Sixty-eight percent of the county land area is forest land, 18% is rural, 9% is urban/city and 5% is agricultural.

## Population

The total population of Snohomish County was estimated to be 805,120 as of April 1, 2018, according to the Washington State Office of Financial Management. ## A Message From the Assessor:

# Which Year Are We Talking About?

<b>2017</b> Market Evidence	<b>2018</b> Assessment Date	<b>2019</b> Taxes Owing
--------------------------------	--------------------------------	----------------------------

**Hello,**

This annual report provides general information on the property tax system in Washington State as well as specific details of the Snohomish County taxing district levies and property taxes to be collected. Annual reports for tax years 2002 thru 2019 are available on our website at: <http://www.snohomishcountywa.gov/2208/Assessors-Annual-Reports>

When talking about assessments, it's easy to be confused about which year we are referring to. Is it the market evidence year, the assessment year or the taxes owing year? This report is about property taxes collected in 2019. However, it's important to note that state law requires us to use the Jan. 1<sup>st</sup>, 2018 assessment date in calculating taxes and levies due in 2019. These values were based on sales that occurred in 2017.

Sales that occurred in 2018 will be used to calculate the new 2019 assessments, which will be used to calculate taxes due in 2020. The 2019 assessment notices for most properties will be mailed in June of 2019.

When the State Legislature passed EHB 2242, they also made the state levy rate based for four years. That means if the values continue to increase over the next few years (2018-2021), that portion you pay for the State School levy will also increase. All other taxing district levies are budget based for ad valorem purposes. The calculation for a rate based levy is the total assessed value in the district is multiplied by the established rate then divided by 1,000 which equals the levy amount. In this case, the assessed value has a direct impact on the amount to be collected. For a budget based levy, the amount to be collected is determined first by the taxing district's budget and according to law. Then the budget or levy amount is divided by the assessed value to determine a levy rate per 1,000 in assessed value.

My press release dated Jan. 24, 2019 regarding 2019 property taxes and levies is available at:  
<https://www.snohomishcountywa.gov/DocumentCenter/View/61333/2019-01-24?bidId=>

The following is an example of some of the information available in this press release:  
Property taxes to be collected this year by all taxing districts in Snohomish County will show an overall 2.01% decrease over last year. Property taxes for all purposes will total \$1.339 billion in 2019, down \$27 million over 2018's \$1.366 billion that was levied for all taxing districts.

**Excellence in achieving professional assessment performance standards:**

We are pleased to announce once again that we have achieved excellent results in appraising property according to state law and professional assessment standards. If you would like more information on the real property appraisal performance standards and statistics for our county, I encourage you to read the Washington State Legislature's Ratio Study reports for 2001 through 2017 at:  
[http://dor.wa.gov/content/aboutus/statisticsandreports/stats\\_realproperty.aspx](http://dor.wa.gov/content/aboutus/statisticsandreports/stats_realproperty.aspx)

**Snohomish County On-line Property Information (SCOPI):**

**2007** – The King County Superior Court Decision of I-747 being unconstitutional was upheld by the Supreme Court. As a result, the State Legislature, in a special session, reinstated the 1% limit factor adopted by the voters. The ability to request multiple year lid-lifts was extended to all taxing districts. **2010 (continued)** Annexation indebtedness- All property located within the boundaries of a city, partial city, or town annexing into a fire protection district and which is subject to an excess levy by the city or town for the repayment of debt incurred for fire protection related capital improvements that was incurred prior to the annexation is exempt from voter-approved property taxes levied by the annexing fire protection district for the repayment of indebtedness issued prior to the effective date of the annexation. Fire protection districts may be authorized in areas both inside and outside of cities and towns. Also a city or town adjacent to a fire district may be annexed into such a fire district provided the population of the city or town does not exceed 300,000. School districts may return to voters after they have received voter approval for a M&O levy requesting additional levy authority if the district's levy base or maximum levy percentage has increased since the initial levy.

