Snohomish County Public Works to Host Virtual Public Meeting about Road Projects on Mann Rd and Ben Howard Rd

Four locations will be completed on roads south of Sultan to reduce the potential of flooding.

EVERETT, Wash., October 5, 2020 – To ease flooding on Mann Rd and Ben Howard Rd, Snohomish County is planning road improvements at multiple locations. During fall and winter flood events, multiple points along these roads are susceptible to flooding. To reduce the amount of time the roads are flooded each year, Snohomish County Public Works is proposing to raise the road elevation at two locations on Ben Howard Road and two on Mann Road. The projects will also entail installing or replacing culverts under the roads.

Join Snohomish County Public Works for a virtual meeting to learn about the updates including timeline and design details of these projects to be constructed on Mann Rd and Ben Howard Rd.
