

Notice of Land Disturbing Activity (LDA) Permit Application and SEPA Threshold Determination 43rd Avenue SE Corridor Improvement

Project Description and location:

Snohomish County Public Works proposes to improve approximately 1.7 miles of the 43rd Avenue SE corridor between 180th Street SE and SR524/Maltby Road. Improvements include: intersection upgrades, two new roundabouts, roadway widening, and construction of two new road sections. Drainage improvements would include storm-water conveyance, detention, and water quality treatment. Utility relocations are needed in order to accommodate the improvements. The project is located in unincorporated Snohomish County, southeast of the City of Mill Creek in Sections 16 and 21, Township 27N, Range 5E, W.M. The project would occur in phases: (1) planning and design, (2) right-of-way acquisition, and (3) construction. The project is currently in the planning and design phase, with right-of-way acquisition scheduled for 2020-21 and construction tentatively scheduled for 2021-22.

Earthwork Quantities:

The preliminary estimates for cut and fill quantities are 45,500 cubic yards of cut and 35,500 cubic yards of fill over approximately 9 acres.

State Environmental Policy Act (SEPA) Decision:

On February 14, 2020, Public Works determined that this project does not have a probable, significant adverse impact on the environment and has issued a Determination of Non-significance (DNS). An environmental impact statement (EIS) under RCW 43.21C.030(2)C is not required. This decision was made after review of SEPA documents and other information on file with this agency. These documents are available for public review upon request.

SEPA Appeal: This DNS may be appealed pursuant to the requirements of SCC 30.61.300 and Chapter 2.02 SCC.

Project Name: 43rd Avenue SE Corridor Improvement