**2011-** The boundary of a county with a population of 1.5 million or more does not include the area located within a city that has boundaries in two counties for EMS levy purposes. The locally assessed value of all property in the area of the city within the county with a population greater than 1.5 million must be less than \$250 million. A flood control zone district may protect up to \$0.25 of their levy rate outside of the \$5.90 limitation. The district must be located in a county with a population of 775,000 or more and whose boundaries are coextensive with the county. The protected rate is subject to early prorationing due to the constitutional 1 percent limitation. This protection applies to levies collected in 2012 through 2017. Municipal airports were added to fire districts, cities, towns, port districts, and Indian tribes that can participate in a regional fire protection service authority.

Metropolitan Park Districts with a population greater than 150,000 located in a county with a population of 1,500,000 or more, can protect up to \$0.25 of their levy outside of the \$5.90 levy limitation with voter approval. The protected rate is subject to early prorationing in the constitutional one percent levy limitation.

**2012-** EMS Levies— An “uninterrupted continuation” renewal of a 6-year or 10-year EMS levy only requires a majority vote and does not require any validation requirements. The second levy must have the same previously approved levy rate by the voters to qualify as a continuation. Benefit Assessments - Cities and towns that have annexed territory previously serviced by a fire district since 2006 or is currently in the process of annexing may impose a fire benefit charge to impose fire protection services.

Personal Property Amnesty - The county legislative authority may authorize the assessor to waive penalties for assessment years 2011 and prior for a person or corporation failing or refusing to deliver to the assessor a list of taxable personal property under certain circumstances. Taxpayers receiving penalty relief may not seek a refund or otherwise challenge the amount of tax liability. School District Insolvency – Criteria for a financially insolvent school district was identified and a process established describing how the district is dissolved or transferred to one or more contiguous school districts. Rehabilitated Multi Unit Dwelling Exemption – Counties may authorize a property tax exemption for new and rehabilitated multiple-unit dwellings in certain unincorporated urban centers.

**2013-** Veterans' and Mental Health/Developmental Disabilities Earmarked Funds – These earmarked funds may be increased or reduced in the same proportion as the regular county property tax levy, as approved by the county legislative authority. Voter Approval for Fire District Benefit Assessment Charges - The continued imposition of a benefit charge is subject to voter approval by a simple majority, rather than supermajority, of the voters living within the jurisdiction of the fire protection district. Refund Levies – In addition to taxing districts levying for refunds made or to be made, they can levy for taxes that have been cancelled from the tax roll offset by taxes that have been supplemented to the tax roll. Valuation of Publicly Owned Property - The requirement for assessors to determine the value of publicly owned property not subject to property tax is eliminated. However, when the exempt status no longer applies as a result of a sale or change in use, an assessor must value and list the property. A leasehold excise tax credit is eliminated for certain leasehold interests for the amount, if any, that the tax exceeds the property tax applicable if the property were privately owned. Electronic Notification - Assessors may send by electronic means assessments, notices, or other information that they would otherwise be required to send, or would customarily send, by regular mail.

**2014-** New construction - The assessed value of solar, biomass, and geothermal facilities that generate electricity and operate entirely within a single county to be treated like new construction for purposes of calculating property tax levy limits. Refund claim- Relieves property owners of the necessity to file a claim for refund when the refund is the result of an order from a board of equalization, the State Board of Tax Appeals, court decision, or decisions made by the county treasurer or

**2014 (continued)** assessor within 3 years of the tax due date. The refund can also be made without a claim when the county assessor or Department of Revenue approves a property tax exemption authorized under chapter 84.36 RCW within 3 years of the tax due date. Merger of timber land into DFL - A county legislative authority is allowed to merge its timber land classification into designated forest land (DFL) and terminate the timber land classification. Larger tax base for excess levies if merged. Distribution percentage of timber excise tax may change per taxing district within a county.

