

Notice of Land Disturbing Activity (LDA) Permit Application 84th St NE and 163rd Ave NE Intersection Improvements

Project Description:

Snohomish County Public Works proposes to improve the intersection of 84th St NE and 163rd Ave NE. This intersection has a higher than average traffic volume and accounts for 10% of collisions along the corridor.

The proposal would construct a roundabout at this intersection to improve traffic flow and safety. The roundabout would have a 55-foot diameter center island, a 15-foot-wide inside truck apron and a 20-foot circulating roadway. Outside truck aprons would be added to the NE, NW and SW edges of the circulating lane to accommodate long-combination hauling vehicles.

The approach lanes would be 12 feet wide with chicanes designed to reduce approach speeds. Shared use concrete sidewalks, approximately 10-foot wide with a 2-foot buffer strip, would be used by both bicycles and pedestrians in the roundabout. The number of lanes would remain the same, but the intersection would be realigned and slightly raised to provide drainage.

Project Location:

The project is located at the intersection of 84th St NE and 163rd Ave NE in Snohomish County. This project is planned to be constructed in the 2023 construction season. Amount of cut: 1,100 cubic yards. Amount of fill: 2,200 cubic yards.

Project Name: 84th St NE and 163rd Ave NE Intersection Improvements
Project Number: RC1758
Lead Agency: Snohomish County Public Works
