

BRB 02-2018 Public Disclosure – Potential Ex Parte Communication

On Friday, July 6, 2018, I receive a phone call from Eileen Canola, once, I recognize she was the Senior Planner for the county's Planning and Development Services department; I immediately informed Ms. Canola that I could not continue this conversation without violating Ex-Parte communication while this pending annexation issue was before the Boundary Review Board. On that note, we terminated our conversation.