**2015-** Conservation district's maximum rate per parcel was adjusted. The January 1, 2018, expiration date allowing countywide flood control zone districts located in a county with a population over 775,000, authority to protect up to \$0.25 of its property tax levy rate from reduction or elimination under the \$5.90 aggregate rate limit was removed. Additionally, beginning with taxes levied for collection in 2018, countywide flood control zone districts in counties located in the Chehalis River Basin can also protect up to \$0.25 of its property tax levy rate from reduction or elimination under the \$5.90 aggregate rate limit. To provide port districts greater flexibility when financing industrial development district (IDD) projects, the IDD levy may be spread over a period of 20 years. The total aggregate amount levied over the 20-year period cannot exceed what could have been collected in a six-year period at the annual rate of \$0.45 per \$1,000 assessed value. The county legislative authorities may authorize a refund on a claim filed more than three years after the payment due date if the claim is for taxes paid as a result of a manifest error in the description of the property and the correction would result in a refund or reduction of taxes for the property owner.

**2016-** Cities and towns may levy a special assessment and or obtain a lien to reimburse for expenses of nuisance abatements. New state land finance tool (SLIFA) - Limited cities can fund public improvement within the state land financing area. All taxing districts that offer services to the area will finance the improvements, with the exception of the state school levy and excess levies.

**2017-** The State school levy (EHB 2242): An additional second part was added to the levy for collection year 2018 and thereafter. For taxes due in collection years 2018 through 2021 the aggregate levy rate is \$2.70 per thousand dollars assessed value. Part 1 of the levy is not subject to the levy growth limit in chapter 84.55 RCW for collection years 2019, 2020, and 2021. Part 2 of the levy is not subject to the levy growth limit in chapter 84.55 RCW for collection years 2018 through 2021. The levy rates from the 2018 collection year are fixed for the 2019, 2020, and 2021 collection years. Individuals who qualify for the senior

citizen/disabled person property tax exemption are exempt in full from Part 2 of the levy. Farm machinery and equipment is exempt from Part 2 of the levy. For collection year 2022 and thereafter the aggregate rate limit is \$3.60 per thousand dollars assessed value. For collection year 2022 and thereafter both parts of the levy are subject to the levy growth limit in chapter 84.55 RCW. Local school district levies (EHB 2242): Maintenance and Operation levies are renamed Enrichment levies as of the 2019 collection year. Transportation Vehicle levies are renamed Transportation Vehicle Enrichment levies as of the 2019 collection year. Enrichment levies cannot exceed the lesser of \$1.50 per thousand dollars assessed value or \$2,500 per pupil. The per pupil limitation must be increased by inflation beginning in 2020. Enrichment levies for collection in 2020 and thereafter, require a school district to receive approval of an enrichment levy expenditure plan by the Office of Superintendent of Public Instructions before the levy proposition can go to the ballot. The requirement to have a full-time paid employee or contract for a full-time employee is removed allowing all fire districts to have a statutory maximum levy rate of \$1.50 per thousand dollars assessed value (HB1166). The highest lawful levy for regional fire service protection authorities (RFA) is now calculated as if they did not levy a benefit assessment (SHB 1467).

County treasurers may provide taxpayers annual property tax statements electronically (EHB 1648). A city, county, or contiguous group of cities or counties can limit the purpose and or statutory maximum levy rate for the district upon creation of a metropolitan park district (SSB 5138). Fire districts can annex a city or town with a population of 300,000 or less if the city or town is located within a "reasonable proximity" to that fire district. Fire districts can also merge with one another when they are within a "reasonable proximity" of each other. Reasonable proximity is a geographical area near enough to each other so that governance, management, and services can be delivered effectively (SB 5454). Voters can approve the creation of a fire district with the same boundaries of a city or town. When this occurs, the city or town must reduce its general fund regular property tax levy upon creation of the fire district (ESSB 5628).

**2018-** Fire districts or RFAs may annex land, or participate in a merger, when the boundaries are located "within a reasonable proximity," rather than "adjacent" to the district or RFA.

Cities and counties may request the voters to approve a levy lid lift with a condition that exempts taxpayers who qualify for a Senior Citizen/Disabled Person exemption under RCW 84.36.381 from paying the increased levy amount.

---

**2018 (continued)** Property taxes by a regional transit authority district, under RCW 81.104.175, may not be imposed on less than a whole parcel situated within the boundaries of the district. Only those real property parcels that are wholly located within the boundary of a regional transit authority district are subject to the property tax.  
EMS levies: Voter requirement is reduced to a simple majority approval for non-initial EMS levies.

