resources can be found on the HUD Exchange at https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/
- Program policy questions and problems related to completing the application in e-snaps may be directed to HUD via the HUD Exchange Ask A Question.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2018 Continuum of Care (CoC) Program Competition. For more information see FY 2018 CoC Program Competition NOFA.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2018 CoC Program NOFA and the FY 2017 General Section NOFA.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with onscreen text and the hide/show instructions found on each individual screen.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps.
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2017 Project Application will be imported into the FY 2018 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Expiring Shelter Plus Care projects requesting renewal funding for the first time under 24 CFR part 578, and rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Expiring Supportive Housing Projects requesting renewal funding for the first time under 24 CFR part 578, transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC’s HUD-approved GIW. If the ARA is reduced through the CoC’s reallocation process, the final project funding request must reflect the reduced amount listed on the CoC’s reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2018 CoC Program Competition NOFA.

Information About Submission without Changes

After Part 1 is completed; including this screen, Recipient Performance screen, and Renewal Grant Consolidation screen, then Parts 2-6, are available for review as “Read-Only;” except for 3A, 7A and 7B which are mandatory for all projects to update. After project applicants finish reviewing all screens, they will be guided to a "Submissions without Changes" Screen. At this screen, if applicants decide no edits or updates are required to any screens other than the mandatory questions, they can submit without changes. However, if changes to the application are required, e-snaps allows applicants to open individual screens for editing, rather than the entire application. After project applicants select the screens they intend to edit via checkboxes, click "Save" and those screens will be available for edit. Importantly, once an applicant makes those selections and clicks "Save" the applicant cannot uncheck those boxes.

If the project is a first-time renewal or selects "Fully Consolidated" on the Renewal Grants Consolidation screen, the "Submit Without Changes" function is not available, and applicants must input data into the application for all required fields relevant to the component type.
Recipient Performance

1. Has the recipient successfully submitted the APR on time for the most recently expired grant term related to this renewal project request?  
   No

   Explain why the APR for the most recently expired grant term related to this renewal project request has not been submitted.

   The most recently expired grant term ended June 30, 2018; the APR is not due until September 28, 2018.

2. Does the recipient have any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request?  
   No

3. Has the recipient maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request?  
   Yes

4. Have any Funds been recaptured by HUD for the most recently expired grant term related to this renewal project request?  
   Yes

   Explain the circumstances that led HUD to recapture funds from the most recently expired grant term related to this renewal project request.

   Funds were recaptured for the most recently expired grant term. The UFA has implemented stricter contract language and monitoring guidelines to track subrecipient spend down to ensure that project funds are fully expended at the end of the operating period. At the beginning of the operating period, the UFA requires subrecipients to submit management plans that clearly describe how the subrecipient will track and monitor spend down internally; the UFA provides ongoing technical assistance throughout the operating period to subrecipients. The UFA has implemented an internal monitoring schedule to track subrecipient spend down no less than monthly. In the CoC local competition, the UFA continues to use objective scoring criteria, including spend down, to rate/rank projects and reallocates poor performing projects.

   Low vacancy rates for private market rentals continue to pose a challenge for projects that use a scattered site model. Low vacancy rates makes it difficult to locate and obtain safe and affordable housing in the private market. The UFA continues its landlord engagement efforts. The project works with participants and landlords to overcome other barriers to obtaining housing. The recipient expects to fully expend funds for the current operating period.
 HUD encourages the consolidation of renewal grants. As part of the FY 2018 CoC Program project application process, project applicants can request their eligible renewal projects to be part of a Renewal Grant Consolidation. This process can consolidate up to 4 renewal grants into 1 consolidated grant. This means recipients no longer must wait for grant amendments to consolidate grants. All projects that are part of a renewal grant consolidation must expire in Calendar Year (CY) 2019, as confirmed on the FY 2018 Final GIW, must be to the same recipient, and must be for the same component and project type (i.e., PH-PSH, PH-RRH, Joint TH/PH-RRH, TH, SSO, SSO-CE or HMIS).

1. Is this project application requesting to be part of a renewal grant consolidation in the FY 2018 CoC Program Competition? No

If “No” click on “Next” or “Save & Next” below to move to the next screen.

5. Component Type: PH

6. Does this project use one or more properties that have been conveyed through the Title V process? No

7. Will this renewal project be part of a new application for a Renewal Expansion Grant? No
3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.

This project provides short- to medium-term tenant-based rental assistance to a minimum of 6 units at any given point in time. Assistance is provided to victims of domestic violence and their children at scattered-site units throughout Snohomish County.

DVS’ services are designed to address victims’ unique needs for safety and confidentiality and to assist in enhancing self-sufficiency and obtaining and maintaining permanent housing. Barriers often include: a significant decrease in household income, loss of housing and/or employment, lost access to social support networks, having to find new schooling or childcare arrangements, and for non-English speakers, a language barrier in navigating the legal system and accessing other community resources. Victims must navigate the legal system to ensure their longer-term safety through a Protection Order or other legal means.

Participants have an opportunity to develop a housing stability plan and safety plan. The housing stability plan uses a Self-Sufficiency Matrix to delineate specific steps to achieving self-sufficiency. Safety planning, which addresses the participant’s specific circumstances in relation to the abusive relationship she has experienced, is a first priority activity that includes: being prepared with essential documents and a place to go if the abuser finds her; taking measures to stay safe on-line with email and social media; safeguarding financial information and resources; addressing whether the abuser could have access to the participant’s place of employment or children’s school; and enrollment in the Address Confidentiality Program (ACP) if needed to ensure the participant’s safety.

Participants meet with a DVS case manager at a minimum of once per month to review the housing stability plan and to monitor progress. In order to achieve self-sufficiency, participants have access to support services provided by DVS and its community partners that provide employment readiness training, public benefits, childcare vouchers and subsidies, and legal assistance. DVS’ services include legal advocacy, community-based support groups, and children’s advocacy to ensure that the children are enrolled in school and receive educational services.

With 6 units assisted at any given point in time, DVS estimates that it will serve 24 households throughout the operating period. The projected outcomes for this project are to decrease the average number of days for participants to obtain permanent housing, increase the percentage of participants who exit to permanent housing, and increase the percentage of adults who increase their total income during the operating period.

The following information summarizes the funding request for the total term of the project. Budget amounts from the Leased Units, Rental Assistance, and Match screens have been automatically imported and cannot be edited. However, applicants must confirm and correct, if necessary, the total budget amounts for Leased Structures, Supportive Services, Operating, HMIS, and Admin. Budget amounts must reflect the most accurate project information according to the most recent project grant agreement or project grant agreement amendment, the CoC’s final HUD-approved FY 2017 GIW or the project budget as reduced due to CoC reallocation. Please note that, new for FY 2017, there are no detailed budget screens for Leased Structures, Supportive Services, Operating, or HMIS costs. HUD expects the original details of past approved budgets for these costs to be the basis for future expenses. However, any reasonable and eligible costs within each CoC cost category can be expended and will be verified during a HUD monitoring.

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember

- Additional training resources can be found on the HUD Exchange at https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/  
- Program policy questions and problems related to completing the application in e-snaps may be directed to HUD via the HUD Exchange Ask A Question.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2018 Continuum of Care (CoC) Program Competition. For more information see FY 2018 CoC Program Competition NOFA.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2018 CoC Program NOFA and the FY 2017 General Section NOFA.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with onscreen text and the hide/show instructions found on each individual screen.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps.
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2017 Project Application will be imported into the FY 2018 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Expiring Shelter Plus Care projects requesting renewal funding for the first time under 24 CFR part 578, and rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Expiring Supportive Housing Projects requesting renewal funding for the first time under 24 CFR part 578, transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC’s HUD-approved GIW. If the ARA is reduced through the CoC’s reallocation process, the final project funding request must reflect the reduced amount listed on the CoC’s reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2018 CoC Program Competition NOFA.

Information About Submission without Changes

After Part 1 is completed; including this screen, Recipient Performance screen, and Renewal Grant Consolidation screen, then Parts 2-6, are available for review as “Read-Only;” except for 3A, 7A and 7B which are mandatory for all projects to update. After project applicants finish reviewing all screens, they will be guided to a "Submissions without Changes" Screen. At this screen, if applicants decide no edits or updates are required to any screens other than the mandatory questions, they can submit without changes. However, if changes to the application are required, e-snaps allows applicants to open individual screens for editing, rather than the entire application. After project applicants select the screens they intend to edit via checkboxes, click "Save" and those screens will be available for edit. Importantly, once an applicant makes those selections and clicks "Save" the applicant cannot uncheck those boxes.

If the project is a first-time renewal or selects "Fully Consolidated" on the Renewal Grants Consolidation screen, the "Submit Without Changes" function is not available, and applicants must input data into the application for all required fields relevant to the component type.
Recipient Performance

1. Has the recipient successfully submitted the APR on time for the most recently expired grant term related to this renewal project request? No

3. Has the recipient maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request? No

   Explain why the recipient has not maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request.

   First time renewal and the first quarter has not been completed yet.

4. Have any Funds been recaptured by HUD for the most recently expired grant term related to this renewal project request? No
Renewal Grant Consolidation Screen

HUD encourages the consolidation of renewal grants. As part of the FY 2018 CoC Program project application process, project applicants can request their eligible renewal projects to be part of a Renewal Grant Consolidation. This process can consolidate up to 4 renewal grants into 1 consolidated grant. This means recipients no longer must wait for grant amendments to consolidate grants. All projects that are part of a renewal grant consolidation must expire in Calendar Year (CY) 2019, as confirmed on the FY 2018 Final GIW, must be to the same recipient, and must be for the same component and project type (i.e., PH-PSH, PH-RRH, Joint TH/PH-RRH, TH, SSO, SSO-CE or HMIS).

1. Is this project application requesting to be part of a renewal grant consolidation in the FY 2018 CoC Program Competition?  
   If “No” click on “Next” or “Save & Next” below to move to the next screen.  
   No

3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.

Everett Safe Streets Supportive Housing (ESSSH) project addresses the need for interventions that serve the rising chronically homeless population in Snohomish County. Many of the chronically homeless households identified during the Point In Time Count had multiple barriers. Of the chronically homeless households identified, 46% had one disabling condition and 54% had more than one disabling condition. The ESSSH project target population are the most vulnerable chronically homeless households (50 units), homeless youth ages 18-24 (10 units) and chronically homeless veterans (5 units). However, the eligibility criteria is not limited to single adults and does not automatically exclude households with children. Referral decisions will be made through the coordinated entry process in accordance with the CoCs CE policies and prioritization. ESSSH is a single site permanent supportive housing program that uses the evidence based housing first model. On site services include case management and residential counselors, who provide 24/7 services that are flexible and focused on housing stability. Residential counselors work as part of a multi-disciplinary team to address mental health, substance abuse, life skill, and health needs. The projected outcomes for this project are to increase the percentage of participants who remain in or exit to permanent housing, and to increase the percentage of adults who increase their total income during the operating period. To achieve these goals, Catholic Community Services partners with Catholic Housing Services to provide property management, and Veterans Administration and Cocoon House to provide specialized case management for veterans, and youth, respectively. The program has a health care treatment room which allows health care providers to treat participants on site, and reduce barriers to receiving care. CCS also leverages several “in house” programs including recovery services, volunteer chore, and long term care. CoC funding is essential to meet the needs of the most vulnerable chronically homeless population that ESSSH is designed to serve. Case management and residential counselors create housing stability by addressing the multiple barriers affecting vulnerable chronically homeless individuals.

The following information summarizes the funding request for the total term of the project. Budget amounts from the Leased Units, Rental Assistance, and Match screens have been automatically imported and cannot be edited. However, applicants must confirm and correct, if necessary, the total budget amounts for Leased Structures, Supportive Services, Operating, HMIS, and Admin. Budget amounts must reflect the most accurate project information according to the most recent project grant agreement or project grant agreement amendment, the CoC’s final HUD-approved FY 2017 GIW or the project budget as reduced due to CoC reallocation. Please note that, new for FY 2017, there are no detailed budget screens for Leased Structures, Supportive Services, Operating, or HMIS costs. HUD expects the original details of past approved budgets for these costs to be the basis for future expenses. However, any reasonable and eligible costs within each CoC cost category can be expended and will be verified during a HUD monitoring.

Dear Ms. Dessingue:

In a ruling dated March 25, 1946, we held that the agencies and instrumentalities and all educational, charitable and religious institutions operated, supervised, or controlled by or in connection with the Roman Catholic Church in the United States, its territories or possessions appearing in The Official Catholic Directory 1946, are entitled to exemption from federal income tax under the provisions of section 101(6) of the Internal Revenue Code of 1939, which corresponds to section 501(c)(3) of the 1986 Code. This ruling has been updated annually to cover the activities added to or deleted from the Directory.

The Official Catholic Directory for 2006 shows the names and addresses of all agencies and instrumentalities and all educational, charitable, and religious institutions operated by the Roman Catholic Church in the United States, its territories and possessions in existence at the time the Directory was published. It is understood that each of these is a non-profit organization, that no part of the net earnings thereof inures to the benefit of any individual, that no substantial part of their activities is for promotion of legislation, and that none are private foundations under section 509(a) of the Code.

Based on all information submitted, we conclude that the agencies and instrumentalities and educational, charitable, and religious institutions operated, supervised, or controlled by or in connection with the Roman Catholic Church in the United States, its territories or possessions appearing in The Official Catholic Directory for 2006 are exempt from federal income tax under section 501(c)(3) of the Code.

Donors may deduct contributions to the agencies, instrumentalities and institutions referred to above, as provided by section 170 of the Code. Bequests, legacies, devises, transfers or gifts to them or for their use are deductible for federal estate and gift tax purposes under sections 2055, 2106, and 2522 of the Code.
Ms. Deirdre Dessingue

Beginning January 1, 1984, unless specifically excepted, you and your subordinates must pay tax under the Federal Insurance Contributions Act (Social Security taxes) for each employee who is paid $100 or more in a calendar year, as indexed for inflation. You and your subordinates are not liable for the tax under the Federal Unemployment Tax Act (FUTA).

By May 31, 2007, please send three (3) copies of The Official Catholic Directory for 2007 to IRS TE/GE in Cincinnati; one copy to the Processing Campus in Ogden; two copies each to the EO Area Managers in Newark, Brooklyn, Chicago, St. Paul, Atlanta, Los Angeles, the IRS National Headquarters and the Director, EO Examinations, Dallas.

The conditions concerning the retention of your group exemption as set forth in our previous determination letter of August 17, 1983, remain in full force and effect.

Sincerely,

[Signature]

for Janna Skufca, Director, TE/GE

Attached is a copy of the Group Ruling issued to the United States Conference of Catholic Bishops on July 1, 2006 by the Internal Revenue Service ("IRS"), with respect to the federal tax status of Catholic organizations listed in the 2006 edition of the Official Catholic Directory ("OCD"). As explained in greater detail below, this ruling is important for establishing:

1. the exemption of such organizations from:
   
   (a) federal income tax;
   
   (b) federal unemployment tax (but see ¶ 5 of "Explanation" below); and

2. the deductibility, for federal income, gift and estate tax purposes, of contributions to such organizations.

The 2006 Group Ruling is the latest in a series that began with the original determination of March 25, 1946. In the 1946 document, the Treasury Department affirmed the exemption from federal income tax of all Catholic institutions listed in the OCD for that year. Each year since 1946, in a separate letter, the 1946 ruling has been extended to cover the institutions listed in the current OCD. The 2006 Group Ruling is consistent with the 2005 ruling. Annual group rulings clarify important tax consequences for Catholic institutions listed in the OCD, and should be retained for ready reference. Rulings from earlier years are important to establish the tax consequences of transactions that occurred during those years.

**Responsibilities under Group Ruling.** Diocesan officials who compile OCD information to send to the OCD publisher are responsible for the accuracy of such information. They must ensure that only qualified organizations are listed, that

---

1 A copy of the Group Ruling and this memo may be found on the USCCB website at [www.usccb.org/ogc](http://www.usccb.org/ogc).

