

# Construction to Begin June 21

## Mann Rd at Haystack Creek

### About the Project

Snohomish County is replacing the twin culverts under Mann Rd at Haystack Creek with a 45-foot long, 20-foot wide, and 6-foot tall concrete box culvert. To accommodate the new culvert and improve sight distance, the road elevation will be raised for approximately 1,400 lineal feet. Ditches and driveway culverts will be installed on the south side of the roadway. Guardrail will be installed adjacent to the stream culvert. The new culvert will accommodate fish passage.

Public Works and the construction contractor will be practicing COVID-19 prevention protocols during this project. Please maintain 6-foot social distancing.

### Construction Details

- Construction to begin on June 21 and is expected to be completed by mid-August.
- Crews will be working approximately Monday – Friday, 7 a.m. to 5 p.m.
- Some weekend work may be required.

### Traffic Impacts

Traffic will be moved to a bypass road in early July. A temporary traffic signal will be in place on the single-lane bypass road, alternating traffic 24/7. At times there may be up to 10-minute waits.