# Commonly Asked Questions

## **Q: What does the County Assessor Do?**

**A:** The Assessor sets the assessed value of all real and personal property within Snohomish County for tax purposes and sets the levy rates based on taxing district budget requests, statutory limits and property values. The Assessor's office also keeps track of ownership changes, maintains parcel boundaries, keeps descriptions of buildings and property characteristics up to date, administers tax exemptions and special use programs and analyzes trends in sales prices, constructions costs and rents in order to estimate the value of property.

## **Q: What is personal property?**

**A:** Generally, personal property is mobile property used in conducting a business. The chief characteristic distinguishing personal property from real property is mobility. Business inventories are exempt from the property tax, as are household goods and personal effects.

Taxable personal property includes (but is not limited to): office machinery and equipment as well as supplies and materials which are not held for sale or do not become an ingredient or component of an article being produced for sale. Also assessable as personal property are: furniture, fixtures and equipment in commercial use; leased equipment, certain leasehold improvements, manufacturing machinery and equipment; agricultural machinery and equipment, contractor's, sawmill and logging machinery and equipment.

To find out more about personal property and to download forms, visit our website at:

<http://www.snohomishcountywa.gov/334/Personal-Property>.

## **Q: How often does the Snohomish County Assessor value personal property?**

**A:** Annually. Personal property affidavits, which list taxable property by category, cost and the acquisition dates, are filed with the Assessor's office each year by the taxpayer and are due by April 30. The affidavits are used by the Assessor to value property for taxes due in the following year.

## **Q: What is real property?**

**A:** Real property includes all land and any improvements, such as buildings attached to the land. Manufactured homes and mobile homes are also assessed as real property.

## **Q: How often does the Snohomish County Assessor re-inspect and appraise real property for tax purposes?**

**A:** State law requires that the Assessor maintain a systematic revaluation program. All real property in Snohomish County is physically inspected at least once every six years. Approximately one sixth of the property in the county is re-inspected each year. The Assessor also adds value annually for new construction, remodeling, additions, subdivisions, etc. Beginning with the 2004 assessment for 2005 tax year, we changed to an annual reassessment program. All real property is now statistically updated every year and physically inspected at least once every six years.

## **Q: What laws affect how the Assessor appraises my property?**

**A:** Washington State law requires Assessors to appraise property at 100 percent of its "true and fair market value" in money according to the "highest and best use" of the property. That means the Assessor must first know what similar properties are selling for, what it would cost to replace it, and what the current interest rates are for borrowing the money to buy or build properties like yours. There are three basic approaches to the valuation of real property:

- **Market or sales approach:** comparison of a property with the characteristics of similar properties that have recently been sold.
- **Cost approach:** estimate of the replacement cost of a structure and adjusting that estimate to account for depreciation.
- **Income approach:** analysis of a property's value based on its capacity to generate revenue for the owner.

**Q: What is market value?**

**A:** It is the amount of money a willing and unobligated buyer is willing to pay a willing and unobligated seller. In other words, it is the price most people would pay for your property in its present condition.

**Q: Why do we have property tax?**

**A:** Taxing authorities such as school districts, park districts and city councils adopt their budgets and levy taxes to deliver the services that taxpayers want and authorize. Taxing authorities require money to provide those services. Property taxes are also used to pay for special voter-approved measures such as school maintenance and operation levies and bonds, and emergency medical levies.

**Q: How are property taxes determined in a budget based system?**

**A: Property Tax Explanation:**

Snohomish County Assessor’s Office would like to thank the former Spokane County Assessor Ralph Baker for allowing us to publish his well written and easy to understand explanation of our Washington State property tax system for annual revaluation counties.

As Spokane County Assessor, I’ve received a number of inquiries that highlight broad misunderstanding of how our property taxes are determined and where limits apply. The best way I know to explain Washington’s property tax system is with some simple illustrations.

