Additional Overview Information

Incorporation of the General Section. HUD publishes a General Section each fiscal year that contains requirements for all applicants to HUD's various competitive grant programs, including this NOFA. Applications must meet all of the requirements of the General Section in addition to the requirements of this NOFA to be considered and potentially receive funding. The full title of the General Section is the General Section to HUD's Fiscal Year 2017 Notices of Funding Availability for Discretionary Programs. Copies are available at Grants.gov and HUD's [Funds Available](#) page.

1. Participative Planning and Implementation. HUD encourages applicants to ensure, where applicable, public decision making and meaningful participation throughout the visioning, development, and implementation of funded projects. HUD encourages applicants to work with all residents of affected areas, especially communities traditionally marginalized from planning processes. In seeking public participation, applicants and grantees must ensure that all communications are provided in a manner that is effective for persons with hearing, visual, and other communications-related disabilities consistent with Section 504 of the Rehabilitation Act of 1973 and, as applicable, the Americans with Disabilities Act. In addition, Title VI of the Civil Rights Act of 1964, 42 U.S.C. 2000d and Executive Order 13166 require that grantees take responsible steps to ensure meaningful access to services, programs, and activities by persons with Limited English Proficiency (LEP persons).

I. Funding Opportunity Description.

A. Program Description.

1. Purpose and Summary.

The goal of the YHDP is to support up to 11 communities, at least 5 of which will be rural, in the development and implementation of a coordinated community approach to preventing and ending youth homelessness, and sharing that experience with and mobilizing communities around the country toward the same end. The population to be served by this demonstration program is youth experiencing homelessness, including unaccompanied and pregnant or parenting youth, where no member of the household is older than 24. The demonstration has five primary objectives:

- ***Build national momentum.*** Motivate state and local homelessness stakeholders across the country to prevent and end youth homelessness by forming new partnerships, addressing system barriers, conducting needs assessments, testing promising strategies, and evaluating their outcomes;
- ***Evaluate the coordinated community approach.*** Evaluate coordinated community approaches to preventing and ending youth homelessness, including local and state partnerships across sectors and other planning operations
- ***Expand capacity.*** Demonstration communities will expand their capacity to serve homeless unaccompanied youth, pilot new models of assistance, and determine what array of interventions is necessary to serve the target population in their community
- ***Evaluate performance measures.*** Evaluate the use of performance measurement strategies designed to better measure youth outcomes and the connection between youth program outcomes and youth performance measures on overall system performance for the Continuum of Care (CoC);
- ***Establish a framework for federal program and TA collaboration.*** Determine the most effective way for federal resources to interact within a state or local system to support a coordinated community approach to preventing and ending youth homelessness.

To meet these objectives, the YHDP uses the funding made available on May 5, 2017 through the Consolidated Appropriations Act, 2017 (Public Law 115-31). This act appropriated up to \$43 million to HUD “to implement projects to demonstrate how a comprehensive approach to serving homeless youth, age 24 and under, in up to 11 communities, including at least five rural communities, can dramatically reduce youth homelessness.”

This NOFA is for the selection of the communities and to alert each community of the amount of money available to them through the YHDP. The CoC's Collaborative Applicant is responsible for submitting the application for this NOFA.

This NOFA establishes the process and requirements for the selection of the communities and alerts each community of the maximum amount of funding available to them through the YHDP. The CoC's Collaborative Applicant is responsible for submitting the application for this NOFA, and if selected, the selected communities will then be able to apply for project funding

via the project applicant. Projects will be expected to follow CoC Program requirements, unless a waiver is approved to a specific CoC Program requirement (see Appendices A and B for project application and waiver information).

HUD plans to support the community process described by this NOFA, including the community application process, with publicly available technical assistance resources. HUD will publish technical assistance material for the benefit of all communities in the form of online guidebooks, case studies, templates, and other technical assistance delivery vehicles throughout the duration of the demonstration, and will also reserve significant resources for direct technical assistance to the selected communities at the conclusion of this competition according to the process described in this NOFA. HUD will assign dedicated teams of technical assistance providers to assist selected communities in analyzing community strengths and needs, developing a coordinated community plan, implementing the plan, and then engaging in a process of continuous quality improvement.

HUD will share outcomes and make resources publicly available as quickly as possible to accelerate efforts to prevent and end youth homelessness nationally. In addition, HUD, and to the extent possible, its federal partners, will work to accelerate HUD's learning related to youth and the concepts of:

- Housing First, assessment and prioritization;
- Coordinated entry;
- Risk and protective factors for youth homelessness;
- Diversion from child welfare and systems of justice;
- Success in education and employment;
- Serving victims of violence including trafficking;
- LGBTQ youth, youth under the age of 18, and pregnant and parenting teens; and
- System performance measures

HUD recognizes that there are promising strategies concerning these concepts but limited evidence to support replication of best practices. Given the importance of advancing our understanding in this topic area, HUD is very interested in communities that will commit to focusing attention on these issues.

After the application submission deadline in April 2018, HUD will take several months to assess the applications and select communities (at which point selected “applicants” become “selected communities”). HUD will also allocate to each selected community an amount which may be awarded for projects selected through the process described in Appendix A. The amount allocated for each selected community will be equal to a minimum of \$1,000,000 plus a percentage of the remaining \$32,000,000 based on the percentage of all youth among all selected communities that reside in each selected community and the poverty rate of each community, as described in section IV.C. It is important to note that the selected community may or may not be the entire geographical area of the CoC (see Section III.E.a. for target area selection information).

Once HUD announces the selected communities, the following timeline will apply:

CoCs will have 4 months to submit a coordinated community plan, and up to 4 additional months to address comments from HUD.

During plan development, applicants can apply for projects on a rolling basis equivalent to the value of 30 percent of the total allocated to the community. The remaining 70 percent will become available once a coordinated community plan is approved by HUD – See Section III.E.b for more information. Finally, communities will be expected to fully participate in national evaluation activities conducted by HUD beginning no earlier than the announcement of community selection.

2. Changes from Previous NOFA.

The FY 2017 YHDP NOFA has been updated from the FY 2016 NOFA in a limited number of ways to reflect the FY 2017 appropriations language and to clarify important NOFA details. To meet the new appropriations requirements, the number of selected communities has been increased from 10 to 11, with the number of rural communities increased from 4 to 5, and the total available funds increased from \$33 to \$43 million. The definition of a rural community has also been changed to match the U.S. Census Bureau’s definition of “mostly-rural” and to limit the eligibility of large cities in mostly rural states. The term “Youth Advisory Board” used in the FY 2016 NOFA has been changed to “Youth Action Board” to better represent their active and integral role in YHDP

- Not influence how an applicant is ranked or scored versus other applicants; and

- Be remedied within the time frame specified in the notice of deficiency.

e. Non-Curable Deficiency – An applicant cannot correct a non-curable deficiency after the submission deadline. Non-curable deficiencies may result in an application being marked ineligible, or otherwise adversely affect an application’s score and final determination.

f. Collaborative Applicant - The eligible entity that has been designated by the CoC during the FY 2017 CoC Program Registration Process to apply for a grant on behalf of the CoC. The Collaborative Applicant must be the “Applicant” for each community applying for participation in the demonstration. B. Authority.