2 Catholic organizations with independent IRS exemption determination letters are listed in the 2006 OCD with an asterisk (*), which is explained at page A-6 and indicates that such organizations are not covered by the Group Ruling.
organizations are listed under their correct legal names, that organizations that cease to qualify are deleted promptly, and that qualified newly-created organizations are listed as soon as possible. The current Group Ruling/OCD application package is available at [http://www.usccb.org/bishops/dfi/exemptionruling.htm](http://www.usccb.org/bishops/dfi/exemptionruling.htm).

**EXPLANATION**

1. **Exemption from Federal Income Tax.** The latest ruling reaffirms the exemption from federal income tax under section 501(c)(3) of the Code of "the agencies and instrumentalities and educational, charitable, and religious institutions operated, supervised or controlled by or in connection with the Roman Catholic Church in the United States, its territories or possessions appearing in the Official Catholic Directory for 2006" *(with the exception of organizations designated in the OCD with an asterisk and foreign organizations)*.

2. **Federal Excise Taxes.** Inclusion in the Group Ruling has no effect on an organization's liability for federal excise taxes. Exemption from these taxes is very limited. Please refer to your attorney any questions you may have about excise taxes.

3. **State/Local Taxes.** Inclusion in the Group Ruling does not automatically establish an organization's exemption from state or local income, sales or property taxes. Typically, separate exemptions must be obtained from the appropriate state or local tax authorities in order to qualify for any applicable exemptions. Please refer to your attorney any questions you may have about state or local tax exemptions.

4. **Deductibility of Contributions.** The Group Ruling assures donors that contributions to the institutions listed in the 2006 OCD and covered by the Group Ruling are deductible for federal income, gift, and estate tax purposes.

5. **Unemployment Tax.** The Group Ruling establishes exemption from *federal* unemployment tax only. Individual states may impose unemployment tax on organizations included in the Group Ruling, even though they are exempt from the federal tax. Please refer to your attorney any questions you may have about state unemployment tax.

6. **Social Security Tax.** All section 501(c)(3) organizations, including churches, are required to pay taxes under the Federal Insurance Contributions Act (FICA) for each employee who is paid $100 or more in a calendar year.\(^3\) Services performed by diocesan priests in the exercise of their ministry are not considered

---

\(^3\) Section 3121(w) of the Code permits certain church-related organizations to make an irrevocable election to avoid payment of FICA taxes, but only if such organizations are opposed for religious reasons to payment of social security taxes.
"employment" for FICA (Social Security) purposes, and FICA should not be withheld from their salaries. For Social Security purposes, diocesan priests are subject to self-employment tax ("SECA") on their salaries as well as on the value of meals and housing or housing allowances provided to them. Neither FICA nor income tax withholding is required on remuneration paid to religious institutes for members who are subject to vows of poverty and obedience and are employed by organizations included in the Official Catholic Directory.

7. Form 990. All organizations included in the OCD must file Form 990, Return of Organization Exempt from Income Tax, unless they are eligible for a mandatory or discretionary exception. There is no automatic exemption from the Form 990 filing requirement simply because an organization is listed in the OCD. Organizations required to file Form 990 must do so by the 15th day of the fifth month after the close of their fiscal year. Among the organizations not required to file Form 990 under section 6033 of the Code are: churches; integrated auxiliaries of churches; the exclusively religious activities of religious orders; schools below college level affiliated with a church or operated by a religious order; organizations with gross receipts normally not in excess of $25,000; and certain church-affiliated

4 I.R.C. § 3121(b)(8)(A).

7 The penalty for failure to file the Form 990 is $20 for each day the failure continues, up to a maximum of $10,000 or 5 percent of the organization’s gross receipts, whichever is less. However, organizations with annual gross receipts in excess of $1 million are subject to penalties of $100 per day, up to a maximum of $50,000. I.R.C. § 6652(c)(1)(A).

8 I.R.C. § 6033(a)(2)(A)(i); Treas. Reg. § 1.6033-2(h). To qualify as an integrated auxiliary of a church, an organization must be described in section 501(c)(3), qualify as other than a private foundation, be affiliated with a church, and qualify as internally supported. An organization will be considered internally supported unless it both:

(1) Offers admissions, goods, services, or facilities for sale, other than on an incidental basis, to the general public (except goods, services, or facilities sold at a nominal charge or substantially below cost), and

(2) normally receives more than 50 percent of its support from a combination of governmental sources; public solicitation of contributions (such as through a community fund drive); and receipts from the sale of admissions, goods, performance of services, or furnishing of facilities in activities that are not unrelated trades or businesses.

organizations that finance, fund or manage church assets, or maintain church retirement insurance programs, and organizations controlled by religious orders that finance, fund or manage assets used for exclusively religious activities.\(^{10}\)

Organizations that are required to file Form 990 must upon request make a copy of the form and its schedules and attachments (other than contributor lists) available for public inspection during regular business hours at the organization's principal office and at any regional or district offices having three or more employees. Form 990 for a particular year must be made available for a three year period beginning with the due date of the return.\(^{11}\) In addition, organizations that file Form 990 must comply with written or in-person requests for copies of the Form 990. The organization may impose no charge other than a reasonable fee to cover copying and mailing costs. If requested, copies of the Form 990 for the past three years must be provided. In-person requests must be satisfied on the same day. Written requests must be satisfied within 30 days.\(^{12}\)

8. **Revenue Procedure 75-50**. Rev. Proc. 75-50\(^{13}\) sets forth notice, publication, and recordkeeping requirements regarding racially nondiscriminatory policies that must be complied with by private schools, including church-related schools, as a condition of establishing and maintaining exempt status under section 501(c)(3) of the Code. Under Rev. Proc. 75-50 private schools are required to file an annual certification of racial nondiscrimination with the IRS. For private schools not required to file Form 990, the annual certification must be filed on Form 5578, Annual Certification of Racial Nondiscrimination for a Private School Exempt from Federal Income Tax. This form may be obtained from your local IRS office. Form 5578 must be filed by the 15th day of the fifth month following the close of the fiscal year. Form 5578 may be filed individually or by the diocese on behalf of all schools operated under diocesan auspices. The requirements of Rev. Proc. 75-50 remain in effect and must be complied with by all schools listed in the OCD. **Diocesan or school officials should insure that the requirements of Rev. Proc. 75-50 are**

\(^{10}\) Rev. Proc. 96-10, 1996-1 C.B. 577.

\(^{11}\) The penalty for failure to permit public inspection of the Form 990 is $20 for each day during which such failure continues, up to a maximum of $10,000. I.R.C. § 6652(c)(1)(C).

\(^{12}\) I.R.C. § 6104(d). Generally, a copy of an organization's exemption application and supporting documents must also be provided on the same basis. However, since Catholic organizations covered under the Group Ruling did not file exemption applications with IRS, nor did USCCB, organizations covered under the Group Ruling should respond to requests for public inspection and written or in-person requests for copies by providing a copy of the page of the current OCD on which they are listed. If a covered organization does not have a copy of the current OCD, it has two weeks within which to make it available for inspection and to comply with in-person requests for copies. Written requests must be satisfied within the general time limits.

\(^{13}\) 1975-2 C.B. 587.
met since failure to do so could jeopardize the exempt status of the school and, in the case of a school operated by a church, the exempt status of the church itself.

9. **Lobbying Activities.** Organizations included in the OCD may lobby for changes in the law, provided such lobbying is not more than an insubstantial part of their total activities. Attempts to influence legislation both directly and through grassroots lobbying are subject to this restriction. The term "lobbying" includes activities in support of or in opposition to referenda, constitutional amendments, and similar ballot initiatives. There is no distinction between lobbying activity that is related to an organization's exempt purposes and lobbying that is not. There is no fixed percentage that constitutes a safe harbor for "insubstantial" lobbying. Please refer to your attorney any questions you may have about permissible lobbying activities.

10. **Political Activities.** Organizations included in the Group Ruling may not participate or intervene in any political campaign on behalf of or in opposition to any candidate for public office. Violation of the prohibition against political activity can jeopardize the organization's tax-exempt status. In addition to revoking exempt status, IRS may also impose excise taxes on an exempt organization and its managers on account of political expenditures. Where there has been a flagrant violation, IRS has authority to seek an injunction against the exempt organization and immediate assessment of taxes due. Political Campaign Activity Guidance for Catholic Organizations (March 15, 2004) available at [www.usccb.org/ogc](http://www.usccb.org/ogc), contains detailed information regarding the political activity prohibition. If you have any questions in this regard, please refer them to your attorney.

11. **Public Charity Status.** The latest Group Ruling affirms that organizations included in the OCD are not private foundations under section 509(a) of the Code. However, the Group Ruling does not identify the subsection of section 509(a) under which a particular organization is classified as a public charity. Organizations must determine for themselves whether they qualify for such status under the provisions of section 509(a)(1), (a)(2) or (a)(3). Newly-created or newly-affiliated organizations must establish that they are not private foundations as a condition of inclusion in the Group Ruling and OCD.

12. **Group Exemption Number.** The group exemption number assigned to USCC is 928 or 0928. *This number must be included on each Form 990, Form 990-T, and Form 5578 required to be filed by any organization exempt under the Group Ruling.* We recommend against using the group exemption number on Form SS-4, Request for Employer Identification Number, because in the past this has resulted in IRS including USCCB as part of the organization's name when it enters the organization in its database.

---

14 IRS has expressed concern about organizations covered under the Group Ruling that fail to include the group exemption number, 0928, on their Form 990 filings, particularly the initial filing.

Information About Submission without Changes

After Part 1 is completed; including this screen, Recipient Performance screen, and Renewal Grant Consolidation screen, then Parts 2-6, are available for review as “Read-Only;” except for 3A, 7A and 7B which are mandatory for all projects to update. After project applicants finish reviewing all screens, they will be guided to a "Submissions without Changes" Screen. At this screen, if applicants decide no edits or updates are required to any screens other than the mandatory questions, they can submit without changes. However, if changes to the application are required, e-snaps allows applicants to open individual screens for editing, rather than the entire application. After project applicants select the screens they intend to edit via checkboxes, click "Save" and those screens will be available for edit. Importantly, once an applicant makes those selections and clicks "Save" the applicant cannot uncheck those boxes.

If the project is a first-time renewal or selects "Fully Consolidated" on the Renewal Grants Consolidation screen, the "Submit Without Changes" function is not available, and applicants must input data into the application for all required fields relevant to the component type.
Recipient Performance

1. Has the recipient successfully submitted the APR on time for the most recently expired grant term related to this renewal project request? No

Explain why the APR for the most recently expired grant term related to this renewal project request has not been submitted.

The most recently expired grant term ended June 30, 2018; the APR is not due until September 28, 2018.

2. Does the recipient have any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request? No

3. Has the recipient maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request? Yes

4. Have any Funds been recaptured by HUD for the most recently expired grant term related to this renewal project request? Yes

Explain the circumstances that led HUD to recapture funds from the most recently expired grant term related to this renewal project request.

Funds were recaptured for the most recently expired grant term because staffing costs were slightly less than anticipated and that we didn't have any additional HMIS related costs during this period. Negotiations with the HMIS vendor for some additional functionality were not completed by the end of the grant. The recipient expects to fully expend grant funds for the current operating period.
HUD encourages the consolidation of renewal grants. As part of the FY 2018 CoC Program project application process, project applicants can request their eligible renewal projects to be part of a Renewal Grant Consolidation. This process can consolidate up to 4 renewal grants into 1 consolidated grant. This means recipients no longer must wait for grant amendments to consolidate grants. All projects that are part of a renewal grant consolidation must expire in Calendar Year (CY) 2019, as confirmed on the FY 2018 Final GIW, must be to the same recipient, and must be for the same component and project type (i.e., PH-PSH, PH-RRH, Joint TH/PH-RRH, TH, SSO, SSO-CE or HMIS).

1. Is this project application requesting to be part of a renewal grant consolidation in the FY 2018 CoC Program Competition? No

   If “No” click on “Next” or “Save & Next” below to move to the next screen.

1. Provide a description that addresses the entire scope of the proposed project.

There is profound utility for an HMIS when the CoC is to be able to use the data to drive decision making and inform planning activities. The CoC’s current HMIS functionality is limited by staff capacity to perform the necessary scope of work. The CoC Board recognizes the need for greater focus on data management and the capacity to report data in various formats with accompanying analytics to drive decision-making and strategic planning activities.

The CoC HMIS Project Application supports HMIS eligible activities to operate and administrate a high functioning HMIS, which includes expansion, customization, and increased functionality:

- Technical assistance and training for users;
- Operations and administration;
- Customizing and enhancing HMIS;
- Reporting to the CoC and HUD;
- Completing data analysis, and presenting the CoC Board, provider groups, other stakeholders and interested parties in our community;
- Monitoring and reviewing data quality to ensuring high data quality for analytics and reporting;
- Minimizing the need for participation fees as a means to encourage broad provider/program participation;
- Staff time to work with vendor or perform activities to repair data and address workflow issues;
- Integrate and support the PATH, RHY and VASH programs into HMIS for reporting and analytics;
- Ensuring compliance with HUD HMIS standards;
- Produce unduplicated counts of persons experiencing or at-risk of homelessness;
- Comprehensive evaluation and analytics that describes the extent and nature of homelessness with the CoC;
- Identify patterns of services;
- Project evaluation and providing data for project review, rating and selection;
- Measure program and homeless system effectiveness, including HEARTH measures; and
- Develop and update HMIS policies, HMIS Governance Charter, provider HMIS agreements, confidentiality, privacy plan, security protocols, HIPPA & electronic records requirements.
Data management and analytics are critical to the CoC efforts to achieve goals to end homelessness. The CoC goals are aligned with the Federal Strategic Plan. The HMIS Team have received increasing requests for data, analytics, reports and presentations, as the Board, community and jurisdictions are seeking positive lasting solutions to end homelessness. The CoC funding will help ensure that we have broad rich data sets to work with and that will support decision making and planning throughout our CoC's geographic area.

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember

- Additional training resources can be found on the HUD Exchange at https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

- Program policy questions and problems related to completing the application in e-snaps may be directed to HUD via the HUD Exchange Ask A Question.

- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2018 Continuum of Care (CoC) Program Competition. For more information see FY 2018 CoC Program Competition NOFA.

- To ensure that applications are considered for funding, applicants should read all sections of the FY 2018 CoC Program NOFA and the FY 2017 General Section NOFA.

- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with onscreen text and the hide/show instructions found on each individual screen.

- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps.

- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2017 Project Application will be imported into the FY 2018 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.

- Expiring Shelter Plus Care projects requesting renewal funding for the first time under 24 CFR part 578, and rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).

- Expiring Supportive Housing Projects requesting renewal funding for the first time under 24 CFR part 578, transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC’s HUD-approved GIW. If the ARA is reduced through the CoC’s reallocation process, the final project funding request must reflect the reduced amount listed on the CoC’s reallocation forms.

- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2018 CoC Program Competition NOFA.

Information About Submission without Changes

After Part 1 is completed; including this screen, Recipient Performance screen, and Renewal Grant Consolidation screen, then Parts 2-6, are available for review as “Read-Only;” except for 3A, 7A and 7B which are mandatory for all projects to update. After project applicants finish reviewing all screens, they will be guided to a "Submissions without Changes" Screen. At this screen, if applicants decide no edits or updates are required to any screens other than the mandatory questions, they can submit without changes. However, if changes to the application are required, e-snaps allows applicants to open individual screens for editing, rather than the entire application. After project applicants select the screens they intend to edit via checkboxes, click "Save" and those screens will be available for edit. Importantly, once an applicant makes those selections and clicks "Save" the applicant cannot uncheck those boxes.

If the project is a first-time renewal or selects "Fully Consolidated" on the Renewal Grants Consolidation screen, the "Submit Without Changes" function is not available, and applicants must input data into the application for all required fields relevant to the component type.
Recipient Performance

1. Has the recipient successfully submitted the APR on time for the most recently expired grant term related to this renewal project request?  
   No

   Explain why the APR for the most recently expired grant term related to this renewal project request has not been submitted.
   The most recently expired grant term ended June 30, 2018; the APR is not due until September 28, 2018.