Imagine a little city that consists of four homes, each exactly the same, and each appraised by the Assessor at \$100,000. Let’s also say that the annual city budget for our imaginary city is \$1000. To raise the amount of the budget, each homeowner must pay \$250. Four homes each paying \$250 raises \$1000. Our property tax system is budget based. We tax enough to raise the amount in the budget. No more.

Let's say next year's budget remains at \$1000, but the Assessor doubles the assessed value of all the homes to \$200,000 each. Do the taxes on each of the homes change? No. To raise the budgeted amount, each must still pay \$250. In this example, the assessed value of each home doubled, but the tax didn't change.

Now let's get a bit more realistic and say that the values on the homes change differently. Suppose one home goes from \$100,000 to \$150,000. Two homes double in value to \$200,000 and the last home jumps up to a whopping \$250,000! Now what happens to the taxes? Well, the average value of the four homes is still \$200,000. So the taxes on the two homes that go to \$200,000 are unchanged. They are at the average and they each still pay \$250. The lowest valued home sees its tax go down to \$187.50, even though the assessed value goes up 50 percent! The home that jumped 150 percent to \$250,000 in value sees its property tax go up to \$312.50, a 25 percent increase. In the end, we still only raise \$1000 total to meet the budget. Interesting right?

But wait. Normally budgets don't stay the same; they go up, right? Back in 2000, Washington State voters approved Initiative 747. I-747 limited annual budget increases to 1 percent unless voters approve a greater increase. In our imaginary city, the \$1000 budget can only increase 1 percent to \$1010 the following year unless the voters who live in the city approve a higher increase. While a Superior Court Judge recently ruled I-747 was unconstitutional, I suspect it will be back soon.

Our imaginary city gives simple illustrations of our property tax system. In reality, it's not so simple. In Spokane County \*, there are about 202,000 properties (all different from each other), 116 tax code areas, and 57 tax districts. Although each property is in one tax code area, each property is in a number of tax districts because tax districts overlap. For instance, my mother lives in the house next door to mine. We both live in Fire District 10, however, she is in the Cheney School District while I'm in School District 81. The result is that even though we live right next to each other, we are in different tax code areas, and our total tax rates differ. The 57 tax districts in Spokane County are comprised of the county, cities, fire districts, emergency service districts, library, sewer, water, and cemetery districts, resulting in 116 tax code areas. Each tax district has an annual budget. To further complicate taxes, some property that crosses county lines, such as railroad property and telephone lines are assessed by the state. We also assess and tax business personal property. And we process senior and disabled exemptions and farm and agricultural valuation reductions. Spokane County's property tax system operates just like our imaginary little city, but on a much larger scale and with all these additional factors. Nonetheless, our computer systems allow very accurate calculation of property taxes.

Most taxpayers who call my office think there is a limit on increases to assessed values. Not so. Assessed values are driven by the real estate market. The limit is on the annual budget growth of the tax districts.

I have one more illustration that I think would be useful in our discussion. Let's look at what happens if someone moves into our little city and builds a new house. If we again say the assessed value of each home is the original \$100,000 but add a new home, look what happens to the individual property tax on each home. Five homes supporting the \$1000 budget means each home now pays only \$200 each. While growth brings more demand for government services, and is likely to push up demand for a greater budget, the initial effect is decreased taxes.

Now let's discuss appraisals. In assessor jargon, Spokane County is known as an "Annual County". That means all property is to be adjusted back to fair market value every year. While we reappraise only 1/6<sup>th</sup> of our county each year, we update the valuation of all property annually. All property is valued based upon the sale of comparable homes. With our real estate market as active as it is, and with home prices moving up so quickly, we have worked hard in the Assessor's Office to keep up. Many people ask if the real estate market "bubble" bursts and prices begin to decline, will the assessed value decline with it? The answer is yes. We will follow the market. But recall the examples above; we will still raise the amount of the budget. Declining values would not necessarily mean lower taxes.

I hope this discussion helps you understand how our system works. You control your taxes at the ballot box. It is vitally important that our citizens carefully consider all levy issues they are asked to vote upon.