The FY 2017 funds for the YHDP were authorized by the Consolidated and Further Continuing

Appropriations Act, 2017 (Public Law 115-31, approved May 5, 2017) (“the FY 2017 Appropriations Act”). Projects awarded under the YHDP may be eligible for renewal under the CoC Program when the initial grant term expires. The CoC Program is authorized by subtitle C of title IV of the McKinney- Vento Homeless Assistance Act, (42 U.S.C. 11381–11389) (the Act), and the CoC Program regulations are found in 24 CFR part 578 (the CoC Program interim rule).

II. Award Information.

A. Available Funds.

\$43,000,000 is available through this NOFA.

Additional funds may become available for award under this NOFA as a result of HUD's efforts to recapture unused funds, use carryover funds, or because of the availability of additional appropriated funds. Use of these funds is subject to statutory constraints. All awards are subject to the applicable funding restrictions described in the General Section and to those contained in this NOFA.

B. Number of Awards.

HUD expects to make approximately 11 awards from the funds available under this NOFA.

A Collaborative Applicant can apply on behalf of more than one community - however, HUD will not select more than one community within the entire CoC's geographic area.

Additionally, HUD will not consider applications from geographic areas within CoCs that HUD selected to participate in the FY 2016 YHDP competition

C. Minimum/Maximum Award Information.

Each selected community will be eligible to apply to receive a minimum of \$1 million. There is no limit to the number of projects for which a community can apply. For example, a selected community could apply for \$1 million for one project or \$100,000 each for 10 projects.

The remaining appropriated funds will be made available to the selected communities based on a formula that accounts for the number of youth in each community ages 10 to 24. Each selected community will be able to apply for and be selected by HUD to receive awards for projects for up to 30 percent of their potential funding immediately after the announcement of the selected communities and the remaining balance will be available after HUD has approved a community's coordinated community plan (See “Developing a Coordinated Community Plan” in Section III.C.3.b.). The maximum possible award is determined based on the communities that are selected according to the following formula:

Community Award = $\$1,000,000 + [(Community\ Population\ Age\ 10\ to\ 24 * Community\ Poverty\ Rate\ Age\ 12\ to\ 24) \div (Sum\ of\ (Community\ Population\ Age\ 10\ to\ 24\ x\ Community\ Poverty\ Rate\ Age\ 12\ to\ 24)\ for\ all\ 11\ Communities)] \times \$32,000,000$

(US Census data uses different age ranges for population and poverty rate.)

Estimated Total Funding:	\$43,000,000
Minimum Award Amount:	\$1,000,000 Per Budget Period
Maximum Award Amount:	\$15,000,000 Per Budget Period

D. Period of Performance.

Selected communities may apply on a rolling basis for project grants designed to implement the coordinated community plan to prevent and end youth homelessness immediately following the community selection announcement and up until September 1, 2019 or until the community ceases to participate or the available funds have been depleted (whichever is earlier). Public Law No: 115-31 requires HUD to obligate YHDP funds by September 30, 2019. Obligated funds remain available for expenditure until September 30, 2024. Grant terms, and associated grant operations, may not extend beyond the availability of funds. Applicants must plan accordingly and only submit applications that can start operations in a timely manner with sufficient time to complete the post award process and the awarded grant term.

All grants for projects will be for a 2-year grant term, except for CoC planning projects which will be for a 1-year grant term and are non-renewable. Projects may be eligible for 1-year renewal terms after the initial grant term expires beginning with the next CoC Program Competition. If a community cannot successfully complete the development of a coordinated community plan or must otherwise withdraw from the demonstration, **HUD will reallocate the remaining balance to the other selected communities or to alternative communities if appropriate communities can be identified and sufficient funds are available.**

Estimated Project Start Date:	08/16/2018
Estimated Project End Date:	08/15/2022
Length of Project Periods:	Other
Length of Project Periods Explanation of Other:	HUD will award projects for 2 year grant terms. These grants may then be eligible for renewal under the CoC Program Competition subject to the conditions of the Fiscal Year (FY) NOFA under which they apply for renewal. Planning projects are an exception; HUD will award them for a 1 year non-renewable grant term.

(4) Receipt of a letter of findings identifying systemic non-compliance with Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Section 109 of the Housing and Community Development Act of 1974; or the Americans with Disabilities Act; or

(5) Receipt of a cause determination from a substantially equivalent state or local fair

housing agency concerning a systemic violation of provisions of a state or local law prohibiting discrimination in housing based on sexual orientation, gender identity, or lawful source of income.

b. HUD will determine if actions to resolve the charge, cause determination, lawsuit, or letter of findings taken before the application deadline date will resolve the matter. Examples of actions that may be sufficient to resolve the matter include, but are not limited to:

- Current compliance with a voluntary compliance agreement signed by all the parties;
- Current compliance with a HUD-approved conciliation agreement signed by all the parties;
- Current compliance with a conciliation agreement signed by all the parties and approved by the state governmental or local administrative agency with jurisdiction over the matter;
- Current compliance with a consent order or consent decree;
- Current compliance with a final judicial ruling or administrative ruling or decision; or
- Dismissal of charges.

c. Ineligible Applicants. HUD will not consider an application from an ineligible applicant. HUD will only score applications for community selection that are completed by a CoC's Collaborative Applicant.

d. Youth Action Board (YAB). The CoC must confer with a YAB concerning the development of the community's application for the YHDP and the details therein. The YAB members must be youth age 24 and under. The YAB must have full membership or be a formal committee within the CoC, and the CoC must commit to including the YAB's members in the review of the CoC's coordinated community plan to prevent and end youth homelessness. **The Collaborative Applicant must attach a letter signed by an authorized representative from the YAB confirming compliance with the requirements listed in this paragraph.** If the CoC does not currently have a YAB, it can create a YAB for the purposes of this NOFA.

e. Public Child Welfare Agency (PCWA). The CoC must include the state or local PCWA as a CoC member and must confer with the PCWA concerning the development of the community's application for the YHDP and the details herein. The PCWA is the governmental entity that has care, custody and responsibility for children in foster care and is responsible for the provision of services and support to youth who have left foster care after age 18 to age 21. **The CoC must attach verification of the applicable state or local PCWA's membership in the CoC via either 1) a Memorandum of Understanding (MOU) between the agency and the CoC or 2) a letter of support from the CoC that verifies the PCWA's membership in the CoC.** As applicable, the MOU or letter of support should include a list of the child welfare service providers under contract with the PCWA and their commitment and participation in the YHDP.

D. Statutory and Regulatory Requirements Affecting Eligibility.

1. Compliance with Non-discrimination and Related Requirements.

Unless otherwise specified, these non-discrimination and equal opportunity authorities and other requirements apply to all Program NOFAs. Please read the following requirements carefully as

the requirements are different among HUD's programs.

Compliance with Fair Housing and Civil Rights Laws.

With some exceptions for federally recognized Indian tribes, recipients and their prospective subrecipients must comply with all applicable fair housing and civil rights requirements in 24 CFR 5.105(a), including, but not limited to, the Fair Housing Act; Title VI of the Civil Rights Act of 1964; Section 504 of the Rehabilitation Act; Title II and Title III of the ADA of 1990.

Recipients of HUD funds, and their prospective sub-recipients, who are conducting programs or activities in a state or local jurisdiction that has passed a law prohibiting discrimination in housing based upon sexual orientation or gender identity, or a law prohibiting discrimination in housing based on lawful source of income, must comply with the law(s) of the state or locality in which the program activities are conducted.

