

## **Joint Statement**

### **Snohomish County Council and Snohomish County Executive**

Snohomish County is home to many loyal Americans who hold diverse political views. We believe that our residents want to continue to live in a democracy that is ruled by laws. What we saw in Washington, D.C. is unacceptable. We condemn today's violence in the seat of our democracy and will continue to support the US Constitution, our democratic institutions, and the peaceful transfer of power. Snohomish County held a free and fair election in November. The people have spoken, and we respect their choice. We stand in solidarity with all patriotic Americans who support the rule of law.