Sincerely,

Ralph Baker, Spokane County Assessor

Continuing with using the last example from Spokane County. Let's look at what happens if home values decline from \$100,000 to \$75,000. The new assessed value is \$75,000 with the budget of \$1,000 increasing by 1 percent or \$1,010. Look what happens to the individual property tax on each home. Five homes supporting the new \$1,010 budget means each home now pays the amount of \$202 each. Although the assessed value decreased by \$25,000 the budget increased by 1 percent and property owners pay \$2 more.

**\*In Snohomish County there are approximately 297,844 properties, 323 tax code areas, and 73 tax districts.**

**Q: If assessed value increases, do taxes have to increase in a budget based system?**

**A:** No. Raising property values does not increase taxes. Taxing districts' budgets are limited by how much their budgets can increase under the 1% Levy Limit. For example, let's say a portion of your tax bill is for a city:

- The city taxing authority decides how much money the property tax has to collect that year, say \$1 million.
- Assessors estimate the total assessed value (A/V) of all taxable property within the city, say \$500 million.
- A tax rate (levy rate) is calculated by dividing the amount of tax to be raised by the total A/V of the city: \$1 million/\$500 million = \$2 per thousand dollars of A/V.
- If your home's assessed taxable value is \$100,000, your share of the taxes will be:  $.002 \times \$100,000 = \$200$ .
- If the assessed taxable value of property within the city doubles to \$1 billion, and the amount to be raised stays the same, the tax rate will be: \$1 million/\$1 billion = \$1 per thousand dollars of A/V.
- Your taxes, if your home doubles in value, will still be \$200:  $0.001 \times \$200,000 = \$200$ .

**Q: If assessed values decrease, do property taxes automatically decrease in a budget based system?**

**A:** No, not unless the decrease in assessed value for a taxing district causes the taxing authority to exceed the statutory limit for its regular levy rate. For example, let's say a portion of your tax bill is for a taxing district:

**Example One:**

**Before values decrease and a taxing district is not at its statutory limit at \$2.00 per thousand dollars of assessed value.**

- The taxing authority decides how much money the property tax has to collect that year, say \$1 million.
- Assessors estimate the total assessed value (A/V) of all taxable property within the district is \$1 billion.
- A tax rate (levy rate) is calculated by dividing the amount of tax to be raised by the total A/V of the district: \$1 million/\$1 billion = \$1.00 per thousand dollars of A/V.

- If your home's assessed taxable value is \$100,000, your share of the taxes will be:  $.001 \times \$100,000 = \$100$

**Example Two:**

**Before values decrease and a taxing district is at its statutory limit at \$2.00 per thousand dollars of assessed value.**

- The taxing authority decides how much money the property tax has to collect that year, say \$1 million.
- Assessors estimate the total assessed value (A/V) of all taxable property within the district is \$500 million.
- A tax rate (levy rate) is calculated by dividing the amount of tax to be raised by the total A/V of the district: \$1 million/\$500 million = \$2.00 per thousand dollars of A/V.
- If your home's assessed taxable value is \$100,000, your share of the taxes will be:  $.002 \times \$100,000 = \$200$

**Example Three:**

**After values decrease, the calculated levy rate increases to \$4.00. The rate is still limited to \$2.00 without going to a vote of the people.**

- The taxing authority decides how much money the property tax has to collect that year, say \$1 million.
- Assessors estimate the total assessed value (A/V) of all taxable property within the district is \$250 million. (A 50% reduction in assessed value from example two.)
- A tax rate (levy rate) is calculated by dividing the amount of tax to be raised by the total A/V of the district: \$1 million/\$250 million = \$4.00 per thousand dollars of A/V – which exceeds the \$2.00 limit and the district can not collect at \$4.00 – only at \$2.00. If your home's assessed taxable value is \$50,000, your share of the taxes will be:  $.002 \times \$50,000 = \$100$
- This districts tax to be collected is reduced to \$500,000 instead of \$1 million.

**Example Four:**

**After Values decrease and the taxing district's statutory limit is \$3.00.**

- The taxing authority decides how much money the property tax has to collect that year, say \$1 million.