Applicants and their prospective subrecipients must comply with all applicable fair housing and civil rights requirements in 24 CFR 5.105(a), including, but not limited to, the Fair Housing Act; Title VI of the Civil Rights Act of 1964; Section 504 of the Rehabilitation Act of 1973; Title II and Title III of the Americans with Disabilities Act of 1990; and Section 109 of the Housing and Community Development Act of 1974. Applicants, and their prospective subrecipients, who are conducting programs or activities within a state or local jurisdiction that has passed a law prohibiting discrimination in housing based upon sexual orientation or gender identity, or a law prohibiting discrimination in housing based on lawful source of income, must comply with the law(s) of the state or locality in which the program activities are conducted.

HUD notes that pregnant or parenting youth may not be excluded from service, because excluding families with children would violate the Fair Housing Act. Thus, any pregnant or parenting youth who otherwise meets the definition of youth must be served by the grantee without regard to the subpopulation it chooses to serve.

See Section V.C of the FY 2017 General Section.

Affirmatively Furthering Fair Housing.

Section 808(e)(5) of the Fair Housing Act requires HUD to affirmatively further the purposes of the Fair Housing Act in its housing and urban development programs. HUD requires recipients of funds, including those awarded and announced under HUD's FY 2017 Program NOFAs not specifically exempted, to take meaningful actions that affirmatively further fair housing.

Unless otherwise specified elsewhere in this Program NOFA, an applicant must discuss how it will carry out the proposed activities in a manner that affirmatively furthers fair housing in compliance with Section 808(e)(5) of the Fair Housing Act. If the applicant operates in a jurisdiction with an accepted Assessment of Fair Housing, the proposed activities should be consistent with the AFH's fair housing goals and with fair housing strategies specified in any applicable Consolidated Plan or Public Housing Agency Plan.

Federally recognized Indian tribes are not subject to the requirement to affirmatively further fair housing in their use of certain HUD funds. Other tribal entities may also be exempt. If a tribal entity's use of HUD funds is subject to the Fair Housing Act, then its proposed activities under a particular program NOFA should be consistent with the AFH's fair housing goals and with fair

housing strategies specified in any applicable Consolidated Plan.

In addition, 24 CFR 578.93(c) requires recipients to implement its programs in a manner that affirmatively furthers fair housing, which means that the recipient must: (1) Affirmatively market their housing and supportive services to eligible persons regardless of race, color, national origin, religion, sex, age, familial status, or handicap who are least likely to apply in the absence of special outreach, and maintain records of those marketing activities; (2) Where a recipient encounters a condition or action that impedes fair housing choice for current or prospective program participants, provide such information to the jurisdiction that provided the certification of consistency with the Consolidated Plan; and (3) Provide program participants with information on rights and remedies available under applicable federal, State and local fair housing and civil rights laws.

2. HUD- or Federal government-wide Requirements.

a. Outstanding Delinquent Federal Debts – It is HUD policy, consistent with the purposes and intent of 31 U.S.C. 3720B and 28 U.S.C. 3201(e), that applicants with outstanding delinquent federal debt will not be eligible to receive an award of funds, unless:

- A negotiated repayment schedule is established and the repayment schedule is not delinquent, or
- Other arrangements satisfactory to HUD are made prior to the award of funds by HUD.

If satisfactory arrangements cannot be completed within 90 days of notification of selection, HUD will not make an award of funds to the applicant, and instead offer the award to the next eligible applicant. HUD may act earlier than the above stated 90 days to ensure, in HUD's determination, that the funds can be obligated in a timely manner. Applicants selected for funding, or awarded funds, must report any changes in status of current agreements covering federal debt. HUD may withhold funding, terminate an award, or seek other remedies from a grantee if a previously agreed-upon payment schedule has not been followed or a new agreement with the federal agency to which the debt is owed has not been signed.

b. Sufficiency of Financial Management System. HUD will not award or disburse funds to applicants that do not have a financial management system that meets Federal standards as described at 2 CFR 200.302. HUD may arrange for a survey of financial management systems for applicants selected for award who have not previously received Federal financial assistance, where HUD Program officials have reason to question whether a financial management system meets Federal standards, or for applicants considered high risk based on past performance or financial management findings.

c. Debarments and/or Suspensions – Under 2 CFR 2424, no award of Federal funds may be made to debarred or suspended applicants, or those proposed to be debarred or suspended from doing business with the Federal government.

d. False Statements – A false statement in an application is grounds for denial or termination of an award and possible punishment, as provided in 18 U.S.C. 1001.

e. Pre-selection Review of Performance. – If your organization has delinquent federal debt or is

excluded from doing business with the Federal government, the organization may be ineligible for an award. In addition, before making a Federal award, HUD reviews information available through any OMB-designated repositories of government-wide eligibility qualification or financial integrity information, such as Federal Awardee Performance and Integrity Information System (FAPIIS), and the “Do Not Pay” website. HUD may consider other public sources such as newspapers, Inspector General or Government Accountability Office reports or findings, or other complaints that have been proven to have merit. Applicants may review and comment on any information in FAPIIS through SAM. HUD reserves the right to:

- Deny funding, or with a renewal or continuing award, consider suspension or termination of an award immediately for cause,
- Require the removal of any key individual from association with management or implementation of the award, and
- Make provisions or revisions regarding the method of payment or financial reporting requirements.

f. **Mandatory Disclosure Requirement.** Recipients or applicants must disclose in writing to the awarding program office at HUD, all violations of Federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the Federal award within ten days after learning of the violation. Recipients that have received a Federal award including the term and condition outlined in Appendix XII to Part 200—Award Term and Condition for Recipient Integrity and Performance Matters are required to report certain civil, criminal, or administrative proceedings to SAM. Failure to make required disclosures can result in any of the remedies described in §200.338 Remedies for noncompliance, including suspension or debarment. (See also 2 CFR part 180, 31 U.S.C. 3321, and 41 U.S.C. 2313.)

g. **Conducting Business in Accordance with Ethical Standards/Code of Conduct –**

Before entering into an agreement with HUD, applicants selected for award must ensure an up-to-date copy of the organization’s code of conduct, dated and signed by the Executive Director, Chair, or equivalent official, of the governing body of the organization has been submitted to HUD.

Codes of conduct must prohibit real and apparent conflicts of interest that may arise among officers, employees, or agents; prohibit the solicitation and acceptance of gifts or gratuities over minimal value by officers, employees, or agents for their personal benefit; and outline administrative and disciplinary actions available to remedy violations of such standards. (See 2 CFR 200.112 and 2 CFR 200.318.)

