Intersection Improvements Proposed at Springhetti Road and Broadway Ave.

WHAT IS PROPOSED? Snohomish County Public Works is proposing to realign the intersection of Springhetti Road and Broadway Avenue to eliminate the skewed angle and improve the sight distance. Shoulders will be widened and retaining walls constructed on Springhetti Road. A guardrail will be added on the west side of Springhetti Road. This project will require a Land Disturbing Activity permit. Preliminary quantities for cut and fill volumes are 5,400 cubic yards of cut and 900 cubic yards of fill. Construction is planned in 2013.

SEPA DECISION: A State Environmental Policy Act (SEPA) environmental review of this project has been completed. Public Works has determined that this project does not have a probable, significant adverse impact on the environment and has issued a Determination of Non-significance (DNS). An environmental impact statement (EIS) under RCW 43.21C.030(2)(c) is not required. This decision was made after review of SEPA documents and other information on file with this agency. These documents are available for public review upon request, prior to offering SEPA comments.

SEPA APPEAL: The DNS may be appealed pursuant to the requirements of Snohomish County Code (SCC) 30.61.300(1)(2). Submit a written appeal and \$500 filing fee to Public Works Customer Service Center, prior to **5 p.m. January 9, 2012**. Refer to SCC 30.71.050(5) and 30.61.305 for appeal details.

TO LEARN MORE ABOUT THIS PROJECT: Visit www.snoco.org and search for Springhetti Road.