2. Does the recipient have any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request?  
   No

3. Has the recipient maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request?  
   Yes

4. Have any Funds been recaptured by HUD for the most recently expired grant term related to this renewal project request?  
   No
Renewal Grant Consolidation Screen

HUD encourages the consolidation of renewal grants. As part of the FY 2018 CoC Program project application process, project applicants can request their eligible renewal projects to be part of a Renewal Grant Consolidation. This process can consolidate up to 4 renewal grants into 1 consolidated grant. This means recipients no longer must wait for grant amendments to consolidate grants. All projects that are part of a renewal grant consolidation must expire in Calendar Year (CY) 2019, as confirmed on the FY 2018 Final GIW, must be to the same recipient, and must be for the same component and project type (i.e., PH-PSH, PH-RRH, Joint TH/PH-RRH, TH, SSO, SSO-CE or HMIS).

1. Is this project application requesting to be part of a renewal grant consolidation in the FY 2018 CoC Program Competition? No
   If “No” click on “Next” or “Save & Next” below to move to the next screen.

6. Does this project use one or more properties that have been conveyed through the Title V process? No

7. Will this renewal project be part of a new application for a Renewal Expansion Grant? No
3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.

Cocoon House will provide short- to medium-term tenant-based rental assistance to a minimum of 4 scattered site units at any given point in time. This project will fill a community need by serving unaccompanied homeless youth. CoC Program funds are needed to help end youth homelessness within the Everett/Snohomish County Continuum of Care. Specific housing locations will be based on client needs and preferences within the available rental market. Client-driven case management will be provided with a focus on building self-sufficiency and gaining permanent housing.

Cocoon House’s Case Manager will assist clients in obtaining and maintaining safe and desirable housing. Cocoon House will provide rental subsidies and other support to be adjusted as the client reaches higher levels of independence. Case Management will include landlord liaison services to support youth and property owners. Other areas of focus will include navigating systems, accessing mainstream benefits, establishing or strengthening connections to employment and education, and the fostering of beneficial life skills.

Cocoon House will serve young adults, ages 18 to 24, with program admission facilitated through the County’s Coordinated Entry System. Without critical services, youth are at risk of getting caught in a cycle that perpetuates poverty and homelessness. Homelessness creates a constant risk of victimization, physical and/or sexual assault, involvement in gangs, risk of sexual exploitation, and crimes of desperation as efforts to meet basic needs. Lack of physical health, mental health, and chemical dependency services can lead to serious conditions if left untreated. Homelessness also creates educational, training, and employment obstacles that easily compound and contribute to the likelihood of chronic homelessness throughout adulthood.

With a minimum of four units assisted at any given point in time, it is estimated that Cocoon House will serve six (6) youth per year. The projected outcomes are to increase the percentage of adults who increase their total income, to decrease the average number of days for participants to obtain permanent housing, and to increase the percentage of participants who exit to permanent housing during the operating period. An additional outcome is to increase the percentage of participants who increase their money management skills.

Relying on resources within the agency and community, Cocoon House will assist clients in developing internal and external supports to success in achieving and maintaining permanent housing. Cocoon House has relationships with many agencies within the County, including partnerships with Workforce Development Council, Catholic Community Services, and Compass Health. Cocoon staff are skilled at navigating both adult and youth systems within the county to assist participants in getting their needs met.

The following information summarizes the funding request for the total term of the project. Budget amounts from the Leased Units, Rental Assistance, and Match screens have been automatically imported and cannot be edited. However, applicants must confirm and correct, if necessary, the total budget amounts for Leased Structures, Supportive Services, Operating, HMIS, and Admin. Budget amounts must reflect the most accurate project information according to the most recent project grant agreement or project grant agreement amendment, the CoC’s final HUD-approved FY 2017 GIW or the project budget as reduced due to CoC reallocation. Please note that, new for FY 2017, there are no detailed budget screens for Leased Structures, Supportive Services, Operating, or HMIS costs. HUD expects the original details of past approved budgets for these costs to be the basis for future expenses. However, any reasonable and eligible costs within each CoC cost category can be expended and will be verified during a HUD monitoring.

Dear Taxpayer:

This is in response to your June 25, 2013, request for information regarding your tax-exempt status.

Our records indicate that you were recognized as exempt under section 501(c)(3) of the Internal Revenue Code in a determination letter issued in October 1994.

Our records also indicate that you are not a private foundation within the meaning of section 509(a) of the Code because you are described in section(s) 509(a)(1) and 170(b)(1)(A)(vi).

Donors may deduct contributions to you as provided in section 170 of the Code. Bequests, legacies, devises, transfers, or gifts to you or for your use are deductible for Federal estate and gift tax purposes if they meet the applicable provisions of sections 2055, 2106, and 2522 of the Code.

Please refer to our website www.irs.gov/eo for information regarding filing requirements. Specifically, section 6033(j) of the Code provides that failure to file an annual information return for three consecutive years results in revocation of tax-exempt status as of the filing due date of the third return for organizations required to file. We will publish a list of organizations whose tax-exempt status was revoked under section 6033(j) of the Code on our website beginning in early 2011.

Dear Mr. Sanchez:

A copy of an indirect cost rate agreement is being sent to you for signature. This agreement reflects an understanding reached between your organization and a member of my staff concerning the rate(s) that may be used to support your claim for indirect costs on grants and contracts with the Federal Government.

Please have the agreement signed by an authorized representative of your organization and return within ten business days of receipt. The signed agreement should be returned to me by email while retaining the copy for your files. Only when the signed agreement is returned, will we then reproduce and distribute the agreement to the appropriate awarding organizations of the Federal Government for their use.

An indirect cost proposal, together with the supporting information, is required to substantiate your claim for indirect costs under grants and contracts awarded by the Federal Government. Therefore, your next proposal based on actual costs for the fiscal year ending 06/30/19, is due in our office by 12/31/19. Please submit your next proposal electronically via email to CAS-SF@psc.hhs.gov.

Sincerely,

Direct salaries and wages including all fringe benefits.
SECTION II: SPECIAL REMARKS

TREATMENT OF FRINGE BENEFITS:
The fringe benefits are specifically identified to each employee and are charged individually as direct costs. The directly claimed fringe benefits are listed below.

TREATMENT OF PAID ABSENCES
Vacation, holiday, sick leave pay and other paid absences are included in salaries and wages and are claimed on grants, contracts and other agreements as part of the normal cost for salaries and wages. Separate claims are not made for the cost of these paid absences.

The following fringe benefits are treated as direct costs: FICA, Worker's Compensation, Unemployment, and Health Insurance.

The four-year extension of the indirect cost rate was granted in accordance with 2 CFR 200.414(g).

NEXT PROPOSAL DUE DATE
A proposal based on actual costs for fiscal year ending 06/30/19, will be due no later than 12/31/19.

DEFINITION OF EQUIPMENT
Equipment is defined as tangible nonexpendable personal property having a useful life of more than one year and an acquisition cost of $5,000 or more per unit.
SECTION III: GENERAL

A. LIMITATIONS:
The rates in this Agreement are subject to any statutory or administrative limitations and apply to a given grant, contract or other agreement only to the extent that funds are available. Acceptance of the rates is subject to the following conditions: (1) Only costs incurred by the organization were included in its indirect cost pool as finally accepted; such costs are legal obligations of the organization and are allowable under the governing cost principles; (2) The same costs that have been treated as indirect costs are not claimed as direct costs; (3) Similar types of costs have been accorded consistent accounting treatment; and (4) The information provided by the organization which was used to establish the rates is not later found to be materially incomplete or inaccurate by the Federal Government. In such situations the rate(s) would be subject to renegotiation at the discretion of the Federal Government.

B. ACCOUNTING CHANGES:
This Agreement is based on the accounting system purported by the organization to be in effect during the Agreement period. Changes to the method of accounting for costs which affect the amount of reimbursement resulting from the use of this Agreement require prior approval of the authorized representative of the cognizant agency. Such changes include, but are not limited to, changes in the charging of a particular type of cost from indirect to direct. Failure to obtain approval may result in cost disallowances.

C. FIXED RATES:
If a fixed rate is in this Agreement, it is based on an estimate of the costs for the period covered by the rate. When the actual costs for this period are determined, an adjustment will be made to a rate of a future year(s) to compensate for the difference between the costs used to establish the fixed rate and actual costs.

D. USE BY OTHER FEDERAL AGENCIES:
The rates in this Agreement were approved in accordance with the authority in Title 2 of the Code of Federal Regulations, Part 200 (2 CFR 200), and should be applied to grants, contracts and other agreements covered by 2 CFR 200, subject to any limitations in A above. The organization may provide copies of the Agreement to other Federal Agencies to give them early notification of the Agreement.

Information About Submission without Changes

After Part 1 is completed; including this screen, Recipient Performance screen, and Renewal Grant Consolidation screen, then Parts 2-6, are available for review as “Read-Only;” except for 3A, 7A and 7B which are mandatory for all projects to update. After project applicants finish reviewing all screens, they will be guided to a "Submissions without Changes" Screen. At this screen, if applicants decide no edits or updates are required to any screens other than the mandatory questions, they can submit without changes. However, if changes to the application are required, e-snaps allows applicants to open individual screens for editing, rather than the entire application. After project applicants select the screens they intend to edit via checkboxes, click "Save" and those screens will be available for edit. Importantly, once an applicant makes those selections and clicks "Save" the applicant cannot uncheck those boxes.

If the project is a first-time renewal or selects "Fully Consolidated" on the Renewal Grants Consolidation screen, the "Submit Without Changes" function is not available, and applicants must input data into the application for all required fields relevant to the component type.
Recipient Performance

1. Has the recipient successfully submitted the APR on time for the most recently expired grant term related to this renewal project request?  
   No

   Explain why the APR for the most recently expired grant term related to this renewal project request has not been submitted.
   
   The most recently expired grant term ended June 30, 2018; the APR is not due until September 28, 2018.

2. Does the recipient have any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request?  
   No

3. Has the recipient maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request?  
   Yes

4. Have any Funds been recaptured by HUD for the most recently expired grant term related to this renewal project request?  
   No
Renewal Grant Consolidation Screen

HUD encourages the consolidation of renewal grants. As part of the FY 2018 CoC Program project application process, project applicants can request their eligible renewal projects to be part of a Renewal Grant Consolidation. This process can consolidate up to 4 renewal grants into 1 consolidated grant. This means recipients no longer must wait for grant amendments to consolidate grants. All projects that are part of a renewal grant consolidation must expire in Calendar Year (CY) 2019, as confirmed on the FY 2018 Final GIW, must be to the same recipient, and must be for the same component and project type (i.e., PH-PSH, PH-RRH, Joint TH/PH-RRH, TH, SSO, SSO-CE or HMIS).

1. Is this project application requesting to be part of a renewal grant consolidation in the FY 2018 CoC Program Competition?  
   If “No” click on “Next” or “Save & Next” below to move to the next screen.  
   No

3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.

This project will provide 13 units of Permanent Supportive Housing for chronically homeless families with children who have multiple, complex challenges, and who require long-term housing with supportive services in order to maintain permanent housing and stable incomes. Housing Hope has provided housing and tailored services to homeless and low-income families for 28 years. Housing Hope Village, formerly a HUD-funded Transitional Housing project, opened in 1997 and has served hundreds of homeless and low-income families in its over 20 years of operation.

Housing Hope data indicates that among its client base, 70% of households are headed by single mothers, most of whom are under the age of 30. 60% of the children served are under the age of 5, making affordable childcare a significant need for most families. Participants often struggle with alcohol or drug abuse, chronic health conditions, developmental disabilities, physical disabilities, and/or mental illnesses.

Services provided by this project will include moderate to intensive case management, employment and training services, adult education, parent education, adult life skills training, connections to community resources, support to increase social support networks, child development services, assistance with transportation, drug and alcohol treatment and additional interventions as needed. The projected outcomes for this project are to increase the percentage of participants who remain in or exit to permanent housing, and to increase the percentage of adults who increase their total income during the operating period.

Housing Hope collaborates with dozens of community organizations, housing agencies, service providers, schools, colleges and employers to create a comprehensive web of services to assist families to maintain permanent housing and achieve increased levels of self-sufficiency. Housing Hope initiated the WRAPS Project, which provides group and 1:1 support for individuals recovering from alcohol or drug abuse. Housing Hope also operates the College of Hope adult life skills training academy and Tomorrow’s Hope Child Development Center, both of which provide services to partner housing and service agencies and are open to the general public. Other partner agencies and organizations include DSHS CSO, DCFS, WDC/WorkSource, local school districts and Community Colleges, Compass Health, Community Health Services, Sea Mar, Service Alternatives, Snohomish Legal Services, Northwest Justice Project, Cocoon House, Snohomish County Head Start, Snohomish County ECEAP and ChildStrive.

3C. Dedicated Plus

Dedicated and DedicatedPLUS

A “100% Dedicated” project is a permanent supportive housing project that commits 100% of its beds to chronically homeless individuals and families, according to NOFA Section III.3.b.

A “DedicatedPLUS” project is a permanent supportive housing project where 100% of the beds are dedicated to serve individuals with disabilities and families in which one adult or child has a disability, including unaccompanied homeless youth, that at a minimum, meet ONE of the following criteria according to NOFA Section III.3.d:

1. experiencing chronic homelessness as defined in 24 CFR 578.3;
2. residing in a transitional housing project that will be eliminated and meets the definition of chronically homeless in effect at the time in which the individual or family entered the transitional housing project;
3. residing in a place not meant for human habitation, emergency shelter, or safe haven; but the individuals or families experiencing chronic homelessness as defined at 24 CFR 578.3 had been admitted and enrolled in a permanent housing project within the last year and were unable to maintain a housing placement;
4. residing in transitional housing funded by a joint TH and PH-RRH component project and who were experiencing chronic homelessness as defined at 24 CFR 578.3 prior to entering the project;
5. residing and has resided in a place not meant for human habitation, a safe haven, or emergency shelter for at least 12 months in the last three years, but has not done so on four separate occasions; or
6. receiving assistance through a Department of Veterans Affairs (VA)-funded homeless assistance program and met one of the above criteria at initial intake to the VA’s homeless assistance system.

A renewal project where 100 percent of the beds are dedicated in their current grant as described in NOFA Section III.A.3.b. must either become DedicatedPLUS or remain 100% Dedicated. If a renewal project currently has 100 percent of its beds dedicated to chronically homeless individuals and families and elects to become a DedicatedPLUS project, the project will be required to adhere to all fair housing requirements at 24 CFR 578.93. Any beds that the applicant identifies in this application as being dedicated to chronically homeless individuals and families in a DedicatedPLUS project must continue to operate in accordance with Section III.A.3.b. Beds are identified on Screen 4B.

1. Indicate whether the project is "100% Dedicated", "DedicatedPLUS", or "N/A", according to the information provided above.

This screen is currently read only and only includes data from the previous grant. To make changes to this information, navigate to the Submission without Changes screen, select "Make Changes" in response to Question 2, and then check the box next each screen that requires a change to match the current grant agreement, as amended, or to account for a reallocation of funds.

The following information summarizes the funding request for the total term of the project. Budget amounts from the Leased Units, Rental Assistance, and Match screens have been automatically imported and cannot be edited. However, applicants must confirm and correct, if necessary, the total budget amounts for Leased Structures, Supportive Services, Operating, HMIS, and Admin. Budget amounts must reflect the most accurate project information according to the most recent project grant agreement or project grant agreement amendment, the CoC’s final HUD-approved FY 2017 GIW or the project budget as reduced due to CoC reallocation. Please note that, new for FY 2017, there are no detailed budget screens for Leased Structures, Supportive Services, Operating, or HMIS costs. HUD expects the original details of past approved budgets for these costs to be the basis for future expenses. However, any reasonable and eligible costs within each CoC cost category can be expended and will be verified during a HUD monitoring.