If the recipient has a parent, affiliate, or subsidiary organization, whether non-profit or for-profit, the recipient must also maintain written standards of conduct covering organizational conflicts of interest. “Organizational conflicts of interest” means that because of relationships with a parent, affiliate, or subsidiary organization, the recipient is unable, or appears to be unable, to be impartial in administering the award or serving as a pass-through-entity.

h. Conflict of Interest of Consultants or Technical Experts Assisting HUD – Consultants and technical experts who assist HUD in rating and ranking applications for funding under published FY 2017 Program NOFAs are subject to 18 U.S.C. 208, the federal criminal conflict-of-interest statute, and the Standards of Ethical Conduct for Employees of the Executive Branch regulation published at 5 CFR part 2635. As a result, consultants and technical experts who have assisted or plan to assist applicants with preparing applications for FY 2017 Program NOFAs may not serve on a selection panel and may not serve as a technical advisor to HUD. Anyone involved in rating and ranking FY 2017 Program NOFA applications, including departmental staff, experts and consultants must avoid conflicts of interest or the appearance of such conflicts. These individuals must also disclose to HUD’s Office of General Counsel Ethics Law Division the following information, if applicable:

- How the selection or non-selection of any applicant under a FY 2017 Program NOFA will affect the individual’s financial interests, as provided in 18 U.S.C. 208, or
- How the application process involves a party with whom the individual has a covered relationship under 5 CFR 2635.502

The consultant or technical expert assisting HUD must disclose this information before participating in any matter regarding an FY 2017 program NOFA. Applicants with questions regarding these provisions or concerning a conflict of interest, please call the Office of General Counsel, Ethics Law Division, at (202) 708-3815 (this is not a toll-free number). The phone number above may also be reached by individuals who are deaf or hard of hearing, or who have speech disabilities, through the Federal Relay Services service at 1-800-877-8339.

i. Prohibition Against Lobbying Activities. Applicants are subject to the provisions of Section 319 of Public Law 101-121, 31 U.S.C. 1352, (the Byrd Amendment) and 24 CFR part 87, which prohibit recipients of federal awards from using appropriated funds for lobbying the executive or legislative branches of the Federal government in connection with a specific award. All applicants must submit with their application the signed Certification Regarding Lobbying included in the Application download from Grants.gov. In addition, applicants must disclose, using Standard Form LLL (SF-LLL), “Disclosure of Lobbying Activities,” any funds, other than federally appropriated funds, that will be or have been used to influence federal employees, members of Congress, or congressional staff regarding specific grants or contracts. Federally-recognized Indian tribes and tribally designated housing entities (TDHEs) established by federally-recognized Indian tribes as a result of the exercise of the tribe’s sovereign power are excluded from coverage of the Byrd Amendment, but state-recognized Indian tribes and TDHEs established only under state law shall comply with this requirement. Applicants must submit the SF-LLL if they have used or intend to use non-federal funds for lobbying activities.

k. Consistency with the Consolidated Plan and Analysis of Impediments (AI)/Assessment of Fair Housing – Certain competitive Programs require applications to contain a certification of consistency with a HUD-approved Consolidated Plan. This certification means that the proposed activities are consistent with the jurisdiction’s strategic plan, and the location of the proposed activities is consistent with the geographic areas specified in the Consolidated Plan. The Consolidated Plan also includes the jurisdiction’s certification to affirmatively further fair housing which means, among other requirements, that the jurisdiction has conducted an

AI/Assessment of Fair Housing. If a program NOFA requires a certification of consistency with the Consolidated Plan and you fail to provide the certification, and you do not cure the omission as a curable deficiency, HUD will not fund the application.

Under HUD's regulations at 24 CFR 91.2(d), an applicant's PHA Plan must include a certification by the appropriate state or local official that the PHA Plan is consistent with the applicable Consolidated Plan for the jurisdiction in which the PHA is located and must describe the manner in which the applicable contents of the PHA Plan are consistent with the Consolidated Plan.

E. Program Specific Requirements.

a. Identifying a Target Community Area.

Applicants have the option of identifying the entire geographic area of the CoC as the Demonstration community or designating a smaller area that includes a single community or group of communities within the CoC's geographic area as the YHDP community. In addition, the CoC can designate the application as a **rural community application**, competing for the 5 reserved rural community selection availabilities. If a community decides to submit two applications, one for the rural communities within the CoC and one for the non-rural areas or the entire CoC, HUD will consider both applications independently but will only select one community per CoC. In general, HUD will select the higher scoring application of the two; however, HUD reserves the right to select the lower scoring application if there are no other qualifying applications in the competition group (rural or non-rural) or if the next qualifying application in that group is lower in quality by a significant degree.

In addition, HUD has determined that geographic diversity is an appropriate consideration in selecting communities for the YHDP. To this end, HUD reserves the right to fund eligible communities with the highest total score in each of the 10 HUD regions. In making this determination, HUD will also consider the size of the overall population to ensure that urban, suburban, and rural communities are selected. Applicants are required to respond to the questions listed in Section V.A.1 regarding their proposed target area for the YHDP. Eligibility as a **Rural Community** will be determined based on the geographic areas selected in the SF-424; youth population size and poverty rate will be verified using federal census data.

As a reminder, HUD will not consider applications from geographic areas within CoCs that HUD selected to participate in the FY 2016 YHDP competition.

b. Develop a Coordinated Community Plan

A central requirement of the YHDP is that each selected community will develop a coordinated community plan to prevent an end youth homelessness. HUD has designed the YHDP to allow for up to 4 months of initial planning together with a significant level of direct HUD technical assistance and up to 4 months of additional time for HUD feedback and plan edits. The planning process is expected to lay the ground work for implementation and provide a framework for the various projects that the Collaborative Applicant will request HUD to fund within the selected community. The plan submission will also impact the availability of funding for selected

communities, as HUD will only allow project applications of up to 30 percent of the selected community's available award until a coordinated community plan has been submitted to and approved by HUD.

HUD will only approve of a coordinated community plan that meets threshold criteria, including whether the plan addresses the mandatory structural components and key HUD principles listed, below:

Mandatory Structural Components of a Coordinated Community Plan

A coordinated community plan must include the following structural components:

- A statement of need concerning at risk and homeless unaccompanied and pregnant or parenting youth in the geographic area;
- A list of partners, and a description of their involvement that includes representation from as many of the following stakeholder groups as possible:

Youth Action Board	Health, Mental Health, and Substance Abuse Agencies
Landlords	Privately Funded Homeless Organizations
Local and State Government	The Workforce Innovation and Opportunity Act (WIOA) Boards and Employment Agencies
Public Housing Authorities	CoC and ESG Program Recipients
Non-Profit Youth Organizations	Local and State Law Enforcement and Judges
Affordable Housing Developers	Public Child Welfare Agencies
Juvenile and Adult Corrections and Probation	Early Childhood Development and Child Care Providers
Local Advocacy, Research, and Philanthropic Organizations	Local and State Educational Agencies
Runaway and Homeless Youth Program Providers	Institutions of Higher Education
Community Development Corporations	

- A shared vision, list of goals, objectives, and actions steps, including which partners are responsible for each action step;
- A list of new projects, to be funded by HUD and other sources that will support the implementation of the coordinated community plan;
- A governance structure, including an organizational chart and decision-making process;
- A plan for continuous quality improvement during the implementation of the coordinated community plan;

- A signature page that includes the signatures of official representatives of *at least* the following systems:
 - The Continuum of Care
 - Public Child Welfare Agency
 - Local Government Agency
 - Youth Action Board

HUD Principles to Be Addressed in the Coordinated Community Plan

In order to be approved by HUD, a coordinated community plan must address how the following principles will be incorporated into the community's overall approach to preventing and ending youth homelessness as well as the individual interventions that support such an approach.

