SNOHOMISH COUNTY JOB DESCRIPTION

FACILITY MAINTENANCE SUPERVISOR I

Spec No. 8015

BASIC FUNCTION

To plan, coordinate and supervise the work of employees engaged in the full range of facility repair and maintenance work including equipment, access, dispatch, minor remodel and construction projects and other related tasks.

STATEMENT OF ESSENTIAL JOB DUTIES

1. Supervises the repair, maintenance and renovation of assigned facilities; determines work priorities, prepares schedules and assigns tasks; coordinates operations with other divisions, departments and contractors to minimize conflicts and delays; and inspects work in progress and on completion to ensure compliance with instructions, procedures, standards and timelines.

2. Plans, schedules, supervises, and evaluates the work of subordinate employees; provides instruction, training, coaching and assistance as necessary; completes personnel actions including evaluations and discipline; participates in personnel processes including hiring, promotions, transfers and terminations.

3. Monitors and inspects work in progress and upon completion to ensure timely completion and compliance with instructions, procedures, and standards; assists subordinates as necessary, and resolves construction and maintenance problems as required; enforces safety rules and regulations.

4. Reviews and evaluates work methods and procedures to ensure safe working conditions and efficient operations, and recommends changes as necessary.

5. Prepares work estimates including material, equipment and labor requirements; requisitions items for regular operations and to maintain inventories; establishes internal controls to safeguard equipment, material and supplies; arranges equipment rentals as required; approves routine purchases; monitors expenditures; investigates overages and irregularities; and assists with preparing and administering annual program budgets including personnel costs.

6. Develops, recommends, and implements preventative maintenance programs as required.

7. Maintains necessary records and prepares required reports.

STATEMENT OF OTHER JOB DUTIES

8. Supervises emergency repairs and services as required.
STATEMENT OF OTHER JOB DUTIES (Continued)

9. Participates in developing program plans, goals and objectives; facility policies, procedures and rules; and required reports as needed.

10. Advises department director and managers regarding facility issues and problems and other staff as necessary.

11. May perform duties of subordinates as needed.

12. Performs related duties and special projects as required.

MINIMUM QUALIFICATIONS

Five (5) years of experience performing a variety of skilled building and grounds maintenance and repair work including experience operating a variety of motorized construction and maintenance equipment and a minimum of two (2) years supervisory experience; OR, any equivalent combination of training and/or experience that provides the required knowledge and abilities. Must pass job related tests.

SPECIAL REQUIREMENTS

A valid State of Washington driver's license is required for employment.

A valid First Aid Card is required for employment.

A job offer will be conditioned on satisfactory results of a criminal background investigation and post offer physical exam or inquiry.

KNOWLEDGE AND ABILITIES

Knowledge of:

- principles and practices of supervision, program planning and customer service
- standard methods, techniques, tools, materials, and equipment used in all phases of construction, maintenance, and repair work
- carpentry, gardening, electrical and mechanical systems, landscaping, plumbing, and heating and ventilation equipment
- relevant building, electrical, fire, mechanical, and related codes and ordinances
- the capabilities, uses, and maintenance of standard motorized construction and maintenance equipment
- preventative maintenance methods and procedures
- occupational hazards and safety rules and regulations
KNOWLEDGE AND ABILITIES (Continued)

- first aid methods and techniques

Ability to:

- plan, schedule, supervise, and evaluate the work of subordinate employees
- analyze and determine resource requirements for all types of construction, maintenance, and repair work
- read, interpret, and work from a variety of blueprints, drawings, sketches, and work orders
- perform skilled work in a number of different building, construction, electrical, and mechanical trades areas
- use a wide variety of hand and power tools skillfully and safely under a variety of work conditions
- operate and maintain a variety of standard motorized construction and maintenance equipment
- read, understand, and enforce safety rules and regulations
- recognize and correct unsafe working conditions
- analyze a variety of construction, maintenance, and repair problems, and take appropriate remedial action
- communicate effectively, both verbally and in writing
- maintain complete and accurate written records, and prepare required reports
- establish and maintain effective work relationships with superiors, subordinates, co-workers, and the general public

PHYSICAL EFFORT

The work may involve occasional manual labor tasks and/or the operation of a variety of construction and maintenance equipment, as necessary.

SUPERVISION

The employee reports to and receives general direction from an administrative superior, as assigned. The work requires considerable independent judgment by the employee who has considerable latitude in scheduling and assigning work to subordinate employees. The work is reviewed through status reports and results obtained.

WORKING CONDITIONS

The work is performed at a variety of work sites including outdoors in all types of weather conditions and involves exposure to a variety of hazardous work conditions. Administrative work is usually done in a normal office environment.
WORKING CONDITIONS (Continued)

When assigned to the campus facilities the work is primarily performed at a facility maintenance shop with field trips as necessary to coordinate operations, supervise staff and repairs, and attend meetings.

When assigned to the corrections facilities the work is primarily performed at the County Corrections Center with field trips as necessary to coordinate operations, supervise staff and repairs, and attend meetings. The employee may be required to be on-call outside normal office hours and work evenings, weekends and holidays as required.

Supervisory responsibilities include various trades and numerous facilities used for general operations and specialized functions such as medical examiner, corrections, juvenile detention, law and justice, emergency services, non-profit and public assembly in addition to leased properties; several facilities are open 24 hrs, 7 days a week; and Facilities Maintenance is a first responder in a variety of emergency situations.

Snohomish County is an Equal Employment Opportunity (EEO) employer. Accommodations for individuals with disabilities are provided upon request.