Our Letter Dated: April 30, 1988
Addendum Applies: No

_Dear Applicant:

This modifies our letter of the above date in which we stated that you would be treated as an organization that is not a private foundation until the expiration of your advance ruling period.

Your exempt status under section 501(a) of the Internal Revenue Code as an organization described in section 501(c)(3) is still in effect. Based on the information you submitted, we have determined that you are not a private foundation within the meaning of section 509(a) of the Code because you are an organization of the type described in section 509(a)(1) and 170(b)(1)(A)(vi).

Grantors and contributors may rely on this determination unless the Internal Revenue Service publishes notice to the contrary. However, if you lose your section 509(a)(1) status, a grantor or contributor may not rely on this determination if he or she was in part responsible for, or was aware of, the act or failure to act, or the substantial or material change on the part of the organization that resulted in your loss of such status, or if he or she acquired knowledge that the Internal Revenue Service had given notice that you would no longer be classified as a section 509(a)(1) organization.

If we have indicated in the heading of this letter that an addendum applies, the addendum enclosed is an integral part of this letter.

Because this letter could help resolve any questions about your private foundation status, please keep it in your permanent records.

If you have any questions, please contact the person whose name and telephone number are shown above.

Sincerely yours,

Michael J. Quinn
District Director

2B. Experience of Applicant, Subrecipient(s), and Other Partners

1. Describe the experience of the applicant and potential subrecipients (if any), in effectively utilizing federal funds and performing the activities proposed in the application, given funding and time limitations.

Snohomish County has been the recipient of multiple federal funding for several years. The County is currently the UFA for the Everett/Snohomish County Continuum of Care and the recipient of 16 HUD Continuum of Care (CoC) grants. The County has a history of successful implementation of various program types.

The Family Shelter and Interfaith Association have successfully implemented and operated a Rapid Rehousing program for just over two years. In that time Interfaith has been very successful in both finding housing and having clients maintain their housing after the Rapid Rehousing support ends. With this proposed application, Interfaith would build on this experience and expand this project to serve additional households/units. As an agency, Interfaith has the capacity to meet the requirements of federally funded grants. Through partnerships with the community and community organizations they have adequate donations and foundation grants to meet the match requirements of this grant.

2. Describe the experience of the applicant and potential subrecipients (if any) in leveraging other Federal, State, local, and private sector funds.

Snohomish County has several years of experience managing Federal, State, and local funds. As the Collaborative Applicant for the CoC and as a UFA, the County is well positioned to leverage other resources for both this project and other CoC and ESG projects.

Interfaith Association has a successful history of leveraging funds from a number of different government and private fund sources. This next year Interfaith expects to receive $106,000 from individual donations, $134,000 from foundations and over $400,000 in government funding that can be used to leverage this grant.

3. Describe the basic organization and management structure of the applicant and subrecipients (if any). Include evidence of internal and external coordination and an adequate financial accounting system.

The Continuum of Care (COC) Grant and Program Specialists, from the Office of Community and Homelessness Services (OCHS) within the Snohomish County Human Services Department (HSD), manage the subrecipient grants, including conducting annual monitoring and providing training and technical assistance, to ensure compliance with the CoC interim rule. The OCHS
Supervisor is responsible for overall project management and oversight of the Continuum of Care (CoC) program. Regular OCHS staff meetings, including meetings specific to CoC oversight, and Supervisor review, ensure that work is completed in a timely manner and consistent with CoC requirements and the HUD grant agreement.

The department maintains effective financial internal control via segregation of duties and multiple levels of review. Separate revenue accounts are set up within the County's financial system (Cayenta) for each federal revenue source. The Grant Accountant reviews subrecipient invoices and works with the CoC Grant and Program Specialists to resolve identified issues. The Financial Compliance Officer completes subrecipient financial monitoring and eLOCCS draws, after final review of monthly program close-out by the Administrative Services Division Manager.

The Interfaith Association of Northwest Washington is led by a nine member Board of Directors. The Board is the fiduciary agent for the association. Interfaith has excellent financial systems in place to monitor all funds and currently utilizes 501 Commons for all bookkeeping and accounting needs. Interfaith has an independent financial review each year and have a well trained staff working in the accounting department that is current on reporting requirements to all funding sources.

4a. Are there any unresolved monitoring or audit findings for any HUD grants (including ESG) operated by the applicant or potential subrecipients (if any)? No
3A. Project Detail

1b. CoC Collaborative Applicant Name: Snohomish, County of

2. Project Name: Interfaith Rapid Rehousing

3. Project Status: Standard

4. Component Type: PH

4a. Will the PH project provide PSH or RRH? RRH

5. Does this project use one or more properties that have been conveyed through the Title V process? No

6. Is this new project application requesting to transition from eligible renewal project(s) that were awarded to the same recipient and fully eliminated through reallocation in the FY 2018 CoC Program Competition? (Section II.B.2. and Section III.C.3.q. of the FY 2018 NOFA). No
3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.

This project would significantly expand the already successful rapid rehousing program that is operated by Interfaith Association of Northwest Washington. The Interfaith agency has a mission to help families with children experiencing homelessness and meet the community need for more short to medium term rental assistance along with case management to rapidly rehouse homeless families and individuals living on the street or in shelters and assist in developing stronger self-sufficiency. Currently, 10 families are being housed with up to 13 participating in the past year through this program. When expanded, this program would work with families directly from the Coordinated Entry system. The program would require the employment of a full time housing case manager and would help up to 10 families at a time with case management and rental assistance. The case management that Interfaith provides is designed to meet every client with services specific to their individual barriers and goals. This closely approximates Interfaith's experience with the current Rapid Rehousing program. This work would almost double the number of families that would be served with case management and short to medium term rental assistance in the community.

2. For each primary project location or structure in the project, enter the number of days from the execution of the grant agreement that each of the following milestones will occur as related to CoC Program funds requested in this project application. If a milestone is not applicable, leave the associated fields blank. If the project has only one location or structure, or no structures, complete only column A. If multiple structures, complete one column for each structure.

Note: To expend funds within statutorily required deadlines, project applicants must be able to begin assistance within 12 months of conditional award. The one exception is for applicants who are conditionally awarded sponsor-based and project-based rental assistance. These conditional award recipients will have 24 months to execute a grant agreement; however, HUD encourages all recipients conditionally awarded funds to begin assistance within 12 months. The estimated schedule should reflect these statutorily required deadlines.

4A. Supportive Services for Participants

1. Applicants requesting funds to provide housing or services to children and youth, with or without families, must establish policies and practices that are consistent with and do not restrict the exercise of rights provided by subtitle B of title VII of the McKinney-Vento Act (42 U.S.C. 11431, et seq.), and other laws (e.g. Head Start, part C of the Individuals with Disabilities Education Act) relating to the provision of educational and related services to individuals and families experiencing homelessness. Projects serving households with children or youth must have a staff person that is designated to ensure children or youth are enrolled in school and connected to the appropriate services within the community. Reminder: failure to comply with federal education assurances may result in Federal sanctions and significantly reduce the likelihood of receiving funding through the CoC Program Competition.

Please check the box that you acknowledge you will be required to meet the above requirements if you have any qualifying participants.

2. Describe how participants will be assisted to obtain and remain in permanent housing.

This project’s focus is to move homeless families into housing and minimizing barriers of families identified at intake including rental history, evictions, employment, low education level, substance abuse and mental health issues. After obtaining permanent housing clients will work with a case manager on a stability plan to connect with services and supports around chemical dependency, mental health, childcare, lifeskills, health, education job training and parenting. RRH cm’s will work with landlords on the needs of clients and show them the value of housing families working with quality case management. Cm’s will inspect housing ensuring it meets all federal guidelines. Interfaith also will be working with the landlord engagement efforts with the YWCA to assist landlords in working with RRH.

3. Describe specifically how participants will be assisted both to increase their employment and/or income and to maximize their ability to live independently.

Interfaith works with clients on goals including budget work around income and expenses and identifying ways to increase household income including accessing mainstream benefits and employment or improving current employment. Interfaith works in collaboration with other homeless service providers to help clients access the Rapid Reemployment Partnership. This has led to good paying jobs for clients who are homeless or in Rapid Rehousing. Interfaith has a case manager who is currently training in the SOAR program to assist eligible clients served in this grant to obtain SSI and SSDI services.
The education of many clients has increased through certificate programs at EVCC and College of Hope, and degree programs at EVCC and EDCC. All of these programs include resources for parents with children. The RRH case manager will assist in identifying and enrolling the clients in these types of programs. The goal of this RRH program is to help people move from homelessness to independence with the assistance case management and rent support. The goal is that over a 6-12 month period the client would gradually take over the total amount of their new homes rent and utilities. This program allows for them to be supported through rental assistance and case management as they reach that independence.

4. For all supportive services available to participants, indicate who will provide them and how often they will be provided. Click 'Save' to update.

## 6F. Supportive Services Budget

### Instructions:

Enter the quantity and total budget request for each supportive services cost. The request entered should be equivalent to the cost of one year of the relevant supportive service.

Eligible Costs: The system populates a list of eligible supportive services for which funds can be requested. The costs listed are the only costs allowed under 24 CFR 578.53.

Quantity AND Description: This is a required field. A quantity AND description must be entered for each requested cost. Enter the quantity in detail (e.g. 1 FTE Case Manager Salary + benefits, or child care for 15 children) for each supportive service activity for which funding is being requested. Please note that simply stating “1FTE” is NOT providing “Quantity AND Detail” and limits HUD’s understanding of what is being requested. Failure to enter adequate ‘Quantity AND Detail’ may result in conditions being placed on an award and a delay of grant funding.

Annual Assistance Requested: This is a required field. For each grant year, enter the amount of funds requested for each activity. The amount entered must only be the amount that is DIRECTLY related to providing supportive services to homeless participants.

Total Annual Assistance Requested: This field is automatically calculated based on the sum of the annual assistance requests entered for each activity.

Grant Term: This field is populated based on the grant term selected on Screen "6A. Funding Request" and will be read only.

Total Request for Grant Term: This field is automatically calculated based on the total amount requested for each eligible cost multiplied by the grant term.

All total fields will be calculated once the required field has been completed and saved.

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember

- Additional training resources can be found on the HUD Exchange at https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/
- Program policy questions and problems related to completing the application in e-snaps may be directed to HUD via the HUD Exchange Ask A Question.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2018 Continuum of Care (CoC) Program Competition. For more information see FY 2018 CoC Program Competition NOFA.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2018 CoC Program NOFA and the FY 2017 General Section NOFA.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with onscreen text and the hide/show instructions found on each individual screen.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps.
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2017 Project Application will be imported into the FY 2018 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Expiring Shelter Plus Care projects requesting renewal funding for the first time under 24 CFR part 578, and rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Expiring Supportive Housing Projects requesting renewal funding for the first time under 24 CFR part 578, transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC’s HUD-approved GIW. If the ARA is reduced through the CoC’s reallocation process, the final project funding request must reflect the reduced amount listed on the CoC’s reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2018 CoC Program Competition NOFA.

Information About Submission without Changes

After Part 1 is completed; including this screen, Recipient Performance screen, and Renewal Grant Consolidation screen, then Parts 2-6, are available for review as “Read-Only;” except for 3A, 7A and 7B which are mandatory for all projects to update. After project applicants finish reviewing all screens, they will be guided to a "Submissions without Changes" Screen. At this screen, if applicants decide no edits or updates are required to any screens other than the mandatory questions, they can submit without changes. However, if changes to the application are required, e-snaps allows applicants to open individual screens for editing, rather than the entire application. After project applicants select the screens they intend to edit via checkboxes, click "Save" and those screens will be available for edit. Importantly, once an applicant makes those selections and clicks "Save" the applicant cannot uncheck those boxes.

If the project is a first-time renewal or selects "Fully Consolidated" on the Renewal Grants Consolidation screen, the "Submit Without Changes" function is not available, and applicants must input data into the application for all required fields relevant to the component type.
Recipient Performance

1. Has the recipient successfully submitted the APR on time for the most recently expired grant term related to this renewal project request?
   No
   Explain why the APR for the most recently expired grant term related to this renewal project request has not been submitted.
   The most recently expired grant term ended June 30, 2018; the APR is not due until September 28, 2018.

2. Does the recipient have any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request?
   No

3. Has the recipient maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request?
   Yes

4. Have any Funds been recaptured by HUD for the most recently expired grant term related to this renewal project request?
   Yes
   Explain the circumstances that led HUD to recapture funds from the most recently expired grant term related to this renewal project request.
   Funds were recaptured for the most recently expired grant term. The UFA has implemented stricter contract language and monitoring guidelines to track subrecipient spend down to ensure that project funds are fully expended at the end of the operating period. At the beginning of the operating period, the UFA requires subrecipients to submit management plans that clearly describe how the subrecipient will track and monitor spend down internally; the UFA provides ongoing technical assistance throughout the operating period to subrecipients. The UFA has implemented an internal monitoring schedule to track subrecipient spend down no less than monthly. In the CoC local competition, the UFA continues to use objective scoring criteria, including spend down, to rate/rank projects and reallocates poor performing projects.

   Low vacancy rates for private market rentals continue to pose a challenge for projects that use a scattered site model. Low vacancy rates makes it difficult to locate and obtain safe and affordable housing in the private market. The UFA continues its landlord engagement efforts. The YWCA intends to increase staff that assists participants to locate and obtain housing. The recipient expects to fully expend funds for the current operating period.
HUD encourages the consolidation of renewal grants. As part of the FY 2018 CoC Program project application process, project applicants can request their eligible renewal projects to be part of a Renewal Grant Consolidation. This process can consolidate up to 4 renewal grants into 1 consolidated grant. This means recipients no longer must wait for grant amendments to consolidate grants. All projects that are part of a renewal grant consolidation must expire in Calendar Year (CY) 2019, as confirmed on the FY 2018 Final GIW, must be to the same recipient, and must be for the same component and project type (i.e., PH-PSH, PH-RRH, Joint TH/PH-RRH, TH, SSO, SSO-CE or HMIS).

1. Is this project application requesting to be part of a renewal grant consolidation in the FY 2018 CoC Program Competition? No
   If “No” click on “Next” or “Save & Next” below to move to the next screen.

3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.

The project provides long-term tenant-based rental assistance to a minimum of 18 units of Permanent Supportive Housing for chronically homeless adult individuals with disabilities. Four partner agencies collaborate in the provision of case management and supportive services: the YWCA Seattle | King | Snohomish (project sponsor), Catholic Community Services, Bridgeways and Compass Health. This is a challenging population to serve, with barriers that include mental illnesses, substance abuse, domestic violence, HIV/AIDS, developmental disabilities and physical disabilities. Nearly every client faces multiple barriers; all have long history of housing instability. The case management provided by the partner agencies includes comprehensive and varying services designed to meet each participant’s individual barriers and assists in achieving goals agreed upon by case manager and client. Upon acceptance to the program, participants are assisted in selecting a housing unit in Snohomish County that is appropriate in terms of their ability to access services. The projected outcomes for this project are to increase the percentage of participants who remain in or exit to permanent housing, and to increase the percentage of adults who increase their total income during the operating period. Partner agencies provide case management often in collaboration with other community providers, to ensure that program participants access and maintain mainstream income resources, stabilize/increase household income and develop stronger self-sufficiency and coping skills. Once participants move into this housing, they are able to focus on stabilizing income, becoming involved in volunteering, education, job training, and/or employment. During the time they are in housing, they continue to receive case management support to help them maintain sobriety, continue with mental health services, receive needed health and dental care, learn how to budget and manage their income, and develop support systems in the community. At such time as participants indicate readiness to move into other non-supportive housing such as Section 8 or public housing, case managers assist them with housing search and placement.

2. Does your project have a specific population focus? Yes

2a. Please identify the specific population focus. (Select ALL that apply)

3C. Dedicated Plus

Dedicated and DedicatedPLUS

A “100% Dedicated” project is a permanent supportive housing project that commits 100% of its beds to chronically homeless individuals and families, according to NOFA Section III.3.b.