USICH Youth Framework and the Four Core Outcomes. The coordinated community plan must demonstrate a commitment to the principles of the USICH Youth Framework to End Youth Homelessness published in 2012 and to its four core outcomes:

1. **Stable housing** includes a safe and reliable place to call home;
2. **Permanent connections** include ongoing attachments to families, communities, schools, and other positive social networks;
3. **Education/employment** includes high performance in and completion of educational and training activities, especially for younger youth, and starting and maintaining adequate and stable employment, particularly for older youth; and
4. **Social-emotional well-being** includes the development of key competencies, attitudes, and behaviors that equip a young person to succeed across multiple domains of daily life, including school, work, relationships, and community; *and*

Special Populations. USICH, together with its partner agencies, has identified several special populations that are especially vulnerable to homelessness and which have been shown to experience homelessness, including pathways to homelessness, in ways that are distinct from the general population of youth. For these vulnerable and often overrepresented young people, there is a need for identification methods, infrastructure considerations, housing and service-delivery that are specific to their needs. The coordinated community plan must identify and address the local impact of homelessness on these subpopulations and specifically address how the system will meet the needs of lesbian, gay, bisexual, transgender, and questioning (LGBTQ) youth; minors (under the age of 18), pregnant and parenting youth; youth involved with juvenile justice and foster care systems; and victims of sexual trafficking and exploitation; *and*

Positive Youth Development (PYD)[1] and Trauma Informed Care (TIC)[2]. Both PYD and TIC are accepted best practices in housing and service delivery for youth and include principles and service frameworks endorsed by many branches of the federal government, including HUD, the US Department of Health and Human Services (HHS), and the US Department of Education (ED). The coordinated community plan must address how PYD and TIC will be incorporated into all aspects the youth crisis response system; *and*

Family engagement. HUD believes that the best outcome for young people is to never have to engage with crisis response resources. Further, HUD believes that the best diversion and intervention strategy is to engage families, whenever appropriate, through community partnerships with organizations such as child welfare agencies, schools, youth providers, and

other community human services and homeless services providers. The coordinated community plan must address family engagement strategies and services designed to strengthen, stabilize, and reunify families. Potential services include family counseling, conflict resolution, parenting supports, relative or kinship caregiver resources, targeted substance abuse and mental health treatment, etc.; **and**

Immediate access to housing with no preconditions: Housing is a cornerstone for meeting a multitude of basic needs necessary for success. Young people should be provided with rapid access to safe, secure, and stable housing that meets their needs as quickly as possible, without the condition that they are ‘ready’ for housing. The coordinated community plan must address how all youth will be offered immediate access to safe, secure, and stable housing with no preconditions; **and**

Youth choice: The capacity for self-determination may be a critical factor in obtaining many positive outcomes for Transition Age Youth (Carter, Lane, Pierson, & Stang, 2008),^[3] and is closely related to the principles of PYD. Consistent with federal youth policy, allowing youth to exercise self-determination is a youth centered approach that values youths’ expressed needs, self-awareness, and community knowledge. This youth-centered approach emphasizes youth choice in terms of the kind of housing youth need and the extent and nature of supports and services they access, and promotes presenting alternative options for youth who avoid programs with barriers like sobriety or abstinence. The coordinated community plan must address how youth choice will be integrated into all aspects of the youth crisis response system; **and**

Individualized and client-driven supports: The coordinated community plan must acknowledge that the needs of the young people to be served will be unique. Housing and support packages that help prevent and end homelessness among youth must recognize and respond to individual differences across individuals to serve them appropriately and efficiently. Communities must design the system flexibly to accommodate individuals with both high and low service needs, as well as the need for short-term or long-term supports. The coordinated community plan must address how the youth crisis response system will provide individualized and client driven supports; **and**

Social and community integration: The goal of youth homelessness services should be a successful transition to adulthood, including the successful integration into a community as a positive contributing community member. To accomplish this requires the community to provide socially supportive engagement and the opportunity for youth to participate in meaningful community activities;^[4] **and**

Coordinated entry: Coordinated entry processes are necessary components of a high functioning crisis response system and must be developed intentionally to incorporate youth. The coordinated community plan must address how the CoC will ensure that the coordinated entry process is youth-appropriate.

Plan Submission, HUD Review, and Release of Full Funding

The coordinated community plan must be submitted electronically to YouthDemo@hud.gov no later than 4 months after announcement of the selected communities. HUD will review each plan and provide feedback within 4 weeks of submission. HUD reserves the right to reject a plan and require resubmission if the plan does not meet the requirements described above. Upon rejection, the applicant will be allowed to resubmit as many times as is necessary to obtain approval until 8

months from announcement of the selected communities. Before plan approval, communities will only be able to apply for 30 percent of their available funds for projects. Once a plan has been approved by HUD, communities may submit project applications for the remaining 70 percent of their available funds.

If HUD has not approved a plan received before the deadline of 8 months after the announcement of the selected communities, the selected community will lose access to all of its remaining funding. Funding that has already been obligated for projects will continue to be available for those projects only.

c. Displacement, relocation and acquisition

Applicants are reminded the CoC program regulations of 24 CFR section 578.83 include unique requirements addressing Displacement, relocation, and acquisition. In addition to these program specific requirements, the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 as amended (URA) may apply. The URA generally applies when there is acquisition, rehabilitation or demolition for a Federally funded program or project. Applicants should refer to the General Section to HUD's FY2017 NOFA for Discretionary Programs for additional information on the URA.

IV. Application and Submission Information.

A. Obtaining an Application Package.

Instructions for Applicants

You must download both the Application Instruction and the Application Package from [Grants.gov](https://www.grants.gov). To ensure you are using the correct Application Package and Application Instructions, you must verify that the CFDA Number and CFDA Description on the first page of the Application Package, and the Opportunity Title and the Funding Opportunity Number match the Program and NOFA to which you are applying.

The Application Package contains the Adobe forms created by Grants.gov. The Instruction download contains official copies of the General Section and Program NOFA, and forms necessary for a complete application. The Instruction download may include Microsoft Word, Microsoft Excel and additional Adobe Portable Document Format documents.

An applicant demonstrating good cause may request a waiver from the requirement for electronic submission. For example, a lack of available Internet access in the geographic area in which your business offices are located. Lack of SAM registration or valid DUNS is not deemed good cause. If you cannot submit your application electronically, you must ask in writing for a waiver of the electronic grant submission requirements. HUD will not grant a waiver if HUD does not receive your written request at least 15 days before the application deadline or if you do not demonstrate good cause. If HUD waives the requirement, HUD must receive your paper application before the deadline of this NOFA. To request a waiver and receive a paper copy of the application materials, you should contact:

Caroline Crouse
 Email: YouthDemo@hud.gov
 US Department of Housing and Urban Development
 Office of Special Needs Assistance Programs
 451 7th Street SW
 Washington, DC 20410

Applicants requesting a waiver should submit their waiver requests via e-mail to YouthDemo@hud.gov. The subject line should contain the name of the applicant and ‘Request for Waiver of Electronic Submission for Youth Demo’.

B. Content and Form of Application Submission.

To ensure that the correct Application Package and Application Instructions are used, applicants must verify that the CFDA Number and CFDA Description on the first page of the Application Package downloaded from Grants.gov, as well as the Funding Opportunity Title, and the Funding Opportunity Number match the Program and NOFA to which they are applying. You must verify that boxes 11, 12, and 13 on the SF-424 match the NOFA for which you are applying. If they do not match, you have downloaded the wrong Application Instruction and Application Package.