- Assessors estimate the total assessed value (A/V) of all taxable property within the district is \$450 million. (A 10% reduction in assessed value from the previous assessment.)
- A tax rate (levy rate) is calculated by dividing the amount of tax to be raised by the total A/V of the district: \$1 million/\$450 million = \$2.22 per thousand dollars of A/V – which does not exceed the \$3.00 limit and the district can collect at \$2.22.
- If your home's assessed taxable value is \$90,000, your share of the taxes will be: .00222 x \$90,000 = \$200.
- The districts tax to be collected is not reduced.

**Note:**

**Each levy code area will have a unique combination of separate taxing districts and associated levy rates.**

**Each individual property tax bill could be affected by all of the examples.**

**Q: What is the statutory rate limit?**

**A:** The regular levy of each taxing district cannot exceed a certain rate, which is determined by the type of district. For example, the levy for the county current expense fund cannot exceed \$1.80.

**Q: What is the \$5.90 limit?**

**A:** The aggregate regular levy rate of all senior and junior taxing districts (not including the state, port districts, public utility districts, emergency medical levies, affordable housing districts, conservation futures, county ferry districts, criminal justice, regional transit authority and transit levies) cannot exceed \$5.90.

**Q: What is the 1% constitutional limit?**

**A:** Washington's State Constitution limits the regular (not including port districts and public utility districts) combined property tax rate to 1 percent (e.g. \$10 per \$1,000) of assessed valuation. Voters may vote for special levies (such as school levies) that are added to this figure.

**Q: What is Initiative 747?**

**A:** Initiative 747, which was approved by voters in 2001, changed the amount a taxing district may levy. The regular property tax levy of a taxing district is limited to 101 percent of the highest levy since 1985, plus amounts attributable to new construction within the boundaries

of the district, increases due to newly constructed wind turbines and/or annexations to the district. Prior to I-747, the limit was 106 percent per Referendum 47. Please note that the initiative does not affect assessed values; it limits the amount a district may levy.

In 2006, I-747 was declared unconstitutional in the King County Superior Court. The Attorney General filed an appeal and the decision was upheld by the Supreme Court. As a result, in a special session held in the Fall of 2007, the State Legislature reinstated the limit factor adopted by voters under I-747.

**Q: How do the taxing districts set the tax amount?**

**A:** Every year the directors, councils or commissioners of all taxing districts meet in open session to determine the amount of taxes to be collected the following year. Public questions or comments are welcomed during this process. Once the budget has been adopted, the amount of taxes to be collected is certified to the County Assessor. The Assessor computes the levy rate required to raise the certified tax for each district and ensures that none of the constitutional or statutory limitations is violated. The County Treasurer mails tax bills on or about February 14 of the year in which they are collected and the receipts are distributed back to the various districts.

**Q: Why did the State school levy increase?**

**A:** In 2017, the Legislature passed EHB 2242 partly in response to the Supreme Court's McCleary decision. The Court found that the State was not meeting its constitutional requirement to fully fund basic education. EHB has several components and at least two will impact your tax bill now and in the future. The State school levy (EHB 2242):

- An additional second part was added to the levy for collection year 2018 and thereafter.
- For taxes due in collection years 2018, 2020 and 2021 the aggregate levy rate is \$2.70 per thousand dollars assessed value (equalized). SSB6614 reduced the 2019 rate to \$2.40 per thousand dollars assessed value (equalized).
- Part 1 of the levy is not subject to the levy growth limit in chapter 84.55 RCW for collection years 2019, 2020, and 2021.

- Part 2 of the levy is not subject to the levy growth limit in chapter 84.55 RCW for collection years 2018 through 2021.
- The levy rates from the 2018 collection year are fixed for the 2020 and 2021 collection years. The 2018 levy rates for part 1 is fixed for 2019 collection year, part 2 is the difference between this rate and \$2.40.
- Individuals who qualify for the senior citizen/disabled person property tax exemption are exempt in full from Part 2 of the levy.
- Farm machinery and equipment is exempt from Part 2 of the levy.
- For collection year 2022 and thereafter the aggregate rate limit is \$3.60 per thousand dollars assessed value.
- For collection year 2022 and thereafter both parts of the levy are subject to the levy growth limit in chapter 84.55 RCW.

#### Local school district levies (EHB 2242):

- Maintenance and Operation levies are renamed Enrichment levies as of the 2019 collection year.
- Transportation Vehicle levies are renamed Transportation Vehicle Enrichment levies as of the 2019 collection year.
- Enrichment levies cannot exceed the lesser of \$1.50 per thousand dollars assessed value or \$2,500 per pupil. The per pupil limitation must be increased by inflation beginning in 2020.
- Enrichment levies for collection in 2020 and thereafter, require a school district to receive approval of an enrichment levy expenditure plan by the Office of Superintendent of Public Instructions before the levy proposition can go to the ballot.

#### **Q: What is a Tax Code Area (TCA)?**

**A:** It is a geographical area in which local entities such as a city, county, school or fire district may assess taxes to sustain its operations. These combined taxing districts make up a Tax Code Area or TCA. In a county as large and diverse as Snohomish, there are hundreds of Tax Code Areas. TCA summaries can be reviewed as part of the Assessor's annual report for taxes, which also can be accessed online at: <http://www.snohomishcountywa.gov/333/Levy>

#### **Q: What tax relief programs are available?**

**A:** There are several exemption programs and special classifications available that provide tax relief. Please contact our Exemption Dept. at 425-388-3540 or visit our web site at:

<http://www.snohomishcountywa.gov/328/Exemptions> for more information.

- "Open Space Classification" for Agricultural land, Timberland, and Nature preserves.
- "Designated Forest land Classification" for timberland parcels 20 acres or more.
- "Historical Restoration Exemption" for historical significant property undergoing restoration.
- "Improvement Exemption" a temporary exemption of valuation of additions to single-family dwellings.
- "Destroyed Property Claim" adjustment to the valuation of destroyed property.
- Property tax exemptions for Senior citizens and disabled persons.
- Full tax deferrals for Senior citizens and disabled persons.
- Exemptions for qualifying property owned by non-profit organizations.
- Limited income deferral program.

For further information about any of these exemptions, contact the Exemption Department at (425) 388-3540.

For further information about Destroyed Property Claim, contact Appraisal Support at (425) 388-3038.

#### **Q: Is it possible to make a "ballpark estimate" of how much the taxes will be on a piece of property that I am thinking about buying (or a structure that I might build)?**

**A:** Yes. The average 2019 tax rate in Snohomish County is about \$10.09 per \$1,000 of assessed valuation. Rates vary from area to area and from year to year, but multiplying the number of thousands of dollars of price or cost by \$10.09 will provide a rough estimate of taxes. Tax rates ranged from a low of \$6.5256 to a high of \$12.3680 depending on where you live in the county.

## TYPICAL LEVY RATES BY CITY AND UNINCORPORATED

City	2019 Typical Levy Rate (1)	City	2019 Typical Levy Rate (1)
Arlington	9.2651	Lynnwood	10.2279
Bothell	9.5746	Marysville	9.1390
Brier	9.0317	Mill Creek	10.7662
Darrington	10.1149	Monroe	9.8139
Edmonds	9.2045	Mountlake Terrace	9.7948
Everett	11.1535	Mukilteo	8.1913
Gold Bar	9.2803	Snohomish	11.3647
Granite Falls	11.0058	Stanwood	10.6095
Index	7.6002	Sultan	9.6435
Lake Stevens	10.6758	Woodway	8.9507
Unincorporated	10.2774	(2)	

The above levy rates are expressed as dollars per \$1,000 of assessed taxable value.

To calculate a "ballpark estimate" of how much taxes would be on an assessed taxable value, multiply the number of thousands of assessed taxable value times the levy rate.

If your home's assessed taxable value is \$100,000 divided by 1,000 = 100 x 9.2651 = \$926.51

(1) Rates may vary within cities. The city rate shown is the predominant rate.

(2) The unincorporated rate shown is an average.