A “DedicatedPLUS” project is a permanent supportive housing project where 100% of the beds are dedicated to serve individuals with disabilities and families in which one adult or child has a disability, including unaccompanied homeless youth, that at a minimum, meet ONE of the following criteria according to NOFA Section III.3.d:

1. experiencing chronic homelessness as defined in 24 CFR 578.3;
2. residing in a transitional housing project that will be eliminated and meets the definition of chronically homeless in effect at the time in which the individual or family entered the transitional housing project;
3. residing in a place not meant for human habitation, emergency shelter, or safe haven; but the individuals or families experiencing chronic homelessness as defined at 24 CFR 578.3 had been admitted and enrolled in a permanent housing project within the last year and were unable to maintain a housing placement;
4. residing in transitional housing funded by a joint TH and PH-RRH component project and who were experiencing chronic homelessness as defined at 24 CFR 578.3 prior to entering the project;
5. residing and has resided in a place not meant for human habitation, a safe haven, or emergency shelter for at least 12 months in the last three years, but has not done so on four separate occasions; or
6. receiving assistance through a Department of Veterans Affairs (VA)-funded homeless assistance program and met one of the above criteria at initial intake to the VA's homeless assistance system.

A renewal project where 100 percent of the beds are dedicated in their current grant as described in NOFA Section III.A.3.b. must either become DedicatedPLUS or remain 100% Dedicated. If a renewal project currently has 100 percent of its beds dedicated to chronically homeless individuals and families and elects to become a DedicatedPLUS project, the project will be required to adhere to all fair housing requirements at 24 CFR 578.93. Any beds that the applicant identifies in this application as being dedicated to chronically homeless individuals and families in a DedicatedPLUS project must continue to operate in accordance with Section III.A.3.b. Beds are identified on Screen 4B.

The following information summarizes the funding request for the total term of the project. Budget amounts from the Leased Units, Rental Assistance, and Match screens have been automatically imported and cannot be edited. However, applicants must confirm and correct, if necessary, the total budget amounts for Leased Structures, Supportive Services, Operating, HMIS, and Admin. Budget amounts must reflect the most accurate project information according to the most recent project grant agreement or project grant agreement amendment, the CoC’s final HUD-approved FY 2017 GIW or the project budget as reduced due to CoC reallocation. Please note that, new for FY 2017, there are no detailed budget screens for Leased Structures, Supportive Services, Operating, or HMIS costs. HUD expects the original details of past approved budgets for these costs to be the basis for future expenses. However, any reasonable and eligible costs within each CoC cost category can be expended and will be verified during a HUD monitoring.

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember

- Additional training resources can be found on the HUD Exchange at https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/
- Program policy questions and problems related to completing the application in e-snaps may be directed to HUD via the HUD Exchange Ask A Question.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2018 Continuum of Care (CoC) Program Competition. For more information see FY 2018 CoC Program Competition NOFA.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2018 CoC Program NOFA and the FY 2017 General Section NOFA.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with onscreen text and the hide/show instructions found on each individual screen.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps.
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2017 Project Application will be imported into the FY 2018 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Expiring Shelter Plus Care projects requesting renewal funding for the first time under 24 CFR part 578, and rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Expiring Supportive Housing Projects requesting renewal funding for the first time under 24 CFR part 578, transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC’s HUD-approved GIW. If the ARA is reduced through the CoC’s reallocation process, the final project funding request must reflect the reduced amount listed on the CoC’s reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2018 CoC Program Competition NOFA.

Information About Submission without Changes

After Part 1 is completed; including this screen, Recipient Performance screen, and Renewal Grant Consolidation screen, then Parts 2-6, are available for review as “Read-Only;” except for 3A, 7A and 7B which are mandatory for all projects to update. After project applicants finish reviewing all screens, they will be guided to a "Submissions without Changes" Screen. At this screen, if applicants decide no edits or updates are required to any screens other than the mandatory questions, they can submit without changes. However, if changes to the application are required, e-snaps allows applicants to open individual screens for editing, rather than the entire application. After project applicants select the screens they intend to edit via checkboxes, click "Save" and those screens will be available for edit. Importantly, once an applicant makes those selections and clicks "Save" the applicant cannot uncheck those boxes.

If the project is a first-time renewal or selects "Fully Consolidated" on the Renewal Grants Consolidation screen, the "Submit Without Changes" function is not available, and applicants must input data into the application for all required fields relevant to the component type.
Recipient Performance

1. Has the recipient successfully submitted the APR on time for the most recently expired grant term related to this renewal project request? No

   Explain why the APR for the most recently expired grant term related to this renewal project request has not been submitted.

   The most recently expired grant term ended June 30, 2018; the APR is not due until September 28, 2018.

2. Does the recipient have any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request? No

3. Has the recipient maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request? Yes

4. Have any Funds been recaptured by HUD for the most recently expired grant term related to this renewal project request? Yes

   Explain the circumstances that led HUD to recapture funds from the most recently expired grant term related to this renewal project request.

   Funds were recaptured for the most recently expired grant term. The UFA has implemented stricter contract language and monitoring guidelines to track subrecipient spend down to ensure that project funds are fully expended at the end of the operating period. At the beginning of the operating period, the UFA requires subrecipients to submit management plans that clearly describe how the subrecipient will track and monitor spend down internally; the UFA provides ongoing technical assistance throughout the operating period to subrecipients. The UFA has implemented an internal monitoring schedule to track subrecipient spend down no less than monthly. In the CoC local competition, the UFA continues to use objective scoring criteria, including spend down, to rate/rank projects and reallocates poor performing projects.

   Low vacancy rates for private market rentals continue to pose a challenge for projects that use a scattered site model. Low vacancy rates make it difficult to locate and obtain safe and affordable housing in the private market. The UFA continues its landlord engagement efforts. The YWCA intends to increase staff to assist participants to locate and obtain affordable housing. The recipient expects to fully expend funds for the current operating period.
HUD encourages the consolidation of renewal grants. As part of the FY 2018 CoC Program project application process, project applicants can request their eligible renewal projects to be part of a Renewal Grant Consolidation. This process can consolidate up to 4 renewal grants into 1 consolidated grant. This means recipients no longer must wait for grant amendments to consolidate grants. All projects that are part of a renewal grant consolidation must expire in Calendar Year (CY) 2019, as confirmed on the FY 2018 Final GIW, must be to the same recipient, and must be for the same component and project type (i.e., PH-PSH, PH-RRH, Joint TH/PHTHRH, TH, SSO, SSO-CE or HMIS).

1. Is this project application requesting to be part of a renewal grant consolidation in the FY 2018 CoC Program Competition? No

1. Provide a description that addresses the entire scope of the proposed project.

This project provides tenant-based rental assistance and supportive services to chronically homeless disabled adults in a minimum of 17 scattered site units throughout Snohomish County. The majority of participants are severely mentally ill and/or have substance abuse issues; many participants have been victims of domestic violence. The project is operated through a partnership between the YWCA of Seattle-King County-Snohomish County, Catholic Community Services, State Department of Disabilities, Sea Mar, Compass Health and Bridgeways. Upon acceptance to the program, participants are assisted in selecting a housing unit in Snohomish County as appropriate in terms of their ability to access services. The projected outcomes for this project are to increase the percentage of participants who remain in or exit to permanent housing, and to increase the percentage of adults who increase their total income during the operating period. Partner agencies provide a variety of individualized services for their clients in addition to case management; those services may include: life skills (parenting, budgeting, nutrition), mental health counseling and related services, substance abuse treatment services, legal and domestic violence services and referrals, referrals for health and dental care, assistance in applying for and obtaining mainstream resources, employment services, referrals for clients to participate in community volunteer activities, medications management, landlord-tenant education and advocacy, and payee services.

**3C. Dedicated Plus**

**Dedicated and DedicatedPLUS**

A “100% Dedicated” project is a permanent supportive housing project that commits 100% of its beds to chronically homeless individuals and families, according to NOFA Section III.3.b.

A “DedicatedPLUS” project is a permanent supportive housing project where 100% of the beds are dedicated to serve individuals with disabilities and families in which one adult or child has a disability, including unaccompanied homeless youth, that at a minimum, meet ONE of the following criteria according to NOFA Section III.3.d:

1. experiencing chronic homelessness as defined in 24 CFR 578.3;
2. residing in a transitional housing project that will be eliminated and meets the definition of chronically homeless in effect at the time in which the individual or family entered the transitional housing project;
3. residing in a place not meant for human habitation, emergency shelter, or safe haven; but the individuals or families experiencing chronic homelessness as defined at 24 CFR 578.3 had been admitted and enrolled in a permanent housing project within the last year and were unable to maintain a housing placement;
4. residing in transitional housing funded by a joint TH and PH-RRH component project and who were experiencing chronic homelessness as defined at 24 CFR 578.3 prior to entering the project;
5. residing and has resided in a place not meant for human habitation, a safe haven, or emergency shelter for at least 12 months in the last three years, but has not done so on four separate occasions; or
6. receiving assistance through a Department of Veterans Affairs (VA)-funded homeless assistance program and met one of the above criteria at initial intake to the VA's homeless assistance system.

A renewal project where 100 percent of the beds are dedicated in their current grant as described in NOFA Section III.A.3.b. must either become DedicatedPLUS or remain 100% Dedicated. If a renewal project currently has 100 percent of its beds dedicated to chronically homeless individuals and families and elects to become a DedicatedPLUS project, the project will be required to adhere to all fair housing requirements at 24 CFR 578.93. Any beds that the applicant identifies in this application as being dedicated to chronically homeless individuals and families in a DedicatedPLUS project must continue to operate in accordance with Section III.A.3.b. Beds are identified on Screen 4B.

1. Indicate whether the project is "100% Dedicated", "DedicatedPLUS", or "N/A", according to the information provided above.

6E. Summary Budget

This screen is currently read only and only includes data from the previous grant. To make changes to this information, navigate to the Submission without Changes screen, select "Make Changes" in response to Question 2, and then check the box next each screen that requires a change to match the current grant agreement, as amended, or to account for a reallocation of funds.

The following information summarizes the funding request for the total term of the project. Budget amounts from the Leased Units, Rental Assistance, and Match screens have been automatically imported and cannot be edited. However, applicants must confirm and correct, if necessary, the total budget amounts for Leased Structures, Supportive Services, Operating, HMIS, and Admin. Budget amounts must reflect the most accurate project information according to the most recent project grant agreement or project grant agreement amendment, the CoC’s final HUD-approved FY 2017 GIW or the project budget as reduced due to CoC reallocation. Please note that, new for FY 2017, there are no detailed budget screens for Leased Structures, Supportive Services, Operating, or HMIS costs. HUD expects the original details of past approved budgets for these costs to be the basis for future expenses. However, any reasonable and eligible costs within each CoC cost category can be expended and will be verified during a HUD monitoring.

Things to Remember

- Additional training resources can be found on the HUD Exchange at https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/ Program policy questions and problems related to completing the application in e-snaps may be directed to HUD via the HUD Exchange Ask A Question.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2018 Continuum of Care (CoC) Program Competition. Information About Submission without Changes

After Part 1 is completed; including this screen, Recipient Performance screen, and Renewal Grant Consolidation screen, then Parts 2-6, are available for review as “Read-Only;” except for 3A, 7A and 7B which are mandatory for all projects to update. After project applicants finish reviewing all screens, they will be guided to a "Submissions without Changes" Screen. At this screen, if applicants decide no edits or updates are required to any screens other than the mandatory questions, they can submit without changes. However, if changes to the application are required, e-snaps allows applicants to open individual screens for editing, rather than the entire application. After project applicants select the screens they intend to edit via checkboxes, click "Save" and those screens will be available for edit. Importantly, once an applicant makes those selections and clicks "Save" the applicant cannot uncheck those boxes.

If the project is a first-time renewal or selects "Fully Consolidated" on the Renewal Grants Consolidation screen, the "Submit Without Changes" function is not available, and applicants must input data into the application for all required fields relevant to the component type.
Recipient Performance

1. Has the recipient successfully submitted the APR on time for the most recently expired grant term related to this renewal project request? No

   Explain why the APR for the most recently expired grant term related to this renewal project request has not been submitted.

   The most recently expired grant term ended June 30, 2018; the APR is not due until September 28, 2018.

2. Does the recipient have any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request? No

3. Has the recipient maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request? Yes

4. Have any Funds been recaptured by HUD for the most recently expired grant term related to this renewal project request? Yes

   Explain the circumstances that led HUD to recapture funds from the most recently expired grant term related to this renewal project request.

   Funds were recaptured for the most recently expired grant term. The UFA has implemented stricter contract language and monitoring guidelines to track subrecipient spend down to ensure that project funds are fully expended at the end of the operating period. At the beginning of the operating period, the UFA requires subrecipients to submit management plans that clearly describe how the subrecipient will track and monitor spend down internally; the UFA provides ongoing technical assistance throughout the operating period to subrecipients. The UFA has implemented an internal monitoring schedule to track subrecipient spend down no less than monthly. In the CoC local competition, the UFA continues to use objective scoring criteria, including spend down, to rate/rank projects and reallocates poor performing projects.

   To comply with the CoC interim rule requirement for eligible operating costs and program income, this project was unable to fully expend all funds. Technical assistance has been provided; the recipient expects the project to fully expend its funds for the current operating year.
HUD encourages the consolidation of renewal grants. As part of the FY 2018 CoC Program project application process, project applicants can request their eligible renewal projects to be part of a Renewal Grant Consolidation. This process can consolidate up to 4 renewal grants into 1 consolidated grant. This means recipients no longer must wait for grant amendments to consolidate grants. All projects that are part of a renewal grant consolidation must expire in Calendar Year (CY) 2019, as confirmed on the FY 2018 Final GIW, must be to the same recipient, and must be for the same component and project type (i.e., PH-PSH, PH-RRH, Joint TH/PH-RRH, TH, SSO, SSO-CE or HMIS).

1. Is this project application requesting to be part of a renewal grant consolidation in the FY 2018 CoC Program Competition? No

If “No” click on “Next” or “Save & Next” below to move to the next screen.

1. Provide a description that addresses the entire scope of the proposed project.

This project provides twelve (12) units of permanent supportive housing for chronically homeless individuals in a low-barrier, housing first approach. The goals of this project include: increasing residential stability by supporting clients in maintaining their permanent housing; increasing skills and income by accessing mainstream resources; and achieving greater self-determination through a client-centered goal-driven individual action/service plan. CCS provides mental health services, case management, life skills training, substance abuse treatment, health care services, transportation and other services as needed.

The projected outcomes for this project are to increase the percentage of participants who remain in or exit to permanent housing and to increase the percentage of adults who increase their total income during the operating period. This will be achieved by connecting participants and/or assisting them with accessing mainstream resources for which they qualify and increasing their life skills as well as working to assist them with overcoming long-term barriers that have resulted in chronic homelessness.

The following information summarizes the funding request for the total term of the project. Budget amounts from the Leased Units, Rental Assistance, and Match screens have been automatically imported and cannot be edited. However, applicants must confirm and correct, if necessary, the total budget amounts for Leased Structures, Supportive Services, Operating, HMIS, and Admin. Budget amounts must reflect the most accurate project information according to the most recent project grant agreement or project grant agreement amendment, the CoC’s final HUD-approved FY 2017 GIW or the project budget as reduced due to CoC reallocation. Please note that, new for FY 2017, there are no detailed budget screens for Leased Structures, Supportive Services, Operating, or HMIS costs. HUD expects the original details of past approved budgets for these costs to be the basis for future expenses. However, any reasonable and eligible costs within each CoC cost category can be expended and will be verified during a HUD monitoring.