Submission of an application under the wrong CFDA and Funding Opportunity Number is not a curable deficiency and will result in your application being declared ineligible for funding.

2. Format and Form.

Narratives and other attachments to your application must follow the following format guidelines.

The application will be comprised of narrative exhibits and required attachments. The narratives will respond to thresholds, rating factors, and other criteria in the NOFA as indicated below.

Applicants should number their narrative responses to correspond to the numbering in Section V.A.1. The narrative will be a maximum of 30 pages and needs to comply with the following format:

- Double-space your narrative exhibit pages. Single-spaced pages will be counted as two pages;
- Use 8-1/2 x 11-inch paper;
- All margins should be approximately one inch. If any margin is smaller than 1/2 inch, the page will be counted as two pages;
- Use 12-point, Times New Roman font;
- Any pages marked as sub-pages (e.g., with numbers and letters such as 25A, 25B, 25C), will be treated as separate pages;
- If a section is not applicable, indicate "N/A" so that there is a clear indication to HUD (do not just leave the section blank);
- No more than one page of text may be placed on one sheet of paper; i.e., you may not shrink pages to get two or more on a page. Shrunken pages, or pages where a minimized/reduced font are used, will be counted as multiple pages;
- Do not format your narrative exhibits in columns. Pages with text in columns will be counted as two pages;
- Any tables included in the narrative exhibits of the application must also be double spaced or they will be counted twice;
- All pages should be numbered. HUD recommends that applicants consecutively number the pages of the Attachments section to ensure proper assembly of their application if printed;

- Attachments will not count toward the 30 page maximum.

There is no minimum length required for narratives. However, HUD will review only the first 30 pages of narrative (not including required attachments). **Any responses after 30 pages will not be considered for scoring for this competition.**

C. System for Award Management (SAM) and Dun and Bradstreet Universal Numbering System (DUNS) Number.

1. SAM Registration Requirement

Applicants must be registered with SAM before submitting their application. In addition, applicants must maintain an active SAM registration with current information at all times when they have an active Federal award or an application or plan under consideration by HUD.

2. DUNS Number Requirement.

Applicants must provide a valid DUNS number, registered and active at SAM, in the application. DUNS numbers may be obtained for free from [Dun and Bradstreet](#).

3. Requirement to Register with Grants.gov.

Anyone planning to submit grant applications on behalf of an organization must register at Grants.gov and be approved by the EBiz Point of Contact in SAM to submit applications for the organization.

Registration for SAM and Grants.gov is a multi-step process and can take four (4) weeks or longer to complete if data issues arise. Applicants without a valid registration cannot submit an application through Grants.gov. Complete registration instructions and guidance are provided at Grants.gov. See also Section IV.B for necessary form and content information.

D. Application Submission Dates and Times.

The application deadline is 11:59:59 p.m. Eastern time on **04/17/2018**. Applications must be received no later than the deadline.

Submit your application to Grants.gov unless a waiver has been issued allowing you to submit your application in paper form. Instructions for submitting your application to Grants.gov are contained in the Application Package you downloaded from Grants.gov. Instructions for submitting your paper application will be contained in the waiver of electronic submission.

Applications under HUD's Continuum of Care (CoC) grant program are an exception to the submission requirements detailed in the previous paragraph. Applications for that grant program are submitted through HUD's e-snaps system.

“Received by Grants.gov” means the applicant received a confirmation of receipt and an

application tracking number from Grants.gov. Grants.gov assigns an application tracking number and date- and time-stamps each application upon successful receipt by the Grants.gov system. A submission attempt that does not result in confirmation of receipt and an application tracking number is not considered received by Grants.gov.

Applications received by Grants.gov must be validated by Grants.gov in order to be received by HUD. “Validated by Grants.gov” means the application has been accepted and was not rejected with errors. You can track the status of your application by logging into Grants.gov, selecting “Applicants” from the top navigation, and selecting “Track my application” from the dropdown list. If the application status is “rejected with errors,” you must correct the error(s) and resubmit the application before the 24-hour grace period ends. Applications in “rejected with errors” status after the 24-hour grace period expires will not be received by HUD. Visit Grants.gov for a complete description of processing steps after submitting an application. To quickly check the status of your application:

- Go to www.grants.gov.
- Under the APPLICANTS tab on the Home page header, select [Track My Application](#).
- In the text box provided, enter your Grants.gov application tracking number and click on the red Submit Application Tracking Numbers button. If the status is rejected with errors, you can get more information by logging in to Grants.gov with the username and password for the AOR account used to submit the application.

HUD strongly recommends Applications be submitted at least 48 hours before the deadline and during regular business hours to allow enough time to correct errors or overcome other problems.

Note: Now you can verify the contents of your submitted application to confirm Grants.gov received everything you intended to submit. To verify the contents of your submitted application:

- Go to www.grants.gov.
- On the top, right corner, click on the LOGIN link.
- Under the APPLICANT tab, enter the username and password for the AOR account used to submit the application and click on the LOGIN button.
- If your organization has Standard AOR Access Level, please click on the CHECK MY APPLICATION STATUS link on the left. If your organization has Expanded AOR Access Level, please click on the CHECK APPLICATION STATUS FOR ORGANIZATION link.
- Select SEARCH BY: ALL and click on the SEARCH button.
- Click on the submission you wish to download to highlight it.
- Click on the DOWNLOAD APPLICATION button.
- You will be prompted to OPEN or SAVE a ZIP file. Click on the button for the option of your choice.

Please make note of the associated tracking number as it will be referenced by the Grants.gov

Help Desk. Make note of the ticket number in case you need help from grants.gov.

HUD may extend the application deadline for any program if Grants.gov is offline or not available to applicants for at least 24 hours immediately prior to the deadline date, or the system is down for 24 hours or longer and impacts the ability of applicants to cure a submission deficiency within the grace period.

HUD may also extend the application deadline upon request if there is a presidentially-declared disaster in the applicant's area.

In the event of either of these events, HUD will post a notice on its website that establishes the new, extended deadline for the affected applicants. HUD will also include the fact of the extension in the program's Notice of Funding Awards that is required to be published in the Federal Register.

In determining whether to grant a request for an extension based on a presidentially-declared disaster, HUD will consider the totality of the circumstances including the date of an applicant's extension request (how closely it followed the basis for the extension), whether other applicants in the geographic area are similarly affected by the disaster, and how quickly power or services are restored to enable the applicant to submit its application.

PLEASE NOTE: Busy servers, slow processing, or large file sizes, improper registration or password issues are not valid circumstances to extend the deadline dates or the grace period.

1. Amending or Resubmitting an Application.

Before the submission deadline, you may amend an application that has been validated by Grants.gov by resubmitting a revised application containing the new or changed material. The resubmitted application must be received and validated by grants.gov by the applicable deadline. If HUD receives an original and a revised application for a single proposal, HUD will evaluate only the last submission received by Grants.gov before the deadline.

2. Grace Period for Grants.gov Submissions.

If your application is received by Grants.gov before the deadline, but is rejected with errors, you have a grace period of 24 hours after the application deadline to submit a corrected application that is received and validated by Grants.gov. The date and time stamp on the Grants.gov system determines the application receipt time. Any application submitted during the grace period that is not received and validated by grants.gov will not be considered for funding. There is no grace period for paper applications.

