AMENDMENT SHEET 1

ORDINANCE NO. 21-008 (ECAAF 71051)

Amendment Name: Clarify language and adding findings to implement Washington state Department of Ecology’s (“Ecology”) requirement in S5.C.5.a of the 2019 NPDES Phase I Permit.

Brief Description: Clarifying language related to Ecology’s deadlines in S5.C.5.a of the 2019 NPDES Phase I Permit and adding findings supporting language related to Ecology’s deadlines and guidance documentation related to the treatment of projects with a phasing plan.

Affected Code Sections: Section 1 to add findings, and Section 6

Existing Ordinance Recitals, Findings, Conclusions or Sections to Delete or Modify:

Page 10, Line 1, after “Approved permits” and before “subject”, add

“and permit applications”

Page 10, Line 2, after “regulations” and before “that have not”, delete

“and permit applications submitted prior to January 22, 2016,”

Page 10, Line 7, after “Approved permits” and before “subject”, add

“and permit applications”

Page 10, Line 8, after “June 30, 2021,” and before “that have not”, delete

“and permit applications submitted between January 22, 2016, and June 30, 2021,”

New Ordinance Recitals, Findings, Conclusions or Sections to Add:

Page 6, after Line 20 add two new findings:

5. New section SCC 30.70.310 provides direction on the treatment of projects with a phasing plan, consistent with guidance from Ecology on implementation of the started construction requirement for projects with a phasing plan.

6. New section SCC 30.70.310 and the related amendments in SCC 30.70.015 and SCC 30.70.300 implement Ecology’s requirement in S5.C.5.a of the 2019 NPDES Permit to apply updated stormwater drainage regulations to projects approved under prior stormwater drainage regulations when those projects have not started construction by Ecology’s deadlines.

Council Disposition: _____ **Date:** _____