Dear Ms. Dessingue:

In a ruling dated March 25, 1946, we held that the agencies and instrumentalities and all educational, charitable and religious institutions operated, supervised, or controlled by or in connection with the Roman Catholic Church in the United States, its territories or possessions appearing in *The Official Catholic Directory* 1946, are entitled to exemption from federal income tax under the provisions of section 101(6) of the Internal Revenue Code of 1939, which corresponds to section 501(c)(3) of the 1986 Code. This ruling has been updated annually to cover the activities added to or deleted from the Directory.

*The Official Catholic Directory* for 2006 shows the names and addresses of all agencies and instrumentalities and all educational, charitable, and religious institutions operated by the Roman Catholic Church in the United States, its territories and possessions in existence at the time the Directory was published. It is understood that each of these is a non-profit organization, that no part of the net earnings thereof inures to the benefit of any individual, that no substantial part of their activities is for promotion of legislation, and that none are private foundations under section 509(a) of the Code.

Based on all information submitted, we conclude that the agencies and instrumentalities and educational, charitable, and religious institutions operated, supervised, or controlled by or in connection with the Roman Catholic Church in the United States, its territories or possessions appearing in *The Official Catholic Directory* for 2006 are exempt from federal income tax under section 501(c)(3) of the Code.

Donors may deduct contributions to the agencies, instrumentalities and institutions referred to above, as provided by section 170 of the Code. Bequests, legacies, devises, transfers or gifts to them or for their use are deductible for federal estate and gift tax purposes under sections 2055, 2106, and 2522 of the Code.
Ms. Deirdre Dessingue

Beginning January 1, 1984, unless specifically excepted, you and your subordinates must pay tax under the Federal Insurance Contributions Act (Social Security taxes) for each employee who is paid $100 or more in a calendar year, as indexed for inflation. You and your subordinates are not liable for the tax under the Federal Unemployment Tax Act (FUTA).

By May 31, 2007, please send three (3) copies of The Official Catholic Directory for 2007 to IRS TE/GE in Cincinnati; one copy to the Processing Campus in Ogden; two copies each to the EO Area Managers in Newark, Brooklyn, Chicago, St. Paul, Atlanta, Los Angeles, the IRS National Headquarters and the Director, EO Examinations, Dallas.

The conditions concerning the retention of your group exemption as set forth in our previous determination letter of August 17, 1983, remain in full force and effect.

Sincerely,

James Blair

SUBJECT: 2006 Group Ruling

FROM: Mark E. Chopko, General Counsel (Staff: Deirdre Dessingue, Associate General Counsel)

Attached is a copy of the Group Ruling issued to the United States Conference of Catholic Bishops on July 1, 2006 by the Internal Revenue Service ("IRS"), with respect to the federal tax status of Catholic organizations listed in the 2006 edition of the Official Catholic Directory ("OCD")\(^1\). As explained in greater detail below, this ruling is important for establishing:

1. the exemption of such organizations from:

   a. federal income tax;
   b. federal unemployment tax (but see ¶5 of "Explanation" below); and

2. the deductibility, for federal income, gift and estate tax purposes, of contributions to such organizations.

The 2006 Group Ruling is the latest in a series that began with the original determination of March 25, 1946. In the 1946 document, the Treasury Department affirmed the exemption from federal income tax of all Catholic institutions listed in the OCD for that year. Each year since 1946, in a separate letter, the 1946 ruling has been extended to cover the institutions listed in the current OCD\(^2\). The 2006 Group Ruling is consistent with the 2005 ruling. Annual group rulings clarify important tax consequences for Catholic institutions listed in the OCD, and should be retained for ready reference. Rulings from earlier years are important to establish the tax consequences of transactions that occurred during those years.

**Responsibilities under Group Ruling.** Diocesan officials who compile OCD information to send to the OCD publisher are responsible for the accuracy of such information. They must ensure that only qualified organizations are listed, that

\(^{1}\) A copy of the Group Ruling and this memo may be found on the USCCB website at [www.usccb.org/ogc](http://www.usccb.org/ogc).

\(^{2}\) Catholic organizations with independent IRS exemption determination letters are listed in the 2006 OCD with an asterisk (*), which is explained at page A-6 and indicates that such organizations are not covered by the Group Ruling.
organizations are listed under their correct legal names, that organizations that cease to qualify are deleted promptly, and that qualified newly-created organizations are listed as soon as possible. The current Group Ruling/OCD application package is available at http://www.usccb.org/bishops/dfi/exemptionruling.htm.

EXPLANATION

1. **Exemption from Federal Income Tax.** The latest ruling reaffirms the exemption from federal income tax under section 501(c)(3) of the Code of "the agencies and instrumentalities and educational, charitable, and religious institutions operated, supervised or controlled by or in connection with the Roman Catholic Church in the United States, its territories or possessions appearing in the Official Catholic Directory for 2006" (with the exception of organizations designated in the OCD with an asterisk and foreign organizations).

2. **Federal Excise Taxes.** Inclusion in the Group Ruling has no effect on an organization's liability for federal excise taxes. Exemption from these taxes is very limited. Please refer to your attorney any questions you may have about excise taxes.

3. **State/Local Taxes.** Inclusion in the Group Ruling does not automatically establish an organization's exemption from state or local income, sales or property taxes. Typically, separate exemptions must be obtained from the appropriate state or local tax authorities in order to qualify for any applicable exemptions. Please refer to your attorney any questions you may have about state or local tax exemptions.

4. **Deductibility of Contributions.** The Group Ruling assures donors that contributions to the institutions listed in the 2006 OCD and covered by the Group Ruling are deductible for federal income, gift, and estate tax purposes.

5. **Unemployment Tax.** The Group Ruling establishes exemption from federal unemployment tax only. Individual states may impose unemployment tax on organizations included in the Group Ruling, even though they are exempt from the federal tax. Please refer to your attorney any questions you may have about state unemployment tax.

6. **Social Security Tax.** All section 501(c)(3) organizations, including churches, are required to pay taxes under the Federal Insurance Contributions Act (FICA) for each employee who is paid $100 or more in a calendar year.\(^3\) Services performed by diocesan priests in the exercise of their ministry are not considered

---

\(^3\) Section 3121(w) of the Code permits certain church-related organizations to make an irrevocable election to avoid payment of FICA taxes, but only if such organizations are opposed for religious reasons to payment of social security taxes.
"employment" for FICA (Social Security) purposes, and FICA should not be withheld from their salaries. For Social Security purposes, diocesan priests are subject to self-employment tax ("SECA") on their salaries as well as on the value of meals and housing or housing allowances provided to them. Neither FICA nor income tax withholding is required on remuneration paid to religious institutes for members who are subject to vows of poverty and obedience and are employed by organizations included in the Official Catholic Directory.

7. **Form 990.** All organizations included in the OCD must file Form 990, Return of Organization Exempt from Income Tax, unless they are eligible for a mandatory or discretionary exception. There is no automatic exemption from the Form 990 filing requirement simply because an organization is listed in the OCD. Organizations required to file Form 990 must do so by the 15th day of the fifth month after the close of their fiscal year. Among the organizations not required to file Form 990 under section 6033 of the Code are: churches; integrated auxiliaries of churches; the exclusively religious activities of religious orders; schools below college level affiliated with a church or operated by a religious order; organizations with gross receipts normally not in excess of $25,000; and certain church-affiliated institutions. The penalty for failure to file the Form 990 is $20 for each day the failure continues, up to a maximum of $10,000 or 5 percent of the organization’s gross receipts, whichever is less. However, organizations with annual gross receipts in excess of $1 million are subject to penalties of $100 per day, up to a maximum of $50,000. I.R.C. § 6652(c)(1)(A). To qualify as an integrated auxiliary of a church, an organization must be described in section 501(c)(3), qualify as other than a private foundation, be affiliated with a church, and qualify as internally supported. An organization will be considered internally supported unless it both:

1. Offers admissions, goods, services, or facilities for sale, other than on an incidental basis, to the general public (except goods, services, or facilities sold at a nominal charge or substantially below cost), and

2. Normally receives more than 50 percent of its support from a combination of governmental sources; public solicitation of contributions (such as through a community fund drive); and receipts from the sale of admissions, goods, performance of services, or furnishing of facilities in activities that are not unrelated trades or businesses.

---

7. I.R.C. § 6033(a)(2)(A)(ii); Treas. Reg. § 1.6033-2(h). To qualify as an integrated auxiliary of a church, an organization must be described in section 501(c)(3), qualify as other than a private foundation, be affiliated with a church, and qualify as internally supported. An organization will be considered internally supported unless it both:

1. Offers admissions, goods, services, or facilities for sale, other than on an incidental basis, to the general public (except goods, services, or facilities sold at a nominal charge or substantially below cost), and

2. Normally receives more than 50 percent of its support from a combination of governmental sources; public solicitation of contributions (such as through a community fund drive); and receipts from the sale of admissions, goods, performance of services, or furnishing of facilities in activities that are not unrelated trades or businesses.

organizations that finance, fund or manage church assets, or maintain church retirement insurance programs, and organizations controlled by religious orders that finance, fund or manage assets used for exclusively religious activities.\textsuperscript{10}

Organizations that are required to file Form 990 must upon request make a copy of the form and its schedules and attachments (other than contributor lists) available for public inspection during regular business hours at the organization’s principal office and at any regional or district offices having three or more employees. Form 990 for a particular year must be made available for a three year period beginning with the due date of the return.\textsuperscript{11} In addition, organizations that file Form 990 must comply with written or in-person requests for copies of the Form 990. The organization may impose no charge other than a reasonable fee to cover copying and mailing costs. If requested, copies of the Form 990 for the past three years must be provided. In-person requests must be satisfied on the same day. Written requests must be satisfied within 30 days.\textsuperscript{12}

8. \textbf{Revenue Procedure 75-50.} Rev. Proc. 75-50\textsuperscript{13} sets forth notice, publication, and recordkeeping requirements regarding racially nondiscriminatory policies that must be complied with by private schools, including church-related schools, as a condition of establishing and maintaining exempt status under section 501(c)(3) of the Code. Under Rev. Proc. 75-50 private schools are required to file an annual certification of racial nondiscrimination with the IRS. For private schools not required to file Form 990, the annual certification must be filed on Form 5578, Annual Certification of Racial Nondiscrimination for a Private School Exempt from Federal Income Tax. This form may be obtained from your local IRS office. Form 5578 must be filed by the 15th day of the fifth month following the close of the fiscal year. Form 5578 may be filed individually or by the diocese on behalf of all schools operated under diocesan auspices. The requirements of Rev. Proc. 75-50 remain in effect and must be complied with by all schools listed in the OCD. \textit{Diocesan or school officials should insure that the requirements of Rev. Proc. 75-50 are

\textsuperscript{10} Rev. Proc. 96-10, 1996-1 C.B. 577.

\textsuperscript{11} The penalty for failure to permit public inspection of the Form 990 is $20 for each day during which such failure continues, up to a maximum of $10,000. I.R.C. § 6652(c)(1)(C).

\textsuperscript{12} I.R.C. § 6104(d). Generally, a copy of an organization’s exemption application and supporting documents must also be provided on the same basis. However, since Catholic organizations covered under the Group Ruling did not file exemption applications with IRS, nor did USCCB, organizations covered under the Group Ruling should respond to requests for public inspection and written or in-person requests for copies by providing a copy of the page of the current OCD on which they are listed. If a covered organization does not have a copy of the current OCD, it has two weeks within which to make it available for inspection and to comply with in-person requests for copies. Written requests must be satisfied within the general time limits.

\textsuperscript{13} 1975-2 C.B. 587.
since failure to do so could jeopardize the exempt status of the school and, in the case of a school operated by a church, the exempt status of the church itself.

9. **Lobbying Activities.** Organizations included in the OCD may lobby for changes in the law, provided such lobbying is not more than an insubstantial part of their total activities. Attempts to influence legislation both directly and through grassroots lobbying are subject to this restriction. The term “lobbying” includes activities in support of or in opposition to referenda, constitutional amendments, and similar ballot initiatives. There is no distinction between lobbying activity that is related to an organization's exempt purposes and lobbying that is not. There is no fixed percentage that constitutes a safe harbor for “in substantial” lobbying. Please refer to your attorney any questions you may have about permissible lobbying activities.

10. **Political Activities.** Organizations included in the Group Ruling may not participate or intervene in any political campaign on behalf of or in opposition to any candidate for public office. **Violation of the prohibition against political activity can jeopardize the organization’s tax-exempt status.** In addition to revoking exempt status, IRS may also impose excise taxes on an exempt organization and its managers on account of political expenditures. Where there has been a flagrant violation, IRS has authority to seek an injunction against the exempt organization and immediate assessment of taxes due. Political Campaign Activity Guidance for Catholic Organizations (March 15, 2004) available at [www.usccb.org/ogc](http://www.usccb.org/ogc), contains detailed information regarding the political activity prohibition. If you have any questions in this regard, please refer them to your attorney.

11. **Public Charity Status.** The latest Group Ruling affirms that organizations included in the OCD are not private foundations under section 509(a) of the Code. However, the Group Ruling does not identify the subsection of section 509(a) under which a particular organization is classified as a public charity. Organizations must determine for themselves whether they qualify for such status under the provisions of section 509(a)(1), (a)(2) or (a)(3). Newly-created or newly-affiliated organizations must establish that they are not private foundations as a condition of inclusion in the Group Ruling and OCD.

12. **Group Exemption Number.** The group exemption number assigned to USCC is 928 or 0928. *This number must be included on each Form 990, Form 990-T, and Form 5578 required to be filed by any organization exempt under the Group Ruling.* 14 We recommend against using the group exemption number on Form SS-4, Request for Employer Identification Number, because in the past this has resulted in IRS including USCCB as part of the organization’s name when it enters the organization in its database.

---

14 IRS has expressed concern about organizations covered under the Group Ruling that fail to include the group exemption number, 0928, on their Form 990 filings, particularly the initial filing.

2B. Experience of Applicant, Subrecipient(s), and Other Partners

1. Describe the experience of the applicant and potential subrecipients (if any), in effectively utilizing federal funds and performing the activities proposed in the application, given funding and time limitations.

Snohomish County has been the recipient of multiple federal funding for several years. The County is currently the UFA for the Everett/Snohomish County Continuum of Care and the recipient of 16 HUD Continuum of Care (CoC) grants. The County has a history of successful implementation of various program types.

The YWCA of Seattle-King County-Snohomish County (YWCA), the subrecipient, has several years of experience in working with and addressing the target population's identified housing and supportive service needs. The YWCA has managed HUD CoC funding for over 15 years. The YWCA's current HUD CoC-funded projects serving the Snohomish County region include four Permanent Supportive Housing projects which provide over 300 units of permanent supportive housing to homeless, disabled individuals and families and one Rapid Rehousing project serving homeless individuals and families. The YWCA has extensive experience working with low-income, homeless individuals facing multiple barriers to obtain and maintain permanent housing.

The YWCA has experience in developing and implementing new projects to address community needs. The HUD CoC Rapid Rehousing project and one of the HUD CoC Permanent Supportive Housing projects are new projects funded and implemented over the past two years and recently started their third year of operation. The YWCA now has over two years of experience with the Rapid Rehousing program model through implementation of this Rapid Rehousing project. The proposed application would allow the YWCA to build on this experience and expand this project to serve additional households/units.

The YWCA has several years of experience with meeting federal requirements under the HUD CoC program to ensure compliance with HUD's Performance Standards. The YWCA has a clear process regarding Fair Housing, unit inspections, and documenting compliance with the HEARTH/Interim Rules and Snohomish County Local Standards. The YWCA oversees the Landlord Engagement Project to aid connections with private landlords in the community to help house homeless participants. The YWCA has a successful history of identifying and securing matching funds for its HUD CoC grants, including in-kind fund provided through partnerships with community organizations via MOU's, which increase the services available to program participants to help achieve stability and move towards independence.

2. Describe the experience of the applicant and potential subrecipients (if
any) in leveraging other Federal, State, local, and private sector funds.

Snohomish County has several years of experience managing Federal, State, and local funds. As the Collaborative Applicant for the CoC and as a UFA, the County is well positioned to leverage other resources for both this project and other CoC and ESG projects.