3. Late Applications.

An application received after the Program NOFA deadline date that does not meet the Grace period requirements will be marked late and will not be received by HUD for funding consideration. Improper or expired registration and password issues are not causes that allow HUD to accept applications after the deadline.

4. Corrections to Deficient Applications.

Except as provided by the electronic submission grace period described in this NOFA, HUD

may not consider any information that applicants may want to provide after the application deadline. HUD may not seek or consider clarification of application items or responses that improve the substantive quality of an application or which correct deficiencies which are in whole or part of a rating factor, including items that impact preference points. HUD may contact the applicant to clarify other items in its application. In order not to unreasonably exclude applications from being rated and ranked where there are curable deficiencies, HUD will uniformly notify applicants of each curable deficiency. A curable deficiency is an error or oversight which, if corrected, would not alter, in a positive or negative fashion, the review and rating of the application. Examples of curable (correctable) deficiencies include inconsistencies in the funding request, failure to submit the proper certifications, and failure to submit an application that contains a signature by an official able to make a legally binding commitment on behalf of the applicant. These examples are non-exhaustive.

When HUD identifies a curable deficiency, HUD will notify the authorized representative in item 21 of the SF-424 describing the curable deficiency. The email notifications are the official notification of the need to cure a curable deficiency. Each applicant must provide accurate email addresses for receipt of these notifications and must monitor their email accounts to determine whether a deficiency notification has been received. The applicant must carefully review the request for cure of a curable deficiency and must provide the response in accordance with the instructions contained in the deficiency notification.

Applicants must email corrections of curable deficiencies to applicationsupport@hud.gov within the time limits specified in the notification. The time allowed to correct deficiencies will not exceed 14 calendar days or be less than 48 hours from the date of the email notification. The start of the cure period will be the date stamp on the email sent from HUD (or GrantSolutions). If the deficiency cure deadline date falls on a Saturday, Sunday, Federal holiday, or other day when HUD's Headquarters offices in Washington, DC, are closed, then the applicant's correction must be received on the next business day that HUD Headquarters offices in Washington, DC are open.

The subject line of the email sent to applicationsupport@hud.gov must state: "Technical Cure" and include the Grants.gov application tracking number (e.g., Subject: Technical Cure - GRANT123456). If this information is not included, HUD cannot match the response with the application under review and the application may be rejected due to the deficiency.

Corrections to a paper application must be sent in accordance with and to the address indicated in the notification of deficiency. HUD will treat a paper application submitted in accordance with a waiver of electronic application that contains the wrong DUNS number as having a curable deficiency. Failure to correct the deficiency and meet the requirement to have a DUNS number and active registration in SAM will render the application ineligible for funding.

E. Intergovernmental Review.

This program is not subject to Executive Order 12372, Intergovernmental Review of Federal Programs.

F. Funding Restrictions.

Not Applicable

Indirect Cost Rate.

Normal indirect cost rules apply. If you intend to charge indirect costs to your award, your application must clearly state the rate and distribution base you intend to use. If you have a Federally negotiated indirect cost rate, your application must also include a letter or other documentation from the cognizant agency showing the approved rate.

Nongovernmental organizations and Indian tribal governments. If you have a Federally negotiated indirect cost rate, your application must clearly state the approved rate and distribution base and must include a letter or other documentation from the cognizant agency showing the approved rate. If you have never received a Federally negotiated indirect cost rate and elect to use the de minimis rate, your application must clearly state you intend to use the de minimis rate of 10% of Modified Total Direct Costs (MTDC). As described in 2 CFR 200.403, costs must be consistently charged as either indirect or direct costs, but may not be double charged or inconsistently charged as both. Once an organization elects to use the de minimis rate, the organization must apply this methodology consistently for all Federal awards until the organization chooses to negotiate for a rate, which the organization may apply to do at any time. Documentation of the decision to use the de minimis rate must be retained on file for audit.

State and local governments. If your department or agency unit has a Federally negotiated indirect cost rate, your application must include that rate, the applicable distribution base, and a letter or other documentation from the cognizant agency showing the negotiated rate. If your department or agency unit receives more than \$35 million in federal funding, you may not claim indirect costs until you receive a negotiated rate from your cognizant agency for indirect costs as provided in Appendix VII to 2 CFR part 200.

If your department or agency unit receives no more than \$35 million in federal funding and your department or agency unit has prepared and maintains documentation supporting an indirect rate proposal in accordance with 2 CFR part 200, appendix VII, you may use the rate and distribution base specified in your indirect cost rate proposal. Alternatively, if your department or agency unit receives no more than \$35 million in federal funding and has never received a Federally negotiated indirect cost rate, you may elect to use the de minimis rate of 10% of MTDC. As described in 2 CFR 200.403, costs must be consistently charged as either indirect or direct costs, but may not be double charged or inconsistently charged as both. Once elected, the de minimis rate must be applied consistently for all Federal awards until you choose to negotiate for a rate, which you may apply to do at any time. Documentation of the decision to use the de minimis rate must be retained on file for audit.

G. Other Submission Requirements.

1. Discrepancies between the NOFA on Grants.gov and Other Documents.

The Program NOFA posted at the Grants.gov website is the official document HUD uses to solicit applications. Applicants are advised to review their application submission against the

requirements in the posted Program NOFA. If there is a discrepancy between the Program NOFA posted on Grants.gov and other information provided in any other copy or version or supporting documentation, the posted Program NOFA located at www.Grants.gov prevails. If discrepancies are found, please notify HUD immediately by calling the program contact listed in the Program NOFA. HUD will post any corrections or changes to a Program NOFA on the Grants.gov website. Applicants must enroll an email address at the application download page to receive an e-mail alert from Grants.gov in the event the opportunity is changed.

2. Application Certifications and Assurances.

Applicants signing the SF424 cover page either through electronic submission or in paper copy submission (for those granted a waiver) affirm that the certifications and assurances associated with the application are material representations of the facts upon which HUD will rely when making an award to the applicant. If it is later determined that the signatory to the application submission knowingly made a false certification or assurance or did not have the authority to make a legally binding commitment for the applicant, the applicant may be subject to criminal prosecution, and HUD may terminate the award to the applicant organization or pursue other available remedies. Each applicant is responsible for including the correct certifications and assurances with its application submission, including those applicable to all applicants, those applicable only to federally-recognized Indian tribes, and those applicable to applicants other than federally-recognized Indian tribes. All program-specific certifications and assurances are included in the program Instructions Download on Grants.gov.

3. Lead Based Paint References

When providing housing assistance funding for purchase, lease, support services, operation, or work that may disturb painted surfaces, of pre-1978 housing, you must comply with the lead-based paint evaluation and hazard reduction requirements of HUD's lead-based paint rules (Lead Disclosure; and Lead Safe Housing (24 CFR part 35)), and EPA's lead-based paint rules (e.g., Repair, Renovation and Painting; Pre-Renovation Education; and Lead Training and Certification (40 CFR part 745)).

4. Indirect Cost Rate (ICR)

If you are a governmental organization or agency that receives more than \$35 million in federal funding, you are required to request an Indirect Cost Rate from your cognizant agency (2 CFR 200 Appendix VII). If you have not requested an indirect cost rate or have not received a negotiated indirect cost rate, you may not claim indirect costs until you receive a negotiated rate.