The YWCA has a long history of leveraging Federal, State, Municipal, and private sector funds. In order to continue to receive government grants, it is essential for the YWCA to leverage the work they do. Of the overall organization's budget, 49.7% is from government grants, 26.3% is from philanthropic sources, and the remaining 24% is from housing voucher payments and client fees.

3. Describe the basic organization and management structure of the applicant and subrecipients (if any). Include evidence of internal and external coordination and an adequate financial accounting system.

The Continuum of Care (CoC) Grant and Program Specialists, from the Office of Community and Homeless Services (OCHS) within the Snohomish County Human Services Department (HSD), manage the subrecipient grants, including conducting annual monitoring and providing training and technical assistance, to ensure compliance with the CoC interim rule. The OCHS Supervisor is responsible for overall project management and oversight of the Continuum of Care (CoC) program. Regular OCHS staff meetings, including meetings specific to CoC grant oversight, and Supervisor review, ensure that work is completed in a timely manner and consistent with the CoC requirements and the HUD grant agreement.

The Department maintains effective financial internal control via segregation of duties and multiple levels of review. Separate revenue accounts are set up with in the County's financial system (Cayenta) for each federal revenue source. The Grant Accountant reviews subrecipient invoices and works with the CoC Grant and Program Specialists to resolve identified issues. The Financial Compliance Officer complete subrecipient financial monitoring and eLOCCS draws, after final review of monthly program close-out by the Administrative Services Division Manager.

The YWCA's basic organization and management structure is as follows: Program Managers oversee the work of staff providing direct support services. The Director supervises the Program Managers as well as staff in housing operations. The Executive Director (ED) oversees the overall functions of the program and the functions related to Business Office, Payroll, Human Resources, Development, and Information Technology (IT). The Controller and Chief Financial Officer (CFO) oversee all financial activity. The ED and CFO are supervised by the Chief Executive Officer who reports to the Board of Directors. The YWCA uses a large, stable Window-based accounting system (AccPac) to ensure all transactions are properly accounted for. The YWCA has written policies and procedures for its financial, personnel, and program operations. In addition, the YWCA has a Management Plan for each of its HUD CoC projects and MOU's with partner agencies that provide in-kind services for its CoC projects.
4a. Are there any unresolved monitoring or audit findings for any HUD grants (including ESG) operated by the applicant or potential subrecipients (if any)?

No
3A. Project Detail

2. Project Name: Pathways Home (RRH) Expansion

3. Project Status: Standard

4. Component Type: PH

4a. Will the PH project provide PSH or RRH? RRH

5. Does this project use one or more properties that have been conveyed through the Title V process? No

6. Is this new project application requesting to transition from eligible renewal project(s) that were awarded to the same recipient and fully eliminated through reallocation in the FY 2018 CoC Program Competition? (Section II.B.2. and Section III.C.3.q. of the FY 2018 NOFA). No
3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.

This expansion of the current Pathways Home RRH program will help meet the community need for more short- to medium-term rental assistance to rapidly rehouse homeless individuals and families living on the street or in shelters. The project will provide an intervention designed to help individuals and families exit homelessness and return to permanent housing as quickly as possible. Participants will receive financial assistance combined with housing location and stabilization case management services from the YWCA. Assistance will be provided using the Housing First approach, and service delivery will incorporate Progressive Engagement, Motivational Interviewing, and Trauma-Informed Care techniques. The focus population will be low-income homeless individuals and families. Nearly every client faces multiple barriers, which may include mental health issues, substance abuse, domestic violence, criminal history, poor rental/credit history, and/or other disabilities. Other challenges include lack of transportation, lack of adequate income/employment or skills and education. Most have a long history of housing instability. The case management provided by the YWCA is designed to meet each participant's individual barriers and goals and assist in achieving goals agreed upon by the Case Manager and client. An initial assessment of strengths, needs, and barriers of each person will be completed at entry to tailor the level of assistance. Participants are assisted in creating a housing search plan and a Family Advocate supports participants in finding a housing unit that is accessible to services and meets the needs of the household. Once housed, participants are evaluated for housing stability and assisted in creating a Housing Stability Plan with the goal of retaining housing once the assistance ends. Connections are offered to mainstream resources and benefits; employment, pre-employment and life skills; health services, child care, transportation and economic literacy; and a variety of other services available to increase income, develop a support system in the community, and develop stronger self-sufficiency and coping skills to assure housing retention. Case management services are provided in collaboration with other providers and many services are provided through partner agencies. The project will be provided within the YWCA's Social Justice Framework of equity and inclusion. Projected outcomes are to reduce the average number of days to permanent housing to 57, to increase the number permanently housed within 20 days, for at least 23% of adults increase income from enrollment to exit, and to increase exits to permanent housing to 74%.

2. For each primary project location or structure in the project, enter the number of days from the execution of the grant agreement that each of the following milestones will occur as related to CoC Program funds requested in this project application. If a milestone is not applicable, leave the associated fields blank. If the project has only one location or structure, or no structures, complete only column A. If multiple structures, complete one column for each structure.
Note: To expend funds within statutorily required deadlines, project applicants must be able to begin assistance within 12 months of conditional award. The one exception is for applicants who are conditionally awarded sponsor-based and project-based rental assistance. These conditional award recipients will have 24 months to execute a grant agreement; however, HUD encourages all recipients conditionally awarded funds to begin assistance within 12 months. The estimated schedule should reflect these statutorily required deadlines.

4A. Supportive Services for Participants

1. Applicants requesting funds to provide housing or services to children and youth, with or without families, must establish policies and practices that are consistent with and do not restrict the exercise of rights provided by subtitle B of title VII of the McKinney-Vento Act (42 U.S.C. 11431, et seq.), and other laws (e.g. Head Start, part C of the Individuals with Disabilities Education Act) relating to the provision of educational and related services to individuals and families experiencing homelessness. Projects serving households with children or youth must have a staff person that is designated to ensure children or youth are enrolled in school and connected to the appropriate services within the community. Reminder: failure to comply with federal education assurances may result in Federal sanctions and significantly reduce the likelihood of receiving funding through the CoC Program Competition.

Please check the box that you acknowledge you will be required to meet the above requirements if you have any qualifying participants.

2. Describe how participants will be assisted to obtain and remain in permanent housing.

Participants will receive financial assistance and housing location and stability case management services from the YWCA. Assistance will be provided using the Housing First approach, and service delivery will incorporate Progressive Engagement, Motivational Interviewing, and Trauma-Informed Care techniques. The initial focus will be on helping participants obtain housing. After initial assessment, a client-centered action plan will be developed and assistance will be offered to overcome immediate barriers to obtaining housing in the private market, to locate housing of participant’s choice, and to engage with landlords to house people as quickly as possible. Once housed, a client-centered housing stability plan will be developed and the YWCA will assist in connection to voluntary services and supports the participant wants/needs to achieve housing stability such as services related to chemical dependency, mental health, childcare, lifeskills, health, education, and parenting.

3. Describe specifically how participants will be assisted both to increase their employment and/or income and to maximize their ability to live independently.

As part of the Housing Stability Plan services offered, the YWCA will work with participants in identifying feasible client-centered goals, offer assistance in completing a budget, which includes household income and expenses, and offer assistance in identifying ways for the household to increase income through employment or increased/better employment and/or mainstream benefits. The YWCA will also offer assistance in connecting to mainstream benefits and assistance in connecting with employment, pre-employment, or life
skills programs depending on the participant's level of job readiness as assessed through the Employment Readiness Scale (ERS). A SOAR trained advocate will be available to make referrals to SSI/SSDI technical assistance when needed. The YWCA will review progress and update the Housing Stability Plan with participants at least once every three months, using a client-centered approach.

4. For all supportive services available to participants, indicate who will provide them and how often they will be provided. Click 'Save' to update.

### 6F. Supportive Services Budget

**Instructions:**

Enter the quantity and total budget request for each supportive services cost. The request entered should be equivalent to the cost of one year of the relevant supportive service.

Eligible Costs: The system populates a list of eligible supportive services for which funds can be requested. The costs listed are the only costs allowed under 24 CFR 578.53.

Quantity AND Description: This is a required field. A quantity AND description must be entered for each requested cost. Enter the quantity in detail (e.g. 1 FTE Case Manager Salary + benefits, or child care for 15 children) for each supportive service activity for which funding is being requested. Please note that simply stating “1FTE” is NOT providing “Quantity AND Detail” and limits HUD’s understanding of what is being requested. Failure to enter adequate ‘Quantity AND Detail’ may result in conditions being placed on an award and a delay of grant funding.

Annual Assistance Requested: This is a required field. For each grant year, enter the amount of funds requested for each activity. The amount entered must only be the amount that is DIRECTLY related to providing supportive services to homeless participants.

Total Annual Assistance Requested: This field is automatically calculated based on the sum of the annual assistance requests entered for each activity.

Grant Term: This field is populated based on the grant term selected on Screen "6A. Funding Request" and will be read only.

Total Request for Grant Term: This field is automatically calculated based on the total amount requested for each eligible cost multiplied by the grant term.

All total fields will be calculated once the required field has been completed and saved.

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember

- Additional training resources can be found on the HUD Exchange at https://www.hudexchange.info/e-snaps-guides/coc-program-competition-resources/
- Program policy questions and problems related to completing the application in e-snaps may be directed to HUD via the HUD Exchange Ask A Question.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2018 Continuum of Care (CoC) Program Competition. For more information see FY 2018 CoC Program Competition NOFA.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2018 CoC Program NOFA and the FY 2017 General Section NOFA.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with onscreen text and the hide/show instructions found on each individual screen.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps.
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2017 Project Application will be imported into the FY 2018 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Expiring Shelter Plus Care projects requesting renewal funding for the first time under 24 CFR part 578, and rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Expiring Supportive Housing Projects requesting renewal funding for the first time under 24 CFR part 578, transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC’s HUD-approved GIW. If the ARA is reduced through the CoC’s reallocation process, the final project funding request must reflect the reduced amount listed on the CoC’s reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2018 CoC Program Competition NOFA.

Information About Submission without Changes

After Part 1 is completed; including this screen, Recipient Performance screen, and Renewal Grant Consolidation screen, then Parts 2-6, are available for review as “Read-Only;” except for 3A, 7A and 7B which are mandatory for all projects to update. After project applicants finish reviewing all screens, they will be guided to a "Submissions without Changes" Screen. At this screen, if applicants decide no edits or updates are required to any screens other than the mandatory questions, they can submit without changes. However, if changes to the application are required, e-snaps allows applicants to open individual screens for editing, rather than the entire application. After project applicants select the screens they intend to edit via checkboxes, click "Save" and those screens will be available for edit. Importantly, once an applicant makes those selections and clicks "Save" the applicant cannot uncheck those boxes.

If the project is a first-time renewal or selects "Fully Consolidated" on the Renewal Grants Consolidation screen, the "Submit Without Changes" function is not available, and applicants must input data into the application for all required fields relevant to the component type.
Recipient Performance

1. Has the recipient successfully submitted the APR on time for the most recently expired grant term related to this renewal project request?  
   No

   Explain why the APR for the most recently expired grant term related to this renewal project request has not been submitted.
   
   The most recently expired grant term ended June 30, 2018; the APR is not due until September 28, 2018.

2. Does the recipient have any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request?  
   No

3. Has the recipient maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request?  
   Yes

4. Have any Funds been recaptured by HUD for the most recently expired grant term related to this renewal project request?  
   Yes

   Explain the circumstances that led HUD to recapture funds from the most recently expired grant term related to this renewal project request.
   
   Funds were recaptured for the most recently expired grant term. The UFA has implemented stricter contract language and monitoring guidelines to track subrecipient spend down to ensure that project funds are fully expended at the end of the operating period. At the beginning of the operating period, the UFA requires subrecipients to submit management plans that clearly describe how the subrecipient will track and monitor spend down internally; the UFA provides ongoing technical assistance throughout the operating period to subrecipients. The UFA has implemented an internal monitoring schedule to track subrecipient spend down no less than monthly. In the CoC local competition, the UFA continues to use objective scoring criteria, including spend down, to rate/rank projects and reallocates poor performing projects.

   Low vacancy rates for private market rentals continue to pose a challenge for projects that use a scattered site model. Low vacancy rates makes it difficult to locate and obtain safe and affordable housing in the private market. The UFA continues its landlord engagement efforts. The project intends to increase staff that assist participants to locate and obtain housing. The recipient expects to fully expend funds for the current operating period.
Renewal Grant Consolidation Screen

HUD encourages the consolidation of renewal grants. As part of the FY 2018 CoC Program project application process, project applicants can request their eligible renewal projects to be part of a Renewal Grant Consolidation. This process can consolidate up to 4 renewal grants into 1 consolidated grant. This means recipients no longer must wait for grant amendments to consolidate grants. All projects that are part of a renewal grant consolidation must expire in Calendar Year (CY) 2019, as confirmed on the FY 2018 Final GIW, must be to the same recipient, and must be for the same component and project type (i.e., PH-PSH, PH-RRH, Joint TH/PH-RRH, TH, SSO, SSO-CE or HMIS).

1. Is this project application requesting to be part of a renewal grant consolidation in the FY 2018 CoC Program Competition? No

3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.

This project will provide tenant-based rental assistance to a minimum of 10 permanent supportive housing units for chronically homeless disabled adults and their families. This project will fill a community need by serving chronically homeless households with the longest histories of homelessness and the most severe service needs. CoC Program funds are needed to help end chronic homelessness within the Everett/Snohomish County Continuum of Care. These units will receive case management from the YWCA Seattle | King | Snohomish and supportive services from partner agencies including, but not limited to: Catholic Community Services, Bridgeways and Compass Health. This is a challenging population to serve, with barriers including mental illness, substance abuse, domestic violence, HIV/AIDS, developmental disability and physical disability. Nearly every client faces multiple barriers. All have a history of housing instability. The case management provided by the YWCA includes comprehensive and varying services designed to meet each participant’s individual barriers and assist in achieving goals agreed upon by Case Manager and client. Upon acceptance to the program, participants are assisted in selecting a housing unit within the Snohomish County that is appropriate and accessible to services to meet the needs of the family. The projected outcomes for this project are to increase the percentage of participants who remain in or exit to permanent housing, and to increase the percentage of adults who increase their total income during the operating period. Case management services are delivered often in collaboration with other community providers, to ensure that program participants access and maintain mainstream income resources, stabilize/increase household income and develop stronger self-sufficiency and coping skills. Once participants move into this housing, they are able to focus on stabilizing income, becoming involved in volunteering, education, job training, and/or employment. During the time they are in housing, they continue to receive case management support to help them maintain sobriety, continue with mental health services, receive needed health and dental care, learn how to budget and manage their income, and develop support systems in the community. At such time as participants indicate readiness to move into other non-supportive housing such Section 8 or public housing, Case Managers assist them with housing search and placement.

3C. Dedicated Plus

Dedicated and DedicatedPLUS

A “100% Dedicated” project is a permanent supportive housing project that commits 100% of its beds to chronically homeless individuals and families, according to NOFA Section III.3.b.

A “DedicatedPLUS” project is a permanent supportive housing project where 100% of the beds are dedicated to serve individuals with disabilities and families in which one adult or child has a disability, including unaccompanied homeless youth, that at a minimum, meet ONE of the following criteria according to NOFA Section III.3.d:

1. experiencing chronic homelessness as defined in 24 CFR 578.3;
2. residing in a transitional housing project that will be eliminated and meets the definition of chronically homeless in effect at the time in which the individual or family entered the transitional housing project;
3. residing in a place not meant for human habitation, emergency shelter, or safe haven; but the individuals or families experiencing chronic homelessness as defined at 24 CFR 578.3 had been admitted and enrolled in a permanent housing project within the last year and were unable to maintain a housing placement;
4. residing in transitional housing funded by a joint TH and PH-RRH component project and who were experiencing chronic homelessness as defined at 24 CFR 578.3 prior to entering the project;
5. residing and has resided in a place not meant for human habitation, a safe haven, or emergency shelter for at least 12 months in the last three years, but has not done so on four separate occasions; or
6. receiving assistance through a Department of Veterans Affairs (VA)-funded homeless assistance program and met one of the above criteria at initial intake to the VA's homeless assistance system.

A renewal project where 100 percent of the beds are dedicated in their current grant as described in NOFA Section III.A.3.b. must either become DedicatedPLUS or remain 100% Dedicated. If a renewal project currently has 100 percent of its beds dedicated to chronically homeless individuals and families and elects to become a DedicatedPLUS project, the project will be required to adhere to all fair housing requirements at 24 CFR 578.93. Any beds that the applicant identifies in this application as being dedicated to chronically homeless individuals and families in a DedicatedPLUS project must continue to operate in accordance with Section III.A.3.b. Beds are identified on Screen 4B.

To make changes to this information, navigate to the Submission without Changes screen, select "Make Changes" in response to Question 2, and then check the box next each screen that requires a change to match the current grant agreement, as amended, or to account for a reallocation of funds.

The following information summarizes the funding request for the total term of the project. Budget amounts from the Leased Units, Rental Assistance, and Match screens have been automatically imported and cannot be edited. However, applicants must confirm and correct, if necessary, the total budget amounts for Leased Structures, Supportive Services, Operating, HMIS, and Admin. Budget amounts must reflect the most accurate project information according to the most recent project grant agreement or project grant agreement amendment, the CoC’s final HUD-approved FY 2017 GIW or the project budget as reduced due to CoC reallocation. Please note that, new for FY 2017, there are no detailed budget screens for Leased Structures, Supportive Services, Operating, or HMIS costs. HUD expects the original details of past approved budgets for these costs to be the basis for future expenses. However, any reasonable and eligible costs within each CoC cost category can be expended and will be verified during a HUD monitoring.

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember

- Additional training resources can be found on the HUD Exchange at https://www.hudexchange.info/e-snapsguides/coc-program-competition-resources/
- Program policy questions and problems related to completing the application in e-snaps may be directed to HUD via the HUD Exchange Ask A Question.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2018 Continuum of Care (CoC) Program Competition. For more information see FY 2018 CoC Program Competition NOFA.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2018 CoC Program NOFA and the FY 2017 General Section NOFA.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with onscreen text and the hide/show instructions found on each individual screen.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps.
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2017 Project Application will be imported into the FY 2018 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Expiring Shelter Plus Care projects requesting renewal funding for the first time under 24 CFR part 578, and rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Expiring Supportive Housing Projects requesting renewal funding for the first time under 24 CFR part 578, transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC’s HUD-approved GIW. If the ARA is reduced through the CoC’s reallocation process, the final project funding request must reflect the reduced amount listed on the CoC’s reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2018 CoC Program Competition NOFA.

Information About Submission without Changes

After Part 1 is completed; including this screen, Recipient Performance screen, and Renewal Grant Consolidation screen, then Parts 2-6, are available for review as “Read-Only;” except for 3A, 7A and 7B which are mandatory for all projects to update. After project applicants finish reviewing all screens, they will be guided to a "Submissions without Changes" Screen. At this screen, if applicants decide no edits or updates are required to any screens other than the mandatory questions, they can submit without changes. However, if changes to the application are required, e-snaps allows applicants to open individual screens for editing, rather than the entire application. After project applicants select the screens they intend to edit via checkboxes, click "Save" and those screens will be available for edit. Importantly, once an applicant makes those selections and clicks "Save" the applicant cannot uncheck those boxes.

If the project is a first-time renewal or selects "Fully Consolidated" on the Renewal Grants Consolidation screen, the "Submit Without Changes" function is not available, and applicants must input data into the application for all required fields relevant to the component type.
Recipient Performance

1. Has the recipient successfully submitted the APR on time for the most recently expired grant term related to this renewal project request? No

   Explain why the APR for the most recently expired grant term related to this renewal project request has not been submitted.

   The most recently expired grant term ended June 30, 2018; the APR is not due until September 28, 2018.

2. Does the recipient have any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request? No

3. Has the recipient maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request? Yes

4. Have any Funds been recaptured by HUD for the most recently expired grant term related to this renewal project request? Yes

   Explain the circumstances that led HUD to recapture funds from the most recently expired grant term related to this renewal project request.

   Funds were recaptured for the most recently expired grant term. The UFA has implemented stricter contract language and monitoring guidelines to track subrecipient spend down to ensure that project funds are fully expended at the end of the operating period. At the beginning of the operating period, the UFA requires subrecipients to submit management plans that clearly describe how the subrecipient will track and monitor spend down internally; the UFA provides ongoing technical assistance throughout the operating period to subrecipients. The UFA has implemented an internal monitoring schedule to track subrecipient spend down no less than monthly. In the CoC local competition, the UFA continues to use objective scoring criteria, including spend down, to rate/rank projects and reallocates poor performing projects.

   Low vacancy rates for private market rentals continue to pose a challenge for projects that use a scattered site model. Low vacancy rates makes it difficult to locate and obtain safe and affordable housing in the private market. The UFA continues its landlord engagement efforts. The YWCA intends to increase staff that assists participants to locate and obtain housing. The recipient expects to fully expend funds for the current operating period.
Renewal Grant Consolidation Screen

HUD encourages the consolidation of renewal grants. As part of the FY 2018 CoC Program project application process, project applicants can request their eligible renewal projects to be part of a Renewal Grant Consolidation. This process can consolidate up to 4 renewal grants into 1 consolidated grant. This means recipients no longer must wait for grant amendments to consolidate grants. All projects that are part of a renewal grant consolidation must expire in Calendar Year (CY) 2019, as confirmed on the FY 2018 Final GIW, must be to the same recipient, and must be for the same component and project type (i.e., PH-PSH, PH-RRH, Joint TH/PH-RRH, TH, SSO, SSO-CE or HMIS).

1. Is this project application requesting to be part of a renewal grant consolidation in the FY 2018 CoC Program Competition? No

3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.

This project provides long-term tenant based rental assistance and supportive services to chronically homeless households with disabilities, in a minimum of 228 units of scattered-site permanent supportive housing. Those served may have severe mental illness, chronic substance abuse, HIV/AIDS, or a combination of special needs. This project meets the needs of those persons by providing housing along with ongoing supportive services that are specifically provided to address each individual’s needs, for as long as they need those services, and to enable them to keep their housing. If they need more intensive or different support services, the Shelter Plus Care case managers make sure those services are provided. The projected outcomes for this project are to increase the percentage of participants who remain in or exit to permanent housing, and to increase the percentage of adults who increase their total income during the operating period. The partnerships that we have with the partner agencies ensure that there is an established network of collaborative providers so services can be delivered efficiently. The partner agencies together serve the entire spectrum of clients with disabilities including the State Department of Disabilities, Compass Health (mental health services), Bridgeways, Catholic Community Services, Sunrise Services, SeaMar Community Health Centers, and the YWCA. Our partners represent a variety of disability treatments and services providers. Different types of assistance include: case management, life skills, mental health services, other health care services, employment/vocational assistance, children’s services, residential management services, transportation, legal assistance, assistance with applying for college and help with homework, drug & alcohol treatment services, food, HIV/AIDS related services, payee services, chore activities, rent/utility assistance and domestic violence services. Agencies also do outreach to prospective clients. This project will serve single individuals living on their own, individuals living with a caretaker (such as someone with AIDS), single parents with dependent children, and couples with and without dependent children. Partner agencies meet every other month to coordinate program entry and services, Q&A, advice on any changes in HUD rules/regulations/HMIS data collection. They can also discuss case-specific issues, such as the need to coordinate additional services between agencies for clients with multiple needs or disabilities, and share information on other community resources.

A “DedicatedPLUS” project is a permanent supportive housing project where 100% of the beds are dedicated to serve individuals with disabilities and families in which one adult or child has a disability, including unaccompanied homeless youth, that at a minimum, meet ONE of the following criteria according to NOFA Section III.3.d:

1. experiencing chronic homelessness as defined in 24 CFR 578.3;
2. residing in a transitional housing project that will be eliminated and meets the definition of chronically homeless in effect at the time which the individual or family entered the transitional housing project;
3. residing in a place not meant for human habitation, emergency shelter, or safe haven; but the individuals or families experiencing chronic homelessness as defined at 24 CFR 578.3 had been admitted and enrolled in a permanent housing project within the last year and were unable to maintain a housing placement;
4. residing in transitional housing funded by a joint TH and PH-RRH component project and who were experiencing chronic homelessness as defined at 24 CFR 578.3 prior to entering the project;
5. residing and has resided in a place not meant for human habitation, a safe haven, or emergency shelter for at least 12 months in the last three years, but has not done so on four separate occasions; or
6. receiving assistance through a Department of Veterans Affairs (VA)-funded homeless assistance program and met one of the above criteria at initial intake to the VA's homeless assistance system.

A renewal project where 100 percent of the beds are dedicated in their current grant as described in NOFA Section III.A.3.b. must either become DedicatedPLUS or remain 100% Dedicated. If a renewal project currently has 100 percent of its beds dedicated to chronically homeless individuals and families and elects to become a DedicatedPLUS project, the project will be required to adhere to all fair housing requirements at 24 CFR 578.93. Any beds that the applicant identifies in this application as being dedicated to chronically homeless individuals and families in a DedicatedPLUS project must continue to operate in accordance with Section III.A.3.b. Beds are identified on Screen 4B.

6E. Summary Budget

This screen is currently read only and only includes data from the previous grant. To make changes to this information, navigate to the Submission without Changes screen, select "Make Changes" in response to Question 2, and then check the box next each screen that requires a change to match the current grant agreement, as amended, or to account for a reallocation of funds.

The following information summarizes the funding request for the total term of the project. Budget amounts from the Leased Units, Rental Assistance, and Match screens have been automatically imported and cannot be edited. However, applicants must confirm and correct, if necessary, the total budget amounts for Leased Structures, Supportive Services, Operating, HMIS, and Admin. Budget amounts must reflect the most accurate project information according to the most recent project grant agreement or project grant agreement amendment, the CoC’s final HUD-approved FY 2017 GIW or the project budget as reduced due to CoC reallocation. Please note that, new for FY 2017, there are no detailed budget screens for Leased Structures, Supportive Services, Operating, or HMIS costs. HUD expects the original details of past approved budgets for these costs to be the basis for future expenses. However, any reasonable and eligible costs within each CoC cost category can be expended and will be verified during a HUD monitoring.

2A. Project Detail

1a. CoC Number and Name: WA-504 - Everett/Snohomish County CoC
1b. Collaborative Applicant Name: Snohomish, County of

2. Project Name: Snohomish County Collaborative Planning Project

3. Component Type: CoC Planning Project Application
2B. Project Description

1. Provide a description that addresses the entire scope of the proposed project and how the Collaborative Applicant will use grant funds to comply with the provisions of 24 CFR 578.7.

CoC Planning: CA staff accomplish planning activities through CoC program & Board support, management of the Coordinated Entry (CE) system, and as the HMIS Lead. In addition to planning activities below, CA planning activities will be achieved through CE implementation & policy development to enhance system performance: outreach/engagement of unsheltered/vulnerable populations, successful programming through effective evaluation, implementation of targeted interventions, establishment of performance benchmarks & coordination with mainstream services to ensure that households with the highest needs have low-barrier access to CoC housing & prevention programs and to services that meet their individualized needs; a range of evidence-based housing & services options that prevent persons from becoming homeless and move persons as quickly as possible into permanent housing with a priority for unsheltered households with the highest needs and longest times homeless as established through CE policies and ESG/CoC Local Standards for RRH, TH and PSH. CA planning will continue to take the specialized needs of subpopulations, CH, youth, DV victims and veterans into account/ensure that customized outreach and culturally appropriate services are provided. Planning activities will include a gaps analysis (including an assessment of the current housing available and need for these interventions) to inform ongoing system refinement; an annual Point in Time Count of sheltered & unsheltered homeless persons and participation in the Consolidated Plan to provide data and coordinate grant activities.

Operate the CoC and the HMIS: meetings, agenda and minutes and support of board, committees and workgroups; annual update/renewal of governance charter and incorporated policies including HMIS governance, CE policies that include specific provisions to ensure that victims of DV receive services in a safe and confidential environment and Local CoC/ESG Standards meeting the requirements of 578.7(a); local CoC plan, state plan, and federal plan activities; project evaluation in coordination with ESG recipients to include all CoC funded projects and ESG projects for impact on CoC-wide performance, data quality, reporting, monitoring findings, audits and financial management and taking action against poor performers. Project monitoring activities include desk reviews, HMIS data, reports, site visits, onsite record reviews, eligible activities, agency changes, staff turnover, spend down, and other similar activities. HUD compliance activities include providing information and technical assistance to the CoC; oversight for CoC requirements; developing written protocols, standards and other materials to ensure compliance. HMIS management is done by the CA and includes HUD compliance activities, oversight of recipient and subrecipients and ongoing review/maintenance of the privacy, security and data quality plans.

2. Describe the estimated schedule for the proposed activities, the management plan, and the method for assuring effective and timely completion of all work.
The Collaborative Applicant is planning on a July 1, 2019 start. The CA currently undertakes the activities described above, so those activities will continue. The Supervisor of the Office of Community and Homeless Services (OCHS) within the Snohomish County Human Services Department will be responsible for overall management of the Project. She is responsible for oversight of the work that the County does as the current CA on behalf of the CoC and other homeless activities. CA planning work will be assigned and tracked by the OCHS Supervisor. The CA will work collectively with the CoC board and committees, and provide status reports on activities. Regular OCHS staff meetings and supervisor review of activities will ensure that work is being completed in a timely manner and consistent with the CoC requirements and HUD grant agreement. The Supervisor will seek out and utilize other resources as needed to enhance the work. In addition, the CoC and CA will evaluate the work being done and progress made toward performance measures and goals for the project.

3. How will the requested funds improve or maintain the CoC’s ability to evaluate the outcome of CoC and ESG projects?

This funding will enhance the CA’s ability to dedicate more staff time in evaluating CoC and ESG projects. Activities will include: 1) utilizing HMIS data and reports on HEARTH System Performance Measures; 2) evaluating project and systems performance in relation to benchmarks established for ESG and CoC projects; 3) providing data, reports, and evaluation recommendations to the Board; 4) providing data and information, and supporting the CoC’s Data & Analysis Committee; 5) increased support for the Project Review Committee to receive regular updates/reports on project performance; 6) increased review of CoC and ESG funded projects, including state pass through ESG funds; 7) increased staff time to work with the Department researcher to enhance evaluation tools, processes, and reports; 8) improving performance based contracting; 9) providing data and other evaluation results on CoC website for projects and the public; 10) increased ability to provide technical assistance and/or corrective action, and 11) enhanced ability to utilize the evaluation results to inform decision-making and planning activities. The County as the CA is uniquely positioned to leverage other resources and stimulate forward thinking and movement to help improve performance on a systems level. The CA is also well positioned to work with the CoC Board, as the CA has a long history of coordinating, collaborating and functioning as the CoC lead agency. The CA also manages many other sources of funding, including those that affect the outcomes of CoC and ESG projects. Increased capacity will allow us to progress more quickly and thoroughly to establish and support effective project evaluation processes.

4. How will the planning activities continue beyond the expiration of HUD financial assistance?

The CA would evaluate what is necessary to carry out all activities for which it is responsible and to the extent practicable, would make adjustments in staffing assignments and look for other financial resources that might be available. The CA would also work with the CoC to identify where other CoC members might be able to carry some of the responsibilities. The CA would make every effort to support this important work, but should resources be unavailable to all activities,
then some of the CoC activities may need to be streamlined or reduced in some manner. The CA will continue to evaluate staffing levels, compliance demands, and work processes for ways to be more efficient, yet still be effective. The CA is committed to this work and will strive to sustain efforts that are working to reduce and end homelessness in the Everett/Snohomish County CoC.