Non-governmental organizations: If your organization has never had an indirect cost rate and wishes to use the *de minimis* rate, your application's budget narrative must clearly state you intend to use the *de minimis* 10% of Modified Total Direct Costs (MTDC). If you are using a negotiated indirect cost rate, your application must clearly state the approved rate and distribution base and include a letter or other documentation from the cognizant agency showing the approved rate.

Governmental organizations: If your organization has a negotiated indirect cost rate, your application's budget narrative must include the rate and a letter or other documentation from the cognizant agency showing the negotiated rate. If your organization has prepared and maintains

documentation supporting an indirect rate proposal but has not negotiated approval of the rate, your application's budget narrative must include the rate and applicable distribution base. State and local government departments that have never negotiated indirect cost rates with the Federal government and receive less than \$35 million in direct Federal funding per year may use the 10% *de minimis* indirect cost rate, and must keep the documentation of this decision on file.

V. Application Review Information.

A. Review Criteria.

1. Rating Factors.

Points are assigned for seven rating factors: Leadership Capacity, Current Resource Capacity, Community Need, Capacity for Innovation, Collaboration, Financial Resources, and Data and Evaluation Capacity. Applications will be evaluated based on responses to all narratives. The table below outlines the selection criteria by rating factor with the points that may be awarded for each out of a possible 100 total points.

Rating Factor	Points

3. Indicate whether the CoC currently operates any rapid rehousing models for youth or any permanent supportive housing for youth that use a Housing First model. If the CoC has rapid rehousing or permanent supportive housing models for youth, describe the community's experience with the relevant models.
4. Describe interventions that are not currently operating in the CoC that the community wishes to pursue. Include in your response the barriers that currently prevent you from implementing the interventions.
5. Be willing to question existing models and test new methodologies. Describe your willingness and the willingness of the youth homelessness stakeholder community to engage in new project models and methodologies (i.e., creating new projects during the CoC program competition, creating new youth projects outside of the CoC program using a model currently not eligible in the CoC program).

Applicants must attach a youth system map, a visual representation of the local youth crisis response system, to submit with the application. Applicants are encouraged to be creative and should represent the systems, projects, people, and resources with which youth interact and how youth navigate through the many different spaces within your community, hopefully on their way to safe and stable housing. You may only submit one map that should be on one side of a physical sheet of paper or one digital page. It can be any physical or digital size, but HUD will only consider one page and will not consider multiple maps. Create a map of your system even if your community lacks critical components of a youth system. If you include aspirational elements that have not yet been implemented, clearly mark those parts of your system map that have not yet been developed. The map must include the Youth Action Board.

Collaboration

Maximum Points: 20

HUD will award 20 points to applicants that can demonstrate strong current community-wide partnerships within the CoC that are working to prevent and end youth homelessness. Applicants

must:

1. Describe the CoC's current written plan or strategy to prevent and end youth homelessness (if a part of a plan to prevent and end all forms of homelessness, to get maximum points under this criteria there must be a dedicated section or a set of youth-specific strategies and objectives). The narrative should include the organizations or agencies that helped to develop, signed, or adopted the plan.
2. Demonstrate how the CoC is working with the prepopulated stakeholders indicated in the following chart to prevent and end youth homelessness in the community. ***Applicants must complete the table below and submit it as an attachment to the application*** – the applicant can add as many additional stakeholders as needed. If there are no Runaway and Homeless Youth Providers in the community enter N/A in all fields for that row.

6. Indicate whether the CoC submitted AHAR table shells to HUD and if those AHAR table shells were accepted.
7. In addition to gathering youth data in HMIS, indicate whether the CoC gather youth data from other sources (i.e., education, juvenile justice, child welfare, etc.). If the CoC does gather youth data from other sources, please describe the data collected, the system(s) the data are collected from and the system(s) in which the data are stored.
8. Describe the performance measures that the CoC has implemented throughout all of its

2. Preference Points.

Preference points are not available for this program.

B. Review and Selection Process.

1. Past Performance

In evaluating applications for funding, HUD will take into account an applicant's past performance in managing funds. Items HUD may consider include, but are not limited to:

- a. The ability to account for funds appropriately;
- b. Timely use of funds received from HUD;
- c. Timely submission and quality of reports submitted to HUD;
- d. Meeting program requirements;
- e. Meeting performance targets as established in the grant agreement;
- f. The applicant's organizational capacity, including staffing structures and capabilities;
- g. Time-lines for completion of activities and receipt of promised matching or leveraged funds; and
- h. The number of persons to be served or targeted for assistance.

HUD may deduct points from the rating score or establish threshold levels as specified under the Factors for Award in the Program NOFAs. Each Program NOFA will specify how past performance will be rated or otherwise used in the determination of award amounts. Whenever possible, HUD will obtain past performance information from staff with the greatest knowledge and understanding of each applicant's performance. If this evaluation results in an adverse finding related to integrity or performance, HUD reserves the right to take any of the remedies

provided in Section III.C.2.b.(5), Pre-selection Review of Performance, above.

2. Assessing Applicant Risk

3. Integrity. HUD evaluates the integrity of the applicant as reflected in government-wide websites, information in HUD's files, the federal Do Not Pay portal, public information and information received during HUD's Name Check Review process. If this integrity evaluation results in an adverse finding, HUD reserves the right to take any of the remedies provided in Section III.C.4.a.5, Do Not Pay website Review.

4. Review Process. HUD staff, who may be assisted by staff from other federal agencies with experience related to homeless youth, coordinated community approaches to preventing and ending youth homelessness, and/or evidence-based interventions will review applications in two phases:

Phase 1: Threshold Eligibility Requirements. The application will be reviewed to determine whether it meets the threshold eligibility requirements in Section III.C.1 of this NOFA. Applicants who fail to meet all of the threshold eligibility requirements will be deemed ineligible. Applications from ineligible applicants will not be evaluated.

Phase 2: Application Scoring. If the applicant meets all threshold requirements, the application will be reviewed and scored using the selection criteria outlined in Section V.A.1 of this NOFA. After individual reviewers assign a score, each application will be paneled with an additional reviewer for a final score.

5. Selection Process

Ranked Order. Once final scores have been assigned, applications will be listed in ranked order. The amount awarded to applications will be determined according to the factors described in Section V.A.1 of this NOFA.

Selection of Successful Applicants. In addition to applicants' rank, the reviewer panel will also consider the geographic areas of the demonstration communities and different types of developed human settlements (urban, suburban, and rural). HUD reserves the right to limit the number of awards to no more than one community per CoC geographic area. HUD will make the final determination of selected communities.

6. Funding Decisions. Funding decisions will be made on project applications as described in Appendix A. In determining the amount that will be available to a selected community, HUD will take into consideration the amount of funds available; the applicant's current organizational capacity, where and when required, as presented in the application, including, among other things, the number, quality, and experience of their key personnel and the final score assigned to the application.

C. Anticipated Announcement and Award Dates.

HUD anticipates announcing community selections under this NOFA approximately 3 months after the application due date and project application awards approximately 1 month after application submission.

VI. Award Administration Information.

A. Award Notices.

Following the evaluation process HUD will notify successful applicants of their selection for funding. HUD will also notify all other applicants, whose applications were received by the deadline, that have not been chosen for award. Notifications will be sent by email to the person listed as the AOR in item 21 of the SF-424.

B. Administrative, National and Department Policy Requirements.

For this NOFA, the following requirements apply:
